Executive Summary

The Executive Summary covers major steps and milestones of the ORIS project for the Rio 2016 Olympic Games.

1 Introduction to the ORIS Project

Information management is a key component in the efficient operation of sporting events. Accurately documented requirements are essential to ensure reliable, cost efficient results management, and facilitate the transfer of knowledge from one Games to the next.

In 1993, recognising the high costs and risks incurred in the continual redefinition of requirements, the IOC initiated a pilot project "INFOTECH" whose aim was the definition of minimum requirements for Information Technology support at the Olympic Games. Rowing was chosen for this pilot project.

Information requirements were analysed in detail by the International Rowing Federation (FISA) together with representatives of the major World News Press Agencies (WNPA), several large sports newspapers and representatives from the IOC. In the course of this process, the needs of the written press and news press agencies and potential areas for improvement were highlighted. At the same time, information users gained a better understanding of the procedures involved in running a major sporting event. This collaboration brought about a greater mutual understanding and commitment to working together for the benefit of athletes, sports officials, viewers, readers and subscribers and therefore, ultimately, the sport.

Experience gained during this pilot project encouraged the IOC, the International Federations, and participating media representatives to extend the process to all other sports in the Olympic Programme for future Games, starting with the Nagano 1998 Olympic Winter Games.

The experience gained from the pilot project helped to set the objectives for all subsequent versions of the project. These project objectives are to:

- Form a Working Group for each discipline made up of experts from the various fields related to information technology and information usage for the sport
- Establish and consolidate the IT requirements that an Organising Committee (OC) will be required to fulfil in order to meet the needs of the International Federations (IFs) and media during the Games through a process of consultation among the Working Group
- Set consistency in the level of IT support across the different disciplines at the Games, whilst respecting each sport's traditions
- Analyse and propose changes to current working practices in order to ensure that information delivery is up to date
- Document procedures in a readable and user friendly format, focusing on a description of the required information from a user's perspective
- Ensure that the experience gained at each Game's edition is transferred forward to subsequent Games

During the winter of 1995-1996, the International Olympic Committee (IOC), the Organising Committee for the XVIII Olympic Winter Games, Nagano 1998 (NAOC), 35 representatives of the International Winter Sports Federations and 42 media personnel from 16 countries completed the requirements documents for the 14 Winter Olympic sports.

In February 1997, while the Winter Games documents were being finalised for Nagano, the IOC launched the Summer Games project in parallel. The project was renamed ORIS (Olympic Results and Information Services). Over the next two years, documents for the 37 disciplines on the Sydney programme were completed by the ORIS team, working with sports, media and technology personnel from the Sydney Organising Committee for the XXVII Olympic Games (SOCOG). More than 130 representatives of the 28 International Summer Sports Federations and over 120 journalists from 31 countries were involved in the project.

As a result of the success of the Nagano and Sydney Games, the ORIS project has been leading the results delivery at every Summer and Winter Games organised since.

In parallel, requirements for a data feed to serve the press agencies were defined and documented together with the main news agencies in the so called World News Press Agencies working group (WNPA). The first version of the "Requirements for the Results Data Feed" for summer sports was released in 1995. Subsequent documents were improved, extended to the winter and implemented from the Nagano Winter Games onwards. These requirements have been replaced by a new universal data feed named the Olympic Data Feed (ODF) which was first implemented at the Vancouver 2010 Games.

The development of the ORIS document has combined the expertise and experience of many diverse users who together have thousands of hours of first-hand experience at Olympic Games and other major competitions. The legacy of the lessons learned and the experience gained has been brought to the present version, and the experience gained at the Sochi 2014 Games will be used to further improve future versions.

The ORIS development process (ORIS document production, Change Management, Test Event, Homologation Test, TAO observation, Questionnaires) ensures that the ORIS document remains stable during the development cycle. This also ensures that the document continues to be developed to include valuable feedback received from the Games, and from actual end users of the outputs and feeds produced.

2 ORIS Document Summary

2.1 Terminology

Some terminology used in this document is generic and each OC may use its own terminology. For example, the "Venue Press Centre" may be called "Venue Media Centre", "Sport Presentation" may be called "Sport Production", a "Competition Manager" may be called a "Sport Manager", "ONS" may be called "OPNS", etc.

In this document, the masculine gender used in relation to any physical person (for example, names such as Technical Delegate, official, athlete, judge, referee, score verifier, member of a jury or pronouns such as he, they or them) shall, unless there is a specific provision to the contrary, be understood as including the feminine gender.

2.2 Document Structure

The ORIS document is laid out as follows:

2.2.1 Executive Summary

This part of the document provides an overview of the ORIS project and the ORIS document for Badminton. It includes information on the following topics: introduction, document content, cycle and participants.

2.2.2 Badminton References

This part of the document describes the references on which the ORIS document is based. It includes the list of events, competition format, competition rounds, participation references and source documents.

2.2.3 Procedures

This part of the document describes procedures to be followed by the OC and its partners, the BWF and the IOC. It covers procedures for results services and news services, for both the preparation period and the Games.

2.2.3.1 Results Service and Competition Management Support

The roles and responsibilities of the BWF, the OC Competition Management and OC Technology during all stages of the results delivery process for the competition are defined here. This includes "end to end" information technology support beginning with the athlete entry process up until the completion of the event, including the handling of exceptional situations. Special attention is given to the results verification process and the initiation of results distribution. Procedures are designed to ensure maximum data accuracy in the most efficient manner.

2.2.3.2 News Service and Background Information

Procedures regarding the collection, acquisition and transfer of historical data, biographies and similar background information prepared before the Games are defined here. The roles and responsibilities of the BWF, the IOC and the OC in this process and the data exchanged between these parties before and after the Games are also outlined.

Procedures on the preparation of news (e.g. previews, reviews, flash quotes, press conference highlights, etc.) by the Olympic News Service (ONS) are defined. The expected responsibilities of the BWF and the OC Competition Management in order to support these processes are outlined. The role of OC Technology in the collection and distribution of this information is described.

2.2.4 Section 1: Printable Outputs

All outputs which should be produced are listed in section 1. In addition to technical information linked to the outputs (description of the data items, sorting rules, legend definition, etc.), samples are

provided in order to help the organisers and users understand the type of information required. The format and content of some outputs have become traditional and standard in some sports. ORIS support the policy that such standards should be followed. Details of information content are shown independently of the delivery method, which defines whether information presented in the sample of each output will be printed or be available in INFO.

The "Look" of printed outputs is defined by the OC while ORIS defines the content and structure of information to be displayed or printed in the output body. Printed outputs must include the same data in the same order as defined in ORIS. While text should be formatted as described in ORIS, minor layout adjustments are acceptable (e.g. a column position, height of a cell...). In sport specific outputs, column headings may also be adjusted to display the full title where an abbreviation is presented in the ORIS document, if space allows (e.g. "Rank" could be shown instead of "Rk"). For outputs that are common across all sports (e.g. tables in medal outputs) column headings should be shown as presented in the ORIS document for consistency across sports. For INFO, developers should include the ORIS proposal for the content, though the layout may need to be adjusted because of technical constraints, subject to approval by the ORIS Badminton Working Group.

This document does not impose any particular technical solution and therefore many different possible solutions could be used to achieve the production and distribution of the outputs defined in ORIS (e.g. outputs related to news, training schedules, etc. could be produced by using a standard word processor).

2.2.5 Section 2: Distribution Rules

This section defines the distribution of all outputs produced, whether printed or published in INFO.

It is divided into three chapters:

- Event related requirements
 - Process description and distribution rules for event related printed outputs and INFO grouped by type of event in chronological order (e.g. results of a competition round)
- Other outputs
 - Process description and distribution rules of non-event related printed outputs and INFO grouped in chronological order (e.g. competition schedule, three (3) months before the Games)
 - Process description and distribution rules of event related printed outputs and INFO that have no defined production time (e.g. Official Communications)
- Distribution rules and availability of all outputs
 - These outputs are ordered by ORIS output code, and all delivery time variations are grouped under the same output code. These rules are documented in tabular format, showing which outputs the users require, when and where the outputs are needed.

The checking/approval process during output production and distribution is essential. Underestimation of this critical area could result in outputs not being delivered at the right place at the right time.

2.2.6 Section 3: Real Time Information

This section defines the requirements for the presentation of real time information for scoreboards and sport specific real time data, well as a reference to on screen results presentation.

2.2.6.1 Scoreboards

The provision of information to the public at the venues is an important part of the success of an event, keeping those who know the sport informed; and those who are new to the sport enlightened and entertained.

Public scoreboards are defined here.

It is not the intention to describe all that can be done in this area, but to suggest what is possible, as well as to define what information is mandatory or minimally required. In all cases, the BWF should approve the proposed solution.

2.2.6.2 Real Time Display System (RTDS)

Requirements for real time information concerning the start order and/or current results to be displayed on monitors at the venue (supporting the competition and providing sport and media real time information), are defined in this part, including the content and timing of information.

2.2.6.3 Sport specific real time data

Requirements regarding collection of sport specific real time data, are defined in this part and made available for use by certain ODF subscribers (e.g. GPS tracking data used to produce 3D graphics).

2.2.6.4 On screen results presentation

This part contains references required for the development of on screen results presentation.

2.2.7 Appendix A: Glossary

Since some terminology may be used differently across sports, the glossary helps the reader to understand exactly the intended definition in the ORIS document (e.g. the term "event" as defined in the Olympic Charter may have a different meaning than commonly used in a sport specific context).

2.2.8 Appendix B: Abbreviations

Common abbreviations used in this document are defined in this appendix. Invalid results marks are described in Appendix C - Rules for Data Formats and Presentation.

2.2.9 Appendix C: Rules for Data Formats and Presentation

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

2.2.10 Appendix D: Supporting Documents

This appendix includes templates for the output "Official Communication" (C67), information for results, medals and diplomas allocation as well as data to be captured.

2.2.11 Document Control

This part describes all changes made in this document through its life cycle.

3 ORIS Project Cycle

Together with well-defined requirements, one of the key factors for success in the area of information delivery is proper expectation management. With the ORIS process, the key information users (representatives of International Federations and media) can communicate their information requirements for the Games. These requirements are assessed in the context of the available resources (time, budget, risks, etc.).

3.1 Production of the Updated Version of the ORIS Document

The process for updating the ORIS documentation will be as follows:

- The ORIS team will prepare the ORIS Badminton draft document, based on:
 - The last version of the ORIS Badminton document of the previous Games
 - International Federation sport rules, competition format and requirements for these Games
 - Previous Games experience (including Questionnaires and Homologation Test issues logged)
- A few weeks before the ORIS Badminton meeting, the draft will be made available to the ORIS Badminton Working Group, allowing them to prepare for the meeting
- During the ORIS meeting the draft will be analysed and ideas for improvements discussed and agreed upon through consensus of the ORIS Badminton Working Group
- Based on agreements reached during the ORIS meeting, the ORIS Badminton document version 1.0 will be produced and published on the IOC ORIS extranet for review. The ORIS Badminton Working Group members can make comments directly on the IOC ORIS extranet regarding implementation of these agreements.
- The ORIS team will analyse the feedback and publish version 1.1 of the ORIS Badminton document submitted for sign-off
- Once the document is signed-off (status approved), all modifications will be brought through a Change Management process
- After the last ORIS meeting for Rio 2016, a consolidation meeting may be held between the ORIS team and the OC (Sports, ONS, Results and partners)

Attending the ORIS meetings and working together on ORIS document updates will help all parties build and maintain good working relationships and improve understanding of their individual needs and responsibilities. The ORIS meeting is the best opportunity for all of the Working Group members to provide their input to the ORIS team and to help with the development of the ORIS document. It is emphasised that the development of the ORIS document is a collaborative effort and the goal is to develop a consensus among the Working Group members. The ORIS team will make every effort to facilitate this process.

As the process of updating the ORIS document is organised at an early stage in the Games preparations, OC Technology can issue early warnings whenever ORIS might request deliverables or availability of requirements which are difficult or impossible to satisfy with the resources available (budget, time, etc.). Because of this, some topics may remain highlighted in yellow, pending decisions by the International Federation, the IOC or the OC. Deadlines for resolution of these topics will be set during the ORIS meeting. Most of these deadlines will occur after sign-off of the ORIS document. Therefore any change regarding yellow highlighted text is automatically exempt from the Change Management process.

The procedure for updating the ORIS document also allows the OC's Technology providers to present the functionality and performance of existing solutions, in order to minimise changes and to raise any points for clarification required by their development teams.

The entire ORIS process (ORIS meeting, Test Event and Homologation Test) provides excellent opportunities for team building. The Test Event (if any) provides an opportunity to test production and distribution of outputs under high pressure and stressful conditions, similar to those experienced at the Games.

3.2 ORIS Document Sign-off

The BWF and the Organising Committee will sign-off the ORIS Badminton document after all agreed changes have been implemented.

For the BWF, the sign-off will represent a commitment that requirements are well defined and consistent with current sport rules, that they will be adequate for the smooth running of the Badminton competition and that the procedures as described in the document will be followed.

For the Organising Committee, the sign-off will represent its commitment to deliver the ORIS requirements. The sign-off letter will be signed by the representative of Sports, Media and Technology.

Some issues, such as anticipated rule changes, could remain open and will be highlighted in yellow in the document. Updates of these topics will be made under the Change Management Process, however, implementation of these changes is mandatory.

3.3 Change Management

A Change Request should be logged if the BWF or the OC requests any change which has an impact on the ORIS Badminton document.

The most common reasons for International Federations requesting changes are changes to the competition format or to the implementation of new rules. For Organising Committees the most common reason for requesting changes is because commitments made in the ORIS document no longer match the organisation of the discipline at the Games.

It is also possible that experience from the OC's Test Event (or other event), or the findings of the Homologation Test, will show that some requirements or procedures are no longer valid or require further improvements.

Change Requests will be registered and reported as per the ORIS Change Management procedures as defined in a separate document, as agreed between the IOC and the OC.

Once a Change Request has been approved, the ORIS team will publish an updated version of the ORIS Badminton document.

3.4 Test Event

The OC, in conjunction with the International Federation, will conduct a Test Event (sometimes also called Sport Event) which is the best (and only) chance for OC Technology to test its systems and operational procedures in real conditions. A successful Test Event should preferably be run under conditions which are as close as possible to the competition format that will be used at the Games.

3.4.1 ORIS Team Participation

IOC Technology will appoint ORIS observer(s) for each Test Event. The main tasks of these observers are:

- To help OC Technology evaluate the performance of the implemented systems
- To monitor if procedures described in ORIS are followed and applicable
- To collect feedback from all users (the BWF, media, teams, etc.)
- To prepare required changes to the ORIS Badminton document
- To provide support to key users and act as moderators

3.4.2 Test Event Review Meeting

A Test Event review meeting will be held before the end of the Test Event with the ORIS Badminton Working Group in order to evaluate the findings and discuss solutions and improvements for the Games.

It is recommended that the Venue Results Manager organises and chairs this meeting and takes the meeting minutes.

Following the Test Event, the ORIS Sport Analyst will prepare the Change Request if required.

3.5 Homologation Test

The Homologation Test will be carried out in the OC lab, led by the BWF and supported by OC Technology and partners. The lab set-up must simulate all the major functions of the Games (venues, central system and their interfaces).

It must be organised early enough (six to nine (6-9) months before the Games) to allow sufficient time for the OC's Technology providers to solve any issue detected.

The Homologation Test covers the complete "end to end" process for the system's functions defined in the ORIS Badminton document. The test begins with entry data for athletes and officials, continues through the draws and with start lists creation, followed by results activities and production of the results outputs and medals. The test also evaluates the ability of the system to fulfil the key ORIS requirements including (but not limited to):

- Outputs produced by On Venue Results system (OVR)
- Olympic Data Feed (ODF) messages
- INFO presentation of competition and news outputs, direct print from INFO, live screens, medals, etc.
- Scoreboards
- RTDS

The BWF, with the help of the ORIS team, will prepare all possible test cases and scenarios (from normal progression to exceptional situations) at a reasonable time before the Homologation Test. All the important variations of results should be tested and all the affected outputs should be checked with such test cases.

All issues identified during a Homologation Test are immediately entered into the OC's issue tracker. The issues are discussed and agreed upon, and action plans are proposed by the participants during the daily issue management meetings. If a consensus is not reached, the issue will be escalated to the IOC and the OC Technology management.

All parties affected by any of the issues identified should be kept fully updated of the progress.

The results of the Homologation Test are summarised in the BWF and WNPA reports. Those documents are then sent to the OC, the BWF, the IOC, and the news press agencies. Any problem areas identified will be the subject of future testing.

The success of the Homologation Test largely depends on the level of preparation of the OC Technology team, and on the quality of the testing software. This process has been used at every Games since Nagano 1998. It was one of the key factors which contributed to the success of these Games.

3.6 IOC Technology Assistance and Observation

For each Olympic Games the IOC Technology department will establish an IOC Technology Assistance and Observation programme (TAO).

The principal tasks of the TAO team during the Games are to help OC Technology ensure the success of the Games through efficient and accurate Information Technology support to the key users, as well as to evaluate lessons learned in order to contribute to improving the processes and deliverables for future Games (outputs and procedures).

The ORIS team will attend as many of the key phases as possible (draw, change of competition round, etc.).

All problems will be reported using the regular OC Technology reporting lines. The ORIS team will be a part of the problems escalation process and, if required, be a link with the International Federation representatives.

The ORIS team should also report any feedback to the OC concerning the IT services that they have received from International Federations and Media.

3.7 Transfer of Knowledge

In order to contribute to the process of technology transfer to future organisers and to prepare the basis for the ORIS document update for the next Games, the ORIS TAO team will use the Games

Questionnaires to document the BWF, OC and media findings, comments and suggestions for improvement.

3.8 Support

The IOC ORIS extranet is the platform used to share all documents related to ORIS (current version of the ORIS Badminton document, Homologation Test documentation, ORIS meeting documentation and reports, etc.). The IOC ORIS extranet is also used to record and share feedback within the ORIS Badminton Working Group.

Access to the IOC ORIS extranet will be granted by the IOC ORIS extranet Manager.

4 Rio 2016 ORIS Project Participants

The ORIS Badminton project is managed and supervised by different committees and groups. It is coordinated by the IOC and composed of representatives of the BWF, the OC (Sports, Media, Technology) and its IT partners.

The ORIS Steering Committee:

- Initiates and oversees the ORIS project for Rio 2016
- Resolves exceptional issues that cannot be managed by the ORIS Project Management and the OC Technology team
- Meets at the official project launch and subsequently if required
- Is informed by regular reporting (deliverables, finances...)

The members of the Rio 2016 ORIS Steering Committee are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director (Chair)
- **Mr Kit McCONNELL**, IOC Sports, Director
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Mr Rodrigo GARCIA**, Rio 2016 Sport Director
- **Ms Lucia MONTANARELLA**, Rio 2016 Head of Press Operations
- **Mr Elly RESENDE**, Rio 2016 Technology Director
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)

The ORIS Management Team:

- Follows the Rio 2016 ORIS project sport by sport and step by step
- Receives reports after each of the ORIS meetings, Homologation Tests and Test Events
- Each member communicates potential issues to his/her functional areas when they are affected

The members of the Rio 2016 ORIS Management Team are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director
- **Mr John GIANCARLO**, IOC Technology and Information, Head of Olympic Games Technology
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Ms Isabella BURCZAK**, IOC Sports, Head of Sport Projects
- **Mr Pierre FRATTER-BARDY**, IOC Sports, Head of Summer Sports and IF Relations
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Mr Namik DJUMISIC**, IOC ORIS Project Manager and Sport Coordinator
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager, Rio 2016 ORIS Liaison

The ORIS Badminton Working Group:

- Attends the ORIS meeting to discuss and agree on the Badminton results information requirements for the Rio 2016 Olympic Games, based on the documents used and experience gained at previous Games as well as taking potential rule changes into consideration
- Follows the ORIS document evolution
- Participates in the Badminton Homologation Test in the OC lab
- Receives reports after the ORIS meeting, Homologation Test and Test Event
- Participates in the ORIS Change Management process, including document review and feedback

The members of the ORIS Badminton Working Group are:

- **Mr Darren PARKS**, BWF Events Director
- **Mr Peter TARCALA**, BWF Chair of Events Committee and BWF Technical Delegate to Rio 2016
- **Ms Helena PIRES GOMES**, Rio 2016 Rio 2016 Sport Manager for Badminton
- **Mr Patrick MORAES**, Rio 2016 ONS Manager
- **Mr Daniel CHANNON**, Rio 2016 Cluster Venue Results Manager
- **Ms Oana NEAGU**, Atos IDS Sport Specialist
- **Mr Hans GUBLER**, OMEGA Timing Scoring Manager
- **Mr Eric MOON**, OMEGA Results Manager
- **Mr Pedro Jinsung KIM**, OMEGA Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Ms Itziar DEL ARCO**, IOC ORIS Sport Analyst for Badminton

The ORIS project is supported by:

- **Ms Marlène DROZ**, IOC Technology and Information, ORIS Project Technical Editor, IOC ORIS extranet support
- **Ms Natasa DUMIC**, IOC Technology and Information, ORIS Project Secretary
- **Mr Charlie GROVES**, IOC ORIS Project Language Support
- **Ms Nadine SAAGER**, IOC ORIS Project Technical Editor
- **Ms Renée SEWJEE**, IOC ORIS Project Technical Editor

This page intentionally left blank.

Badminton References

1 Specifications

Event	Event Round	Progression Type	Competition Format Type
Men's Singles Women's Singles	Group play stage: • 12-16 groups of 3 or 4 players	Qualification	Pool
	Knock-out stage: • Round of 16 • Quarterfinals • Semi-finals • Finals (bronze medal match and gold medal match)	Qualification	Bracket with direct elimination and finals
Men's Doubles Women's Doubles Mixed Doubles	Group play stage: • 4 groups of max. 4 pairs	Qualification	Pool
	Knock-out stage: • Quarterfinals • Semi-finals • Finals (bronze medal match and gold medal match)	Qualification	Bracket with direct elimination and finals

- The events are presented in traditional BWF order
- Total number of events: 5
- A full overview of Progression and Competition Format types is included in Appendix A - Glossary

2 Competition

- **Competition format**
 - Group play stage
 - The players/pairs will play in groups in which all players/pairs in the group play each other
 - A final ranking order for each group will be calculated. Ranking will be established by the number of matches won.
 - Knock-out stage
 - The winner of each match advances to the next round. The only time a losing player or pair will contest another match is when the losing semi-finalists meet in the bronze medal match.
- **Tie Break Rules**
 - Group play stage
 - If two players/pairs have won the same number of matches, the winner of the match between them will be ranked higher
 - If three or more players/pairs have won the same number of matches, ranking will be established by the difference between total games won and total games lost, with greater difference ranked higher
 - If two players/pairs remain tied, the winner of the match between them will be ranked higher

- If three or more players/pairs have won the same number of matches and are equal in the difference between total games won and total games lost, ranking will be established by the difference between total points won and total points lost, with greater difference ranked higher
- If two players/pairs remain tied, the winner of the match between them will be ranked higher
- If three or more players/pairs are still equal, then ranking will be established by drawing lots
- **Venue type**
 - Indoor
 - Single venue
- **Participation references**

The following information is an indication of the estimated participation at these Games for the purposes of software development only. Actual numbers are defined in the Qualification System document approved by the IOC.

- Athletes: 86 female / 86 male
- Singles: 38 female / 38 male (before reallocation)
- Doubles: 16 pairs for each gender
- Mixed Doubles: 16 pairs
- "P" alternate athletes: No

3 Documents

- Olympic Charter in force
- IOC-Rio 2016 Host City Contract
- BWF Statutes 2015-2016

Procedures

1 Introduction

The aim is to document the procedures to be followed to ensure an efficient results delivery and to determine who should act (when, where and how) in order to satisfy user information expectations.

The proposed procedures are based on the experience gained at previous Games and other large Badminton events and, in some cases, include proposals on how to improve existing practices.

The responsibilities of each party involved in the production and delivery of specified outputs are precisely defined including the time frame or deadlines in which the parties have to fulfil them.

2 Results Service and Competition Management Support

Roles and responsibilities of the key participants are documented in chronological order, starting a few months before the Games and ending with the production and distribution of the Results Book.

2.1 Pre-Games Activities

Some competition-related information must be available as soon as INFO goes live.

The final few weeks before the Games can be hectic and the OC should anticipate the workload as much as possible.

2.1.1 Schedules

Schedules are available from a number of different sources prior to the Games (OC communications, official website, ticketing, etc.).

OC Technology must develop appropriate procedures to ensure that any schedule updates are promptly and accurately published and distributed to the users.

The Games competition schedule will be developed between the OC Competition Management and the BWF Events Department well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate. This schedule data should be used to build the integrated Games schedule navigation page and the schedule screens for each discipline in INFO.

Four (4) weeks before the Opening Ceremony, the Venue Results Manager should produce the output:

- Competition Schedule (C08)

for verification and approval by OC Competition Management

OC Technology (Venue Results Manager and Technical Operations Centre) will then upload this file in INFO. This output will be available in PDF format on the day INFO goes live. Once the BWF and OC Competition Management arrive at the venue, the output should be distributed accordingly.

The output "Competition Schedule" (C08) will normally be produced only once for the entire Badminton competition. However if changes to the schedule do occur, the output "Competition Schedule" (C08) will be updated by OVR once they become owner of the data. It will be redistributed (at the end of the day) and marked as "REVISED".

OC Technology will, based on information provided by the OC Competition Management, also produce the outputs:

- Activity List (C06)
- Practice Schedule (C07)

These outputs will become available on the day that INFO goes live, and will be distributed according to the ORIS distribution rules.

2.1.2 Entries and Participant Data

The entry process is managed by the Sport Entries sub-function within the OC Sport Department. In order to fulfil the ORIS requirements, special attention should be paid to the information to be collected through the entry forms (data to be captured are included in Appendix D - Supporting Documents).

2.1.2.1 After the Sport Entry Deadline

All eligible athletes for the Games must have been entered by their NOCs by the Sport Entry Deadline, in accordance with the Qualification System.

After the Sport Entry Deadline, OC Technology will produce and update the outputs:

- Entries (C31A)

- Facts and Figures - Birthdays during the Games (N86F)

and make them available in INFO.

These outputs will be updated after each Delegation Registration Meeting (DRM) in case of replacement or data correction.

2.1.2.2 Participant data verification

Emphasis should be placed on data accuracy and correct spelling and/or transcription of player and pair names.

Information users, in particular the media, are used to seeing names spelt in a certain manner at other BWF events, and the Games should be no different. At Games time, the space available to display a name (e.g. in an output or on a scoreboard screen) may vary considerably. It is therefore extremely important that all different name lengths (the maximum number of character spaces available) are verified before any entry lists are produced.

As soon as OVR becomes the owner of the participant data, the outputs:

- Entry Data Checklist (C38)
- Entry Data Checklist - Competition Officials (C39)

will be produced with all name lengths to be used during the Games.

The output "Entry Data Checklist" (C38) will be given to OC Competition Management and the output "Entry Data Checklist - Competition Officials" (C39) will be given to the BWF for checking and approval.

The approved/corrected outputs should be returned to OC Technology no later than twenty-four (24) hours before the Team Managers' meeting, which should take place **five (5) to seven (7)** days before competition.

It is essential that only a single copy of the checklists circulates at any time in order to avoid errors.

2.1.2.3 Competition officials

No later than one (1) month before the Opening Ceremony, the OC Competition Management will provide the Venue Results Manager with the names and functions of all persons who may be included in the output "Competition Officials" (C35).

Four (4) days before INFO goes live, the Venue Results Manager should produce the output:

- Competition Officials (C35)

for verification and approval by the OC Competition Management. Once approved, this output will be available in PDF format on the day INFO goes live. Once the BWF and OC Competition Management arrive at the venue, the output should be distributed according to the ORIS distribution rules.

2.1.2.4 Replacement of an athlete

2.1.2.4.1 Late athlete replacement

Only those athletes who are eligible can be used as replacements and should be included in the initial data transfer to OVR.

Once the Late Athlete Replacement (LAR) procedure has been completed and Sport Entries has confirmed the change to the Venue Results Manager, the replacement athlete should be activated and the relevant output "Entry Data Checklist" (C38) should be produced for validation as defined in the participant data verification process. At the same time, the replaced athlete should be removed from the entries and the entry output(s) updated accordingly.

This procedure must be completed before the draw.

If any output including the replaced athlete name has been released it should be reissued, marked as "REVISED", with a free text note explaining the replacement.

2.1.2.5 BWF unique athlete identification

Every player and pair in the BWF database has a BWF identification number assigned to them which allows them to be uniquely identified. The number is created when a player's/pair's details are first entered into the BWF database, and will remain unchanged throughout the player's/pair's career.

2.2 Pre-Competition Activities

After the BWF officials arrive in the host city, they will work with the OC Competition Management on the final preparations for the Games. During the period before the Team Managers' meeting, a lot of time will be spent on final checking of the participant data and the preparation, checking and correction of other information if necessary.

2.2.1 Presenters at Victory Ceremonies

No later than ten (10) days before the first day of competition the IOC and the BWF will provide OC Technology and ONS with the list of potential presenters and persons accompanying them, that will include all data necessary for presenting this information for the Victory Ceremonies.

2.2.2 Practice Schedule

One of the most important items of information when teams and media arrive in the Games is the practice schedule.

The practice schedule will be presented in the output:

- Practice Schedule (C07)

The Competition Management and the BWF Referee will produce the first practice schedule no later than two (2) days before the first team arrives. The output "Practice Schedule" (C07) will be produced on a daily basis during the Games, twenty-four (24) hours in advance.

Team Managers will be informed of the practice schedule via the Sport Information Centre.

Team Managers will be notified immediately of any changes to their schedule. Members of the media can attend open practice sessions for interview purposes, but interviews may only be performed with the permission of the Team Manager in question.

2.2.3 Olympic Seeding List

There is one Olympic seeding list per event, based on the world ranking.

For Rio 2016, the final version of this list will be available on the 18 July 2016. The BWF should provide Sport Entries with the seeding list no later than the 21 July 2016.

No later than one (1) day before the draw, OC Technology will use this data to produce the output:

- Olympic Seeding List (C48)

This output will be verified by the BWF Referee before public release.

Once approved, the output will be distributed according to the ORIS distribution rules.

The BWF will provide this data in a spreadsheet and a template should be provided no later than two (2) months before the Test Event.

2.2.4 World Ranking List

The world ranking consists of lists of the top players/pairs that have competed during the previous 12 month period.

The BWF publishes the Men's and Women's Singles, Men's, Women's and Mixed Doubles world ranking on the BWF website, weekly every Thursday.

The BWF should provide ONS with the world ranking on the Thursday before competition that is 4 Aug 2016.

ONS will upload the world ranking and after approval by the BWF Technical Delegate, the output:

- World Ranking (N17B)

with visible "as of date" identification will be distributed according to the ORIS distribution rules.

The world ranking will remain unchanged during the entire Games period.

It is important that the process for transferring these data from the official source to the Organising Committee is agreed no later than two (2) months before the Badminton Homologation Test and that

any technology solution planned for such transfer is properly tested, if possible before and during the Test Event. Such transfer mechanisms will also be tested during the Badminton Homologation Test.

2.2.5 Before the Draw

No later than twenty-four (24) hours before the draw, OC Technology will provide the BWF Technical Delegate and the Referee with the following outputs:

- Number of Entries by NOC (C30)
- Entry List by NOC (C32A)
- Entry List by Event (C32C)
- Competition Officials (C35)

2.2.5.1 Draw Package

The attendees of the draw will receive a "Draw Package" consisting of the following outputs:

- Competition Schedule (C08)
- Entries by NOC (C32A)
- Olympic Seeding List (C48)

About 150 attendees are expected to attend the draw.

These packages will be prepared by OC Competition Management supported by OC Technology.

2.2.6 Draw

The draw for all five events will be organised in a single session **five (5) to seven (7)** days before the start of competition. The draw location will be confirmed by OC Competition Management.

The BWF will manage the draw, supported by OC Competition Management.

It is extremely important that OC Technology together with the OC Competition Management fully prepare for this process and provide adequate resources and trained personnel to meet the distribution time (printing, copying, collation and stapling equipment, distribution personnel).

It is the responsibility of the OC to ensure that the Sports and Technology departments communicate with each other and define their respective responsibilities for organising the Draw. The Draw procedure should be tested at the Test Event.

During the draw, the audience should be able to follow the draw as it proceeds, and it should be presented on large screens, or by other means such as projectors.

Positions in the groups are drawn by lots as defined in the BWF rules.

Fifteen (15) minutes after the draw to allocate the groups for each event is completed, OC Technology will produce the output:

- Groups (C50)

for approval.

The BWF Technical Delegate or the designated person will assist the OC Technology results team during the draw and will approve the hard copy of the output "Groups" (C50) as soon as possible, allowing OC Technology and/or Competition Management to start copying them, and to be ready for their distribution immediately after the draw has finished.

Five (5) minutes after the draw is approved for an event, OC Technology will distribute the output:

- Groups (C50)

according to the ORIS distribution rules.

2.2.7 After the Draw

No later than forty-eight (48) hours after the draw the BWF Referee will assign the date, time and court number for the matches taking place on the first day of competition. Competition Management will

supply partially completed forms (with athlete names) using the output "Daily Schedule" (C58) as a reference.

Within the next two (2) hours OC Technology will produce the outputs:

- Group Play Summary (C76)
- Daily Schedule (C58) - without umpires and service judges

for the first day of competition, and distribute them according to the ORIS distribution rules, after checking and approval by the BWF Referee or the designated person.

Twenty-four (24) hours before the first match of the first day of competition, the BWF will communicate to OC Technology the Umpires and Service Judges' assignments for the first competition day.

Based on this data, OC Technology will, within one (1) hour, produce the outputs:

- Daily Schedule (C58) - with umpires and service judges
- Score Sheet (C65)

and distribute them according to the ORIS distribution rules.

Playing schedules and score sheets for subsequent days will be produced no later than two (2) hours after the end of the last session of each day's play (for the following day), using the data available at the time.

Changes to the draw are not permitted. In the case of withdrawals after the daily schedule has been released, the BWF Referee will immediately issue an official communication stating that these match(es) will not be played, and that the opponent(s) will be given a walkover. The match(es) time slot will not be re-allocated.

2.3 Results Processing Singles, Doubles and Mixed Doubles events

2.3.1 Introduction

The OC Technology results system must be capable of capturing all data required for match results in real time. Data includes the number of strokes in each rally, any unusual occurrences during a rally which caused it to be a let, the elapsed time of each rally, game and match, the number of shuttles used during each match, and penalties (yellow, red and black cards). This information may be entered manually or may be captured directly from an electronic feed from the scoring and timing system wherever possible.

During each match live scores are required for sport and press on TV monitor screens at both the Venue Press Centre and in the Olympic Family lounge. They must clearly indicate the match score and show who is serving.

The screen must be updated each time the score or service changes. When a match is finished the result should stay on the screen until the next match on that court is called. After that, results of finished matches will be available on a separate screen. Results will be sorted by court number.

2.3.2 Results during the Group Play Stage

Two (2) minutes after a match is finished, OC Technology will print a first copy of the output:

- Results (C73)

for checking by the BWF Referee against the output "Score Sheet" (C65).

After checking, which should take no more than one (1) minute, the BWF Referee will approve the output "Results" (C73).

Two (2) minutes after approval, the outputs:

- Results (C73)
- Daily Results Summary (C74A)
- Group Play Summary (C76)
- Disciplinary Penalty Statistics (C83) - if a penalty was imposed during the match will be updated in INFO.

Five (5) minutes after the results of a match are approved, the output:

- Results (C73)

will be distributed according to the ORIS distribution rules.

In addition, a copy of the output "Group Play Summary" (C76) for each Doubles event should be provided to the BWF Technical Delegate in preparation for the knock-out draw.

If a black card has been given, the BWF Referee will provide OC technology with the text for an official communication explaining the reasons for the black card. The output:

- Official Communication (C67)

explaining the reason must be immediately issued, and distributed according to the ORIS distribution rules.

2.3.3 Results after the last Match in the Session in the Group Play Stage

No later than ten (10) minutes after the results of the last match of the session are approved, the outputs:

- Daily Results Summary (C74A)
- Disciplinary Penalty Statistics (C83) - if a penalty was imposed during the session will be printed and distributed according to the ORIS distribution rules.

2.3.4 After the last Session of the Day in the Group Play Stage

After the end of the last session of the day the BWF Referee will assign start time, court, umpires and service judges for the matches of the next day. No later than two (2) hours after the results of the last match of the day are approved, OC Technology should produce the outputs:

- Daily Schedule (C58)
- Score Sheet (C65)

for the next day's matches and distributed them according to the ORIS distribution rules.

2.3.5 After the last Match of the Group Play Stage

2.3.5.1 Singles events

Immediately after the end of the last match of the group play stage for a Singles event, OC Technology will print the outputs:

- Draw (C75)

and will make them available for checking and approval to the BWF Referee.

For the first round the output "Draw" (C75) will contain the names of players, BWF ID, seed numbers (if any) and player's NOC codes. For all subsequent matches, match numbers without time and court will be added.

Within five (5) minutes after being approved, the output "Draw" (C75) will be distributed according to the ORIS distribution rules.

2.3.5.2 Doubles events

Immediately after the end of the last match of the group play stage for a Doubles event, a random manual draw will be managed by the BWF to determine places in the knock-out stage (quarterfinals). This draw will be held in the venue press conference room.

Immediately after the draw, OC Technology will print the first copy of the output:

- Draw (C75)

and give it to the to the BWF Referee for checking and approval.

No later than five (5) minutes after being approved, the output "Draw" (C75) will be distributed according to the ORIS distribution rules.

2.3.5.3 After the Draw for Round of 16 has been released

No later than two (2) minutes after the Draw for the Round of 16 has been distributed, the output:

- Tournament Statistics (C84)

will be updated in INFO.

2.3.6 Before each Knock-out Competition Day

Each evening before a competition day, the outputs:

- Head to Head and Player Comparison (N62) - from the quarterfinals onwards
- Road to the Semi-finals or Road to the Bronze Medal Match or Road to the Gold Medal Match (C63) - if the next day includes semi-finals or medal matches

will be produced and distributed according to the ORIS distribution rules.

Head to head statistics for the Olympic Games and other BWF events will be provided by the BWF to ONS and the historical data provider.

2.3.7 Results during and after each Match - Round of 16, Quarterfinals and Semi-finals

Two (2) minutes after a match is finished, OC Technology will print a first copy of the output:

- Results (C73)

for checking by the BWF Referee against the output "Score Sheet" (C65).

After checking, which should take not more than one (1) minute, the BWF Referee will approve the output "Results" (C73).

Two (2) minutes after approval, the outputs:

- Results (C73)
- Daily Results Summary (C74A)
- Draw (C75)
- Disciplinary Penalty Statistics (C83) - if a penalty was imposed during the match

will be updated in INFO.

Five (5) minutes after the results of a match are approved, the output:

- Results (C73)

will be distributed according to the ORIS distribution rules.

No later than five (5) minutes after the results of the last match in an event during a session are approved, the output:

- Draw (C75)

will be printed and distributed according to the ORIS distribution rules.

If a black card has been given, the BWF Referee will provide OC technology with the text for an official communication explaining the reasons for the black card. The output:

- Official Communication (C67)

explaining the reason must be immediately issued, and distributed according to the ORIS distribution rules.

2.3.8 Results after the last Match in the Session - Round of 16, Quarterfinals and Semi-finals

No later than ten (10) minutes after the results of the last match of the session are approved, the outputs:

- Daily Results Summary (C74A)
- Disciplinary Penalty Statistics (C83) - if a penalty was imposed during the session

will be printed and distributed according to the ORIS distribution rules.

2.3.9 Results after the last Match of the Round of an Event - Round of 16, Quarterfinals and Semi-finals

No later than ten (10) minutes after the results of the last match in the round are approved, the output:

- Tournament Statistics (C84)

will be updated in INFO.

2.3.10 After the last Session of the Day - Round of 16, Quarterfinals and Semi-finals

After the end of the last session of the day the BWF Referee will assign start time, court, umpires and service judges for the matches of the next day. No later than two (2) hours after the results of the last match of the day are approved, OC Technology should produce the outputs:

- Draw (C75)
- Daily Schedule (C58)
- Score Sheet (C65)

for the next day's matches and distributed them according to the ORIS distribution rules.

2.3.11 Results after Bronze Medal Matches, if the Gold Medal Match in the same Event is Held during the same Session

In addition to the usual production of outputs after a match, OC Technology should, within two (2) minutes after results of the match are approved, update the following outputs:

- Medallists (Singles) (C92A)

or

- Medallists (Doubles) (C92B)

and

- Medallists by Event (C93)
- Medal Standings (C95)

in INFO, but there is no requirement to print them.

At the same time OC Technology should produce the output:

- Daily Results Summary (C74A)

and distributed according to the ORIS distribution rules.

2.3.12 Results before, during and after a Gold Medal Match

No later than sixty (60) minutes before the gold medal match the OC Protocol should provide ONS with the names of presenter(s) and accompanying person(s).

As soon as the presenters are known by OC Protocol, the output:

- Medal Presenters (N91B)

if the Victory Ceremony is organised at the venue immediately after the finals, should be produced and distributed according to the ORIS distribution rules.

Late changes frequently occur shortly before the Victory Ceremonies. Any such changes should be communicated immediately by the OC Venue Protocol Manager to OC Technology, Sport Production and ONS.

During the gold medal match, results processing is the same as during any other match in the previous rounds.

Once the results of the gold medal match are approved, OC Technology should additionally, within two (2) minutes, produce or update the outputs:

- Results (C73)
- Daily Results Summary (C74A)
- Event Results Summary (C74B)
- Draw (C75)
- Disciplinary Penalty Statistics (C83) - if a penalty was imposed during the match
- Tournament Statistics (C84)
- Medallists (Singles) (C92A)

or

- Medallists (Doubles) (C92B)

and

- Medallists by Event (C93)

- Medal Standings (C95)

in INFO.

Three (3) minutes after the results of the gold medal match are approved, OC Technology should print the output:

- Medallists (Singles) (C92A)

or

- Medallists (Doubles) (C92B)

which should be distributed according to the ORIS distribution rules.

Five (5) minutes after the results of the gold medal match are approved, the outputs:

- Results (C73)

- Draw (C75)

will be printed and distributed according to the ORIS distribution rules.

No later than fifteen (15) minutes after results approval, OC Technology should produce the outputs:

- Event Results Summary (C74B)

- Disciplinary Penalty Statistics (C83) - if a penalty was imposed during the match

- Tournament Statistics (C84)

- Medal Standings (C95)

which should be printed and distributed according to the ORIS distribution rules.

2.4 Common Sport Functions

2.4.1 Official Communications

The Technical Delegate or the designated person may issue the output:

- Official Communication (C67)

to inform all clients about key decisions (e.g. schedule and results changes) or to communicate significant information that media and broadcasters should know.

If any such decision is made, the BWF Technical Delegate or the designated person will, within the following five (5) minutes, complete the text of the decisions made on the appropriate form. The following information should be included:

- Who made the decision
- The event and/or player/pair affected
- The date and time of the decision
- The text of the decision
- The affected area (results, schedule or other)

OC Technology will receive the form, enter it into the OC computer system and print a copy of the output "Official Communication" (C67) within two (2) minutes.

As soon as the BWF Technical Delegate or the designated person has authorised the copy, it will be distributed immediately according to the ORIS distribution rules. All affected outputs should be updated and republished as "REVISED" as soon as possible. If the Results Book has already been produced, an updated version should be published.

An appropriate form is included in Appendix D of this document.

Note: If an "Official Communication" (C67) affects a Games stakeholder or partner, they should be consulted before releasing the output for distribution.

2.4.2 Sport Communications

The output:

- Sport Communication (C68)

should be used to inform a sport specific audience about information or decisions from the BWF, the IOC and/or the OC Competition Management (e.g. reminders, sport information, etc.).

The principles for the production of this output are similar to those described for the output "Official Communication" (C67). Paper distribution is limited to the venue, the Sport Information Desk at the athletes' village and in INFO.

2.5 Exceptional Situations Handling

For any of the following exceptional situations, the Technical Delegate or the designated person may request production of the output:

- Official Communication (C67)

and will provide the appropriate text to be used.

2.5.1 Schedule Changes

The following schedule status options are applicable to an event or event unit (match):

2.5.1.1 Delayed

A delay may occur if a match does not start as scheduled, but should start within the current ticketing session.

The new start time is unknown. If the delay exceeds the current ticketing session, the status will be changed to postponed, rescheduled or cancelled.

2.5.1.2 Postponed

A match did not start as scheduled and has been postponed to a later ticketing session. The new date and start time is unknown. The status will subsequently be changed to rescheduled or cancelled.

If an interrupted match cannot be resumed within the current ticketing session and the new date and start time is unknown, the status will be changed to postponed. The status will subsequently be changed to rescheduled or cancelled.

2.5.1.3 Interrupted

The Umpire may suspend the play when necessitated by circumstances not in the control of the players e.g., lighting failure. Under special circumstances the BWF Referee can instruct the Umpire to suspend play. In such cases the score will stand and play will be resumed from that point.

The time of resumption is unknown. If the interruption exceeds the current ticketing session, the status will be changed to postponed, rescheduled or cancelled.

2.5.1.4 Rescheduled

A match may be rescheduled if it cannot be held at the originally scheduled start date/time.

The new date and start time are known. If it is impossible to reschedule a session or round of competition within a certain time frame, the status may be changed to cancelled.

2.5.1.5 Cancelled

A match which cannot be rescheduled prior to the Closing Ceremony is cancelled.

2.5.2 No Show or Retirement during the Group Play Stage

If a player/pair doesn't show-up or retires during the group play stage, he will not be allowed to continue the competition in the affected event and the results of matches he has played or which are yet to play will be nullified.

If the player retires after a match has started, the output:

- Results (C73)

will be produced for approval by the BWF Referee showing the score at the time at which the match was interrupted. Once approved, the match score will be nullified (score entered 21-0, 21-0) and a further copy of the output:

- Results (C73)

showing the nullified score will be produced.

Once approved by the BWF Referee, all matches in the group play stage for this player/pair (whether already completed or scheduled) will be nullified (score entered 21-0, 21-0) and the output:

- Results (C73)

showing the nullified score will be produced for approval by the BWF Referee. Once approved, OC Technology should produce the output:

- Daily Results Summary (C74A)

together with an official communication to explain the situation.

Once approved by the BWF Referee, these outputs will be distributed according to the ORIS distribution rules.

2.5.3 Disqualifications

2.5.3.1 Disqualification during the group play stage

If a player/pair is disqualified during the group play stage, after a match has started, he will not be allowed to continue the competition in the affected event and the results of matches he has played or which are yet to play will be nullified.

- Results (C73)

will be produced for approval by the BWF Referee showing the score at the time at which the match was interrupted. Once approved, the match score will be nullified (score entered 21-0, 21-0) and a further copy of the output showing the nullified score will be produced.

Once approved by the BWF Referee, all matches in the group play stage for this player/pair (whether already completed or scheduled) will be nullified (score entered 21-0, 21-0) and the output:

- Results (C73)

showing the nullified score will be produced for approval by the BWF Referee. Once approved, OC Technology should produce the output:

- Daily Results Summary (C74A)

together with an official communication to explain the situation.

Once approved by the BWF Referee, these outputs will be distributed according to the ORIS distribution rules.

2.5.3.2 Disqualification of medallists

Please refer to the Appendix D: Supporting Documents for details on how medals and diplomas are reallocated in case of disqualification.

2.5.3.3 Disqualification after an event and up to three days after the Closing Ceremony

This three (3) day period corresponds to the time for which the Court of Arbitration for Sport remains in the host city after the Games, and is available to pronounce on a disqualification in case of appeal.

Up to this deadline, OC Technology will update all results as required. All updated outputs should be approved by the Technical Delegate before distribution.

2.5.3.4 Disqualification more than three days after the Closing Ceremony

Starting from the fourth day after the Games Closing Ceremony, the BWF will become responsible for updating the results if necessary. Disqualifications may come from either the IOC or the BWF. The BWF is responsible for providing the updated results to the IOC.

2.5.4 Communication in case of Disqualification by the IOC Disciplinary Commission

The BWF Technical Delegate, or the designated person, should, together with OC Technology, produce an "Official Communication" (C67) explaining that results have been updated according to the IOC Disciplinary Commission decision.

The sample text to be used in this Official Communication (C67) is detailed in Appendix D (Subtitle: D, Summary: 8, Issued by: I, Further information: iv) of this document.

As soon as the decision for disqualification is made public by the IOC, the following procedures should be followed:

- ONS should copy the IOC press release and paste it without any modifications into the output "IOC News" (N90C) and publish it in INFO
- As soon as the BWF Technical Delegate, or the designated person, has authorised its release, the output "Official Communication" (C67) will be distributed according to the ORIS distribution rules
- OC Technology will update and republish all affected outputs with a "REVISED" stamp and a free text note explaining the disqualification

Since such a decision can occur at any time, and publication of accurate information is extremely time critical, it is vital that the BWF Technical Delegate or the designated person, is available and able to communicate with the OC Competition Management, OC Technology and the IOC Head of ORIS at all times. This includes the period before the Games start, the period after the Badminton competition ends, and the period after the Games end (up to three (3) days after the Closing Ceremony). Travel by the BWF Technical Delegate during those periods before or after the Games may require that a designated person be available to cover this responsibility.

Note: Authors of this ORIS document do not imply that this is a complete list of exceptional situations that could occur before, during or after the tournament. The OC and their technology suppliers are responsible for researching any missing information in the relevant BWF and/or IOC documents and for gaining and analysing experience from other competitions.

2.6 Reissuing Outputs

There are two conditions for reissuing an output:

- A new version of a previously distributed output is produced as a regular case: no stamp is required. This applies to the following outputs:
 - Daily Schedule (C58)
 - Daily Results Summary (C74A)
 - Draw (C75)
 - Group Play Summary (C76)
 - Disciplinary Penalty Statistics (C83)
 - Tournament Statistics (C84)
 - Medallists by Event (C93)
 - Medal Standings (C95)
- A new version of a previously distributed output is produced due to a change of data: a "REVISED" stamp is required, including the date and time of output creation. The reason for the revision must be explained as a note (free text) at the bottom of the last page of the output.

For outputs which need to be reissued with a "REVISED" stamp and have an "at time" in the heading, the following rules will apply:

- If an error needs to be corrected (e.g. data entry error), the same "at time" should be kept as used in the originally released version of this output
- If an update needs to be made based on new information received (e.g. data change), the "at time" should be adjusted to the time at which this new information was provided

Note: The outputs "Official Communication" (C67) or "Sport Communication" (C68) will not be issued with a "REVISED" stamp. If a C67 or C68 needs to be corrected, a new output (with a new item number) should be produced.

2.7 Results Book

The Results Book should contain the documents below, in the following order:

- Badminton cover page
- Version History (only if more than one version of the Results Book is produced)
- Competition Format and Rules (N02)
- Medal Standings (C95)
- Medallists by Event (C93)

The following outputs (in traditional event order):

- Entry List by Event (C32C)
- For the group play stage:
 - Group Play Summary (C76)
- For the knock-out stage:
 - Results (C73) (listed by round)
 - Draw (C75)
- Event Results Summary (C74B)
- Tournament Statistics (C84)
- Official Communications (C67) - selected by the BWF and/or the IOC decisions which had an impact on results

and lastly:

- Competition Officials (C35)

All outputs to be included in the Results Book will be the last version produced. If any included output has been reissued as revised it will show the "REVISED" stamp.

Navigation within the Results Book should be facilitated by the use of bookmarks.

Results Books must be clearly identified with version number and date and time of production. If more than one version of the Results Book is produced, the changes should be described in the Version History.

The OC will produce the Results Book electronically, in PDF format, and make it available for download no later than one (1) day after the Badminton competition has finished.

This Results Book will be made available to at least the following parties:

- The IOC
- The BWF
- All NOCs
- Accredited media

3 News Service and Background Information

Data for all Biographies and Historical Results will be supplied by the IOC to the OC.

The IOC has contracted this data collection, integration and delivery to a third party provider. However, the IOC retains full responsibility for this process.

The schedule for delivery of these data is defined by contract. Together with the third party provider, the OC will be responsible for the testing of the transfer mechanism prior to the Test Event and during Homologation Test. Transfer mechanisms are subject to IOC approval.

The OC and the IOC, together or in parallel, will undertake data quality testing at certain key points in the build-up to the Games.

The BWF is currently not maintaining biographies but agrees to supply historical data as requested in ORIS, in accordance with a schedule agreed between the parties.

The BWF cannot guarantee that all mandatory data items requested to produce the relevant outputs will be included in the data provided.

Checking and updating of data from the BWF and adding missing data shall remain the provider's sole responsibility.

The delivery schedules will be agreed between the BWF and the third party provider. Schedules may be different depending on the type of data.

The BWF wishes to validate part or all of the final data delivered by the provider. In that case, the BWF and the third party provider will agree on a schedule covering the validation process which will be finished before INFO goes live.

The provider will update data after final delivery as required (corrections, information updates, etc.). The IOC will act as a facilitator between the BWF, the OC and the provider.

Before the Games, and within three (3) months following the Closing Ceremony, the IOC will make this data available to the BWF and all NOCs, in an agreed format.

3.1 Historical Results

The following historical data outputs will be available in INFO when it goes live:

- Medallists from previous Olympic Games (N10)
- Medals by NOC (N11)
- Multi-Medallists (N15)
- Results in Last Olympic Cycle (N17A)

3.2 Biographies and Profiles

The following biography and profile outputs will be available in INFO when it goes live:

- Athlete Biography (N20)
- NOC Profile (N24)

3.3 Facts and Figures

3.3.1 Badminton Background Information

Data for the Badminton background information will be developed by ONS, in cooperation with the OC Competition Management and the BWF Events Department well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- World Ranking (N17B)

- Facts and Figures - History (N86A)
- Facts and Figures - BWF - Federation Facts (N86B)
- Facts and Figures - Qualification Criteria (N86C)

The output "World Ranking" (N17B) should be available on August 4 and remain unchanged during the entire Games period.

The "Facts and Figures - History" (N86A), "Facts and Figures - Federation Facts" (N86B) and "Facts and Figures - Qualification Criteria" (N86C) outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, the BWF Events Department will immediately inform ONS who will update the information within one (1) working day.

3.3.2 Technical Background Information

Technical background information will be developed by ONS, in cooperation with the OC Competition Management and the BWF Events Department well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- Competition Format and Rules (N02)
- Facts and Figures - Facility Description (N86D)
- Facts and Figures - Media Information (N86E)

and will send them to the BWF Events Department for verification.

These outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, ONS in consultation with the BWF Events Department will update the information within one (1) working day.

3.4 News

There are potentially many different types of information produced under the category of "News". News items are generated during the Games by the Olympic News Service (ONS) at each venue and from the Main Press Centre.

To guarantee continuity news items must be assigned a sequential number.

3.4.1 Pre-competition News

3.4.1.1 Previews

Since many journalists at the Games cover sports in which they may have limited experience, Sport Previews and Daily Previews can be extremely helpful for them.

No later than four (4) days before the first day of competition, the ORIS Badminton Working Group recommends that ONS at the Badminton venue produces the output:

- Sport Preview (N89)

and every evening for the following days, the output:

- Daily Preview (N89)

The daily previews should summarise the next day's activities for a discipline, focusing on the most newsworthy elements.

3.4.2 News during and after Competition

Media covering Badminton events remotely will need to receive information supplementing the results. ORIS recommends that ONS prepare the outputs described below.

3.4.2.1 Flash quotes

Throughout the Games ONS should produce quotes from athletes, medallists and any surprise performances in the output:

- Flash Quotes (N87A)

This output must be produced and distributed within fifteen (15) minutes after the quotes are taken.

A selection of the best quotes of each day of the Games should be produced by ONS in the output:

- Quotes of the Day (N87B)

and distributed according to the ORIS distribution rules.

Note: ONS should plan in advance to ensure easy access for interviewers and interpretation services, if required.

3.4.2.2 Press conference highlights

ONS should produce newsworthy press conference highlights in the output:

- Press Conference Highlights (N88)

This output must be produced and distributed no later than thirty (30) minutes after the press conference.

3.4.2.3 Reviews

ONS should produce competition highlights in the outputs:

- Daily Review (N89)
- Sport Review (N89)

3.5 Media Communications

Useful information (concerning press conferences, announcements, changes in opening or closing times of the Venue Press Centre, etc.) should be communicated to the media in the output:

- Media Communication (N90A)

General information considered by ONS to be newsworthy (e.g. visitors to the venue, dignitaries, detailed description of equipment used, interesting statistics such as the number and names of world champions competing and missing, etc.) should be communicated to the media in the output:

- News Article (N90B)

ONS should use the output:

- IOC News (N90C)

to publish statements made by the IOC.

This page intentionally left blank.

Section 1 - Printable Outputs

1 Introduction

This section of the document presents samples for all printable outputs.

There are two groups of outputs:

- Competition related (C outputs)
- News and Background related (N outputs)

ORIS defined outputs are available as PDFs and/or in screen format.

Every output that is printed from a PDF or screen format should be formatted so that it meets the ORIS requirements, including the Look and Feel defined by the OC.

The basic objective has been to make user friendly samples which show the required information and how it should be presented in each output. Emphasis is placed on using data which is as realistic as possible. However, athletes' data may be modified to focus on the necessary types of data (e.g. actual results changed to show ties, IRMs, etc.), venue names used in the samples may differ from the actual Games venues, etc.

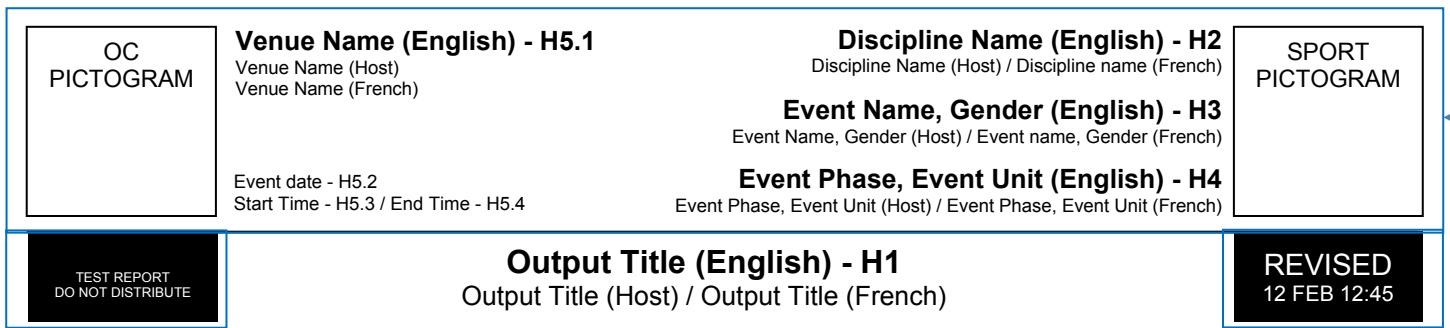

As it is impossible to find samples where all variations of data are used in the same output, in a number of samples some fields or data elements are missing. It should be **particularly noted** that schedule and quota data used in this document do **not** accurately reflect actual schedules and quotas.

Bearing this in mind, **samples should not be used as a reference for complete output definition**, including all possible data variations. All possible data elements and values are included in the data matrix. In all cases the **IF rules should be considered as the primary source** for data processing.

A detailed explanation of the structure of the output samples, description table and data matrix can be found in the "Look & Structure" output.

Rules for Data Formats and Presentation are described in the Appendix C.

This page intentionally left blank.

As of dd MMM yyyy at HH:MM - H6

This is a standard sample to illustrate possible positions of the output header data, stamps and footer.
It is the responsibility of the OC to define the actual look of the printed outputs (separate document).

Output body

Content information:

The content for this part of the output is defined in each appropriate ORIS output.
The requirements set in ORIS need to be met.

Technical information:

All possible values for this part of the output are defined in the data matrix of each output.

Depending on the ORIS requirements for each output, an appropriate Note and/or a Legend may be included

The two free text lines are reserved for content related information e.g. explanations of IRMs, reason for a revised output, etc.

L&S - Look and Structure of Outputs

Description table

The description table gives an overview of output specific requirements and offers space for additional explanations.

Description	A brief description of the purpose of this output
Source	Defines the source of the information for this output. Possible sources are: OC Competition Management , OC Technology, International Federation, etc.
Sort by	Defines the sort criteria by which the content of the output is sorted. The list of criteria will be as long as required to accurately define the sort order. The sort criteria are presented as follows: 1 - Criterion 1 2 - Criterion 2 3 - Criterion 3, etc.
Page break	Defines page breaks into logical groups (if the output does not fit onto a single page)
Notes	Note with static text: If a static Note is required for this output
	Note with predefined text: If a Note with predefined text is required for this output. All possible texts and conditions of predefined Notes will be listed here.
	Free text: Refers to "Appendix C - Rules for Data Formats and Presentation"
Legend	Shows all possible abbreviations which could occur in this output. It also indicates if the Legend needs to be positioned on each page of the output or only on the last page of the output. Sports with a large number of possible results codes may state "See Appendix C - Rules for Data Formats and Presentation" rather than listing all results codes here.
IRM rules	In most cases a reference to "See Appendix C - Rules for Data Formats and Presentation" is made here. If there are specific IRM rules for this output, they may be mentioned here.
Comments	Space for further explanations which cannot be included in the samples, in other rows of the description table above, or in the data matrix. These comments should support the users by giving extra information and explanations.

Data matrix

The data matrix defines the required data items, and all possible values, needed in order to create the output. The data matrix follows the structure of the output in a logical order from the top to bottom and from the left to the right, wherever possible.

Columns

The column "Level" can be compared to the headings used for sections and subsections in a technical document:

"Levels" are ordered as follows:

- Whole integer levels (1, 2, 3, 4, etc.) represent a section heading. Each time a new section heading is required the next whole integer is used.
- Levels with two or more digits (1.1, 1.2.1, etc.) represent a subsection heading, or third level heading, etc., of the appropriate higher level heading (like a subsection heading in a technical document)
- The "(n)" in brackets after the level number indicates a "loop" for the values listed under that level or sublevel. Typically, data elements which are defined as "for each" have a level number containing an "(n)".

The column "Data Item" could be compared to the "section heading" (whole integer level numbers) with subsection headings (level numbers with decimal places).

The column "M/D" defines in general if that level is mandatory, desirable or not applicable/explanation only. The following main codes are used:

M Mandatory

Ma Mandatory - if applicable

Mc Mandatory - required under conditions which are explained in the column for comments

D Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory

Da Desirable, but only if such data is available

Dc Desirable under conditions which are explained in the column for comments

-- Not applicable / level explanation only

The column "Comments" includes all possible values of that level, additional conditions, explanations, etc.

Organisation

The data matrix is basically divided into three parts:

- Header data
- Output body data
- Legend, Note and free text data

Note: some static elements (e.g. spelling "Start Time" in header or column titles) are not specifically listed in the data matrix. The data matrix only includes variable data fields.

Header data levels

The header data elements are always defined in levels 1 to 6. These levels are always listed in each data matrix, regardless of the output requirements.

Output header example:

The corresponding data matrix levels are:

Level	Data Item	M/D	Comments
1	Output title (H1)	M	Text
2	Sport discipline (H2)	M	Text
3	Event/Gender (H3)	M	Standard FIS event name
4	Phase & event unit (H4)	Mc	Text - "Run 1" or "N Training" (N="1 st , 2 nd , 3 rd , etc.). (Applicable for DH only if split in 2 runs. N/A for SG).
5	Venue - date - start time - end time (H5)	--	
5.1	Venue name (H5.1)	M	Text
5.2	Event date (H5.2)	M	Date - in the format defined in the OC Look and Feel standard
5.3	Event start time (H5.3)	M	Time - in the format defined in the OC Look and Feel standard
5.4	Event end time (H5.4)	--	NOT APPLICABLE
6	As of date (H6)	--	NOT APPLICABLE

Note: the levels 5.1, 5.2, 5.3 and 5.4 are sublevels of the main level 5 "Venue - date - start time - end time (H5)" since they define values which belong to the same main level (same "topic").

Output body data levels

The output body data elements are defined in levels 7 and higher. In these levels only output specific requirements are listed.

Output body data example (extract 1):

Jury		Technical Data		
TD FIS	KROGOLL Peter	GER		
Referee	SKAARDAL Atle	FIS		
Chief of Race	HOLLIDAY Bruce	CAN		
Start Referee	KLAMMER Herbert	ITA		
Finish Referee	PALOVICOVA Jana	SVK		

The corresponding data matrix levels are:

7 (n)	For each jury member	--	
7.1	Function	M	Text - Assistant referee is only applicable for DH and SG
7.2	Family name	M	Text
7.3	Given name	M	Text
7.4	NOC code	M	Standard IOC NOC code or "FIS"
8	Technical data	--	
8.1	Course name	M	Text
8.2	Start altitude	M	Numeric
8.3	Finish altitude	M	Numeric
8.4	Vertical drop	M	Numeric
8.5	Course length	Mc	Numeric (N/A for GS and SL).
8.6	Homologation number	M	Text

Note: the levels 7.1, 7.2, 7.3 and 7.4 are sublevels of the main level 7 "For each Jury member" since they define values which belong to the same main level (topic). The "(n)" indicates that the following levels are a "loop", i.e. that levels 7.1 to 7.4 need to be repeated for each jury member. Level 8 represents a new topic and therefore is numbered as the next main level (8). Levels 8.1 to 8.6 are then sublevels of the main level 8. For level 8, no "(n)" is required since each data only appears once.

Output body data example (extract 2):

Number of Competitors: 86, Number of NOCs: 47

Bib	FIS Code	Name	YB	NOC Code	Time
1	205993	HOELZL Kathrin	1984	GER	
2	205218	REBENSBURG Viktoria	1989	GER	
3	185140	POUTAINEN Tanja	1980	FIN	
4	55838	ZETTEL Kathrin	1986	AUT	

The corresponding data matrix levels are:

10	Number of competitors	M	Numeric
11	Number of NOCs	M	Numeric
12 (n)	For each competitor	--	
12.1	Bib number	M	Numeric
12.2	FIS code	M	Numeric
12.3	Family name	M	Text
12.4	Given name	M	Text
12.5	Year of birth	M	Year - in the format defined in the OC Look and Feel standard
12.6	NOC code	M	Standard IOC NOC code
12.7	Time	M	Space

Note: level 10 is a separate main level, only related to the "Number of competitors". Level 11 is the next main level, only related to the "Number of NOCs". Level 12 (n) is another main level, with the "(n)" indicating that the following levels 12.1 to 12.7 are a loop (data required for each competitor).

Note, Legend, free text

The Note, Legend and free text elements are defined at the end of the data matrix. All these levels are always listed, regardless the output requirements.

Example:

Note:	FIS points are from "Special OWG List". FIS WCSL points include all the FIS World Cup races before the Olympic Games.					
Legend:						
DH	Downhill	GS	Giant Slalom	SC	Super Combined	SG
SL	Slalom	WCSL	Overall points	YB	Year of Birth	Super-G
The corresponding data matrix levels are:						
8	Note with static text		M	Text		
9 (n)	Note for each predefined text		--			
9.1	Predefined text		--	NOT APPLICABLE		
10 (n)	Legend		--			
10.1	Abbreviation	Mc	Code			
10.2	Description of abbreviation	Mc	Text			
11	Free text	Ma	Text			

Note: level 8 is a separate main level, only related to the "Note with static text". Level 10 (n) is the main level for the Legend information. The "(n)" is used to indicate a loop since each abbreviation (10.1) and the appropriate description (10.2) need to appear.

Note 2: usually the level "Note with static text" starts as a main level (full number). In special cases, where the Note and Legend should be presented after each output body data, this could be numbered as a sublevel, as part of a level with a loop "(n)".

Stamps

There are two types of stamps. The exact position of these stamps is defined in the separate OC document.

- "Test Report" stamp: this stamp should ensure that no test data is mistaken for real Games data
- "Revised" stamp: if a new version of a previously distributed output is produced (excluding those outputs which are regularly updated and reissued, e.g. outputs containing brackets, statistics, ranking, etc.), it must be stamped "REVISED" including the date and time of output creation. The reason for the revision must be explained as a free text note at the bottom of the last page of the output.

The revised date and time in the stamp is the same date and time as in the output footer data ("Report Creation").

For initial releases stamps are not required.

Output footer data

Each output produced at the Games has clear and unique information in the footer data. These requirements are not listed in the ORIS data matrix, but defined and explained in a separate OC document. In order to have the full overview of an output layout, these data are briefly explained here:

- The "Report Identifier" consists of a nine characters Results System Code (RSC), the ORIS output number (without leading "C" or "N") and the version number
- The "Report Creation" shows the date and time and when the output was created
- The "Page x/y" indicates the current page number (x), and the total number of pages (y), of the output

This page intentionally left blank.

C38 - Entry Data Checklist

Description	Detailed list of all players. The purpose of this list is to facilitate the checking of entry data, spelling and name abbreviations for official use on outputs, scoreboards, TV, etc. This output is an internal quality control list.
Source	OC Technology
Sort by	1 - NOC code 2 - Gender (male first) 3 - Family name 4 - Given name
Page break	Break at "Condition = NOC code" on a new page with repeated output headings and column headings. Within "NOC code" break at "Group = Accreditation number" on a new page with repeated output headings and column headings.
Notes	Note with static text: See sample Note with predefined text: None Free text: See Appendix C - Rules for Data Formats and Presentation
Legend	Use the following description for abbreviations which appear in the output: "-" - Information not available MD - Men's Doubles MS - Men's Singles WD - Women's Doubles WS - Women's Singles XD - Mixed Doubles To be displayed at the bottom of the last page of each NOC.
IRM rules	None
Comments	All name items must initially conform to the BWF/OC names policy for the competition. However, names may be changed, as required, to allow for personal preferences and other considerations. Truncated names should be indicated with an * for manual checking. This output should show every name type and the maximum number of characters which may be used (maximum number of characters defined by OC Technology depending on the solution used). For TV names please refer to the OBS requirements document "TV Name Formats". For scoreboard names: The technical characteristics of the scoreboard may require that scoreboard names of several different maximum lengths be defined. The fields "Family name (25)" and "Given name (25)" should be used as the WNPA names (please refer to the "ODF General Messages Interface Document"). Need ability to print the output for a single NOC. The layout of this output may be either in portrait or landscape, as required.

**OFFICIAL COMMUNICATION
BADMINTON
MIXED DOUBLES
QUARTERFINALS**

Item: 35

Schedule change

The Mixed Doubles Quarterfinals has been rescheduled

Summary:

Due to the weather forecast (high probability of thunderstorms), access to the venue may be affected. The competition has consequently been rescheduled to 9:00 tomorrow.

Details:

Thunderstorms with wind speeds of over 120 km/h are forecast for this afternoon, with associated heavy rain and lightning. Due to the increased risk to spectators travelling to the venue and the potential impact on transportation, the Badminton Mixed Doubles Quarterfinals has been rescheduled to 9:00 tomorrow.

Issued by: BWF Technical Delegate
Time: 11:00
Date: 9 AUG 2016

This decision affects: Results
Schedule

SPORT COMMUNICATION BADMINTON

Item: 35

IOC Rule 50 (Reminder)

Manufacturer identification on clothing and equipment

Summary:

The National clothing must fully comply with IOC rule 50, in all aspects.
This applies to all competition at the Rio 2016 Olympic Games.

Details:

All competition at the Rio 2016 Olympic Games will be held in accordance with the Olympic Charter and the BWF Constitution and Rules which are in force at the time of the Rio 2016 Olympic Games.

Pursuant to the Olympic Charter, the BWF assumes the responsibility for the technical control and direction of its sport at the Olympic Games.

Regarding brand identification on socks, all teams are reminded that the **Rule 50 states: One Identification per accessory item will be permitted, to a maximum.**

Issued by: BWF Technical Delegate
Time: 21:10
Date: 5 AUG 2016

COMPETITION FORMAT AND RULES

BADMINTON

As of 23 JUN 2016

Olympic Competition Format

The Rio 2016 Olympic Badminton competition comprises Singles, Doubles and Mixed Doubles competitions for men and women.

A Singles player may also enter in the Doubles and Mixed Doubles events. There are between 38 and 64 players in Singles competitions and 16 pairs in the Doubles and Mixed Doubles competitions. If a player qualifies for 2 events, then the extra place will be allocated to the next eligible Singles player of the same gender.

A maximum of 172 players will compete in the Olympic tournament with NOCs permitted a maximum of two entries in Singles and two pairs in Doubles. Entries in each event will include the highest-ranked player or pair from each of: the Badminton Confederation Africa, Badminton Asia Confederation, Badminton Europe Confederation, Badminton Oceania and the Pan American Badminton Confederation. For the Doubles event this is subject to being in the top 50 of the world ranking. As hosts Brazil is entitled to have at least two players entered.

At the Olympic Games both players in a Doubles partnership must represent the same NOC.

The Badminton competitions will be played in two stages - the group play stage and the knock-out stage.

Draw

Group allocation for the group play stage will be determined by a draw.

Singles:

The number of seeds will correspond to the number of groups. The seeded players will be placed at the top of each group.

The remaining players will be drawn into the groups, one by one, until all players are placed in the draw.

Doubles:

The seeded players will be placed at the top of each group.

The remaining players will be distributed into the groups by a draw.

Group play stage

The players/pairs will play in groups (for Singles twelve to sixteen groups - depending on the number of entries- of three or four players each and for Doubles four groups of four pairs each), in which all players/pairs in the group play each other. A final ranking order for each group will be calculated. Ranking will be established by the number of matches won.

If two players/pairs have won the same number of matches, the winner of the match between them will be ranked higher.

If three or more players/pairs have won the same number of matches, ranking will be established by the difference between total games won and total games lost, with greater difference ranked higher.

If two players/pairs remain tied, the winner of the match between them will be ranked higher.

If three or more players/pairs have won the same number of matches and are equal in the difference between total games won and total games lost, ranking will be established by the difference between total points won and total points lost, with greater difference ranked higher.

If two players/pairs remain tied, the winner of the match between them will be ranked higher.

If three or more players/pairs are still equal, then ranking will be established by drawing lots.

Knock-out draw (Doubles)

A random draw to determine places in the knock-out stage (quarterfinals) will be made for the Doubles events.

Knock-out stage

For the Singles competition, the top ranked player from each group of the group play stage will qualify to the round of 16.

For the Doubles competition, the two top ranked pairs from each group of the group play stage will qualify to the quarterfinals.

This stage consists of a head-to-head match from which the winner advances to the next round. The only time a losing player or pair will contest another match is when the losing semi-finalists meet in the bronze medal match.

Differences between the BWF World Championships and the Olympic Games

At the BWF World Championships player's quotas by NOCs are not as restrictive as at the Olympic Games, and as a consequence the draw size is much bigger. Also the match for the third place is not played, and both losers of the semi-final matches are awarded a bronze medal.

The BWF World Championships are run in a knock-out format, and have no group play stage.

Changes since the London 2012 Olympic Games

In the Singles events, the maximum number of players per NOC is now two (was three) and the number of groups will be from 12 to 16 depending on the number of entries (was fixed to 16).

In the Doubles events a random draw to determine places in the knock-out stage (quarterfinals) will be made after the group play stage is completed.

An instant review system, used to review line calls, has been introduced as per the Laws of Badminton. A player has the option to call for two challenges during a match. If the challenge is successful, the player keeps his challenge.

Sport Rules and Procedures

Toss

Before the play, a toss will be conducted and the side winning the toss will choose to serve or receive first, or start play at one end of the court or the other.

Scoring system

A match will consist of the best of the 3 games. A game will be won by the side which first scores 21 points. A point is awarded to the winner of each rally, which is an unbroken sequence of strokes from the service until a player fails to make a valid return. The winner of the point becomes the next server. If the score becomes 20 all, the side which gains a two points lead first, will win that game. If the score becomes 29 all, the side scoring the 30th point will win that game. The side winning a game will serve first in the next game.

Substitutions

No substitutions will be permitted after the Olympic Games draws have been made.

Penalties / Disqualification Rules

A coloured penalty card system (yellow, red and black) is used to act as a visual aid when an umpire issues a warning for misconduct or other misdemeanour.

Disqualifications in Badminton are very rare, with the most common cause being a player or pair reporting late for a match. Players can also be disqualified for returning late after the two minute break between games, or for serious or persistent misconduct, but this is equally rare.

During the match an umpire can issue a warning (and a yellow card) if a player fails to respect the laws of Badminton or the players' code of conduct.

Faults

If the player has already been warned for misconduct, or when the offence is flagrant, the umpire can call a fault and issue a red card.

If the player is guilty of persistent or flagrant acts of misconduct, the Umpire will fault the offending side, and report the offending side immediately to the Referee. If the Referee decides that a disqualification is necessary, he hands a black card to the Umpire to issue to the offending side, signalling their disqualification from the match.

Protests

In Badminton the result is final once the player leaves the court. Any decision taken by the Referee is final.

The structure and content of this output is recommended as a baseline for creation of the actual output for Games time.

BWF Sudirman Cup

1	Team	2011	Qingdao, CHN
1	Team	2009	Guangzhou, CHN

General Interest

She won the third and final spot on the Chinese Olympic Badminton squad, beating Asian Games singles champion Wang Shixian for selection. The battle caused much debate in the Chinese media, but Li's 30 match unbeaten streak which lasted until June 2012 meant she won the place.

Highlights

- Switzerland competed at the Athens 1896 Olympic Games and have been ever present since then
- Their first Olympic champion was gymnast Louis ZUTTER in the pommel horse in 1896
- In dressage, Hans MOSER won gold in 1948, Henri CHARMARTIN did likewise in 1964 and Christine STUECKELBERGER was the first Swiss woman to win an Olympic gold medal when she won the dressage in 1976. She competed in six Olympic Games and collected a further three silver medals and a bronze medal.
- Roger FEDERER won gold in the Tennis Men's Doubles with Stanislas WAWRINKA at the Beijing 2008 Olympic Games. He carried his country's flag in both 2004 and 2008.

HISTORY BADMINTON

Origin of Badminton

Badminton has its roots in ancient China through a game called Ti Zian Ji, where the shuttlecock was kicked with the feet. The sport developed into Battledore, where rackets were used to hit the shuttlecock backwards and forwards as many times as possible without it hitting the ground.

In the 1800s a form of the game called 'Poona', where players hit the shuttlecock over a net, was played in India and became popular with British army officers. It later became known as Badminton after the Duke of Beaufort introduced Poona to guests at his country estate, Badminton House, in Gloucestershire in England.

In 1877 the first set of written rules was devised by the newly formed Bath Badminton Club. These form the basis of the game today.

The International Badminton Federation (IBF) - now known as Badminton World Federation (BWF) - was established in 1934. Founding members include England, Wales, Ireland, Scotland, Denmark, Holland, Canada, New Zealand and France, with India joining as an affiliate in 1936. Today there are 179 federations associated with the BWF.

Badminton Today

Badminton is among the world's most popular sports, both in terms of participation and spectator numbers.

Players have lightning-fast reactions, incredible agility and stamina. The shuttlecock can travel as fast as 200 miles per hour (322 kilometres per hour) and players often cover more than three miles (five km) in a match.

The BWF organises a number of international events, including junior and senior world championships, team events such as the Sudirman Cup and individual events such as the Super Series. World championships are held every year except in Olympic years.

Badminton at the Olympic Games

Badminton made its Olympic debut as a demonstration event at the Munich 1972 Games and became an official part of the programme at the Barcelona 1992 Games where there were four events - Singles and Doubles for both men and women. A fifth event - the Mixed Doubles - was introduced at the Atlanta 1996 Games.

Asia has dominated Badminton at the Olympic Games, winning 69 of the 76 medals available. China lead the way with 30 of those medals, with Indonesia, Republic of Korea and Malaysia also enjoying success. Denmark is the most successful European nation with four medals.

MEDIA INFORMATION BADMINTON

Facilities

The Venue Press Centre (VPC) is located between Badminton Hall and Badminton Practice Hall. The media drop off point for this venue is just in front of the hall. An accredited walkway outside the venue then leads to the dedicated press entry point near the VPC.

Press work area

The press tribunes extended along the north side of the field of play (level 3), with a capacity of 100 tabled seats and 80 non-tabled seats. The press tribunes are accessible via dedicated staircases.

Press Conference Room

The press conference room is only a couple of metres from the Mixed Zone. It has a capacity of 70 seats. Oral interpreting service and all the necessary technology provided.

Interviews

Journalists may meet athletes in the mixed zone as the athletes exit the competition area.

Photographers' positions

Only the photographers in POOL bibs are permitted in the photo positions on the field of play, and they are only allowed to go in and out of FOP during the breaks. In these photo positions, photographers should remain seated and avoid any unnecessary movement during play.

Photographers are required to be seated in all photo positions in reserved spectator seats. Photo services staff will be stationed at all main photo positions and photographers should respect any instructions they are given.

Venue Press Centre

The venue press chief is XXXX (tel. xxx.xxxxxxx), assisted by XXXXX, XXXX photographers).

Telephone: Venue Press Centre: xxxxxxx and xxxxxxx

Fax: Venue Press Centre: xxxxxxx

FLASH QUOTES
BADMINTON
MEN'S DOUBLES
BRONZE MEDAL MATCH

News Item: 117

LONDON, 5 August - Comments from KOO Kien Keat (MAS), TAN Boon Heong (MAS) and coach TAN Kim Her after KOO and TAN lost 21-23, 10-21 to CHUNG Jae Sung/LEE Yong Dae (KOR) in the Men's Badminton Doubles bronze medal match at Wembley Arena on Sunday.

KOO Kien Keat (MAS)

On losing the first game in a tight finish:

"I am very disappointed with the first game. I lost a lot of confidence in the second game as I wanted to win so much but the Koreans played really well."

On how they prepared to play CHUNG/LEE:

"We didn't have any tactics going into the match, we were just playing to our strong points, which is attacking."
 "We tried to play with confidence, to play our best and give our best."

TAN Boon Heong (MAS)

On whether he will play in a third Olympics:

"We may not have this event at the next Olympics after the (women's doubles) disqualifications earlier in the tournament. But if it remains then I'll hopefully play again as I'd like to keep representing my country."

On narrowly losing the first game:

"The first game was disappointing to lose. We tried to attack in the second game but we lost our confidence. Our tactic was just to play quite hard and play together. Overall I played quite well."

On playing in a bronze medal match:

"The expectation was high from the crowd and from our fans in the bronze medal match and we are very disappointed that we didn't get the medal."

TAN Kim Her (MAS) - Coach

On his team's performance:

"The team played their best. They lost the first game but they really pushed. Sometimes they played confidently, sometimes they didn't. The Chinese and Koreans are very strong and players need to be mentally strong to beat them. Our team weren't mentally strong enough to beat these Koreans."

On the focus of his team:

"Before we came here these two boys were really focused. I'm quite happy (but) the overall performance was not up to the level that I expected."

On LEE Chong Wei's (MAS) chances in the gold medal match against LIN Dan (CHN) on Sunday afternoon:

"He has a 50/50 chance in the match this afternoon. He'll play to win as he's in the right position mentally and very strong."

"As this is his second final in an Olympics, the experience will be different this time. He's already said this will be his last game so he wants to win this time. All Malaysians will pray for him to win."

QUOTES OF THE DAY

News Item: 117

A selection of the best quotes from the Rio 2016 Games on Tuesday 16 August 2016

"You can meet a champion on every corner."

Givenname FAMILYNAME (NOC) on the sights in the Olympic Village

"Of course, it is an amazing feeling to represent your country and I hope there will be many more occasions to come, because I really love the sound of our national anthem."

Gold medallist Givenname FAMILYNAME (NOC) on her latest victory

"There are a lot of countries here. I don't even know where half of them are on the map."

The diversity of the Olympic Games amazes Givenname FAMILYNAME (NOC)

"It's our lucky talisman. In 2010 we won the World Championships wearing these bandanas. Have we washed them since? Yes."

Red bandanas with white palm tree motifs are more than a fashion statement for Givenname FAMILYNAME (NOC) and his partner Givenname FAMILYNAME (NOC)

"I did not yet have this colour. I only had three golds and five silvers, so my collection is complete now."

Givenname FAMILYNAME (NOC) completed the set by taking bronze at these Games

"I did not concentrate on my opponent. I only concentrated on my coach."

Givenname FAMILYNAME (NOC) admits taking his eye off opponent Givenname FAMILYNAME (NOC) and this may have been one reason that he lost

"I was tapped on the leg and then I felt myself landing on my shoulder. I cannot really remember what happened. My heart is broken into a thousand pieces."

Givenname FAMILYNAME (NOC) tells of his despair after the collision with Givenname FAMILYNAME (NOC)

PRESS CONFERENCE HIGHLIGHTS

BADMINTON

MIXED DOUBLES

News Item: 119

LONDON, 25 July - Comments from Great Britain badminton mixed doubles players Chris ADCOCK and Imogen BANKIER during a British Olympic Association media conference at the Main Press Centre on Wednesday.

ADCOCK Chris (GBR)

On being drawn in the same group as the world number one team from China:

"We always knew we were going to get the Chinese, we've played them so many times over this last year. In recent times we've won two out of the last three so we are quietly confident. If we play to a good level and the crowd can get behind us that can only help."

On their chances in the competition:

"We're (ranked) 10 in the world so that is a realistic ranking about how our year went, but we know we can definitely play to a top three, top four level so we are hoping to bring that."

On staying in the Olympic Village:

"It's been a great experience being around a lot of other world class athletes in the same position. I'm glad we've had these few days to experience the village and then obviously we move to Wembley tomorrow to maximise our performance."

On moving out of the village to be closer to Wembley:

"We want to be as good as we can be in Wembley, moving closer to our venue makes big sense, but I'm very happy we got to experience and be part of Team GB in the village."

BANKIER Imogen (GBR)

On her feelings about the group the pair have been drawn in:

"I think we're really happy with the draw. We're not seeded so we always knew there was going to be a seeded team in our group so it's not the unexpected."

SPORT PREVIEW

BADMINTON

News Item: 1

LONDON, 24 July - China are expected to be strong contenders in all five Badminton events when the London 2012 Olympic Games competition begins at Wembley Arena on 28 July. Their players will be aiming for a repeat of the August 2011 world championships at the same venue, when China claimed all five titles.

Men's Singles

- LIN Dan (CHN) defends the title he won on home territory at Beijing 2008, where he made up for his shock first round exit at Athens 2004 when he was top seed. At London 2012 that position is filled by his old foe, LEE Chong Wei (MAS), who LIN beat at Wembley in August 2011 to claim his fourth world title in one of the sport's most memorable finals. LIN also beat LEE in the Beijing Games final.
- ...

Women's Singles

- Top seed WANG Yihan (CHN) won the 2011 world title at Wembley Arena and the season-ending super series final on home soil. WANG enters London 2012 as world No.1 despite recent defeats, including in the All England final in Birmingham in March to rising star LI Xuerui (CHN). LI was a late choice by China for their final Women's Singles berth ahead of WANG Shixian after a series of high-profile victories. WANG plays Michelle LI (CAN) first up, while LI must emerge from a group containing Carolina MARIN (ESP) and Claudia RIVERO (PER).
- ...

Men's Doubles

- Four-time world champions CAI Yun/ FU Haifeng (CHN) are chasing a first Olympic gold for China in the only Olympics Badminton event to escape the country since the sport was introduced at Barcelona 1992. The pair took silver at the Beijing 2008 Olympic Games.
- ...

Women's Doubles

- China has won the Women's Doubles at the past four Olympic Games and are expected to mount a strong challenge again. They include world and Super Series champions and No.1 seeds WANG Xiaoli/YU Yang (CHN), and No.2 seeds TIAN Qing/ZHAO Yunlei (CHN). The lower-ranked pair beat WANG/YU (CHN) in straight games to win the All England championships in March, but the result was reversed in the final of the Indonesia Open in June.
- ...

Mixed Doubles

- World champions and No.1 seeds ZHANG Nan /ZHAO Yunlei (CHN) have been drawn in the same group as the Great Britain duo Chris ADCOCK/Imogen BANKIER (GBR), whom they beat in the 2011 world championship final at Wembley Arena but have since lost to twice in three meetings.

DAILY PREVIEW BADMINTON

SAT 4 AUG

News Item: 14

LONDON, 4 August - The penultimate day of the London 2012 Olympics Badminton tournament at Wembley Arena on Saturday begins with the Men's Doubles semifinals before the women take centre stage with gold, silver and bronze decided in the Singles and Doubles events in both sessions.

Women's Singles

- China are guaranteed their second gold of the tournament following Friday's Mixed Doubles success of ZHANG Nan/ZHAO Yunlei (CHN). World champion WANG Yihan (CHN) plays No.3 seed and All England winner LI Xuerui (CHN). WANG leads 4-3 on head-to-heads but LI, a late pick for China, is a dangerous opponent and has impressed throughout the tournament. Indonesia Open winner Saina NEHWAL (IND) and former world No.1 WANG Xin (CHN) battle for bronze; WANG is 4-2 up on head-to-heads.

Women's Doubles

- All England champions TIAN Qing/ZHAO Yunlei (CHN) will meet No.4 seeds Mizuki FUJII/Reika KAKIIWA (JPN) in the final of an event marred earlier in the week by the expulsion of four pairs in a draw-manipulation furore. ZHAO will be going for a second gold after victory in the Mixed Doubles on Friday. The Chinese duo lead 2-1 on head-to-heads.
- Two pairs recalled after the expulsions contest the bronze medal match, as Valeria SOROKINA/Nina VISLOVA (RUS) play world No.27 pair Alex BRUCE/Michele LI (CAN) for a medal neither could ever have imagined contesting after they were knocked out in the qualifying stage.

Men's Doubles

- Four-times world champions CAI Yun/FU Haifeng (CHN), seeking to add Olympic gold to their honours, meet world-ranked No.8 KOO Kien Keat/TAN Boon Heong (MAS) in the semifinals, which open the morning session. No.2 seeds CHUNG Jae Sung/LEE Yong Dae (KOR) play world-ranked No.3 Mathias BOE/Carsten MOGENSEN (DEN).

DAILY REVIEW BADMINTON

News Item: 17

LONDON, 2 August - The No.1 seeds CAI Yun/FU Haifeng (CHN) won the all-China Men's Doubles quarterfinal match in the first session at Wembley Arena on Thursday. Joining them in the last four are KOO Kien Kit/TAN Boon Heong (MAS), Mathias BOE/Carsten MOGENSEN (DEN) and CHUNG Jae Sung/LEE Yong Dae (KOR), the winners of the other three ties played on Thursday morning.

Men's Doubles

- The defensive strengths of CAI helped the No.1 seeds win the first game against CHAI Biao/GUO Zhengdon (CHN) 21-15. With the scores locked at 19-19 in the second, CAI again proved the difference with an unreturnable flick serve that caught his opponents by surprise. The four-time world champions needed only one match point to secure their semifinal place 21-15, 21-19.
- The second quarterfinal in the top-half of the draw was contested by two unseeded pairs, KOO Kien Kit/TAN Boon Heong (MAS) and ISARA Bodin/JONGJIT Maneepong (THA). The higher world-ranked Malaysians opened up a lead of 9-0 in the first game before winning 21-16. In the second ISARA/JONGJIT attacked their way back from 2-8 down but it was too little, too late as KOO/TAN held on for a 21-16, 21-18 win.
- CAI/FU will play KOO/TAN in the semifinal as China look to win their first Olympic gold medal in Men's Doubles.
- In the bottom half of the Men's Doubles draw Denmark's Mathias BOE/Carsten MOGENSEN ensured European representation in the last four with a two-game win over FANG Chieh Min/LEE Sheng Mu (TPE). The Danes were steady throughout and held their nerve at 18-18 in the second game to close out a 21-16, 21-18 victory.
- BOE/MOGENSEN will line-up against CHUNG Jae Sung/LEE Yong Dae (KOR), who dominated their quarterfinal match against AHSAN Mohammad/Septano Bona (INA). The Korean pair won 21-12, 21-16 to leave Indonesia, normally a leading nation in major Badminton championships, with only the Mixed Doubles pairing of Tontowi AHMAD/Liliyana NATSIR Lilyana at London 2012.

Men's Singles

- The Men's Singles quarterfinals are on Thursday evening.

Women's Singles

- The Women's Singles quarterfinals resume on Thursday's second session.

Women's Doubles

- The Women's Doubles semifinals are on Thursday evening.

Mixed Doubles

- The Mixed Doubles resumes with the semifinals on Thursday's second session.

SPORT REVIEW

BADMINTON

News Item: 23

LONDON, 7 August - China took Wembley Arena by storm in London 2012 to complete the first gold medal clean-sweep of an Olympic Badminton tournament since the sport was introduced to the Games in 1992. The feat equals their achievement at the same venue last August at the 2011 world championships and eclipses the four Olympic Badminton events China won at the Sydney Games in 2000.

Men's Singles

- LIN Dan (CHN) became the first player to retain the Olympic Men's Singles title with a 15-21, 21-10, 21-19 victory over his old rival and world No.2 LEE Chong Wei (MAS) in a repeat of the Beijing 2008 gold medal match and the world championship final at Wembley in 2011, when LEE had to settle for silver on both occasions.
- ...

Men's Doubles

- CAI Yun/FU Haifeng (CHN), silver medallists at Beijing 2008, clinched the gold medal clean-sweep for China in the final match of the tournament, beating No.3 seeds Mathias BOE/Carsten MOGENSEN (DEN) 21-16, 21-15. The Men's Doubles was the only event previously to have eluded China's grasp and the Chinese duo added Olympic gold to the four world titles they have already won, triggering more wild celebrations, this time from CAI.
- ...

Women's Singles

- LI Xuerui (CHN) was picked by the Chinese selectors ahead of the higher-ranked WANG Shixian (CHN) and LI justified their confidence, beating compatriot and world No.1 WANG Yihan (CHN) 21-15, 21-23, 21-17 in an exciting final on Saturday. LI shot to prominence when she won the All England championship in March, beating WANG Yihan in the final. She has won her last four matches against WANG to bring the head-to-head tally to 4-4 and at the age of 21 she looks poised to be a world force for some time to come.
- ...

Women's Doubles

- China owe much to ZHAO Yunlei (CHN), who made Olympic Badminton history when she became the first player to win two golds at the same Games. ZHAO followed up her success in Friday's Mixed Doubles - when she partnered ZHANG Nan (CHN) - with victory on Saturday in the Women's Doubles with TIAN Qing (CHN).
- ...

Mixed Doubles

- ZHANG Nan/ZHAO Yunlei set China on the way to their medal feast on Friday when they added the Olympic title to the world crown they won at the same venue last August. They beat compatriots and No.2 seeds XU Chen/MA Jin (CHN) 21-11, 21-17 and largely controlled an entertaining final that thrilled the 4,800-capacity crowd. It was the third time China had won the Mixed Doubles since it was introduced into the Games in Atlanta in 1996.

WANG (CHN) retires hurt in women's badminton bronze medal match

LONDON, 4 August - WANG Xin (CHN) reluctantly handed India its first ever Olympic Games badminton medal 28 minutes into her match with Saina NEHWAL (IND) at Wembley Arena on Saturday after the No.2 seed went down holding her left knee while leading 20-18 in the first game of the bronze medal encounter.

After receiving on-court treatment for several minutes, WANG recovered to close out the game with one smash but she could not last any longer than the second point in the next before retiring.

"I slipped when I was trying to return a net shot but because I was pushing with my left leg to give me power I slipped on the court. The minute I used my force I felt my knee pop out," said WANG.

China's team doctor LI Quanyi said WANG was in a lot of pain with suspected ligament damage.

"It is a new injury, something to do with the sweat on the court when she slipped," he said. "She asked the referee (Torsten BERG, DEN) to wipe the sweat from the floor, but he wouldn't let her."

WANG says she raised the issue of the court surface 'two-or-three times'.

"I'm not trying to delay the competition because if they do come up and don't find any sweat on the floor then you can say I'm trying to delay the match."

"If they won't let the court sweepers on then I can do it myself, but the thing is the referee didn't even allow me to do that and he wanted me to play on quickly."

WANG received heavy strapping on her left knee and was helped to her feet by coaches before resuming the match with an emphatic smash past a leaden-footed NEHWAL.

"You can see that I didn't even jump when I returned the last shot," she said. "(In the second game) I gave a short serve and I couldn't move a lot. And then I just came down."

WANG's retirement delivered a first badminton medal to India since the sport entered the Olympic Games in 1992, but NEHWAL had mixed emotions.

"I thought maybe she fell down to take a break but then I realised she was injured. It was really sad that she got an injury," she said.

In the gold medal match, LI Xuerui (CHN) beat WANG Yihan (CHN) to cap a remarkable journey for the rising star, who only entered the competition when the Chinese selectors opted for her as their third-pick over the off-form WANG Shixian, who was one position higher in the world rankings at the 3 May cut-off point for qualification.

Badminton: IOC disqualifies FAMILYNAME Givenname (NOC) for doping violation

The International Olympic Committee (IOC) on Monday announced that it has disqualified FAMILYNAME Givenname (NOC) from the Badminton Women's Singles of the Rio 2016 Olympic Games.

Immediately after his participation in the event on 10 August, FAMILYNAME, 23, provided a urine sample that tested positive for the prohibited substance 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid.

The IOC Disciplinary Commission, composed for this case of Mr Givenname FAMILYNAME (Chairman), Mr Givenname FAMILYNAME and Mr Givenname FAMILYNAME, decided:

- I. The athlete, Mr Givenname FAMILYNAME, NOC name, Badminton:
 - (i) is disqualified from the Women's Singles of the Rio 2016 Olympic Games where he placed 7th;
 - (ii) shall have his diploma in the above-mentioned event withdrawn; and
 - (iii) shall have his Olympic identity and accreditation card cancelled and withdrawn immediately.
- II. The BWF is requested to modify the results of the above-mentioned event accordingly and to consider any further action within its own competence.
- III. The NOC of the member country is ordered to return to the IOC, as soon as possible, the diploma awarded to the athlete in relation to the above-mentioned event.
- IV. The IOC administration is requested to reallocate the diplomas to the athletes that finished behind Mr FAMILYNAME in the above-mentioned event, in which Mr FAMILYNAME placed 7th at the Rio 2016 Olympic Games.
- V. This decision shall enter into force immediately.

Under the IOC Anti-Doping Rules applicable to the Rio 2016 Olympic Games, testing takes place under the IOC's auspices from the opening of the Olympic Village to the Closing Ceremony. Within that period, the IOC systematically performs tests before and after events. After each event, the IOC systematically carries out tests on the top five finishers plus two at random. The IOC also performs out-of-competition unannounced tests. Over the course of the Rio 2016 Olympic Games, the IOC is expected to carry out some 5,000 tests - 3,800 urine and 1,200 blood. For more information, please consult the IOC factsheet on anti-doping.

Section 2 - Distribution Rules

1 Introduction

This section explains what Badminton information is required, the function producing the outputs and when the OC should supply it to the different users or user groups according to the ORIS standards. The information is presented in tabular format to allow a well structured overview of affected outputs, the appropriate work flow and the production time.

This section is divided into three chapters:

- "Event Related Requirements" (chapter 2) gives a detailed description of events processes for outputs preparation, production, checking/approval, and final distribution rules of printed outputs and INFO. The chapter is organised in such a way that the requirements of each user or user group are listed separately and grouped chronologically by the time condition that triggers production and/or delivery.
- "Other Outputs" (chapter 3) describes the process for preparation and production of all outputs that are identical for all events (Schedule, Entries, Background Information, etc.) together with those outputs (event related and non-event related) that could be produced at any time before, during or after competition. It also includes the final distribution rules for both printed outputs and INFO grouped in chronological order.
- "Distribution Rules and availability of all outputs grouped by ORIS output code" (chapter 4) gives an overview of all outputs produced for Badminton. The outputs are sorted by output code and listed together with their production time and distribution rules. The table following describes the time abbreviations used to define the availability of the outputs. All delivery times are understood to imply that distribution will occur "no later than" the defined time, unless otherwise stated (e.g. protest times).

It is the responsibility of the BWF and the OC Competition Management to carry out data and output verification processes efficiently.

Installing adequate equipment at appropriate locations and providing sufficient well trained people to manage the technology and distribution processes are key factors to meet the requirements of output delivery within the defined time frame.

The main producers of outputs are:

- IDS - Information Diffusion System (e.g. provisional entries, scheduling, etc.)
- ONS - Olympic News Service (e.g. production of new articles, press conference highlights, etc.)
- OVR - On Venue Results system (e.g. results and timing feeds)
- VRM - Venue Results Manager (creation of other outputs, e.g. competition officials, IF schedules, course maps updated during Games, etc.)

The creation of outputs may be carried out by one or a combination of the producers listed above.

Printed outputs may be delivered to clients by several different means, for example:

- Display on Bulletin Board (media area, athletes' area, Olympic Village, etc.)
- Personal delivery to individual clients (Technical Delegate, BWF office, etc.)
- Place in pigeonholes (Venue Press Centre, Competition Management, Sport Information Desk, etc.)
- Single copy delivery (Sport Presentation, Competition Management, etc.)

It is the responsibility of OC Technology, in collaboration with each client, to determine the number of copies to be delivered to each distribution point. Once competition has started, the initial distribution requirements should be adjusted to optimise the number of copies required at every distribution point, and at different times of day and stages of the competition. OC Technology should remain flexible to ensure that the number of copies supplied adequately meets (but does not exceed) demand. It is

essential that sufficient well trained personnel, with the appropriate accreditation to access all distribution points, are available to ensure consistent delivery within the defined time frame, and monitor the actual demand at each distribution point.

If a new version of a previously issued output is produced for any reason (e.g. a revised output) the existing version in INFO must always be replaced with the new version. In this way the latest version of each output will be maintained in INFO even though there is no new distribution time defined in this section.

All outputs to be included in the Results Book will be the last version produced, even if stamped "REVISED".

2 Event Related Requirements with Predefined Production Time

This chapter describes the process of production and delivery for all outputs generated during the lifecycle of an event either by On Venue Results system (OVR), or by any other function such as Olympic News Service (ONS), or OC Competition Management with the exception of those event related outputs that do not have a defined production time and which are listed in the chapter "Other Outputs".

The process is described in tabular format, in which each step is described in a row listing the deliverable, with columns that define a time reference (When), the user or user group (Who) responsible for delivering which output (What) and for/to whom (Whom). Processes and outputs are listed in chronological order, covering the period starting with preparation for the draw, followed by the draw itself with start lists production and their distribution, previews, production and distribution of outputs during the event, up to the completion of the event with flash quotes, reviews, medal outputs, etc. Specifications include both "C" and "N" type outputs that are produced during the period described above.

After the table describing the process, there is another table that sets out the distribution rules for each of the outputs previously described, with instructions to which user or user group and at which locations each of these outputs should be distributed. Those outputs, which only need to be published in INFO are clearly indicated.

When the competition formats of different events have different processes (even in details), both sets of tables are prepared for each event (or group of events) **that have a unique format**.

The **unique format** means that ONLY events sharing absolutely identical procedures from beginning to end, and producing identical outputs, will be listed together.

2.1 Competition - Results Processing

2.1.1 Process

3.2 Event Related Outputs without Defined Production Time

This table lists all outputs (both event related and non-event related) that could be produced at any time before, during or after competition. These outputs may also be produced at defined times within an event (e.g. Flash Quotes, Press Conference Highlights after finals) in which case they would also be included in the appropriate process in chapter "Event Related Requirements".

3.2.1 Process

Time Reference (When)	From (Who)	Deliverable (What)	To-For (Whom)	Distribution Availability Code

4 Distribution Rules for Printable Outputs Grouped by ORIS Output Code

This chapter gives an overview of all outputs produced for Badminton sorted by ORIS output code.

All availability codes are "Point in Time" (PiT) codes, indicating a defined time trigger for the production of an output.

C-outputs shown with a "Y" in the INFO Screen format column will be available in real time format.

Please refer to the document "On Screen Results Presentation" for further details.

Every output available in screen format should be formatted in a printable version according to the ORIS requirements, including the Look and Feel defined by the OC.

5 Distribution Availability Codes

Code	Description of abbreviation
AEDRM	After each Delegation Registration Meeting
AEU	After each update
ASED	After both the Sport Entry Deadline has passed, and INFO operations have started (whichever is later)
DIFO	Day BWF and Competition Management operations start
DIO	Day INFO operations start
DPCO	Day press centre (main or venue whichever comes first) operations start
EOD	End of day
ETSC	Every time the schedule changes
OVRO	On Venue Results becomes owner of data
WPC	When presenters are confirmed
xDBC	X (x) day(s) before the first day of competition
xEBCD	X (x) evening(s) before a competition day
xEBCSF	X (x) evening(s) before the start of competition, from the semi-finals onwards
xHAD	X (x) hour(s) in advance, daily
xHADA	X (x) hour(s) after the draw is approved
xHBD	X (x) hour(s) before the draw
xMABMA	X (x) minute(s) after the results of the bronze medal match are approved
xMAC	X (x) minute(s) after the competition
xMADA	X (x) minute(s) after the draw is approved
xMAGMA	X (x) minute(s) after the results of the gold medal match are approved
xMAJ	X (x) minute(s) after each jury or other official body decision
xMALA	X (x) minute(s) after the results of the last match of that day are approved
xMALESA	X (x) minute(s) after the results of the last match in an event within a session are approved
xMALMGPS	X (x) minute(s) after the results of the last match of the group play stage are approved
xMALSA	X (x) minute(s) after the results of the last match of a session are approved
xMAPR	X (x) minute(s) after public release of a communication
xMAQ	X (x) minute(s) after quotes/a press conference
xMARA	X (x) minute(s) after the results of a match are approved
xMARD	X (x) minute(s) after the results of the last match in a round are approved

Section 3 - Real Time Information

1 Introduction

This section of the document defines scoreboard layouts, Real Time Display System (RTDS) screens, sport specific real time data available through ODF and serves as a reference for on screen results presentation.

The basic objective has been to make user-friendly samples and emphasis is placed on using realistic data where possible. This is to ensure that the focus is on the type of data which must be included rather than on the accuracy of data shown in the sample.

All possible variations of the type of event and each stage of the competition are presented. The type of data required and the triggering conditions are defined.

While the data content and triggering conditions for each screen are mandatory (and therefore subject to the Change Management process), the presentation of the real time outputs will be based upon an agreement reached between the BWF and the OC (and providers).

This page intentionally left blank.

2 Scoreboards

2.1 General Rules

2.1.1 NOC Names

Whenever NOC names are used, they should be taken from the official IOC "NOC long and short names document", which is available on the IOC ORIS extranet (see "Public documents" in the navigation menu on the left). The same name length should consistently be used within similar screens.

2.1.2 Athletes, Pairs, and Officials' Names

All possible scoreboard name lengths which are required for scoreboard screens must be verified through the process described in the chapter "Entries and participant data" in Procedures.

In case of pairs being presented on a single scoreboard line with insufficient available characters, names should be abbreviated by sharing the number of available characters as equally as possible to ensure maximum readability of both names. This may require that a shorter name is written in full, while a longer name is abbreviated.

2.2 Technical Specifications

This section has been developed based on a standard matrix. More sophisticated solutions (e.g. video, plasma screens, font colour, font size, graphical characters, etc.) may be provided. The content of the scoreboard screens are defined in ORIS. The detailed layout of the scoreboard screens is the responsibility of OVR, and will be confirmed during the Homologation Test, subject to the BWF's approval.

2.3 Part A - Before the event

2.3.1 Schedule

What: Screen shows schedule for each match for the current session with screen title, time, start time, court number, event name, group name or round code; for each player/pair: Scoreboard name(s) and NOC code.

When: Throughout the day at the beginning of the session

How: Before a session showing planned matches for one or all courts

a) Group play stage:

SESSION MATCHES	18:46
-----19:00-----	
COURT 1 WOMEN'S DOUBLES GROUP A	
CHUNG/RA KOR vs HUANG/YANG CHN	
-----19:10-----	
COURT 2 MEN'S SINGLES GROUP A	
WONG CHE MAS vs XIA XUANZE CHN	
-----19:20-----	
COURT 3 MEN'S SINGLES GROUP C	
GADE P. DEN vs MAINAKY M. INA	

b) Knock-out stage:

SESSION MATCHES	18:53
-----19:00-----	
COURT 1 WOMEN'S DOUBLES QF	
CHUNG/RA KOR vs HUANG/YANG CHN	
-----19:10-----	
COURT 2 MEN'S SINGLES QF	
WONG CHE MAS vs XIA XUANZE CHN	
-----19:20-----	
COURT 3 MEN'S SINGLES QF	
GADE P. DEN vs MAINAKY M. INA	

2.4 Part B - Before the match

2.4.1 Match announcement

- What: Screen shows a single match with court number, event name, time, round name or group name; for each player/pair: Scoreboard name(s), NOC code and world rank.
Last lines of the screen show: Umpire's scoreboard name and NOC code; Service judge's scoreboard name and NOC code.
- When: Throughout the day at the beginning of the match
- How: Before the match to announce the players, umpires and service judges

a) Singles:

COURT 3 WOMEN'S SINGLES	10:55
ROUND OF 16	
GRETHER NICOLE	GER RANK 27
vs	
JONATHANS LOTTE	NED RANK 8
UMPIRE: VELLACOTT GREG	AUS
S/JUDGE: LIU DAIDI	CHN

b) Doubles:

COURT 1 WOMEN'S DOUBLES	11:00
SEMI-FINALS	
CHUNG JAE HEE	KOR RANK 18
RA KYUNG-MIN	
vs	
HUANG NANYAN	CHN RANK 11
YANG WEI	
UMPIRE: JAMES PHIL	GBR
S/JUDGE: HANSEN RUNE	NOR

c) Group play stage:

COURT 2 WOMEN'S DOUBLES	10:00
GROUP A	
CHUNG JAE HEE	KOR RANK 18
RA KYUNG-MIN	
vs	
HUANG NANYAN	CHN RANK 11
YANG WEI	
UMPIRE: VELLACOTT GREG	AUS
S/JUDGE: HANSEN RUNE	NOR

2.4.2 Group standings

- What: Screen shows group standings with event name, screen title, group name; for each player/pair: Rank or IRM, scoreboard name(s), NOC code, matches won and matches lost or "-".
When: Before the start of the match
How: Single screen for each group

MIXED DOUBLES		
STANDINGS - GROUP A		
	W	L
1 WIDIANTO/NATSIR	INA 2	0
2 ZHENG/GAO	CHN 1	1
3 ROBERTSON/EMMS	GBR 1	1
RET OPP/OVREZIER	GER -	-

2.5 Part C - During the event

2.5.1 Current match breakdown (Singles)

- What: Screen shows current match score with court number, event name, time, round name, for each player: Server side indication ("*"), scoreboard name, NOC code, game result and points in each game; for the match: Match duration.
Last line of the screen shows legend for server side indicator.
- When: During the current match at the discretion of the producer
- How: Dynamic screen with duration, score and server side indicator update during the match

COURT 1	MEN'S SINGLES	9:35
SEMI-FINALS		
*HALL DARREN GBR (1) 25 16		
VS		
MICHELS RON NED (0) 23 15		
MATCH DURATION: 33 MIN		
* - SERVER		

2.5.2 Current match breakdown (Doubles)

- What: Screen shows current match score with court number, event name, time, round name; for each pair: Server side indication ("*"), serve receiver side indication (">"), scoreboard names, NOC code, game result and points in each game; for the match: Match duration.
Last line of the screen shows legend for server and receiver side indicator.
[RC] Red card (graphical)
[2] Remaining challenges (graphical)
- When: During the current match at the discretion of the producer
- How: Dynamic screen with duration, score, server and receiver side indicator update during the match

COURT 2	MIXED DOUBLES	11:25
SEMI-FINALS		
LEE Y.	KOR (1) 27 21 8	[RC] [2]
*LEE H.	VS	
>HE H.	KOR (1) 29 15 10	
YU Y.	MATCH DURATION: 83 MIN	
* - SERVER	> - RECEIVER	

2.5.3 Matches in progress

- What: Screen shows matches in progress on each court with court number, event name, time; For each player/pair: Server side indication ("*"), receiver side indication (">" or "<"); scoreboard name(s), NOC code, game result and points in each game.
Last line of the screen shows legend for server and receiver side indicator.
- When: During current matches at the discretion of producer, but particularly when a match is finished
- How: Dynamic screen with score, server and receiver side indicator update during the match

COURT 1: WOMEN'S SINGLES 12:32
*GRETHER N. GER (0) 12
JONATHANS L. NED (0) 12
----COURT 2: MIXED DOUBLES-----
RA/PARK* KOR (1) 21 25 0
GIL/KIM< KOR (1) 17 27 3
----COURT 3: MEN'S SINGLES-----
SUN JUN CHN (1) 21 14
*HENDRAWAN J. INA (0) 17 9
* - SERVER > < - RECEIVER

2.5.4 Match statistics (Singles)

- What: Screen shows match statistics data with court number, event name, time, round name; for each player: Server side indication ("*"), scoreboard name, NOC code, game results and points in each game.
Last lines of the screen show: Match duration, longest rally (duration) and longest rally (strokes).
- When: Statistics of a match are shown every time the score changes. During and at the end of a match.
- How: Dynamic screen with score, server side indicator, duration, longest rally and strokes update during the match

COURT 1 MEN'S SINGLES 9:35
SEMI-FINALS
HALL DARREN GBR (1) 25 16
VS
MICHELS RON NED (0) 23 15
MATCH DURATION : 43 MIN
LONGEST RALLY : 55 SEC
LONGEST RALLY : 32 STROKES

2.5.5 Match statistics (Doubles)

- What: Screen shows match statistics data with court number, event name, time, round name; for each pair: Server side indication ("*"), receiver side indication (">" or "<"), scoreboard names, NOC code, game results and points in each game.
Last lines of the screen show: Match duration, longest rally (duration) and longest rally (strokes).
- When: Statistics of a match are shown every time the score changes. During and at the end of a match
- How: Dynamic screen with score, server and receiver side indicator, duration, longest rally and strokes update during the match

a) During the match:

COURT 3	MIXED DOUBLES	19:45
QUARTERFINALS		
*RA/PARK	KOR (2)	27 18 11
	VS	
GIL/KIM<	KOR (1)	25 21 9
MATCH DURATION : 63 MIN		
LONGEST RALLY : 47 SEC		
LONGEST RALLY : 32 STROKES		

b) After the match:

COURT 3	MIXED DOUBLES	19:45
QUARTERFINALS		
RA/PARK	KOR (2)	27 18 21
	VS	
GIL/KIM	KOR (1)	25 21 16
MATCH DURATION : 73 MIN		
LONGEST RALLY : 52 SEC		
LONGEST RALLY : 36 STROKES		

2.5.6 Match suspended

- What: Screen shows match break with court number, event name, time, round name; for each player/pair: Scoreboard name(s), NOC code, game results and points in each game.
Last line of the screen shows text: "PLAY SUSPENDED".
- When: At each break in a match
- How: Static screen

COURT 3	MIXED DOUBLES	19:45
QUARTERFINALS		
RA/PARK	KOR (1)	21 25 0
	VS	
GIL/KIM	KOR (1)	17 27 3
PLAY SUSPENDED		

2.5.7 Instant Review Requested

What: Screen a) shows challenges remaining with court number, event name, time, round name, screen title, scoreboard name(s), NOC code, number of challenges remaining.

Screen b) shows result of the instant review with court number, event name, time, round name, results of the instant review (IN/OUT), scoreboard name(s), NOC code, number of challenges remaining.

When: When an instant review is requested

How: Static screen

a) Number of challenges remaining:

COURT 3	MIXED DOUBLES	19:45
QUARTERFINALS		
INSTANT REVIEW REQUESTED		
RA/PARK	KOR	
CHALLENGES REMAINING: 2		

b) Result of the instant review:

COURT 3	MIXED DOUBLES	19:45
QUARTERFINALS		
OUT		
RA/PARK	KOR	
CHALLENGES REMAINING: 1		

2.6 Part D - During the Victory Ceremony

2.6.1 Presenters

- What: Screen shows the presenters with discipline name, event name, screen title and for each presenter or accompanying person: Title, scoreboard name, NOC code and function.
Please note that there is a possibility that the screen title should be applied if required (e.g. "Victory Ceremony" could be "Flower Ceremony", etc.).
- When: As the dignitary is introduced before the ceremony
- How: Single screen

2.6.2 Medallists - Singles

- What: Screen shows list of medallists with discipline name, event name, screen title. For each medallist show medal type, scoreboard name, NOC code.
- When: During the ceremony
- How: Static screen if all medallists are presented at the same time, dynamic screen if the medallists are presented by medal type

If the medallists are presented at the same time:

BADMINTON WOMEN'S SINGLES		
VICTORY CEREMONY		
GOLD	GONG ZHICHAO	CHN
SILVER	MARTIN CAMILLA	DEN
BRONZE	YE ZHAOYING	CHN

If the medallists are presented one by one, use the following order:

a) As the bronze medallist is presented:

BADMINTON WOMEN'S SINGLES		
VICTORY CEREMONY		
BRONZE	YE ZHAOYING	CHN

b) As the silver medallist is presented:

BADMINTON	WOMEN'S SINGLES
VICTORY CEREMONY	
SILVER	MARTIN CAMILLA
BRONZE	YE ZHAOYING

c) As the gold medallist is presented:

BADMINTON	WOMEN'S SINGLES
VICTORY CEREMONY	
GOLD	GONG ZHICHAO
SILVER	MARTIN CAMILLA
BRONZE	YE ZHAOYING

2.6.3 Medallists - Doubles

What: Screen shows list of medallists with discipline name, event name, screen title. For each pair show medal type, NOC code, for each player: Scoreboard name.

When: During the ceremony

How: Static screen if all medallists are presented at the same time, dynamic screen if the medallists are presented by medal type

If the medallists are presented at the same time:

BADMINTON WOMEN'S DOUBLES	
VICTORY CEREMONY	
GOLD	GE FEI
	GU JUN
SILVER	HUANG NANYAN
	YANG WEI
BRONZE	GAO LING
	QIN YIJUAN

If the medallists are presented one by one, use the following order:

a) As the bronze medallist is presented:

BADMINTON WOMEN'S DOUBLES	
VICTORY CEREMONY	
BRONZE	GAO LING
	QIN YIJUAN

b) As the silver medallist is presented:

BADMINTON WOMEN'S DOUBLES VICTORY CEREMONY		
SILVER	HUANG NANYAN YANG WEI	CHN
BRONZE	GAO LING QIN YIJUAN	CHN

c) As the gold medallist is presented:

BADMINTON WOMEN'S DOUBLES VICTORY CEREMONY		
GOLD	GE FEI GU JUN	CHN
SILVER	HUANG NANYAN YANG WEI	CHN
BRONZE	GAO LING QIN YIJUAN	CHN

This page intentionally left blank.

3 Real-Time Display System

3.1 Part A - During the event

3.1.1 Results

- What: Screen shows results of current matches, recently finished matches and information about subsequent matches with discipline name, date and time; for each match: Court number (in court order 1, 2 and 3), standard BWF event code and match number, round name; for current match: Serve indicator ("<Server>") and serve receiver indicator, for doubles match "<Receiver>" or for recently finished match: Winner indicator ("Winner" for Singles or "Winners" for Doubles) and IRM code (if any); for each player/pair: Scoreboard name(s) and NOC code, current match score, score of each game (three games grid) and duration in minutes.
- For each subsequent match: Court number (in order court 1, 2 and 3), standard BWF event code and match number, round code, start time; for each player/pair: Scoreboard name(s) and NOC code.
- When: During the event
- How: Display results for all current matches (courts 1, 2 and 3)

Ω OMEGA		BADMINTON		THU 24 NOV 15:44

4 Sport Specific Real Time Data

4.1 ORIS Data Availability Description

All data elements presented in this section are supplementary to the data elements defined in Section 1 - Printable Outputs and other sections of the ORIS Badminton document. The data elements listed here may be useful for other sport specific real time data presentation (e.g. live screens on websites).

- Service indicator (Yes/No)
- Game point (Yes/No)
- Match point (Yes/No)
- Instant Review System: number of challenges remaining for each player
- Yellow, Red or black Card

This page intentionally left blank.

5 On Screen Results Presentation

Some screens will be updated in real time whenever new information becomes available (e.g. score change/results update). These screens are split into two major categories:

- Schedules (before, during and after competition)
- Results (including start lists, statistics, summaries, etc.)

Detailed descriptions of these screens are available in the document "On Screen Results Presentation".

This page intentionally left blank.

Appendix A - Glossary

1 Terms

The specific terms used in the ORIS Badminton document are defined as follows:

Term	Definition
Athlete preferred name	When NOCs apply for accreditation, they should provide the preferred family and given name for all athletes. These names should be the names that the athletes normally use, and by which they are popularly known while participating in other international competitions.
Cards	The BWF uses a disciplinary card system for on-court misconduct as follows: yellow card - first misconduct; red card - further misconduct is a "fault". Score proceeds as though the offending side had lost the next rally. Black card - warning for persistent misconduct, or flagrant misconduct, will result in disqualification by the Referee.
Competition	The competition runs from the start of the first event of a sport to the completion of the last event of a sport, excluding the Opening and Closing Ceremonies.
Common Codes	The set of data that are considered Common Codes from the Technology perspective of the Games. Among others, Sports, Disciplines, Events, Event phases, Event units and Venue names are defined in the Common Codes.
Court	The playing area is rectangular in shape measuring 6.1m x 13.4m. The clear area over the court should not be less than 12m.
Delegation Registration Meeting (DRM)	The Delegation Registration Meeting is the process for official registration of all athletes and team officials who will participate at the Olympic Games. All NOCs must attend a DRM with the OC prior to being permitted entry into the Olympic Village.
Discipline/Sport discipline	"A discipline is a branch of a sport comprising one or several events." (as per Olympic Charter)
Disqualification	A ruling by officials that a competitor or team has broken the rules of the sport and cannot be considered for placing in an event unit, a phase or an event.
Event	"An event is a competition in a sport or in one of its disciplines, resulting in a ranking and giving rise to the award of medals and diplomas." (as per Olympic Charter) See "Badminton References" for the list of events.
Game	Each match is the best of three games. A game is played to 21 points. If the score becomes 20 all, the side which first gains a two point lead will win the game. If the score becomes 29 all, the side scoring

Term	Definition
	the 30 th point will win the game.
INFO	INFO is an intranet which allows access to results, news, biographies, background, schedules, medals, records, transport, and weather information. During the Games, INFO will be accessible either through dedicated workstations (kiosks) or remotely for accredited users or organisations (rate card may apply).
Information Diffusion System (IDS)	IDS is the complete solution for the centralisation and distribution of information (e.g. schedules, results, news, etc.) through ODF to different clients such as International Federations, OC website, press agencies, etc. IDS also includes provision of INFO and CIS.
Initial Download	The process of transferring all participants' data from the SEQ database to On Venue Results. This step takes place a few days before competition starts for each sport discipline.
Instant Review System (IRS)	A camera based replay system used to review line call decisions made by the on court technical officials when challenged by players in the match.
Late Athlete Replacement (LAR)	An IOC policy defining the conditions under which an athlete who is unable to compete can be replaced by another eligible athlete who was not confirmed for participation in the Games.
Line Judge	One of a team of technical officials who assist the Umpire during a match by ruling whether a shuttle is in or out.
Match	A contest between two or four players. A match is the best of three games.
Olympic Data Feed (ODF)	The Olympic Data Feed (ODF) is the unique data feed used to transfer information from the venue to clients such as INFO, the official website, International Federations, National Olympic Committees, World News Press Agencies, Rights Holding Broadcasters, etc. ODF provides data at point in time (e.g. start lists, results, medallists, etc.) or real time (e.g. instant results and ranking, instant speed, etc.). The ODF technical specifications are available at: http://odf.olympictech.org
Olympic Games	"The Olympic Games are competitions between athletes in individual or team events and not between countries. They bring together the athletes selected by their respective NOCs, whose entries have been accepted by the IOC. They compete under the technical direction of the IFs concerned." (as per Olympic Charter)
	The Olympic Games include the Opening Ceremony, Closing Ceremony, official training, competition and other competition related activities.
Olympic News Service (ONS)	The Olympic News Service exists to provide the media with comprehensive coverage from every race, every match, every session, every day, across every sport at the Olympic Games. This coverage, along with background information including historical results and records, and biographies on every competitor,

Term	Definition
	<p>is published on a secure intranet system called INFO, enabling the media to report accurately and extensively from multiple venues at the same time.</p>
	<p>The news service is the official source for independent and balanced coverage of the Olympic Games.</p>
On Venue Results (OVR)	<p>The systems, services and technicians responsible for timing and scoring data. OVR produces start lists, results and other competition related rankings, statistics and analysis for the sport discipline. This includes distribution to clients and use by other services, e.g. scoreboards, TV Graphics, GIS/INFO, ODF, etc.</p>
Phase	<p>See Round.</p>
Point	<p>In the rally scoring system, the side winning a rally will earn a point.</p>
Rank	<p>Placing in an event. Players/pairs are ranked according to BWF rules.</p>
Referee	<p>The official responsible for the conduct of the competition in accordance with the official BWF rules and for maintaining discipline and order on the playing field during the competition.</p>
Results System Code (RSC)	<p>The Result System Code is a nine character code structured as follows: DDGEEPUU, where:</p> <ul style="list-style-type: none"> • DD: Discipline code • G: Gender • EEE: Event Code • P: Phase • UU: Event Unit
Round	<p>This is the progression system in each event.</p>
	<p>See Badminton References for the list of rounds.</p>
Seeding	<p>The system whereby players/pairs are seeded according to the world ranking. There are up to 16 seeds for Singles and four seeds for Doubles.</p>
Session	<p>A period of play of a competition: morning, afternoon and evening. There may be 1, 2 or 3 sessions per day.</p>
Sport	<p>A sport is administered by an International Federation and may be composed of one or more disciplines.</p>
Sport Entries and Qualification (SEQ)	<p>A service provided by the OC sports department responsible for processing and managing the entries received from the NOCs, according to the guidelines of the Olympic Charter and the qualification systems defined by the International Federations, which are approved by the IOC. For Rio 2016, this function is named "Sport Entries".</p>
Technical Delegate (TD)	<p>The Technical Delegate is appointed by the International Federation to "ensure that their rules are complied with and to review and validate all technical elements of the competitions including entries, venue standards, competition schedule, pre-Olympic events as well as the conditions regarding accommodation, food and transport provided for the Technical Officials and Judges." (as per Olympic Charter)</p>

Term	Definition
Tripartite Commission	<p>The Tripartite commission is composed of:</p> <ul style="list-style-type: none"> • The IOC • The Association of National Olympic Committees (ANOC) • The Association of Summer Olympic International Federations (ASOIF) <p>The main objective of the Tripartite Commission is to allocate Invitation Places to a number of NOCs without or with few athletes qualified, allowing them to participate in the Olympic Games, in order to strengthen the principle of universal representation.</p>
Umpire	<p>The official responsible for the conduct of matches in the competition in accordance with the official BWF rules and for maintaining discipline and order on court during the competition. The Umpire reports to the Referee.</p>
Venue Results Manager (VRM)	<p>The Venue Results Manager coordinates all stages of On Venue Results in preparation for the Games as well as during the Games (e.g. coordination with other functional areas, software testing, interaction with the International Federation, etc.).</p>

2 Specifications

2.1 Participants

In the following table, several different participant types may apply to the same sport/discipline depending on the event competition format.

Participant Type	Defining Characteristics	Sports / Disciplines	Code
Individual	Individuals	<ul style="list-style-type: none">Cycling, Rowing (singles), Swimming (except relays), Triathlon, etc.	I
Group - Indivisible	Individual athlete results are not recognised as part of the group results (crew, teams, pairs, duets, etc.)	<ul style="list-style-type: none">Bobsleigh, Figure Skating (couples), Synchronised Swimming, Rowing (crew), Athletics (relays), etc.	IG
Group - Divisible	Individual athlete results are recognised as part of the group results (teams, doubles, etc.)	<ul style="list-style-type: none">Artistic Gymnastics (team), Equestrian (team), etc.	G
Team	Team competition (group of players forming one side in Team sports)	<ul style="list-style-type: none">Basketball, Curling, Football, Handball, Hockey, Volleyball, Water Polo, etc.	T

2.2 Progression Types

Progression	Definition	Disciplines / Events
Seeding or Qualification	All participants are ranked after an initial phase. All of the participants (Seeding), or a limited number of the participants (Qualification), advance to the next event phase/unit based on this ranking.	<ul style="list-style-type: none">Seeding: Archery, Cycling BMX, Snowboard (Snowboard-Cross), etc.Qualification: Athletics (Long Jump), Canoe Sprint, Rowing, etc.
Single phase	All participants compete for a ranking in one event phase/unit	<ul style="list-style-type: none">Cycling Mountain Bike, Cycling Road, Swimming Marathon, Triathlon, etc.
Combined	All participants compete in one or more event units, in a single phase, or in multiple phases	<ul style="list-style-type: none">Disciplines: Athletics (Decathlon), Equestrian, Modern Pentathlon, etc.Races: Alpine Skiing (for the 1+ run events), Bobsleigh, Cycling Track, Luge, Sailing, Skeleton, etc.

2.3 Competition Format Types

Type	Definition	Results Type
In-line	Participants compete under the same conditions to achieve a result which will lead to a ranking from 1 to n	<ul style="list-style-type: none"> Measurements (time, weight, distance, height, etc.) Scores Judges' decisions (points, etc.).
Pool	Group of several participants, competing against each other in a round robin	<ul style="list-style-type: none"> Points
Bracket	<p>Competition in which participants compete in heats or head-to-head. Winner(s) progress in a bracket towards the gold medal, loser(s) are eliminated or redirected</p> <p>Bracket types:</p> <ul style="list-style-type: none"> Bracket with direct elimination (e.g. Boxing) Bracket with direct elimination, classification and finals (e.g. Water Polo) Bracket with direct elimination and finals (e.g. Tennis) Bracket with direct elimination, repechage and finals (e.g. Judo) 	<ul style="list-style-type: none"> Win/Loss
Cumulative	Results achieved in different stages of competition, contributing to the participant's event results (e.g. Athletics combined events, Sailing fleet racing)	<ul style="list-style-type: none"> Addition of results (points, times)

Appendix B - Abbreviations

The following abbreviations are used in the ORIS Badminton document with the exception of:

- Results codes, see Appendix C - Rules for Data Formats and Presentation
- Distribution Availability Codes, see end of Section 2 - Distribution Rules

Code	Description
BD	Badminton
BWF	Badminton World Federation
D	Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory
Da	Desirable, but only if such data is available
Dc	Desirable under conditions which are explained in the column for comments
DRM	Delegation Registration Meeting
ft	feet
ID	Identification number
in	inch
IOC	International Olympic Committee
IRM	Invalid Result Mark
IRS	Instant Review System
kg	kilogramme
lb	pound
m	metre
M	Mandatory
Ma	Mandatory - if applicable
Mc	Mandatory - required under conditions which are explained in the column for comments
MMC	Main Media Centre
MPC	Main Press Centre
NOC	National Olympic Committee
OC	Organising Committee
ODF	Olympic Data Feed
OG	Olympic Games
ONS	Olympic News Service
ORIS	Olympic Results and Information Services
OVR	On Venue Results system
SEQ	Sport Entries and Qualification
TAO	IOC Technology Assistance and Observation team
TD	Technical Delegate
VPC	Venue Press Centre
VRM	Venue Results Manager
yd	yard

This page intentionally left blank.

Appendix C - Rules for Data Formats and Presentation

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

1 Badminton Specific Rules

Gender abbreviations	Event gender: M (men), W (women), X (mixed) Athlete gender: F (female), M (male)
Traditional Badminton event presentation order	Please see "Badminton References"
Schedule status options	<p>The following schedule status options are applicable to an event or event unit:</p> <ul style="list-style-type: none">• Unscheduled Not visible on the schedule, optional (e.g. tie-breaker if applicable)• Scheduled The start time is known• Getting_Ready At time x before start - "x" is defined in a separate ODF document• Running In progress• Scheduled_Break Planned break (e.g. end of period).• Finished No further action on the field of play• Delayed Did not start as scheduled, should start in the current ticketing session• Postponed Did not start as scheduled, or has been interrupted, and the expected postponement exceeds the current ticketing session, date and start time are unknown at present• Interrupted Unplanned interruption after the start, and is expected to resume in the current or a later ticketing session. In the sport of Badminton, the word "Interrupted" should not be displayed but "Suspended (SUS)" instead.• Rescheduled The new date and start time are known• Cancelled Will not take place at these Games

Results status options	<ul style="list-style-type: none"> • Start List Start list has been created • Live In progress • Intermediate Used after the competition has started and is not finished, but is not currently live. Results and/or ranks are subject to change • Partial The results and ranking of the players/pairs who have completed their performance are not subject to change by the results of players/pairs still competing • Unconfirmed Activity on the field of play is complete but there is no status update in the results yet. Not applicable for Badminton. • Unofficial Results are not approved • Official Results are approved • Protested The competition is no longer in progress and a protest has been lodged. Not applicable for Badminton.
Match numbering	<p>Each match is given a unique identifier as follows:</p> <ul style="list-style-type: none"> • Men's Singles: MS101, MS102, etc. • Women's Singles: WS301, WS302, etc. • Men's Doubles: MD501, MD502, etc. • Women's Doubles: WD701, WD702, etc. • Mixed Doubles: XD901, XD902, etc.
Results marks	<ul style="list-style-type: none"> • Bye - Bye (the opponent qualified with no scheduled match) • W/O - Walkover
Invalid Results Marks (IRM)	<ul style="list-style-type: none"> • DQB - Disqualified for Unsportsmanlike Behaviour • DSQ - Disqualified • RET - Retired • WDN - Withdrawn
IRM presentation order	<p>Rules for presentation of results for players/pairs with DQB, DSQ, RET, WDN:</p> <ul style="list-style-type: none"> • IRMs are listed in the following order: RET, WDN, DSQ, DQB • Players/pairs having the same IRM should be listed in alphabetical order of their family name

Final classification	<p>After the completion of an event, the players/pairs are ranked as follows:</p> <p><u>For Singles</u></p> <ul style="list-style-type: none"> The winner of the gold medal match will be ranked 1st, and the loser will be ranked 2nd The winner of the bronze medal match will be ranked 3rd, and the loser will be ranked 4th Losers from quarterfinals will be ranked equally 5th Losers from round of 16 will be ranked equally 9th Losers from group play stage will be ranked equally 17th <p>Players sharing the same rank will be sorted in alphabetical order by family name.</p> <p><u>For Doubles</u></p> <ul style="list-style-type: none"> The winner of the gold medal match will be ranked 1st, and the loser will be ranked 2nd The winner of the bronze medal match will be ranked 3rd, and the loser will be ranked 4th Losers from quarterfinals will be ranked equally 5th Losers from group play stage will be ranked equally 9th <p>Players sharing the same rank will be sorted in alphabetical order by family name of the first person named in the pair.</p> <p>Players sharing the same rank for Mixed Doubles events will be sorted in alphabetical order by family name of the male player.</p>								
Time format	<ul style="list-style-type: none"> HH:MM: hours and minutes, used to display the time of the day MM: minutes, duration of a match over one (1) hour is expressed in minutes, e.g. 61, 105) MM': minutes, is used when there is no column header, e.g. C75 SS: seconds 								
General rules for formats	<p>"#" Digit placeholder, suppression of leading zeros "#" should be replaced with the corresponding non-zero digit if one is present; otherwise, no digit appears.</p> <p>"0" Zero placeholder "0" should be replaced with the corresponding digit if one is present; otherwise the leading zero remains.</p> <p>E.g. 004.23 in the format ##0.00 becomes 4.23 E.g. 004.23 in the format 00.00 becomes 04.23</p>								
Points and score format	<table> <tbody> <tr> <td>nn-nn, nn-nn, nn-nn</td> <td>for match score</td> </tr> <tr> <td>nnnnnn.nnnn</td> <td>for world ranking points</td> </tr> <tr> <td>nn-nn</td> <td>for game's score</td> </tr> <tr> <td>n</td> <td>for each point</td> </tr> </tbody> </table>	nn-nn, nn-nn, nn-nn	for match score	nnnnnn.nnnn	for world ranking points	nn-nn	for game's score	n	for each point
nn-nn, nn-nn, nn-nn	for match score								
nnnnnn.nnnn	for world ranking points								
nn-nn	for game's score								
n	for each point								

Height/Weight formats	Height (metric):	Height (imperial):	Weight (metric):	Weight (imperial):
	0.00m #00cm 0.00 ##0	0ft #0in 0'#0" ##0kg ##0.00 ##0.0 ##0	##0.00kg ##0.0kg ##0kg ##0.00 ##0.0 ##0	##0.00lbs ##0.0lbs ##0lbs ##0.00 ##0 ##0

If metric and imperial units are used in a single field, the rule is to separate them by a forward slash with a space before and after it " / ". If they are combined, they should be presented as "centred".

Presentation of ties	<p>Results</p> <ul style="list-style-type: none"> • The primary rank (first column) must show a rank (if tied, repeat rank). • Secondary rank(s), if any will be repeated, with an "=" sign if there is sufficient space.
----------------------	---

2 General Rules

Output description	Gives a short explanation of the output, describing information that is provided
Source	Information identifying the source of data, i.e. which organisational part of which body is responsible for providing it, for example: IOC, BWF, OC Press Operations, OC Competition Management, etc.
Column data alignment	General: right for numeric and results, left for text. IRMs are aligned as for results. May be adjusted depending on the output layout.
Column titles	Column titles match the alignment of the data columns
Date formats	<ul style="list-style-type: none"> • dd MMM yyyy (e.g. 6 APR 1896) <ul style="list-style-type: none"> • dd: date format, for example: 23 or 5 (presented without leading zero) • Ddd: day of week in abbreviation format - presented as three characters, for example: Mon for Monday (mixed case) • DDD: day of week in abbreviation format - presented as three characters, for example: MON for Monday (upper case) • Mmm: month in abbreviation format - mixed case, for example: Apr for April • MMM: month in abbreviation format - upper case, for example: APR for April • yyyy: year format, for example: 1896 • The "As of date" may reflect one of the following: <ul style="list-style-type: none"> • Date when data has been collected (e.g. world ranking) • Date and time when the actual output was updated (several editions of the same output, e.g. cumulative statistics) • Logical date if applicable • Logical date: If a session continues past midnight (00:00), any outputs produced will be considered as having the logical date on which the session began (e.g. for a session which began at 21:00 on Apr 8 and ended at 1:20 on Apr 9, the output would be dated Apr 8) <p>This date is according to the local time zone at the competition venue.</p>
Page break	<p>Page break applies only for printed outputs.</p> <ul style="list-style-type: none"> • When the complete output fits on a single page, "None, aim for a single page" is written • For multi-page outputs, there are three cases: <ol style="list-style-type: none"> 1. Natural page break: This should be considered as printing without page break. When printing reaches the end of a page a page break will occur and the output will continue printing on the next page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table: <ul style="list-style-type: none"> • Not controlled with repeated output headings and column headings • Not controlled with repeated column headings only • Not controlled without repeated output headings and/or column headings

	<p>2. Forced page break by "Group":</p> <p>This should be considered as printing with a page break. Before printing each group on a page the print software must decide if the complete group will fit on that page. If the group will not fit a page break will be forced. The group will then be printed on a new page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> • Break at "Group" with repeated output headings and column headings • Break at "Group" with repeated column headings only • Break at "Group" without repeated output headings and/or column headings <p>A "Group" is a logical group of data e.g. NOC/team/relay/rider/paragraph, etc. (e.g. a team with seven members. The result is that each page will contain as many complete teams as can fit on the page).</p> <p>3. Forced page break by "Condition":</p> <p>This should be considered as printing with a page break after a particular condition is reached. When the condition is reached a page break will be forced. The process will repeat when each of the condition(s) is reached. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> • Break at "Condition" with repeated output headings and column headings • Break at "Condition" with repeated column headings only • Break at "Condition" without repeated report output headings and/or column headings <p>A "Condition" may be any trigger e.g. a new NOC/team/gender/athlete/class of officials, etc. (i.e. each time a new NOC is reached a page break is forced. The result is that each NOC is printed on a separate page).</p> <p>A combination of the above three cases is possible within a single output.</p>
Legend	<p>The description table defines if a legend is required on an output:</p> <ul style="list-style-type: none"> • "None" is specified if no abbreviations are used in the output • If one or more abbreviations may be used in the output the legend will be used to describe them. The following rules apply: <ul style="list-style-type: none"> • Only those abbreviations which appear in a version of the output are shown in the legend (dynamic legend) • If the sample shows all possible abbreviations, "See sample for all possible abbreviations" is specified in the description table • If there are more abbreviations possible than shown in the sample, "Use the following description for abbreviations which appear in the output" is specified in the description table and all possible abbreviations and descriptions are listed • The location of the legend is defined either as "To be displayed at the bottom/top of each page" or "To be displayed at the bottom/top of the last page only"
Notes	<p>Guidelines for any "Note" planned where users will find an explanation of data in the output, reasons for some action related to that output, etc.</p> <p>Each output could contain up to three different types of "Notes":</p> <ol style="list-style-type: none"> 1. Note with static text: <ul style="list-style-type: none"> • If "Note with static text" is not planned, allowed or possible, "None" is written • If text of "Note with static text" is always the same and already presented in the sample, "See sample" is indicated

	<p>2. Note with predefined, but changeable text:</p> <ul style="list-style-type: none"> • If "Note with predefined text" is not planned, allowed or possible, "None" is written • If text of "Note with predefined text" can vary depending on certain conditions, they are listed here, together with text to be used for each condition <p>3. Note with free text:</p> <ul style="list-style-type: none"> • Up to two lines of free text will be reserved at the bottom of the last page of each output in order to provide explanations or other annotations concerning the content of the output
Comments	This section is used for any further explanations and comments on the output, or suggestions to output provider(s). If no comments are needed, "None" is written.

This page intentionally left blank.

Appendix D - Supporting Documents

This appendix includes the following supporting documents:

- Templates for the output "Official Communication" (C67)
- Results, Medals and Diplomas
- Data to be Captured

1 Templates for Official Communication

In order to support OC Technology as much as possible and to guarantee a smooth process and appropriate wording, a collection of possible templates to be used during the Games is useful. The most common templates are included in this chapter and should be stored in the OC Technology system well before the Games.

The Official Communication template should include the following fields:

Event	Affected event name (see "Badminton References" for list of events)
Gender	Event gender indication (men, women, mixed), if applicable
Phase	Affected stage of competition (e.g. group play stage /round of 16, etc.), if applicable
Unit	Specification of the phase (e.g. <Match MS 101/Match MS102, etc.), if applicable
Subtitle	One line space for describing the reason for the Official Communication
Summary	Multiple lines for the body of the Official Communication. Only non-formatted text can be included here (no graphics, no tables, etc.)
Details	Multiple lines for describing details. Here, formatted text (font size, style, colour, graphics, tables, etc.) can be included. This field is not mandatory.
Issued by	Initiator's (name and) function
Date	Date of decision as provided by the person issuing the Official Communication
Time	Time of decision as provided by the person issuing the Official Communication
Note	If needed, contact details for further information can be added here (as a Note)
Signature	Signature of the initiator, needed in order to release the Official Communication

Affects Results:

Affects Schedules:

Affects Others:

Please note for the row "Details": At the moment of creating the templates for the most common situations, it is almost impossible to add appropriate details. If needed, the details should be communicated to OC Technology at the same time as all other details for the Official Communication.

	2	The <...> had to be postponed due to <...>. The new start time of the <...> is unknown at the moment. Further details will be communicated as soon as available.
	3	The <...> had to be interrupted due to <...>. Further details will be communicated by the BWF as soon as available.
	4	The <...> had to be rescheduled due to <...>. The new date and start time is dd MMM yyyy at HH:MM.
	5	The <...> had to be cancelled due to <...>. The <...> will not be held during these Games.
	6	FAMILYNAME Givenname (NOC) submitted a protest related to <...>
	7	FAMILYNAME Givenname (NOC), <...> was disqualified for <...> (BWF rule <...>)
	8	The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy??? to disqualify FAMILYNAME Givenname (NOC) who was ranked nn?? in the En??. Results have been amended accordingly. Further details regarding the IOC Disciplinary Commission decision can be found at: www.olympic.org <i>If the disqualified athlete is among medallists:</i> The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy??? to disqualify FAMILYNAME Givenname (NOC) who was ranked n?? in the En??. Results have been amended accordingly. The medallists are now: FAMILYNAME Givenname (NOC), gold, FAMILYNAME Givenname (NOC), silver, and FAMILYNAME Givenname (NOC), bronze. Further details regarding the IOC Disciplinary Commission decision can be found at: www.olympic.org
Issued by	I	BWF Technical Delegate
	II	Badminton Competition Manager
Further information	i	For more details contact the BWF Office
	ii	For more details contact the BWF Technical Delegate
	iii	For more details contact the OC Competition Manager
	iv	For more details consult www.olympic.org

Note: authors of this ORIS document do not imply that this is a complete list of Official Communications templates.

2 Results, Medals and Diplomas

2.1 General

The Olympic Charter states that International Federations have the responsibility "to establish the final results and ranking of Olympic competitions."

Medals and diplomas will be allocated based upon these final results. Should any changes occur affecting medallists and/or diploma recipients, the IOC will decide on the new medal and diploma allocation.

2.2 Expected Number of Medals and Diplomas

The information included in this chapter should serve as a support for the medal and diploma allocation in Badminton.

Eligible athletes:

- Men's/Women's individual events: Athletes who competed in the quarterfinals and finals
- Men's/Women's/Mixed doubles events: Athletes who competed in the quarterfinals and finals

In the following table the first bullet indicates the regular medal allocation; the following bullet(s) indicate additional possibilities.

Medal Type/ Diploma	Event Type	
	Individual	Doubles
Gold	• 1	• 2
Silver	• 1	• 2
Bronze	• 1	• 2
Diploma	• 8 • Less than 8, only athletes ranked in the quarterfinals and finals	• 16 (8x2) • Less than 16, only pairs ranked in the quarterfinals and finals

2.3 New Classification after Disqualification

In case of disqualification among the medallists or diploma recipients in an event, the following rules will apply:

Initial Rank	New Rank	Name	NOC Code
If the gold medallist is disqualified			
4	4	FAMILYNAME 1 Givenname 1	NOC 1
2	1	FAMILYNAME 2 Givenname 2	NOC 2
3	2	FAMILYNAME 3 Givenname 3	NOC 3
4	3	FAMILYNAME 4 Givenname 4	NOC 4
5	5	FAMILYNAME 5 Givenname 5	NOC 5
5	5	FAMILYNAME 6 Givenname 6	NOC 6
5	5	FAMILYNAME 7 Givenname 7	NOC 7
5	5	FAMILYNAME 8 Givenname 8	NOC 8
If the 5th is disqualified			
1	1	FAMILYNAME 1 Givenname 1	NOC 1
2	2	FAMILYNAME 2 Givenname 2	NOC 2
3	3	FAMILYNAME 3 Givenname 3	NOC 3
4	4	FAMILYNAME 4 Givenname 4	NOC 4
5	5	FAMILYNAME 5 Givenname 5	NOC 5
5	5	FAMILYNAME 6 Givenname 6	NOC 6
5	5	FAMILYNAME 7 Givenname 7	NOC 7
5	5	FAMILYNAME 8 Givenname 8	NOC 8

Note: Only ranks within the group that the disqualified athlete/pair reached is/are re-calculated; other athletes/pairs keep their ranking.

ORIS reference output:

- Event Results Summary (C74B)

Note: The software must be flexible enough to handle medal allocations as decided by the BWF and/or the IOC.

3 Data to be Captured

In addition to the information provided by Accreditation, the following data elements should be provided to OVR in order to fulfil the requirements listed in this document:

Data	Formats / Values	Captured by	Comments
BWF ID	Numeric	SEQ	Provided by BWF
Handedness	<ul style="list-style-type: none">• Left• Right• Both	SEQ	
Singles			
World ranking	Numeric	SEQ	As of 21 July 2016
World ranking points	Numeric	SEQ	As of 21 July 2016
Doubles			
World ranking	Numeric	SEQ	As of 21 July 2016
World ranking points	Numeric	SEQ	As of 21 July 2016

Document Control

Version History

Release 6 Version 1.2 27 Feb 2015	Approved version Updated with Change Request 4639 and 4951 after the final Consolidation meeting, 13-14 Nov 2014, Montreux
Release 6 Version 1.1 12 Dec 2014	Approved (signed-off) version Sign-off letters from both the BWF (12 Dec 2014) and Rio 2016 (6 Jan 2014) have been received by the IOC. No further changes will be made to this document without Change Management except topics highlighted in yellow.
Release 6 Version 1.1 12 Dec 2014	Submitted for sign-off Updated with comments received in the review period after the ORIS meeting.
Release 6 Version 1.0 6 Nov 2014	Submitted for review Submitted for review after the ORIS Badminton meeting, 30 Sep - 2 Oct 2014. Based on the ORIS Badminton meeting minutes as of 2 Oct 2014.
Release 6 Version 0 2 Sep 2014	Draft Updated based on ORIS document release 5 and the analysis of the London Questionnaire

Release 6 - Version 1.2 - 27 Feb 2015

Global Changes

1. The output "Minimum / Maximum" (N86G) has been removed throughout the document.
Affected files: Procedures, Distribution Rules.
2. All appropriate references to "Live screens in INFO" have been adjusted to "On Screen Results Presentation".
Affected files: Executive Summary, Distribution Rules above main distribution table, Introduction to Section 3, On Screen Results Presentation (former section title "Live Screens in INFO").

Executive Summary

Chapter 2.2.4:

- In the second paragraph, the text has been updated regarding the presentation of column headings in outputs

Chapter 4:

- Members of the Rio 2016 ORIS Management Team: The names and functions have been adjusted as follows:
 - Ms Isabella BURCZAK, IOC Sports, Head of Sport Projects
 - Mr Pierre FRATTER-BARDY, IOC Sports, Head of Summer Sports and IF Relations

Badminton References

Chapter 1 - Specifications

- Events: progression and competition format types: In the last bullet below the table, the reference sentence has been adjusted

Procedures

Chapter 2.1.1 "Schedules":

- The time to produce the output "Competition Schedule" (C08) has been changed to four (4) weeks before the Opening Ceremony

Chapter 2.1.2 "Entries and Participant Data":

- The paragraph has been modified

Chapter 2.1.2.1 "After the Sport Entry Deadline":

- The first paragraph has been modified

Chapter 2.1.2.3 "Competition Officials":

- The text has been modified

Chapter 2.1.2.4 "Substitution of a Games participant":

- The title has been changed to "Replacement of an athlete"

Chapter 2.1.2.4.1 "Late athlete replacement":

- The text in the chapter has been modified

Chapter 2.2.6 "Draw":

- The draw preparation/procedure has been explained in more detail

Chapter 2.3.12 "Results before, during and after a Gold Medal Match":

- The term "medal ceremony" has been changed to "Victory Ceremony"

Chapter 3 "News Service and Background information"

- Last paragraph: The wording has been adjusted from "Olympic Closing Ceremony" to "Closing Ceremony"

Section 1 - Outputs

Outputs

C06:

- In the sample and description table, the term has been changed to "Victory Ceremony" (instead of "Medal Ceremony")

C30:

- Description table, Source: The source has been changed from "OC Competition Management" to "OC Technology"

C38:

- For TV names: Family names have been written in upper case (related CR 4933)
- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been

C39:

- For TV names: Family names have been written in upper case (related CR 4933)
- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been added

N20:

- In the Description table, the following comment has been added "For Major Achievements show only the levels of competitions relevant for that athlete."

Section 2 - Distribution Rules

Main distribution table:

- Distribution to the Press Stands, VPC and MPC has been updated based on the information provided by Rio 2016
- For C08: The value in the "Produced by" column has been changed from "VRM/IDS" to "OVR (VRM)"
- For C35: The value in the "Produced by" column has been changed from "VRM" to "IDS (VRM)"
- Below the Legend of the main distribution table, under "Officials" the reference to Protocol/Ceremonies and the Doping Control Officer has been added

Section 3 - Real Time Information

Scoreboards

Chapter 2.1.1 "NOC Names":

- The entire bracket in the last sentence has been deleted

Chapter 2.2 "Technical Specifications":

- A last sentence has been added: "The content of the scoreboard screens are defined in ORIS. The detailed layout of the scoreboard screens is the responsibility of OVR, and will be confirmed during the Homologation Test, subject to the BWF's approval."

Chapter 2.6 "Part D - During the Victory Ceremony":

- The medal screen titles has been adjusted from "MEDALLISTS" to "VICTORY CEREMONY"

Sport Specific
Real Time data

- First paragraph has been added

Appendix A - Glossary

Chapter "Terms"

- The following new terms have been included: "Athlete preferred name", "Common Codes", "Initial Download" and "Results System Code (RSC)"
 - Term "Disqualification": The definition has been updated
 - Term "INFO": The definition has been updated
- Chapter "Competition Format Types"
- Different types of bracket format have been added

Appendix C - Rules for Data Formats and Presentation

"Schedule status options" and "Results Status Options":

- "Schedule status options": "Live" has been changed to "Running"
- "Results status options": "Intermediate" definition has been modified with "and/or"
- "Results status options": "Protested" has been included

Appendix D - Supporting Documents

Chapter 2 "Results, Medals and Diplomas":

- New chapter (part of the information of the former chapter "Medal and Diploma reallocation" has been included here)

Chapter 3 "Data to be Captured":

- The wording in the first paragraph has been modified

Release 6 - Version 1.1 - 12 Dec 2014

Global Changes

- "The best of the 3 games" scoring system will be used in Rio 2016:
 - Yellow highlighting regarding the scoring system has been removed (Procedures and N02)
 - All samples that support "The best of 5 games to 11" scoring system have been deleted (outputs C63, C65, C73, C74A, C75, C76, C83 and Scoreboards)

Pending Action Items

The following sections contain text highlighted in yellow:

- Procedures 2.1.2.2, 2.2.6 • Rio 2016 should confirm when the draw and the Team Managers' meeting will take place

C76	<ul style="list-style-type: none"> BWF should provide a sample showing injuries and disqualification 												
Procedures	<p>2.2.4, 3.3.1</p> <ul style="list-style-type: none"> Yellow highlighting has been removed 												
Section 1 - Outputs													
Outputs	<p>N17B</p> <ul style="list-style-type: none"> Description table - Comments: Yellow highlighting has been removed <p>N02</p> <ul style="list-style-type: none"> Changes since the London 2012 Olympic Games: Text highlighted in yellow has been deleted <p>N62</p> <ul style="list-style-type: none"> Sample - Note: First sentence now reads: "This head to head statistical comparison includes the Olympic Games, BWF World Ranking Tournaments and Continental Games". Yellow highlighting has been removed. Description table - Comments: Second sentence now reads: "This head to head statistical comparison includes the Olympic Games, BWF World Ranking Tournaments and Continental Games". Yellow highlighting has been removed.
