Executive Summary

The Executive Summary covers major steps and milestones of the ORIS project for the Rio 2016 Olympic Games.

1 Introduction to the ORIS Project

Information management is a key component in the efficient operation of sporting events. Accurately documented requirements are essential to ensure reliable, cost efficient results management, and facilitate the transfer of knowledge from one Games to the next.

In 1993, recognising the high costs and risks incurred in the continual redefinition of requirements, the IOC initiated a pilot project "INFOTECH" whose aim was the definition of minimum requirements for Information Technology support at the Olympic Games. Rowing was chosen for this pilot project.

Information requirements were analysed in detail by the International Rowing Federation (FISA) together with representatives of the major World News Press Agencies (WNPA), several large sports newspapers and representatives from the IOC. In the course of this process, the needs of the written press and news press agencies and potential areas for improvement were highlighted. At the same time, information users gained a better understanding of the procedures involved in running a major sporting event. This collaboration brought about a greater mutual understanding and commitment to working together for the benefit of athletes, sports officials, viewers, readers and subscribers and therefore, ultimately, the sport.

Experience gained during this pilot project encouraged the IOC, the International Federations, and participating media representatives to extend the process to all other sports in the Olympic Programme for future Games, starting with the Nagano 1998 Olympic Winter Games.

The experience gained from the pilot project helped to set the objectives for all subsequent versions of the project. These project objectives are to:

- Form a Working Group for each discipline made up of experts from the various fields related to information technology and information usage for the sport
- Establish and consolidate the IT requirements that an Organising Committee (OC) will be required to fulfil in order to meet the needs of the International Federations (IFs) and media during the Games through a process of consultation among the Working Group
- Set consistency in the level of IT support across the different disciplines at the Games, whilst respecting each sport's traditions
- Analyse and propose changes to current working practices in order to ensure that information delivery is up to date
- Document procedures in a readable and user friendly format, focusing on a description of the required information from a user's perspective
- Ensure that the experience gained at each Game's edition is transferred forward to subsequent Games

During the winter of 1995-1996, the International Olympic Committee (IOC), the Organising Committee for the XVIII Olympic Winter Games, Nagano 1998 (NAOC), 35 representatives of the International Winter Sports Federations and 42 media personnel from 16 countries completed the requirements documents for the 14 Winter Olympic sports.

In February 1997, while the Winter Games documents were being finalised for Nagano, the IOC launched the Summer Games project in parallel. The project was renamed ORIS (Olympic Results and Information Services). Over the next two years, documents for the 37 disciplines on the Sydney programme were completed by the ORIS team, working with sports, media and technology personnel from the Sydney Organising Committee for the XXVII Olympic Games (SOCOG). More than 130 representatives of the 28 International Summer Sports Federations and over 120 journalists from 31 countries were involved in the project.

As a result of the success of the Nagano and Sydney Games, the ORIS project has been leading the results delivery at every Summer and Winter Games organised since.

In parallel, requirements for a data feed to serve the press agencies were defined and documented together with the main news agencies in the so called World News Press Agencies working group (WNPA). The first version of the "Requirements for the Results Data Feed" for summer sports was released in 1995. Subsequent documents were improved, extended to the winter and implemented from the Nagano Winter Games onwards. These requirements have been replaced by a new universal data feed named the Olympic Data Feed (ODF) which was first implemented at the Vancouver 2010 Games.

The development of the ORIS document has combined the expertise and experience of many diverse users who together have thousands of hours of first-hand experience at Olympic Games and other major competitions. The legacy of the lessons learned and the experience gained has been brought to the present version, and the experience gained at the Sochi 2014 Games will be used to further improve future versions.

The ORIS development process (ORIS document production, Change Management, Test Event, Homologation Test, TAO observation, Questionnaires) ensures that the ORIS document remains stable during the development cycle. This also ensures that the document continues to be developed to include valuable feedback received from the Games, and from actual end users of the outputs and feeds produced.

2 ORIS Document Summary

2.1 Terminology

Some terminology used in this document is generic and each OC may use its own terminology. For example, the "Venue Press Centre" may be called "Venue Media Centre", "Sport Presentation" may be called "Sport Production", a "Competition Manager" may be called a "Sport Manager", "ONS" may be called "OPNS", etc.

In this document, the masculine gender used in relation to any physical person (for example, names such as Technical Delegate, official, athlete, judge, referee, score verifier, member of a jury or pronouns such as he, they or them) shall, unless there is a specific provision to the contrary, be understood as including the feminine gender.

2.2 Document Structure

The ORIS document is laid out as follows:

2.2.1 Executive Summary

This part of the document provides an overview of the ORIS project and the ORIS document for Taekwondo. It includes information on the following topics: introduction, document content, cycle and participants.

2.2.2 Taekwondo References

This part of the document describes the references on which the ORIS document is based. It includes the list of events, competition format, competition phases, participation references and source documents.

2.2.3 Procedures

This part of the document describes procedures to be followed by the OC and its partners, the WTF and the IOC. It covers procedures for results services and news services, for both the preparation period and the Games.

2.2.3.1 Results Service and Competition Management Support

The roles and responsibilities of the WTF, the OC Competition Management and OC Technology during all stages of the results delivery process for the competition are defined here. This includes "end to end" information technology support beginning with the athlete entry process up until the completion of the event, including the handling of exceptional situations. Special attention is given to the results verification process and the initiation of results distribution. Procedures are designed to ensure maximum data accuracy in the most efficient manner.

2.2.3.2 News Service and Background Information

Procedures regarding the collection, acquisition and transfer of historical data, biographies and similar background information prepared before the Games are defined here. The roles and responsibilities of the WTF, the IOC and the OC in this process and the data exchanged between these parties before and after the Games are also outlined.

Procedures on the preparation of news (e.g. previews, reviews, flash quotes, press conference highlights, etc.) by the Olympic News Service (ONS) are defined. The expected responsibilities of the WTF and the OC Competition Management in order to support these processes are outlined. The role of OC Technology in the collection and distribution of this information is described.

2.2.4 Section 1: Printable Outputs

All outputs which should be produced are listed in section 1. In addition to technical information linked to the outputs (description of the data items, sorting rules, legend definition, etc.), samples are

provided in order to help the organisers and users understand the type of information required. The format and content of some outputs have become traditional and standard in some sports. ORIS support the policy that such standards should be followed. Details of information content are shown independently of the delivery method, which defines whether information presented in the sample of each output will be printed or be available in INFO.

The "Look" of printed outputs is defined by the OC while ORIS defines the content and structure of information to be displayed or printed in the output body. Printed outputs must include the same data in the same order as defined in ORIS. While text should be formatted as described in ORIS, minor layout adjustments are acceptable (e.g. a column position, height of a cell...). In sport specific outputs, column headings may also be adjusted to display the full title where an abbreviation is presented in the ORIS document, if space allows (e.g. "Rank" could be shown instead of "Rk"). For outputs that are common across all sports (e.g. tables in medal outputs) column headings should be shown as presented in the ORIS document for consistency across sports. For INFO, developers should include the ORIS proposal for the content, though the layout may need to be adjusted because of technical constraints, subject to approval by the ORIS Taekwondo Working Group.

This document does not impose any particular technical solution and therefore many different possible solutions could be used to achieve the production and distribution of the outputs defined in ORIS (e.g. outputs related to news, training schedules, etc. could be produced by using a standard word processor).

2.2.5 Section 2: Distribution Rules

This section defines the distribution of all outputs produced, whether printed or published in INFO.

It is divided into three chapters:

- Event related requirements
 - Process description and distribution rules for event related printed outputs and INFO grouped by type of event in chronological order (e.g. results of a competition phase)
- Other outputs
 - Process description and distribution rules of non-event related printed outputs and INFO grouped in chronological order (e.g. competition schedule, three (3) months before the Games)
 - Process description and distribution rules of event related printed outputs and INFO that have no defined production time (e.g. Official Communications)
- Distribution rules and availability of all outputs
 - These outputs are ordered by ORIS output code, and all delivery time variations are grouped under the same output code. These rules are documented in tabular format, showing which outputs the users require, when and where the outputs are needed.

The checking/approval process during output production and distribution is essential. Underestimation of this critical area could result in outputs not being delivered at the right place at the right time.

2.2.6 Section 3: Real Time Information

This section defines the requirements for the presentation of real time information for scoreboards and sport specific real time data, as well as a reference to on screen results presentation.

2.2.6.1 Scoreboards

The provision of information to the public at the venues is an important part of the success of an event, keeping those who know the sport informed; and those who are new to the sport enlightened and entertained.

Public scoreboards are defined here.

It is not the intention to describe all that can be done in this area, but to suggest what is possible, as well as to define what information is mandatory or minimally required. In all cases, the WTF should approve the proposed solution.

2.2.6.2 Sport specific real time data

Requirements regarding collection of sport specific real time data, are defined in this part and made available for use by certain ODF subscribers (e.g. GPS tracking data used to produce 3D graphics).

2.2.6.3 On screen results presentation

This part contains references required for the development of on screen results presentation.

2.2.7 Appendix A: Glossary

Since some terminology may be used differently across sports, the glossary helps the reader to understand exactly the intended definition in the ORIS document (e.g. the term "event" as defined in the Olympic Charter may have a different meaning than commonly used in a sport specific context).

2.2.8 Appendix B: Abbreviations

Common abbreviations used in this document are defined in this appendix. Invalid results marks are described in Appendix C - Rules for Data Formats and Presentation.

2.2.9 Appendix C: Rules for Data Formats and Presentation

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

2.2.10 Appendix D: Supporting Documents

This appendix includes templates for the output "Official Communication" (C67), information for results, medals and diplomas allocation as well as data to be captured.

2.2.11 Document Control

This part describes all changes made in this document through its life cycle.

3 ORIS Project Cycle

Together with well-defined requirements, one of the key factors for success in the area of information delivery is proper expectation management. With the ORIS process, the key information users (representatives of International Federations and media) can communicate their information requirements for the Games. These requirements are assessed in the context of the available resources (time, budget, risks, etc.).

3.1 Production of the Updated Version of the ORIS Document

The process for updating the ORIS documentation will be as follows:

- The ORIS team will prepare the ORIS Taekwondo draft document, based on:
 - The last version of the ORIS Taekwondo document of the previous Games
 - International Federation sport rules, competition format and requirements for these Games
 - Previous Games experience (including Questionnaires and Homologation Test issues logged)
- A few weeks before the ORIS Taekwondo meeting, the draft will be made available to the ORIS Taekwondo Working Group, allowing them to prepare for the meeting
- During the ORIS meeting the draft will be analysed and ideas for improvements discussed and agreed upon through consensus of the ORIS Taekwondo Working Group
- Based on agreements reached during the ORIS meeting, the ORIS Taekwondo document version 1.0 will be produced and published on the IOC ORIS extranet for review. The ORIS Taekwondo Working Group members can make comments directly on the IOC ORIS extranet regarding implementation of these agreements.
- The ORIS team will analyse the feedback and publish version 1.1 of the ORIS Taekwondo document submitted for sign-off
- Once the document is signed-off (status approved), all modifications will be brought through a Change Management process
- After the last ORIS meeting for Rio 2016, a consolidation meeting may be held between the ORIS team and the OC (Sports, ONS, Results and partners)

Attending the ORIS meetings and working together on ORIS document updates will help all parties build and maintain good working relationships and improve understanding of their individual needs and responsibilities. The ORIS meeting is the best opportunity for all of the Working Group members to provide their input to the ORIS team and to help with the development of the ORIS document. It is emphasised that the development of the ORIS document is a collaborative effort and the goal is to develop a consensus among the Working Group members. The ORIS team will make every effort to facilitate this process.

As the process of updating the ORIS document is organised at an early stage in the Games preparations, OC Technology can issue early warnings whenever ORIS might request deliverables or availability of requirements which are difficult or impossible to satisfy with the resources available (budget, time, etc.). Because of this, some topics may remain highlighted in yellow, pending decisions by the International Federation, the IOC or the OC. Deadlines for resolution of these topics will be set during the ORIS meeting. Most of these deadlines will occur after sign-off of the ORIS document. Therefore any change regarding yellow highlighted text is automatically exempt from the Change Management process.

The procedure for updating the ORIS document also allows the OC's Technology providers to present the functionality and performance of existing solutions, in order to minimise changes and to raise any points for clarification required by their development teams.

The entire ORIS process (ORIS meeting, Test Event and Homologation Test) provides excellent opportunities for team building. The Test Event (if any) provides an opportunity to test production and distribution of outputs under high pressure and stressful conditions, similar to those experienced at the Games.

3.2 ORIS Document Sign-off

The WTF and the Organising Committee will sign-off the ORIS Taekwondo document after all agreed changes have been implemented.

For the WTF, the sign-off will represent a commitment that requirements are well defined and consistent with current sport rules, that they will be adequate for the smooth running of the Taekwondo competition and that the procedures as described in the document will be followed.

For the Organising Committee, the sign-off will represent its commitment to deliver the ORIS requirements. The sign-off letter will be signed by the representative of Sports, Media and Technology.

Some issues, such as anticipated rule changes, could remain open and will be highlighted in yellow in the document. Updates of these topics will be made under the Change Management Process, however, implementation of these changes is mandatory.

3.3 Change Management

A Change Request should be logged if the WTF or the OC requests any change which has an impact on the ORIS Taekwondo document.

The most common reasons for International Federations requesting changes are changes to the competition format or to the implementation of new rules. For Organising Committees the most common reason for requesting changes is because commitments made in the ORIS document no longer match the organisation of the discipline at the Games.

It is also possible that experience from the OC's Test Event (or other event), or the findings of the Homologation Test, will show that some requirements or procedures are no longer valid or require further improvements.

Change Requests will be registered and reported as per the ORIS Change Management procedures as defined in a separate document, as agreed between the IOC and the OC.

Once a Change Request has been approved, the ORIS team will publish an updated version of the ORIS Taekwondo document.

3.4 Test Event

The OC, in conjunction with the International Federation, will conduct a Test Event (sometimes also called Sport Event) which is the best (and only) chance for OC Technology to test its systems and operational procedures in real conditions. A successful Test Event should preferably be run under conditions which are as close as possible to the competition format that will be used at the Games.

3.4.1 ORIS Team Participation

IOC Technology will appoint ORIS observer(s) for each Test Event. The main tasks of these observers are:

- To help OC Technology evaluate the performance of the implemented systems
- To monitor if procedures described in ORIS are followed and applicable
- To collect feedback from all users (the WTF, media, teams, etc.)
- To prepare required changes to the ORIS Taekwondo document
- To provide support to key users and act as moderators

3.4.2 Test Event Review Meeting

A Test Event review meeting will be held before the end of the Test Event with the ORIS Taekwondo Working Group in order to evaluate the findings and discuss solutions and improvements for the Games.

It is recommended that the Venue Results Manager organises and chairs this meeting and takes the meeting minutes.

Following the Test Event, the ORIS Sport Analyst will prepare the Change Request if required.

3.5 Homologation Test

The Homologation Test will be carried out in the OC lab, led by the WTF and supported by OC Technology and partners. The lab set-up must simulate all the major functions of the Games (venues, central system and their interfaces).

It must be organised early enough (six to nine (6-9) months before the Games) to allow sufficient time for the OC's Technology providers to solve any issue detected.

The Homologation Test covers the complete "end to end" process for the system's functions defined in the ORIS Taekwondo document. The test begins with entry data for athletes and officials, continues through the draws and with start lists creation, followed by results activities and production of the results outputs and medals. The test also evaluates the ability of the system to fulfil the key ORIS requirements including (but not limited to):

- Outputs produced by On Venue Results system (OVR)
- Olympic Data Feed (ODF) messages
- INFO presentation of competition and news outputs, direct print from INFO, live screens, medals, etc.
- Scoreboards

The WTF, with the help of the ORIS team, will prepare all possible test cases and scenarios (from normal progression to exceptional situations) at a reasonable time before the Homologation Test. All the important variations of results should be tested and all the affected outputs should be checked with such test cases.

All issues identified during a Homologation Test are immediately entered into the OC's issue tracker. The issues are discussed and agreed upon, and action plans are proposed by the participants during the daily issue management meetings. If a consensus is not reached, the issue will be escalated to the IOC and the OC Technology management.

All parties affected by any of the issues identified should be kept fully updated of the progress.

The results of the Homologation Test are summarised in the WTF and WNPA reports. Those documents are then sent to the OC, the WTF, the IOC, and the news press agencies. Any problem areas identified will be the subject of future testing.

The success of the Homologation Test largely depends on the level of preparation of the OC Technology team, and on the quality of the testing software. This process has been used at every Games since Nagano 1998. It was one of the key factors which contributed to the success of these Games.

3.6 IOC Technology Assistance and Observation

For each Olympic Games the IOC Technology department will establish an IOC Technology Assistance and Observation programme (TAO).

The principal tasks of the TAO team during the Games are to help OC Technology ensure the success of the Games through efficient and accurate Information Technology support to the key users, as well as to evaluate lessons learned in order to contribute to improving the processes and deliverables for future Games (outputs and procedures).

The ORIS team will attend as many of the key phases as possible (draw, change of competition phase, etc.).

All problems will be reported using the regular OC Technology reporting lines. The ORIS team will be a part of the problems escalation process and, if required, be a link with the International Federation representatives.

The ORIS team should also report any feedback to the OC concerning the IT services that they have received from International Federations and Media.

3.7 Transfer of Knowledge

In order to contribute to the process of technology transfer to future organisers and to prepare the basis for the ORIS document update for the next Games, the ORIS TAO team will use the Games Questionnaires to document the WTF, OC and media findings, comments and suggestions for improvement.

3.8 Support

The IOC ORIS extranet is the platform used to share all documents related to ORIS (current version of the ORIS Taekwondo document, Homologation Test documentation, ORIS meeting documentation and reports, etc.). The IOC ORIS extranet is also used to record and share feedback within the ORIS Taekwondo Working Group.

Access to the IOC ORIS extranet will be granted by the IOC ORIS extranet Manager.

4 Rio 2016 ORIS Project Participants

The ORIS Taekwondo project is managed and supervised by different committees and groups. It is coordinated by the IOC and composed of representatives of the WTF, the OC (Sports, Media, Technology) and its IT partners.

The ORIS Steering Committee:

- Initiates and oversees the ORIS project for Rio 2016
- Resolves exceptional issues that cannot be managed by the ORIS Project Management and the OC Technology team
- Meets at the official project launch and subsequently if required
- Is informed by regular reporting (deliverables, finances...)

The members of the Rio 2016 ORIS Steering Committee are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director (Chair)
- **Mr Kit McCONNELL**, IOC Sports, Director
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Mr Rodrigo GARCIA**, Rio 2016 Sport Director
- **Ms Lucia MONTANARELLA**, Rio 2016 Head of Press Operations
- **Mr Elly RESENDE**, Rio 2016 Technology Director
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)

The ORIS Management Team:

- Follows the Rio 2016 ORIS project sport by sport and step by step
- Receives reports after each of the ORIS meetings, Homologation Tests and Test Events
- Each member communicates potential issues to his/her functional areas when they are affected

The members of the Rio 2016 ORIS Management Team are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director
- **Mr John GIANCARLO**, IOC Technology and Information, Head of Olympic Games Technology
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Ms Isabella BURCZAK**, IOC Sports, Head of Sports Projects
- **Mr Pierre FRATTER-BARDY**, IOC Sports, Head of Summer Sports and IF Relations
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Mr Namik DJUMISIC**, IOC ORIS Project Manager and Sport Coordinator
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager, Rio 2016 ORIS Liaison

The ORIS Taekwondo Working Group:

- Attends the ORIS meeting to discuss and agree on the Taekwondo results information requirements for the Rio 2016 Olympic Games, based on the documents used and experience gained at previous Games as well as taking potential rule changes into consideration
- Follows the ORIS document evolution
- Participates in the Taekwondo Homologation Test in the OC lab
- Receives reports after the ORIS meeting, Homologation Test and Test Event
- Participates in the ORIS Change Management process, including document review and feedback

The members of the ORIS Taekwondo Working Group are:

- **Mr Jae Wook LEE**, WTF Sport Director
- **Prof. Jin Bang YANG**, WTF Technical Committee Chairman
- **Ms Kyunghee PARK**, WTF TV Director
- **Mr Josue MORAES**, Rio 2016 Sport Group Manager
- **Mr Patrick MORAES**, Rio 2016 ONS Manager
- **Mr Tassos KOUTSOGIANNIS**, Rio 2016 Venue Results Manager
- **Mr Guilherme GOUVEIA**, Rio 2016 Venue Results Manager
- **Ms Oana NEAGU**, Atos IDS Sports Specialist
- **Mr Thierry CUENIN**, OMEGA Venue Manager
- **Mr Hyong Jin KIM**, OMEGA Results Manager
- **Mr Eric Sungjin MOON**, OMEGA Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Mr Ketil PETTERSEN**, IOC ORIS Sport Analyst for Taekwondo

The ORIS project is supported by:

- **Ms Marlène DROZ**, IOC Technology and Information, ORIS Project Technical Editor, IOC ORIS extranet support
- **Ms Natasa DUMIC**, IOC Technology and Information, ORIS Project Secretary
- **Mr Charlie GROVES**, IOC ORIS Project Language Support
- **Ms Nadine SAAGER**, IOC ORIS Project Technical Editor
- **Ms Renée SEWJEE**, IOC ORIS Project Technical Editor

1 Specifications

- Events: progression and competition format types

Event	Event Phase	Progression Type	Competition Format Type
Men -58kg	Qualification Contest (only in case of 17 contestants)	Qualification	Bracket with direct elimination
Men -68kg	Round of 16		
Men -80kg	Quarterfinals		
Men +80kg	Semifinals		
Women -49kg	Repechages		
Women -57kg	Bronze Medal Contests		
Women -67kg	Gold Medal Contest		
Women +67kg			

- The events are presented in traditional WTF order
- Total number of events: 8
- A full overview of Progression and Competition Format types is included in Appendix A - Glossary

2 Competition

- Competition format

- All weight categories
 - Olympic Taekwondo events are based on a single elimination system
 - Losers to the finalists from all phases have a "second chance", and they compete in the "Repechages", where the winner of each pool is awarded with one bronze medal. The losers of the semifinals are seeded directly to the repechages bronze medal contests, where they will meet with the winners of the previous repechages phases, but from the other pool.
 - Contestants who lost before the semifinals will meet in the first repechage rounds (RC1) with other losers from the same pool. The winners in each repechage contest advance, the losers are eliminated.

- Tie Break Rules within a contest

- In the event of a tied score after the completion of the fourth round, the winner shall be decided by all the refereeing officials on the basis of superiority. The final decision shall be based on the initiative shown during the fourth round.
- In the event of a tied score, a fourth round of two (2) minutes, also known as the golden point round, will be conducted after a one (1) minute rest following the third round. In principle, any points, be it Gam-jeom or Kyong-go, from the previous three rounds shall not be taken into consideration in the golden point round. However, in the event of a tied score after the end of the golden point round, the winner shall be decided based on order of the following criteria:
 - The contestant who achieved a higher number of hits registered by the PSS (Protector and Scoring System) during the fourth round
 - If number of hits registered by the PSS is tied, the contestant who received the lower numbers of a Kyong-go and Gam-jeom (=2 Kyong-go) during all four rounds
 - If both above criteria do not break the tie, the referee and judges shall determine superiority based on the content of the fourth round

- **Venue type**
 - Indoor
 - Single venue
- **Participation references**

The following information is an indication of the estimated participation at these Games for the purposes of software development only. Actual numbers are defined in the Qualification System document approved by the IOC.

- Athlete quotas: 128 in total, 64 men / 64 women (conditions maximum 4 males and 4 females per NOC and 4 contestants selected by the tripartite commission)
- Alternates/Substitutes: No

3 Documents

- Olympic Charter in force
- IOC - Rio 2016 Host City Contract
- WTF Competition Rules and Interpretation - as of 30 Oct 2014
- WTF Standing procedures for the Olympic Games (includes seeding, qualification method, etc.) - as of 10 Oct 2014 (including all related news letters)

Procedures

1 Introduction

The aim is to document the procedures to be followed to ensure an efficient results delivery and to determine who should act (when, where and how) in order to satisfy user information expectations.

The proposed procedures are based on the experience gained at previous Games and other large Taekwondo events and, in some cases, include proposals on how to improve existing practices.

The responsibilities of each party involved in the production and delivery of specified outputs are precisely defined including the time frame or deadlines in which the parties have to fulfil them.

2 Results Service and Competition Management Support

Roles and responsibilities of the key participants are documented in chronological order, starting a few months before the Games and ending with the production and distribution of the Results Book.

2.1 Pre-Games Activities

Some competition-related information must be available as soon as INFO goes live.

The final few weeks before the Games can be hectic and the OC should anticipate the workload as much as possible.

2.1.1 Schedules

Schedules are available from a number of different sources prior to the Games (OC communications, official website, ticketing, etc.).

OC Technology must develop appropriate procedures to ensure that any schedule updates are promptly and accurately published and distributed to the users.

The Games competition schedule will be developed between the OC Competition Management and the WTF Secretary General well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate. This schedule data should be used to build the integrated Games schedule navigation page and the schedule screens for each discipline in INFO.

Four (4) weeks before the Opening Ceremony, the Venue Results Manager should produce the output:

- Competition Schedule (C08)

for verification and approval by OC Competition Management

OC Technology (Venue Results Manager and Technical Operations Centre) will then upload this file in INFO. This output will be available in PDF format on the day INFO goes live. Once the WTF and OC Competition Management arrive at the venue, the output should be distributed accordingly.

The output "Competition Schedule" (C08) will normally be produced only once for the entire Taekwondo competition. However if changes to the schedule do occur, the output "Competition Schedule" (C08) will be updated by OVR once they become owner of the data. It will be redistributed (at the end of the day) and marked as "REVISED".

OC Technology will, based on information provided by the OC Competition Management, also produce the outputs:

- Activity List (C06)
- Training Schedule (C07)

These outputs will become available on the day that INFO goes live, and will be distributed according to the ORIS distribution rules.

2.1.2 Entries and Participant Data

The entry process is managed by the Sport Entries sub-function within the OC Sport Department. In order to fulfil the ORIS requirements, special attention should be paid to the information to be collected through the entry forms (data to be captured are included in Appendix D - Supporting Documents).

2.1.2.1 After the Sport Entry Deadline

All eligible athletes for the Games must have been entered by their NOCs by the Sport Entry Deadline, in accordance with the Qualification System.

After the Sport Entry Deadline, OC Technology will produce and update the outputs:

- Entries (C31A)

- Entries by Weight Category (C31C)
 - Facts and Figures - Birthdays during the Games (N86F)
- and make them available in INFO.

These outputs will be updated after each Delegation Registration Meeting (DRM) in case of replacement or data correction.

2.1.2.2 Participant data verification

Emphasis should be placed on data accuracy and correct spelling and/or transcription of athlete names.

Information users, in particular the media, are used to seeing names spelt in a certain manner at other WTF events, and the Games should be no different. At Games time, the space available to display a name (e.g. in an output or on a scoreboard screen) may vary considerably. It is therefore extremely important that all different name lengths (the maximum number of character spaces available) are verified before any entry lists are produced.

As soon as OVR becomes the owner of the participant data, the outputs:

- Entry Data Checklist (C38)
- Entry Data Checklist - Competition Officials (C39)

will be produced with all name lengths to be used during the Games and given to WTF for checking and approval.

The WTF will decide if this approval process is done internally or if all participants should be contacted personally to verify their different name spellings. The approved/corrected outputs should be returned to OC Technology at the Head of Team meeting.

It is essential that only a single copy of the checklists circulates at any time in order to avoid errors.

2.1.2.3 Competition officials

No later than one (1) month before the Opening Ceremony, the OC Competition Management will provide the Venue Results Manager with the names and functions of all persons who may be included in the output "Competition Officials" (C35).

Four (4) days before INFO goes live, the Venue Results Manager should produce the output:

- Competition Officials (C35)

for verification and approval by the OC Competition Management. Once approved, this output will be available in PDF format on the day INFO goes live. Once the WTF and OC Competition Management arrive at the venue, the output should be distributed according to the ORIS distribution rules.

2.1.2.4 Replacement of an athlete

2.1.2.4.1 Late athlete replacement

Only those athletes who are eligible can be used as replacements and should be included in the initial data transfer to OVR.

Once the Late Athlete Replacement (LAR) procedure has been completed and Sport Entries has confirmed the change to the Venue Results Manager, the replacement athlete should be activated and the relevant output "Entry Data Checklist" (C38) should be produced for validation as defined in the participant data verification process. At the same time, the replaced athlete should be removed from the entries and the entry output(s) updated accordingly.

This procedure must be completed before the Head of Team meeting.

If any output including the replaced athlete name has been released it should be reissued, marked as "REVISED", with a free text note explaining the replacement.

2.1.2.5 WTF unique athlete identification

The WTF maintains a unique athlete identification (WTF Licence Number).

The WTF ID will remain the same throughout the athlete's career.

The WTF requests that this ID also be included in the appropriate ODF messages.

2.2 Pre-Competition Activities

After the WTF officials arrive in the host city, they will work with the OC Competition Management on the final preparations for the Games. During the period before the orientation meeting, a lot of time will be spent on final checking of the participant data and the preparation, checking and correction of other information if necessary.

2.2.1 Presenters at Victory Ceremonies

No later than ten (10) days before the first day of competition the IOC and the WTF will provide OC Technology and ONS with the list of potential presenters and persons accompanying them, that will include all data necessary for presenting this information for the Victory Ceremonies.

2.2.2 Draw

For the Olympic Games there is a single draw session for all weight categories. The draw for the Olympic Games is part of the Head of Team meeting which will be held no later than two (2) days before the first competition.

The draw process is managed by the WTF in co-operation with the OC Competition Management.

The location will be determined by the OC Competition Management in agreement with the WTF. The draw should be held at a venue that meets technology requirements.

It is anticipated that there may be up to 150 people present at the draw session including a maximum of two representatives from each NOC, and accredited media (who should be given access to the draw location).

The software for the draw and the associated display systems should be provided by OC Technology.

The audience should be able to follow the draw as it proceeds, and it should be presented on large screens, or by any other means such as projectors.

Each person will require a stapled set of the eight draw sheets immediately after the Head of Team meeting. It is therefore extremely important that OC Technology fully prepare for this process together with the OC Competition Management and provide adequate resources and trained personnel to meet the distribution time (printing, copying, collation and stapling equipment, distribution personnel).

It is the responsibility of the OC to ensure that the Sports and Technology departments communicate with each other and define their respective responsibilities for organising the Draw. The Draw procedure should be tested at the Test Event.

2.2.2.1 Before the draw

No later than forty-eight (48) hours before the draw, the WTF will provide OC Technology with the seeded contestants for each weight category.

The predetermined draw numbers should be prepared for each weight category according to the WTF design.

No later than twenty-four (24) hours before the draw, OC Technology will produce the output:

- Entry List by Weight Category (C32C) - without bib numbers

for checking and approval by the WTF Technical Delegate or the designated person in preparation for the draw.

The WTF Technical Delegate will use the output "Entry List by Weight Category" (C32C) - without bib numbers to assign the contestant (bib) number for each contestant in each weight category.

Bib numbers are made of three digits, the first digit being the weight categories order (see References) and the two following digits being the seed number. The WTF Technical Delegate will decide the bib numbers for non-seeded contestants.

No later than four (4) hours before the draw, the WTF Technical Delegate will provide the bib numbers to OC Technology.

No later than three (3) hours before the draw, the WTF Technical Delegate, or the WTF Technical Controller, and the OC Competition Management will provide the contest numbers for all competition

days as well as the schedule for morning sessions of all competition days. This data will be entered into the OC computer system.

The contest numbers are made of three digits where the first digit represents the competition day and two following digits the contest number of that day (i.e. 101, 102, ..., 201, 202, etc.).

2.2.2.2 During the draw

OC Competition Management will hand-out the output "Entry Data Checklist" (C38) to the heads of teams at the beginning of this meeting, and will collect them back before the draw starts, in order to give time to OC Technology to update their database.

At the same time, the heads of teams will confirm that their contestants will be competing.

Should a contestant withdraw, the WTF Technical Delegate or the WTF Technical Controller will provide OC Technology with a new contest schedule for the sessions affected, and OC Technology will update their system.

The seeded contestants are allocated to their positions in the bracket, and the remaining contestants are manually drawn into the bracket.

OC Technology will enter the draw results and produce the output:

- Draw Sheet (C75)

for checking and approval by the WTF Technical Delegate or the WTF Technical Controller. Once approved and signed, this output should be distributed according to the ORIS distribution rules.

At the same time, OC Technology will produce the output:

- Session Schedule - without contest officials (C58)

for all morning sessions, for distribution according to the ORIS distribution rules. Verification is not required, as the data presented in this output are the same as on the Draw Sheet.

2.2.2.3 After the draw

No later than ten (10) minutes after the draw (Head of Team meeting), OC Technology will produce the outputs:

- Number of Entries by NOC (C30)
- Entry List by NOC (C32A)
- Entry List by Weight Category (C32C) - with bib numbers

for checking and approval by the WTF Technical Delegate or the designated person. Once approved, the outputs should be distributed according to the ORIS distribution rules.

At the same time, OC Technology will produce the output:

- Weigh-in List (C56)

for the WTF Technical Delegate and OC Competition Management.

2.3 Results Processing

All scores and penalties will be entered into the Organising Committee's results system from the official timing/scoring system through electronic interface. Results must be reviewed promptly and efficiently, in order to reduce the risks of displaying incorrect information on the scoreboard, CIS or in INFO and for other results clients. A review of results by the WTF Technical Delegate or the designated person before distribution will also reduce the likelihood of protests.

Results are time-critical. Production and distribution of printed results must be well planned. A well planned matrix describing when, to whom and in what quantities, printed results should be distributed is essential to avoid paper "overflow".

2.3.1 Weigh-in

All contestants are required to pass the weigh-in held each morning on the day before a competition day.

The output "Weigh-in List" (C56) will be used by the International Referees (IR), the WTF Technical Controllers and the WTF Technical Delegates to conduct the weigh-in. A copy of this form will be provided to OC Technology including the outcome of the weigh-in.

2.3.2 Instant Video Review (IVR)

The Instant Video Review can be requested by coaches or Referees or Judges.

The Instant Video Review system is operated by the WTF Review Jury who will complete a form prepared by the WTF to request an Instant Video Review.

Once the form is completed, the WTF Review Jury will provide one copy to Sport Presentation and one copy to OC Technology.

Once entered in the system, the decision will be shown on the scoreboards at the venue and made available to external clients through ODF.

2.3.3 Competition - Sessions (all Weight Categories)

2.3.3.1 Before each contest

No later than thirty (30) minutes prior to each contest the WTF officials will, using WTF software, produce a form containing the referees, judges and review jury assignment for that contest. It will be distributed to OC Competition Management, as well as to OC Technology who will enter these data immediately into the OC computer system.

No later than five (5) minutes before the contest, OC Technology will produce the output:

- Session Schedule - with contest officials (C58)

for checking and approval by the WTF Technical Delegate or the designated person. Once approved, the output should be distributed according to the ORIS distribution rules.

2.3.3.2 During and after each contest

The ORIS Taekwondo Working Group proposes that scoring data should be displayed during the contest on the large public scoreboards, which will be managed by OC Technology. The public scoreboard layout design and script are defined in Section 3 of this document.

All data required for a contest should be transferred electronically from the official scoring system, except the data about the scoring technique, which will need to be added manually by OC Technology with the help of the WTF Referee assistant.

To manage the scoring technique capture process, the OC Competition Management should assign a person with a high level of knowledge of Taekwondo. This assignment should be evaluated and approved by the WTF. It is very important to perform scoring training sessions before the competition.

The operators must be located close to the court in a position where they are able to view the field of play scoreboard.

Before the public release of the contest results, manually entered data should be compared with the data from the WTF contest scoring-sheet. This is a basic document for the official record of the contest, and should be produced by the official scoring system. This output is strictly an internal WTF document.

This validation process should be organised by the WTF Technical Delegate, or the WTF Technical Controllers, and OC Technology after each contest.

Immediately after the contest, OC Technology will produce the output:

- Contest Results (C73)

for checking and approval by the WTF Technical Delegate. Once approved, the output should be distributed according to the ORIS distribution rules.

Once the output "Contest Results" (C73) is approved, OC Technology will produce the outputs:

- WTF Judges Evaluation (C83)
- Draw Sheet (C75)

for distribution according to the ORIS distribution rules without further approval.

2.3.3.3 After the last contest of a weight category within a session

Immediately after the last contest of a weight category within a session, OC Technology will produce the output:

- Draw Sheet (C75)

for checking and approval by the WTF Technical Delegate. Once approved, the output should be distributed according to the ORIS distribution rules.

2.3.3.4 After the first and second sessions

Immediately after the first and second sessions, the WTF Technical Delegate or the WTF Technical Controller and the OC Competition Management will provide the schedule for the next session. This data will be entered into the OC computer system.

No later than ten (10) minutes after the first and second sessions, OC Technology will produce the output:

- Session Schedule (C58)

for checking and approval by the WTF Technical Delegate or the WTF Technical Controller. Once approved, the output should be distributed according to the ORIS distribution rules.

2.3.3.5 Before and after the final contest in a weight category

No later than sixty (60) minutes before the final the OC Protocol should provide ONS and OC Technology with the names of the potential medal presenter(s) and the accompanying person(s).

As soon as the presenters are known by OC Protocol, the output:

- Medal Presenters (N91B)

should be produced and distributed according to the ORIS distribution rules.

Late changes frequently occur shortly before the Victory Ceremonies. Any such changes should be communicated immediately by the OC Venue Protocol Manager to OC Technology, Sport Production and ONS.

After each gold medal contest, OC Technology will produce the outputs:

- Medallists (C92A)
- Medallists by Weight Category (C93)
- Medal Standings (C95)

for distribution according to the ORIS distribution rules.

After the last gold medal contest of a day, OC Technology will produce the output:

- Competition Statistics (C84)

for distribution according to the ORIS distribution rules.

There is no need for the WTF or the OC Competition Management to verify these outputs because the data used has already been checked. The software used to produce these outputs will be checked during the homologation test.

2.3.3.6 Final classification

A complete final ranking list of all contestants who competed in an event is required by the Press Agencies.

Please see Appendix - C Rules for Data Formats and Presentation, topic "Final classification" for a full description of the ranking method.

2.4 Common Sport Functions

2.4.1 Official Communications

The Technical Delegate or the designated person may issue the output:

- Official Communication (C67)

to inform all clients about key decisions (e.g. schedule and results changes).

If any such decision is made, the WTF Technical Delegate or the designated person will, within the following five (5) minutes, complete the text of the decisions made on the appropriate form. The following information should be included:

- Who made the decision
- The event and/or contestant affected
- The date and time of the decision
- The text of the decision
- The affected area (results, schedule or other)

OC Technology will receive the form, enter it into the OC computer system and print a copy of the output "Official Communication" (C67) within two (2) minutes.

As soon as the WTF Technical Delegate or the designated person has authorised the copy, it will be distributed immediately according to the ORIS distribution rules. All affected outputs should be updated and republished as "REVISED" as soon as possible. If the Results Book has already been produced, an updated version should be published.

An appropriate form is included in Appendix D of this document.

Note: If an "Official Communication" (C67) affects a Games stakeholder or partner, they should be consulted before releasing the output for distribution.

2.4.2 Sport Communications

The output:

- Sport Communication (C68)

should be used to inform a sport specific audience about information or decisions from the WTF, the IOC and/or the OC Competition Management (e.g. reminders, sport information, etc.).

The principles for the production of this output are similar to those described for the output "Official Communication" (C67). Paper distribution is limited to the venue, the Sport Information Desk at the athletes' village and in INFO.

2.5 Exceptional Situations Handling

For any of the following exceptional situations, the Technical Delegate or the designated person may request production of the output:

- Official Communication (C67)

and will provide the appropriate text to be used.

2.5.1 Schedule Changes

The following schedule status options are applicable to a weight category:

2.5.1.1 Delayed

A delay may occur if a session does not start as scheduled, but should start within the current ticketing session.

The new start time is unknown. If the delay exceeds the current ticketing session, the status will be changed to postponed, rescheduled or cancelled.

2.5.1.2 Postponed

A session did not start as scheduled and has been postponed to a later ticketing session. The new date and start time is unknown. The status will subsequently be changed to rescheduled or cancelled. If an interrupted phase or session cannot be resumed within the current ticketing session and the new date and start time is unknown, the status will be changed to postponed. The status will subsequently be changed to rescheduled or cancelled.

2.5.1.3 Interrupted

A session may be subject to an unplanned interruption after it has started.

The time of resumption/restart is unknown. If the session cannot be completed within the current ticketing session, the status will be changed to postponed, rescheduled or cancelled.

The results of any contestants who have completed their routine will be retained.

2.5.1.4 Rescheduled

A session may be rescheduled if it cannot be held at the originally scheduled start date/time. The new date and start time are known. If it is impossible to reschedule a session of competition within a certain time frame, the status may be changed to cancelled.

In either of the above cases, the system should be able to perform the following actions:

- If an interrupted/rescheduled session of competition continues under the conditions existing at the moment of interruption, all the results will be retained.
- If a session of competition is interrupted/rescheduled, and it is not possible to complete the session under the same conditions, all results will be deleted. The results database must be rolled back to the situation existing before the competition was rescheduled. Any intermediate results will be removed from the affected clients.

2.5.1.5 Cancelled

A weight category which cannot be rescheduled prior to the Closing Ceremony of the Olympic Games is cancelled.

In such a case the IOC and the WTF will decide what effect the situation would have on the competition and what actions should be taken.

If one or more weight categories are cancelled, all affected outputs (e.g. medal outputs, etc.) must be adjusted and a free text note listing the cancelled weight categories should be added. For outputs with the indication "after x of y weight categories", the number of weight categories (y) will remain unchanged.

2.5.2 Competition Related

2.5.2.1 During Weigh-in

A contestant that does not turn up for the weigh-in during the official weigh-in period, or fails to weigh within the prescribed limits for the category in which the contestant is entered, will be disqualified and listed as such on the form "weigh-in list (C56)".

When receiving the form "weigh-in list (C56)", OC Technology, using the standard text defined for this matter, should prepare the output:

- Official Communication (C67)

and provide it to the WTF Technical to be approved and signed.

Once approved, this output will be distributed according to the ORIS distribution rules.

OC Technology should at that time produce the output:

- Contest Results (C73)

and update the output:

- Draw Sheet (C75)

with information that contestant(s) who will not have opponent(s) in the first contest will progress to the next phase.

Under no circumstances will a re-draw be organised.

2.5.2.2 During competition

OC Technology must prepare software solutions with the ability to cope with exceptional situations that could occur during the competition. The most typical are:

- Contest interruption: should a contest be interrupted for any reason, the WTF Technical Delegate will inform OC Technology of one of the following scenarios:
 - The contest will continue from the point at which it was interrupted
 - Results for that round or contest should be cleared and the contest re-started from the beginning
 - Results at the end of a round, or at the moment at which the contest was interrupted, will stand for that contest
- Double Disqualification - in the same semifinal: the winner of the other semifinal will be awarded the gold medal, and the loser will be awarded the bronze medal. No silver medal will be awarded.
- Double Disqualification - in the gold medal contest: there will be no gold or silver medals awarded

In situations where a re-contest is decided, or when double disqualification means that a contest will not take place and the WTF Technical Delegate decides to adjust the schedule in order to avoid long breaks, the OC Technology results system must have the ability to quickly re-schedule the affected session and update the outputs:

- Session Schedule (C58)
- Draw Sheet (C75)

with the new starting time of contests.

Double disqualification in some phases of competition may cause major changes in the bracket, and/or in the ranking, and the OC Technology results software must be able to support such changes. The WTF Technical Delegate will inform the OC Technology representative on how to continue with competition in such a situation. It would be extremely beneficial if the WTF prepared procedures to deal with such situations in advance.

OC Technology will update and republish all affected outputs with a "REVISED" stamp and a free text note explaining the disqualification.

An appropriate output "Official Communication" (C67) should be produced and distributed before the revised outputs.

2.5.3 Disqualifications

2.5.3.1 Disqualification after completion of an event

Should a contestant be disqualified after the end of an event, the World Taekwondo Federation (WTF) rules will apply for producing the new results for that weight category.

Should a medallist be disqualified, the IOC Executive Board will make the decision on how, or if, the medal(s) will be re-awarded.

The rules are detailed in Appendix D, chapter 2 "Medal and Diploma Reallocation" of this document.

OC Technology will update the results and medal outputs as required, as well as the Results Book.

In that case, OC Technology should:

- Remove the contestant name from the classification on the output "Draw Sheet" (C75) for that weight category
- Disqualify the contestant in the last contest in which the contestant participated
- Add a note at the bottom of the affected output explaining the reason for that disqualification

The WTF Technical Delegate will provide OC Technology with the text to be displayed on the output "Official Communication" (C67) which will be printed and distributed according to the ORIS distribution rules.

Additionally, if the disqualified contestant was among the medallists, OC Technology will accordingly update the outputs:

- Medallists (Individual) (C92A)
- Medallists by Weight Category (C93)
- Medal Standing (C95)

2.5.3.2 Disqualification after an event and up to three days after the Closing Ceremony

This three (3) day period corresponds to the time for which the Court of Arbitration for Sport remains in the host city after the Games, and is available to pronounce on a disqualification in case of appeal.

Up to this deadline, OC Technology will update all results as required. All updated outputs should be approved by the WTF Technical Delegate before distribution.

2.5.3.3 Disqualification more than three days after the Closing Ceremony

Starting from the fourth day after the Games Closing Ceremony, the WTF will become responsible for updating the results if necessary. Disqualifications may come from either the IOC or the WTF. The WTF is responsible for providing the updated results to the IOC.

2.5.4 Communication in case of Disqualification by the IOC Disciplinary Commission

If an athlete is disqualified by the IOC Disciplinary Commission after the results of an event have been made official and distributed and up to three (3) days (inclusive) after the Games Closing Ceremony, the IOC Disciplinary Commission will communicate its decision through the IOC official communication channels (press release and publication on www.olympic.org).

The athlete, the athlete's NOC, the WTF, OC Competition Management and OC Technology will be informed following the established IOC procedure.

The WTF Technical Delegate, or the designated person, should, together with OC Technology, produce an "Official Communication" (C67) explaining that results have been updated according to the IOC Disciplinary Commission decision.

The sample text to be used in this Official Communication (C67) is detailed in Appendix D (Subtitle: E, Summary: 8, Issued by: I, Further information: iv) of this document.

As soon as the decision for disqualification is made public by the IOC, the following procedures should be followed:

- ONS should copy the IOC press release and paste it without any modifications into the output "IOC News" (N90C) and publish it in INFO
- As soon as the WTF Technical Delegate, or the designated person, has authorised its release, the output "Official Communication" (C67) will be distributed according to the ORIS distribution rules
- OC Technology will update and republish all affected outputs with a "REVISED" stamp and a free text note explaining the disqualification

Since such a decision can occur at any time, and publication of accurate information is extremely time critical, it is vital that the WTF Technical Delegate or the designated person, is available and able to communicate with the OC Competition Management, OC Technology and the IOC Head of ORIS at all times. This includes the period before the Games start, the period after the Taekwondo competition ends, and the period after the Games end (up to three (3) days after the Closing Ceremony). Travel by the WTF Technical Delegate during those periods before or after the Games may require that a designated person be available to cover this responsibility.

Note: Authors of this ORIS document do not imply that this is a complete list of exceptional situations that could occur before, during or after the competition. The OC and their technology suppliers are responsible for researching any missing information in the relevant WTF and/or IOC documents and for gaining and analysing experience from other competitions.

2.6 Reissuing Outputs

There are two conditions for reissuing an output:

- A new version of a previously distributed output is produced as a regular case: no stamp is required. This applies to the following outputs:
 - Session Schedule(C58)
 - Draw Sheet (C75)
 - Medallists by Weight Category (C93)
 - Medal Standings (C95)
- A new version of a previously distributed output is produced due to a change of data: a "REVISED" stamp is required, including the date and time of output creation. The reason for the revision must be explained as a note (free text) at the bottom of the last page of the output.

For outputs which need to be reissued with a "REVISED" stamp and have an "at time" in the heading, the following rules will apply:

- If an error needs to be corrected (e.g. data entry error), the same "at time" should be kept as used in the originally released version of this output
- If an update needs to be made based on new information received (e.g. data change), the "at time" should be adjusted to the time at which this new information was provided

Note: The outputs "Official Communication" (C67) or "Sport Communication" (C68) will not be issued with a "REVISED" stamp. If a C67 or C68 needs to be corrected, a new output (with a new item number) should be produced.

2.7 Results Book

The Results Book should contain the documents below, in the following order:

- Taekwondo cover page
- Version History (only if more than one version of the Results Book is produced)
- Competition Format and Rules (N02)
- Competition Officials (C35)
- Number of Entries by NOC (C30)
- Medallists (Individual) (C92A)
- Medal Standings (C95)
- Official Communications (C67) - selected outputs, related to WTF and/or IOC decisions which had an impact on results
- Sport Communication (C68) - if requested by the WTF

For each gender:

- For each weight category (in standard WTF order):
 - Entry List by Weight Category - with bib numbers (C32C)
 - Weigh-in (C56) (scanned including weigh-in results)
 - Draw Sheet (C75)
 - Contest Results (C73) - presented by contest order
 - Official Communication (C67) - selected outputs related to results in that weight category
 - Event Review (N89)

At the end of the Results Book:

- Competition Statistics (C84)

All outputs to be included in the Results Book will be the last version produced. If any included output has been reissued as revised it will show the "REVISED" stamp.

Navigation within the Results Book should be facilitated by the use of bookmarks.

Results Books must be clearly identified with version number and date and time of production. If more than one version of the Results Book is produced, the changes should be described in the Version History.

The OC will produce the Results Book electronically, in PDF format, and make it available for download no later than one (1) day after the Taekwondo competition has finished.

This Results Book will be made available to at least the following parties:

- The IOC
- The WTF
- All NOCs
- Accredited media

3 News Service and Background Information

Data for all Biographies and Historical Results will be supplied by the IOC to the OC.

The IOC has contracted this data collection, integration and delivery to a third party provider. However, the IOC retains full responsibility for this process.

The schedule for delivery of these data is defined by contract. Together with the third party provider, the OC will be responsible for the testing of the transfer mechanism prior to the Test Event and during the Homologation Test. Transfer mechanisms are subject to IOC approval.

The OC and the IOC, together or in parallel, will undertake data quality testing at certain key points in the build-up to the Games.

The WTF is currently not maintaining athlete biographies but agrees to supply historical data as requested in ORIS, in accordance with a schedule agreed between the parties.

The WTF can provide data needed for referee and judge biographies.

The WTF cannot guarantee that all mandatory data items requested to produce the relevant outputs will be included in the data provided.

Checking and updating of data from the WTF and adding missing data shall remain the provider's sole responsibility.

The delivery schedules will be agreed between the WTF and the third party provider. Schedules may be different depending on the type of data.

The WTF wishes to validate part or all of the final data delivered by the provider. In that case, the WTF and the third party provider will agree on a schedule covering the validation process which will be finished before INFO goes live.

The provider will update data after final delivery as required (corrections, information updates, new achievements, etc.).

The IOC will act as a facilitator between the WTF, the OC and the provider.

Before the Games, and within three (3) months following the Closing Ceremony, the IOC will make this data available to the WTF and all NOCs, in an agreed format.

3.1 Historical Results

The following historical data outputs will be available in INFO when it goes live:

- Medallists from previous Olympic Games (N10)
- Medals by NOC (N11)
- Multi-Medallists (N15)
- Results in Last Olympic Cycle (N17A)
- Results in Qualification Period (N17B)

3.2 Biographies and Group Profiles

The following biography and profile outputs will be available in INFO when it goes live:

- Athlete Biography (N20)
- Referee / Judge Biography (N23)
- NOC Profile (N24)

3.3 Facts and Figures

3.3.1 Taekwondo Background Information

Data for the Taekwondo background information will be developed by ONS, in cooperation with the OC Competition Management and the WTF Secretary General well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are

complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- Facts and Figures - History (N86A)
- Facts and Figures - WTF - Federation Facts (N86B)
- Facts and Figures - Qualification Criteria (N86C)

These outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, the WTF Secretary General will immediately inform ONS who will update the information within one (1) working day.

3.3.2 Technical Background Information

Technical background information will be developed by ONS, in cooperation with the OC Competition Management and the WTF Secretary General well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- Competition Format and Rules (N02)
- Facts and Figures - Facility Description (N86D)
- Facts and Figures - Media Information (N86E)

and will send them to the WTF Secretary General for verification.

These outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, ONS in consultation with the WTF Secretary General will update the information within one (1) working day.

3.4 News

There are potentially many different types of information produced under the category of "News". News items are generated during the Games by the Olympic News Service (ONS) at each venue and from the Main Press Centre.

To guarantee continuity news items must be assigned a sequential number.

3.4.1 Pre-competition News

3.4.1.1 Previews

Since many journalists at the Games cover sports in which they may have limited experience, Sport Previews and Daily Previews can be extremely helpful for them.

No later than four (4) days before the first day of competition, the ORIS Taekwondo Working Group recommends that ONS at the Taekwondo venue produces the output:

- Sport Preview (N89)

and every evening for the following days, the output:

- Daily Preview (N89)

The daily previews should summarise the next day's activities for a discipline, focusing on the most newsworthy elements.

3.4.1.2 Head to head and contestants comparison

The ORIS Taekwondo Working Group recommends that the output:

- Head to Head and Contestant Comparison (N62)

be prepared by the ONS for the finals sessions only, and should be released for distribution not later than thirty (30) minutes after the conclusion of the second session.

This should be done for all the contestants expected to compete in the finals.

It has been agreed during the ORIS Taekwondo meeting that this output will be produced only if the information required is complete and accurate.

The WTF will confirm with ONS the availability of this information at the latest by December 2014.

3.4.2 News during and after Competition

Media covering Taekwondo events remotely will need to receive information supplementing the results. ORIS recommends that ONS prepare the outputs described below.

3.4.2.1 Flash quotes

Throughout the Games ONS should produce quotes from athletes, coaches, medallists and any surprise performances in the output:

- Flash Quotes (N87A)

This output must be produced and distributed within fifteen (15) minutes after the quotes are taken.

A selection of the best quotes of each day of the Games should be produced by ONS in the output:

- Quotes of the Day (N87B)

and distributed according to the ORIS distribution rules.

Note: ONS should plan in advance to ensure easy access for interviewers and interpretation services, if required.

3.4.2.2 Press conference highlights

ONS should produce newsworthy press conference highlights in the output:

- Press Conference Highlights (N88)

This output must be produced and distributed no later than thirty (30) minutes after the press conference.

3.4.2.3 Reviews

ONS should produce competition highlights in the outputs:

- Event Review (N89)
- Sport Review (N89)

3.5 Media Communications

Useful information (concerning press conferences, announcements, changes in opening or closing times of the Venue Press Centre, etc.) should be communicated to the media in the output:

- Media Communication (N90A)

General information considered by ONS to be newsworthy (e.g. visitors to the venue, dignitaries, detailed description of equipment used, interesting statistics such as the number and names of world champions competing and missing, etc.) should be communicated to the media in the output:

- News Article (N90B)

ONS should use the output:

- IOC News (N90C)

to publish statements made by the IOC.

Section 1 - Printable Outputs

1 Introduction

This section of the document presents samples for all printable outputs.

There are two groups of outputs:

- Competition related (C outputs)
- News and Background related (N outputs)

ORIS defined outputs are available as PDFs and/or in screen format.

Every output that is printed from a PDF or screen format should be formatted so that it meets the ORIS requirements, including the Look and Feel defined by the OC.

The basic objective has been to make user friendly samples which show the required information and how it should be presented in each output. Emphasis is placed on using data which is as realistic as possible. However, athletes' data may be modified to focus on the necessary types of data (e.g. actual results changed to show ties, IRMs, etc.), venue names used in the samples may differ from the actual Games venues, etc.

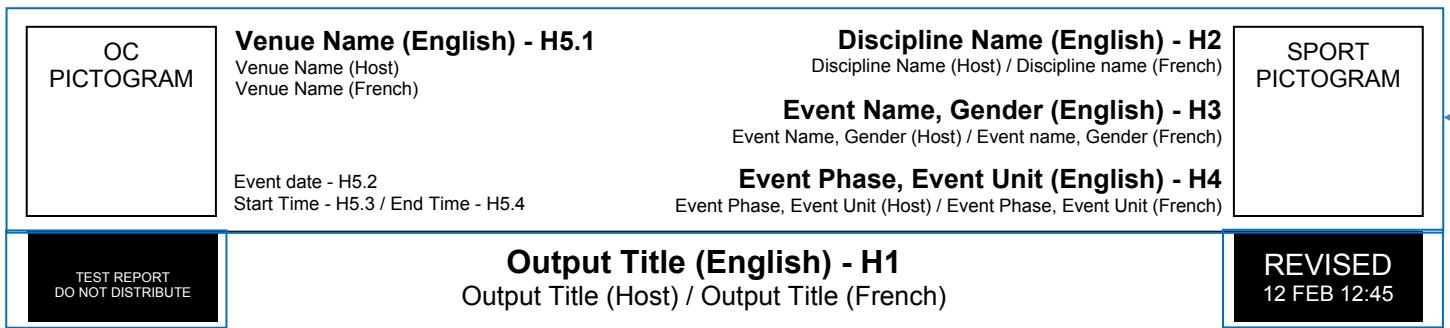

As it is impossible to find samples where all variations of data are used in the same output, in a number of samples some fields or data elements are missing. It should be **particularly noted** that schedule and quota data used in this document do **not** accurately reflect actual schedules and quotas.

Bearing this in mind, **samples should not be used as a reference for complete output definition**, including all possible data variations. All possible data elements and values are included in the data matrix. In all cases the **IF rules should be considered as the primary source** for data processing.

A detailed explanation of the structure of the output samples, description table and data matrix can be found in the "Look & Structure" output.

Rules for Data Formats and Presentation are described in the Appendix C.

This page intentionally left blank.

As of dd MMM yyyy at HH:MM - H6

This is a standard sample to illustrate possible positions of the output header data, stamps and footer.
It is the responsibility of the OC to define the actual look of the printed outputs (separate document).

Output body

Content information:

The content for this part of the output is defined in each appropriate ORIS output.
The requirements set in ORIS need to be met.

Technical information:

All possible values for this part of the output are defined in the data matrix of each output.

Depending on the ORIS requirements for each output, an appropriate Note and/or a Legend may be included

The two free text lines are reserved for content related information e.g. explanations of IRMs, reason for a revised output, etc.

L&S - Look and Structure of Outputs

Description table

The description table gives an overview of output specific requirements and offers space for additional explanations.

Description	A brief description of the purpose of this output
Source	Defines the source of the information for this output. Possible sources are: OC Competition Management , OC Technology, International Federation, etc.
Sort by	Defines the sort criteria by which the content of the output is sorted. The list of criteria will be as long as required to accurately define the sort order. The sort criteria are presented as follows: 1 - Criterion 1 2 - Criterion 2 3 - Criterion 3, etc.
Page break	Defines page breaks into logical groups (if the output does not fit onto a single page)
Notes	Note with static text: if a static Note is required for this output
	Note with predefined text: if a Note with predefined text is required for this output. All possible texts and conditions of predefined Notes will be listed here.
	Free text: refers to "Appendix C - Rules for Data Formats and Presentation"
Legend	Shows all possible abbreviations which could occur in this output. It also indicates if the Legend needs to be positioned on each page of the output or only on the last page of the output. Sports with a large number of possible results codes may state "See Appendix C - Rules for Data Formats and Presentation" rather than listing all results codes here.
IRM rules	In most cases a reference to "See Appendix C - Rules for Data Formats and Presentation" is made here. If there are specific IRM rules for this output, they may be mentioned here.
Comments	Space for further explanations which cannot be included in the samples, in other rows of the description table above, or in the data matrix. These comments should support the users by giving extra information and explanations.

Data matrix

The data matrix defines the required data items, and all possible values, needed in order to create the output. The data matrix follows the structure of the output in a logical order from the top to bottom and from the left to the right, wherever possible.

Columns

The column "Level" can be compared to the headings used for sections and subsections in a technical document:

"Levels" are ordered as follows:

- Whole integer levels (1, 2, 3, 4, etc.) represent a section heading. Each time a new section heading is required the next whole integer is used.
- Levels with two or more digits (1.1, 1.2.1, etc.) represent a subsection heading, or third level heading, etc., of the appropriate higher level heading (like a subsection heading in a technical document)
- The "(n)" in brackets after the level number indicates a "loop" for the values listed under that level or sublevel. Typically, data elements which are defined as "for each" have a level number containing an "(n)".

The column "Data Item" could be compared to the "section heading" (whole integer level numbers) with subsection headings (level numbers with decimal places).

The column "M/D" defines in general if that level is mandatory, desirable or not applicable/explanation only. The following main codes are used:

M	Mandatory
Ma	Mandatory - if applicable
Mc	Mandatory - required under conditions which are explained in the column for comments
D	Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory
Da	Desirable, but only if such data is available
Dc	Desirable under conditions which are explained in the column for comments

-- Not applicable / level explanation only

The column "Comments" includes all possible values of that level, additional conditions, explanations, etc.

Organisation

The data matrix is basically divided into three parts:

- Header data
- Output body data
- Legend, Note and free text data

Note: some static elements (e.g. spelling "Start Time" in header or column titles) are not specifically listed in the data matrix. The data matrix only includes variable data fields.

Header data levels

The header data elements are always defined in levels 1 to 6. These levels are always listed in each data matrix, regardless of the output requirements.

Output header example:

The corresponding data matrix levels are:

Level	Data Item	M/D	Comments
1	Output title (H1)	M	Text
2	Sport discipline (H2)	M	Text
3	Event/Gender (H3)	M	Standard FIS event name
4	Phase & event unit (H4)	Mc	Text - "Run 1" or "N Training" (N="1 st , 2 nd , 3 rd , etc.). (Applicable for DH only if split in 2 runs. N/A for SG).
5	Venue - date - start time - end time (H5)	--	
5.1	Venue name (H5.1)	M	Text
5.2	Event date (H5.2)	M	Date - in the format defined in the OC Look and Feel standard
5.3	Event start time (H5.3)	M	Time - in the format defined in the OC Look and Feel standard
5.4	Event end time (H5.4)	--	NOT APPLICABLE
6	As of date (H6)	--	NOT APPLICABLE

Note: the levels 5.1, 5.2, 5.3 and 5.4 are sublevels of the main level 5 "Venue - date - start time - end time (H5)" since they define values which belong to the same main level (same "topic").

Output body data levels

The output body data elements are defined in levels 7 and higher. In these levels only output specific requirements are listed.

Output body data example (extract 1):

Jury		Technical Data	
TD FIS	KROGOLL Peter	GER	Franz's GS
Referee	SKAARDAL Atle	FIS	1177m
Chief of Race	HOLLIDAY Bruce	CAN	805m
Start Referee	KLAMMER Herbert	ITA	372m
Finish Referee	PALOVICOVA Jana	SVK	8654/11/07

The corresponding data matrix levels are:

7 (n)	For each jury member	--	
7.1	Function	M	Text - Assistant referee is only applicable for DH and SG
7.2	Family name	M	Text
7.3	Given name	M	Text
7.4	NOC code	M	Standard IOC NOC code or "FIS"
8	Technical data	--	
8.1	Course name	M	Text
8.2	Start altitude	M	Numeric
8.3	Finish altitude	M	Numeric
8.4	Vertical drop	M	Numeric
8.5	Course length	Mc	Numeric (N/A for GS and SL).
8.6	Homologation number	M	Text

Note: the levels 7.1, 7.2, 7.3 and 7.4 are sublevels of the main level 7 "For each Jury member" since they define values which belong to the same main level (topic). The "(n)" indicates that the following levels are a "loop", i.e. that levels 7.1 to 7.4 need to be repeated for each jury member. Level 8 represents a new topic and therefore is numbered as the next main level (8). Levels 8.1 to 8.6 are then sublevels of the main level 8. For level 8, no "(n)" is required since each data only appears once.

Output body data example (extract 2):

Number of Competitors: 86, Number of NOCs: 47

Bib	FIS Code	Name	YB	NOC Code	Time
1	205993	HOELZL Kathrin	1984	GER	
2	205218	REBENSBURG Viktoria	1989	GER	
3	185140	POUTAINEN Tanja	1980	FIN	
4	55838	ZETTEL Kathrin	1986	AUT	

The corresponding data matrix levels are:

10	Number of competitors	M	Numeric
11	Number of NOCs	M	Numeric
12 (n)	For each competitor	--	
12.1	Bib number	M	Numeric
12.2	FIS code	M	Numeric
12.3	Family name	M	Text
12.4	Given name	M	Text
12.5	Year of birth	M	Year - in the format defined in the OC Look and Feel standard
12.6	NOC code	M	Standard IOC NOC code
12.7	Time	M	Space

Note: level 10 is a separate main level, only related to the "Number of competitors". Level 11 is the next main level, only related to the "Number of NOCs". Level 12 (n) is another main level, with the "(n)" indicating that the following levels 12.1 to 12.7 are a loop (data required for each competitor).

Note, Legend, free text

The Note, Legend and free text elements are defined at the end of the data matrix. All these levels are always listed, regardless the output requirements.

Example:

Note:	FIS points are from "Special OWG List". FIS WCSL points include all the FIS World Cup races before the Olympic Games.					
Legend:						
DH	Downhill	GS	Giant Slalom	SC	Super Combined	SG
SL	Slalom	WCSL	Overall points	YB	Year of Birth	Super-G
The corresponding data matrix levels are:						
8	Note with static text		M	Text		
9 (n)	Note for each predefined text		--			
9.1	Predefined text		--	NOT APPLICABLE		
10 (n)	Legend		--			
10.1	Abbreviation	Mc	Code			
10.2	Description of abbreviation	Mc	Text			
11	Free text	Ma	Text			

Note: level 8 is a separate main level, only related to the "Note with static text". Level 10 (n) is the main level for the Legend information. The "(n)" is used to indicate a loop since each abbreviation (10.1) and the appropriate description (10.2) need to appear.

Note 2: usually the level "Note with static text" starts as a main level (full number). In special cases, where the Note and Legend should be presented after each output body data, this could be numbered as a sublevel, as part of a level with a loop "(n)".

Stamps

There are two types of stamps. The exact position of these stamps is defined in the separate OC document.

- "Test Report" stamp: this stamp should ensure that no test data is mistaken for real Games data
- "Revised" stamp: if a new version of a previously distributed output is produced (excluding those outputs which are regularly updated and reissued, e.g. outputs containing brackets, statistics, ranking, etc.), it must be stamped "REVISED" including the date and time of output creation. The reason for the revision must be explained as a free text note at the bottom of the last page of the output.

The revised date and time in the stamp is the same date and time as in the output footer data ("Report Creation").

For initial releases stamps are not required.

Output footer data

Each output produced at the Games has clear and unique information in the footer data. These requirements are not listed in the ORIS data matrix, but defined and explained in a separate OC document. In order to have the full overview of an output layout, these data are briefly explained here:

- The "Report Identifier" consists of a nine characters Results System Code (RSC), the ORIS output number (without leading "C" or "N") and the version number
- The "Report Creation" shows the date and time and when the output was created
- The "Page x/y" indicates the current page number (x), and the total number of pages (y), of the output

This page intentionally left blank.

ACTIVITY LIST

TAEKWONDO

As of 15 JUL 2016

Date	Start Time	Estimated Finish Time	Activity	Location	Media Access

Date: _____ Time: _____ Signature: _____.

Scoreboard name lengths (max. characters) should be adjusted by OVR according to the technical scoreboard specifications.
Be aware that all scoreboard name lengths in use must be included in this output and verified before the start of competition.

Note:

Truncated names are indicated with an * and must be checked carefully.

C38 - Entry Data Checklist

Description	Detailed list of all contestants. The purpose of this list is to facilitate the checking of entry data, spelling and name abbreviations for official use on outputs, scoreboards, TV, etc. This output is an internal quality control list.
Source	OC Technology
Sort by	1 - NOC code 2 - Family name 3 - Given name
Page break	Break at "Condition = NOC code" on a new page with repeated output headings and column headings. Within "NOC code" break at "Group = Accreditation number" on a new page with repeated output headings and column headings.
Notes	Note with static text: See sample Note with predefined text: None Free text: See Appendix C - Rules for Data Formats and Presentation
Legend	Use the following description for abbreviations which appear in the output: "-" - Information not available To be displayed at the bottom of the last page of each NOC.
IRM rules	None
Comments	All name items must initially conform to the WTF/OC names policy for the competition. However, names may be changed, as required, to allow for personal preferences and other considerations. Truncated names should be indicated with an * for manual checking. This output should show every name type and the maximum number of characters which may be used (maximum number of characters defined by OC Technology depending on the solution used). For TV names please refer to the OBS requirements document "TV Name Formats". For scoreboard names: The technical characteristics of the scoreboard may require that scoreboard names of several different maximum lengths be defined. The fields "Family name (25)" and "Given name (25)" should be used as the WNPA names (please refer to the "ODF General Messages Interface Document"). Need ability to print the output for a single NOC. The layout of this output may be either in portrait or landscape, as required.

**OFFICIAL COMMUNICATION
TAEKWONDO
MEN -80kg**

Item: 35

Schedule change

The Men -80kg competition has been rescheduled

Summary:

Due to the weather forecast (high probability of thunderstorms), access to the venue may be affected. The competition has consequently been rescheduled to 9:00 tomorrow.

Details:

Thunderstorms with wind speeds of over 120 km/h are forecast for this afternoon, with associated heavy rain and lightning. Due to the increased risk to spectators travelling to the venue and the potential impact on transportation, the Taekwondo Men -80kg competition has been rescheduled to 9:00 tomorrow.

Issued by: WTF Technical Delegate
Time: 11:00
Date: 19 AUG 2016

This decision affects: Results

SPORT COMMUNICATION TAEKWONDO

Item: 35

IOC Rule 50 (Reminder)

Manufacturer identification on clothing and equipment

Summary:

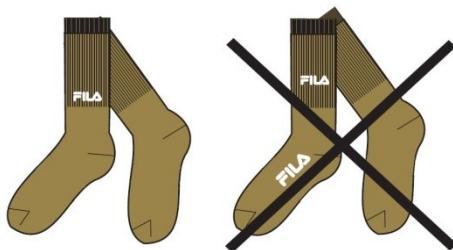

The National clothing must fully comply with IOC rule 50, in all aspects.
This applies to all competition at the Rio 2016 Olympic Games.

Details:

All competition at the Rio 2016 Olympic Games will be held in accordance with the Olympic Charter and the WTF Constitution and Rules which are in force at the time of the Rio 2016 Olympic Games.

Pursuant to the Olympic Charter, the WTF assumes the responsibility for the technical control and direction of its sport at the Olympic Games.

Regarding brand identification on socks, all teams are reminded that the **Rule 50 states: One Identification per accessory item will be permitted, to a maximum.**

Issued by: WTF Technical Delegate
Time: 21:10
Date: 4 AUG 2016

COMPETITION FORMAT AND RULES

TAEKWONDO

As of 23 JUN 2016

Olympic Competition Format

The Taekwondo competition at the Rio 2016 Games consists of four weight categories for both men and women.

Olympic Games Weight Categories

Men	Women
-58kg	-49kg
-68kg	-57kg
-80kg	-67kg
+80kg	+67kg

Each weight category consists of a single elimination tournament. The winner of the final contest is awarded the gold medal and the loser of the final contest is awarded the silver medal.

Losers to the finalists from all phases have a "second chance", and they compete in the "repechages", where the winner of each pool is awarded a bronze medal. The losers of the semifinals are seeded directly to the repechages bronze medal contests, where they will meet with the winners of the previous repechages phases, but from the other pool.

Contestants who lost before the semifinals will meet in the first repechage rounds (RC1) with other losers from the same pool. The winners in each repechage contest advance, the losers are eliminated.

Differences between the WTF World Championships and the Olympic Games

There are fewer weight categories in the Olympic Games than the WTF World Championships (four instead of eight for both men and women). There is only one court for the Games instead of multiple courts at the WTF World Championships.

Two bronze medals are awarded to losers of semifinals at the WTF World Championships. At the Olympic Games a double repechage competition format is applied in order to determine the winners of the two bronze medals.

Changes since the London 2012 Olympic Games

The shape of the competition area has changed to be an octagon.

The Protective Scoring System (PSS) head gear has been introduced.

Sport Rules and Procedures

Competition Method

Contests are conducted in a delimited competition area surfaced with matting, which should be installed on a raised podium. The contestants, "Chung" (blue) and "Hong" (red) compete against each other using punching and kicking techniques performed on permitted parts of the body. Punches to the head and hits below the lower abdomen are forbidden. Permitted parts of the body are covered with protection.

Contest

Each contest consists of three rounds of two minutes, for both men and women, each with one minute intervals between rounds. In the case of a tied score after the completion of the third round, a fourth round of two minutes will be conducted as the golden point overtime round, after a one minute rest period following the third round.

Scoring Format

- Points

One referee, three judges and a review jury manage the contest.

The body **and head PSS** register the kicks automatically. The judges add the technical points (turning techniques). Punches are recorded by the judges.

For an effective attack to the trunk a competitor is awarded one or three point(s), and for an effective attack to the head a competitor is awarded three or four points.

The Central Referee cannot award points.

- **Penalties**

There are two types of penalties: Warning and deduction. Two warning "Kyong-go" (penalties) or one "Gam-jeom" (deduction penalty) leads to the deduction of one point (actually one point is given to his/her opponent). During a contest, if a contestant accumulates five penalty deduction points then the contest is stopped, and his/her opponent is declared the winner by the referee.

- **Score**

Contest scores are the sum of the points scored in three rounds. Points and penalties are displayed on electronic scoreboards positioned on the field of play.

Tie-Break Rules

- In the event of a tied score after the completion of the fourth round, the winner shall be decided by all the refereeing officials on the basis of superiority. The final decision shall be based on the initiative shown during the fourth round.
- In the event of a tied score, a fourth round of two minutes, also known as the golden point round, will be conducted after a one minute rest following the third round. In principle, any points, be it Gam-jeom or Kyong-go, from the previous three rounds shall not be taken into consideration in the golden point round. However, in the event of a tied score after the end of the golden point round, the winner shall be decided based on order of the following criteria:
 - The contestant who achieved a higher number of hits registered by the PSS during the fourth round
 - If number of hits registered by the PSS is tied, the contestant who received the lower numbers of a Kyong-go and Game-jeom (=2 Kyong-gos) during all four rounds
 - If both above criteria do not break the tie, the referee and judges shall determine superiority based on the content of the 4th round

Decisions

Possible decisions about the outcome of the contest are:

1. Win by Referee Stop the Contest (RSC)
2. Win by Final Score (PTF)
3. Win by Points Gap (PTG)
4. Win by Superiority (SUP)
5. Win by Golden Point (GDP)
6. Win by Withdrawal (WDR)
7. Win by Disqualification (DSQ)
8. Win by referee's Punitive Declaration (PUN)

Disqualification

When a contestant is declared non-eligible for the contest, or is disqualified at the weigh-in, a win by disqualification is declared. A contestant can also be disqualified for unsportsmanlike conduct.

Protests / Appeals

Coaches on the field of play have an appeal quota to call for an instant video review (IVR): two appeals given to each contestant up to the Final with a maximum of one appeal per contest. Both finalists will start the final with a quota of one appeal. If the Video Jury decides in favour of the coach making the request, the coach keeps his original quota i.e. a successful appeal does not use up an appeal quota.

The structure and content of this output is recommended as a baseline for creation of the actual output for Games time.

Note:

Highlights

- Switzerland competed at the Athens 1896 Olympic Games and have been ever present since then
- Their first Olympic champion was contestant Louis ZUTTER in the pommel horse in 1896
- In dressage, Hans MOSER won gold in 1948, Henri CHARMARTIN did likewise in 1964 and Christine STUECKELBERGER was the first Swiss woman to win an Olympic gold medal when she won the dressage in 1976. She competed in six Olympic Games and collected a further three silver medals and a bronze medal.
- Roger FEDERER won gold in the Tennis Men's Doubles with Stanislas WAWRINKA at the Beijing 2008 Olympic Games. He carried his country's flag in both 2004 and 2008.

HISTORY TAEKWONDO

Origin of Taekwondo

The history of Taekwondo as a martial art can be traced back almost two millennia ago in the Korean Peninsula. For centuries, this unique self-defence martial art existed in various forms and names. In ancient times, including the Three Kingdoms Period in the Korean Peninsula, the martial art was introduced primarily as a form of physical or military training. In the 1950s, a group of leading Korean grandmasters unified the various forms of the martial art into a single system of self-defence. This unified system came to be known as taekwondo, which literally means "The Way of Kicking and Punching". Taekwondo's popularity soared thereafter, as its forceful and difficult techniques, combined with swiftness and grace, attracted interests from all walks of life. In 1971, taekwondo was nominated as a Korean national sport and in 1972, the Kukkiwon was established. Three years later, on May 28, 1973, the World Taekwondo Federation was founded.

Taekwondo Today

In 1975, taekwondo was accepted as a sport of the General Association of International Sports Federations (GAISF) and within five years, the World Taekwondo Federation was accepted by the International Olympic Committee (IOC) as the sole governing entity of taekwondo. Over the past three decades, taekwondo's global popularity is nothing short of meteoric, as tens of millions of general practitioners around the world associated themselves with the proud tradition, philosophies and health benefits of taekwondo. As of 2008, the global membership of the WTF stands at 188 national associations across five continents.

Taekwondo at the Olympic Games

Taekwondo entered as a demonstration sport at the 1988 Seoul Olympic Games and the 1992 Barcelona Olympic Games. On September 4, 1994, Taekwondo was accepted as an official medal sport of the 2000 Sydney Olympic Games at the 103rd IOC Session in Paris, France. Taekwondo was included in the official programme in the 2004 Athens Olympic Games and will once again feature as an official sport in the 2008 Beijing Olympic Games.

MEDIA INFORMATION TAEKWONDO

Facilities

There are 150 tabled and 84 non-tabled seats in the Beijing Science and Technology University Gymnasium (USTB Gymnasium/STG). The mixed zone for competitors and journalists is located in the corridor adjacent to the Field of Play. Special tickets are not expected to be required for admission to this venue.

Interviews

Journalists may meet competitors in the mixed zone as the competitors exit the competition area. Formal interviews will be held after the medals are awarded. Additional sport conferences might be held based on media requests and the willingness of the interviewees.

Photographer positions

Photographers may shoot from designated positions listed in the Olympic Games Media Guide. In addition, photographers may stop briefly to take pictures from any public area so long as they are not blocking the view of any spectator. Special positions may be arranged in co-operation with the deputy venue manager for media.

Venue Media Centre

The full-service venue media centre supporting journalists covering Judo and Taekwondo has complete results and information services, television monitors, working positions, telephones and food service. A total of 180 work positions are offered, with 30 pay telephones available. The help desk numbers are: 86 10 66672037/2038 (for press), 86 10 66672039 (for photo).

Opening hours for Judo are 9:00 to around 22:30 daily from 9 August to 15 August.

Transportation to the Venue Media Centre will be provided according to the schedule in the Olympic Games Media Guide.

Venue Press Manager

The deputy venue manager for media is ZHANG Erchun, assisted by HU Xin (press), LIAO Qi (photographers), and GUO Yanlin (Olympic News Service).

WTF Media Officer

KANG Seok-jae

FLASH QUOTES
TAEKWONDO
WOMEN +67kg

News Item: 117

ESPINOZA Maria del Rosario (MEX) - Gold medallist

On her feelings:

"I dedicate today's success to all the people that are behind me. Especially my relatives."

"The Beijing Olympic Games are one of the greatest Olympic Games in the history of Mexican Taekwondo because we have got two Gold medals here."

On Mexico winning two Gold medals in Taekwondo:

"I have never imagined before. For Mexico it is a historical breakthrough. For me this Gold medal is meaningful because of my hard training over these years."

FALAVIGNA Natalia (BRA) - Bronze medallist

On winning Bronze:

"This medal is very important to Brazilian sports because they don't have very good training and support. So hopefully after this Bronze medal it will be better in the future."

STEVENSON Sarah (GBR) - Bronze medallist

On her ankle injury:

"It's not broken, but it's going to hurt a lot. I had an injection before the Repechage final, and that will wear off soon."

On winning the first Taekwondo medal for Great Britain:

"It's going to be good for the sport. I wish it was a different colour, but I am really happy I could do it for my family and friends."

On the events that occurred during the competition:

"It's been a rollercoaster day; it's been really hard for everyone."

"They are working on an electronic scoring system, which should hopefully make the game fairer."

"Things have to change; judges can't take people's dreams away like that."

QUOTES OF THE DAY

News Item: 117

A selection of the best quotes from the Rio 2016 Games on Tuesday 16 August 2016

"You can meet a champion on every corner."

Givenname FAMILYNAME (NOC) on the sights in the Olympic Village

"Of course, it is an amazing feeling to represent your country and I hope there will be many more occasions to come, because I really love the sound of our national anthem."

Gold medallist Givenname FAMILYNAME (NOC) on her latest victory

"There are a lot of countries here. I don't even know where half of them are on the map."

The diversity of the Olympic Games amazes Givenname FAMILYNAME (NOC)

"It's our lucky talisman. In 2010 we won the World Championships wearing these bandanas. Have we washed them since? Yes."

Red bandanas with white palm tree motifs are more than a fashion statement for Givenname FAMILYNAME (NOC) and his partner Givenname FAMILYNAME (NOC)

"I did not yet have this colour. I only had three golds and five silvers, so my collection is complete now."

Givenname FAMILYNAME (NOC) completed the set by taking bronze at these Games

"I did not concentrate on my opponent. I only concentrated on my coach."

Givenname FAMILYNAME (NOC) admits taking his eye off opponent Givenname FAMILYNAME (NOC) and this may have been one reason that he lost

"I was tapped on the leg and then I felt myself landing on my shoulder. I cannot really remember what happened. My heart is broken into a thousand pieces."

Givenname FAMILYNAME (NOC) tells of his despair after the collision with Givenname FAMILYNAME (NOC)

PRESS CONFERENCE HIGHLIGHTS

TAEKWONDO

WOMEN +67kg

News Item: 119

Medallists

ESPINOZA Maria del Rosario (MEX) - Gold medallist

On winning the gold medal:

"I'm extremely happy to have participated in the first Olympic Games of my life. I worked very hard to get it. Personally, I'd like to remember everyone that worked with me, my coach, my teammates and my medical team."

On being part of a Mexican team that won two medals from the same sport:

"I am extremely happy that Mexico got two Gold medals in Taekwondo. The first gold medal (Guillermo PEREZ) really motivated me because I saw that if you really work hard, you can do it."

On being the most successful female athlete in Taekwondo from Mexico:

"I am super happy for the results I have been getting. I am still young and I still want to continue for me and for Mexico."

On which fight she found the most complicated today:

"I tried to concentrate and enjoyed every minute of every fight. I gave it my heart, I gave it my all to get to the final."

On when she knew she won the gold medal:

"When the time finished. I fight every fight to the final second, so I only knew when the judge put his hand up that I had won."

SOLHEIM Nina (NOR) - Silver medallist

On what it means to win a medal:

"It has been a tremendous journey. Today at breakfast we had empty pockets and now the four of us have something to take home. I am so happy to take the silver."

On her start in Taekwondo:

"It was my father who introduced me and my twin sister to the sport. We are adopted from Korea and he wanted to teach us some self-defence. It is not for our safety - I think it is for his!"

"My sister Mona is also competing. She didn't qualify for Beijing but she will for (London) 2012."

SPORT PREVIEW

TAEKWONDO

News Item: 1

USA family challenges Korean Taekwondo dominance

- Korea remains the nation to beat in Taekwondo at the Beijing 2008 Olympic Games. However, China, Chinese Taipei and the USA all come with high hopes of striking gold at the USTB Gymnasium from 20 to 23 August.
- Since Taekwondo was introduced as an Olympic sport at the Sydney 2000 Olympic Games, Korea has dominated with a haul of eight medals, five gold medals. China has claimed three gold medals, while Chinese Taipei has a tally of five medals, two of which are gold.
- Four weight categories, (men: -58kg, -68kg, -80kg and +80kg, women: -49kg, -57kg, -67kg, and +67kg), will be contested and four reigning Olympic champions are back to defend their titles.
- Steve LOPEZ (USA) is defending his -80kg title from Athens. He is also the 2000 Olympic champion in the -68kg division. China's CHEN Zhong is aiming for her third Olympic gold after taking top prize in the +67kg division in Sydney and Athens Olympic Games.
- The other two defending champions are CHU Mu Yen (TPE), the Men -58kg Olympic champion from Athens, and Hadi SAEI (IRI), the winner of the Athens -68kg category. The Iranian has moved up to -80kg, to challenge LOPEZ.
- Defending gold medallist LOPEZ is perhaps the most successful member of a Taekwondo family dynasty. His elder brother Jean LOPEZ is the USA Taekwondo team coach, while his younger brother Mark LOPEZ (USA) and younger sister Diana LOPEZ (USA), are competing for the USA Team. The LOPEZ siblings all won world championship titles in 2005.
- There are six other Olympic medallists competing in Beijing 2008: Turkey's Bahri TANRIKULU (silver in Athens), Alexandros NIKOLAIDIS and Elisavet MYSTAKIDOU from Greece, who both won silver medals in Athens; two-time bronze medallist Pascal GENTIL (FRA); Athens bronze medallists HWANG Kyungseon (KOR), Adriana CARMONA (VEN) and Sydney bronze medallist, Yoriko OKAMOTO (JPN).
- The door seems wide open in the Women's -57kg as no reigning world or Olympic champion is competing. Korea has won this division twice. The Women's -49kg is likely to be an open competition with reigning world champion WU Jingyu (CHN) the top contender.
- Current world champion and Olympic bronze medallist HWANG Kyungseon (KOR) leads the Women's -67kg category.
- This field also includes Karine SERGERIE (CAN), who won the -63kg at the 2007 world championships here in Beijing. The woman to beat in the +67kg is two-time Olympic Games gold medallist, Doha 2006 Asian Games gold medallist and reigning world champion, CHEN Zhong (CHN).
- Defending Olympic champion CHU Mu Yen (TPE) and 2007 world champion Juan Antonio RAMOS (ESP) head the Men's -58kg in Beijing. Reigning world champion SUNG Yu-Chi (TPE) and world silver medallist Nesar Ahmad BAHAVE (AFG) are the ones to watch in the -68kg.
- The Men's -80kg features two Olympic gold medallists, LOPEZ and SAEI, as well as reigning world champion and Olympic silver medallist TANRIKULU (TUR). In the Men's +80kg, 2004 Olympic medallists NIKOLAIDIS and GENTIL are joined by 2007 world champion, Daba Modibo KEITA (MLI).

DAILY PREVIEW

TAEKWONDO

SAT 20 AUG

News Item: 14

Taekwondo Day 2 Preview: Clash of champions in Men's competition

Women -57kg

- As the first finisher at the Olympic world qualifying tournament, Lim Su-jeong of the Republic of Korea (ROK) might very well get gold in her Olympic debut. Lim will spare no efforts to mark her birthday, which is celebrated one day prior to the competition, with a belated birthday present.
- Lim will face a strong challenge from Diana Lopez of the United States. As a sibling of the renowned Lopez family, including Steven Lopez and Mark Lopez, who will be competing in the Men's competition, and Jean Lopez, the head coach of the 2008 U.S. Olympic Taekwondo team, Diana Lopez won the 2005 world champion title and a bronze medal at the 2007 World Championships.
- Asian champion SU Li-wen of Chinese Taipei will pose a major threat to Lim and Lopez.
- Nineteen-year-old Croatian athlete Martina Zubcic, the youngest competitor in the weight class, an achiever on the European taekwondo scene, may give fans some pleasant surprises.

Men -68kg

- As eight weight divisions have been merged into four at the Olympic Games, two reigning world champions, 67-72kg Sung Yu-chi of Chinese Taipei, and 62-67kg Gessler Viera of Cuba have both been placed in the same division, the Men's -68kg.
- Nesar Ahmad Bahave of Afghanistan, the 2007 world silver medallist, could win a second medal for his country, after his compatriot Rohullah Nikpai claimed a bronze medal in Day One's competition.
- Although Son Tae-jin of the Republic of Korea has won no major titles, his brilliant performance at the world qualifying tournament, where he defeated both Gessler Viera and Mark Lopez, makes him a powerful contender.
- Mark Lopez, the younger brother of the renowned Taekwondo family, is also among the medal favourites. He will compete on the same day as his sister Diana Lopez. Lopez is the 2005 world title winner and the fifth finisher at the 2007 world championships.
- Nineteen-year-old Turkish Taekwondo fighter Servet Tazegul is another potential medal contender. The young athlete claimed the title at the 2008 European championships in Rome.

MEN +80kg

THU 18 AUG

News Item: 133

Fourth Korean Gold overshadowed by Bronze boil-over

- CHA Dongmin (KOR) won Korea's fourth gold medal when he defeated Alexandros NIKOLAIDIS (GRE) with a score of 5:4, in the final of the Men's +80kg Taekwondo competition at the USTB Gymnasium on Saturday.
- CHA had to adjust quickly to NIKOLAIDIS' attack in the opening seconds of the first stanza after he fell behind 2:0. But he rallied and towards the end of the round, landing an axe kick to the head and finished with a lead of 3:2.
- The second round settled and finished 4:3 with NIKOLAIDIS still within gold medal contention.
- NIKOLAIDIS evened the score in the third 4:4 by way of a roundhouse kick on CHA's spinning attack. With 17 seconds left, CHA contacted and led 5:4 before a break in play left the game with two seconds left. As time was resumed, the two players stood there without movement; NIKOLAIDIS conceding the defeat, bringing up Korea's clean sweep of Olympic gold in Taekwondo.
- CHA's first match of the day was against Kristopher MOITLAND (CRC) and won 1:-2 after MOITLAND had amassed four warnings to go into the minus score. CHA met Akmal IRGASHEV (UZB) in the quarterfinal and beat him 2:0 to meet with Angel Valodia MATOS (CUB) in the semifinal. In the tight match, CHA won his spot in the final 1:0.
- NIKOLAIDIS found his way into the final through a series of close matches throughout the day, winning each one by a single point. His semifinal match resulted in a 3:2 win over Nigeria's Chika Yagazie CHUKWUMERIJE, with the winning point being scored on the buzzer to avert a sudden-death round. He also encountered Abdelkader ZROURI (MAR) in the quarterfinals, winning with a score of 5:4 and in the preliminary match, fought and defeated Arman CHILMANOV (KAZ) for a 4:3 win.
- In a bronze medal boil-over between MATOS and CHILMANOV, MATOS received a one minute break for injury time 1:02 into round two while leading with a score of 3:2. The time expired and MATOS had not yet resumed his position and referee Chakir CHELBAT (SWE) called time and disqualified MATOS. There was a brief discussion at the centre between MATOS, his coach and the referee, with MATOS pointing his finger at the referee while CHILMANOV pumped the air in victory. As the referee awarded the win to CHILMANOV, MATOS let fly with a left roundhouse kick, connecting with the referee CHELBAT's face. The referee walked off the court and approached the officials. MATOS and his coach also tried to approach, but MATOS was turned away and left the arena amid jeers and boos from the crowd.
- In the second bronze medal match, CHUKWUMERIJE won his bronze when he defeated IRGASHEV with a score of 4:3.
- Abdelkader ZROURI (MAR) produced the only knockout of the entire Taekwondo competition, when Juan Carlos DIAZ FALCON (VEN) received an axe kick to the face and was counted out 1:40 into the second round of the preliminary match. ZROURI's day finished in the Repechage where he withdrew after suffering an injury to his left knee 1:28 into round one, providing an easy path for CHILMANOV to meet with MATOS in the bronze medal match.

SPORT REVIEW

TAEKWONDO

News Item: 15

Taekwondo: Europe stronger than ever in Olympic taekwondo

- Europe has emerged as a new taekwondo powerhouse at the London 2012 Olympic Games, ending Korea's dominance in the sport.
- The four days of Taekwondo competition at ExCeL saw favourites making their way to the top but also surprise winners and historic medallists. A different scoring system and new technology, such as the body protector that registers hits electronically and the video replay, made the sport more transparent and fair.
- In London, European (and Turkish) taekwondo collected five gold medals with Jade JONES (GBR, Women -57kg), Milica MANDIC (SRB, Women +67kg), Joel GONZALEZ BONILLA (ESP, Men -58kg), Servet TAZEGUL (TUR, Men -68kg) and Carlo MOLFETTA (ITA, Men +80kg). Until London, Europe had produced only one gold medallist, Michalis MOUROUTSOS (GRE, Men -58kg).
- Spain was the most successful NOC in the Taekwondo competition, with GONZALEZ BONILLA's gold and silver medals for Brigitte YAGUE ENRIQUE (Women -49kg) and Nicolas GARCIA HEMME (Men -80kg). China earned three medals too, gold for WU Jingyu (Women -49kg), silver for HOU Yuzhuo (Women -57kg) and bronze for LIU Xiaobo (Men +80kg).
- Korea was down to one gold and one silver in London. For the first time Korea failed to collect the maximum of four medals as they had in the Olympic Games since Taekwondo was included into the Olympic programme in Sydney 2000. The maximum number of entries per NOC is four (two women and two men).
- However, HWANG Kyung Seon (KOR) retained her Olympic title and, together with her bronze medal from 2004, she is now the most decorated female athlete in the sport. Another highlight of the event was the exciting final between MOLFETTA and Anthony OBAME (GAB) in the Men +80kg decided on a judges' decision after the pair were all square at the end of extra time.
- WU also held on to the title. Beijing gold medallist Maria del Rosario ESPINOZA (MEX, Women +67kg) settled for the bronze while 2008 Olympic champion CHA Dongmin (KOR, Men +80kg) finished off the podium.
- The 32 medals went to 21 NOCs. European countries collected 16 of them.
- Some medals were historic firsts. OBAME earned Gabon's first Olympic medal in any sport with silver in the Men +80kg. Serbia, Argentina and Colombia picked up their first Olympic Taekwondo medals: gold for Sebastian Eduardo CRISMANICH (ARG, Men -80kg) and for Milica MANDIC (SRB, Women +67kg) as well as bronze for Oscar MUÑOZ OVIEDO (COL, Men -58kg). Italy got their first Olympic Taekwondo champion in MOLFETTA.
- Taekwondo has been an Olympic sport since 2000. Before London, Asia had won 34 medals, 17 of which were gold. Europe had 21 medals, North America got eight (Steven LOPEZ's two gold), central and South America earned 13 (three of them gold), Africa and Oceania two each (one gold for Australia). Europe has now brought their medal tally to 37 while Asia has 43, North America now stands at 10, central and South America have 17, and Africa three.
- In London, the era of the LOPEZ (USA) family came to an end. While the three siblings Diana, Steven and Mark LOPEZ had won a medal each in Beijing (two bronze and one silver), this time Diana and Steven lost their first-round bouts. Mark did not qualify.

Taekwondo: IOC disqualifies FAMILYNAME Givenname (NOC) for doping violation

The International Olympic Committee (IOC) on Monday announced that it has disqualified FAMILYNAME Givenname (NOC) from the Taekwondo Women -57kg competition of the Rio 2016 Olympic Games.

Immediately after her participation in the event on 10 August, FAMILYNAME, 23, provided a urine sample that tested positive for the prohibited substance 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid.

The IOC Disciplinary Commission, composed for this case of Mr Givenname FAMILYNAME (Chairman), Mr Givenname FAMILYNAME and Mr Givenname FAMILYNAME, decided:

- I. The athlete, Ms Givenname FAMILYNAME, NOC name, Taekwondo:
 - (i) is disqualified from the Women -57kg competition of the Rio 2016 Olympic Games where placed 7th;
 - (ii) shall have her diploma in the above-mentioned event withdrawn; and
 - (iii) shall have his Olympic identity and accreditation card cancelled and withdrawn immediately.
- II. The WTF is requested to modify the results of the above-mentioned event accordingly and to consider any further action within its own competence.
- III. The NOC of the member country is ordered to return to the IOC, as soon as possible, the diploma awarded to the athlete in relation to the above-mentioned event.
- IV. The IOC administration is requested to reallocate the diplomas to the athletes that finished behind Ms FAMILYNAME in the above-mentioned event, in which Ms FAMILYNAME placed 7th at the Rio 2016 Olympic Games.
- V. This decision shall enter into force immediately.

Under the IOC Anti-Doping Rules applicable to the Rio 2016 Olympic Games, testing takes place under the IOC's auspices from the opening of the Olympic Village to the Closing Ceremony. Within that period, the IOC systematically performs tests before and after events. After each event, the IOC systematically carries out tests on the top five finishers plus two at random. The IOC also performs out-of-competition unannounced tests. Over the course of the Rio 2016 Olympic Games, the IOC is expected to carry out some 5,000 tests - 3,800 urine and 1,200 blood. For more information, please consult the IOC factsheet on anti-doping.

Section 2 - Distribution Rules

1 Introduction

This section explains what Taekwondo information is required, the function producing the outputs and when the OC should supply it to the different users or user groups according to the ORIS standards. The information is presented in tabular format to allow a well structured overview of affected outputs, the appropriate work flow and the production time.

This section is divided into three chapters:

- "Event Related Requirements" (chapter 2) gives a detailed description of events processes for outputs preparation, production, checking/approval, and final distribution rules of printed outputs and INFO. The chapter is organised in such a way that the requirements of each user or user group are listed separately and grouped chronologically by the time condition that triggers production and/or delivery.
- "Other Outputs" (chapter 3) describes the process for preparation and production of all outputs that are identical for all events (Schedule, Entries, Background Information, etc.) together with those outputs (event related and non-event related) that could be produced at any time before, during or after competition. It also includes the final distribution rules for both printed outputs and INFO grouped in chronological order.
- "Distribution Rules and availability of all outputs grouped by ORIS output code" (chapter 4) gives an overview of all outputs produced for Taekwondo. The outputs are sorted by output code and listed together with their production time and distribution rules. The table following describes the time abbreviations used to define the availability of the outputs. All delivery times are understood to imply that distribution will occur "no later than" the defined time, unless otherwise stated (e.g. protest times).

It is the responsibility of the WTF and the OC Competition Management to carry out data and output verification processes efficiently.

Installing adequate equipment at appropriate locations and providing sufficient well trained people to manage the technology and distribution processes are key factors to meet the requirements of output delivery within the defined time frame.

The main producers of outputs are:

- IDS - Information Diffusion System (e.g. provisional entries, scheduling, etc.)
- ONS - Olympic News Service (e.g. production of new articles, press conference highlights, etc.)
- OVR - On Venue Results system (e.g. results and timing feeds)
- VRM - Venue Results Manager (creation of other outputs, e.g. competition officials, IF schedules, course maps updated during Games, etc.)

The creation of outputs may be carried out by one or a combination of the producers listed above.

Printed outputs may be delivered to clients by several different means, for example:

- Display on Bulletin Board (media area, athletes' area, Olympic Village, etc.)
- Personal delivery to individual clients (Technical Delegate, WTF office, etc.)
- Place in pigeonholes (Venue Press Centre, Competition Management, Sport Information Desk, etc.)
- Single copy delivery (Sport Presentation, Competition Management, etc.)

It is the responsibility of OC Technology, in collaboration with each client, to determine the number of copies to be delivered to each distribution point. Once competition has started, the initial distribution requirements should be adjusted to optimise the number of copies required at every distribution point, and at different times of day and stages of the competition. OC Technology should remain flexible to ensure that the number of copies supplied adequately meets (but does not exceed) demand. It is

essential that sufficient well trained personnel, with the appropriate accreditation to access all distribution points, are available to ensure consistent delivery within the defined time frame, and monitor the actual demand at each distribution point.

If a new version of a previously issued output is produced for any reason (e.g. a revised output) the existing version in INFO must always be replaced with the new version. In this way the latest version of each output will be maintained in INFO even though there is no new distribution time defined in this section.

All outputs to be included in the Results Book will be the last version produced, even if stamped "REVISED".

2 Event Related Requirements with Predefined Production Time

This chapter describes the process of production and delivery for all outputs generated during the lifecycle of an event either by On Venue Results system (OVR), or by any other function such as Olympic News Service (ONS), or OC Competition Management with the exception of those event related outputs that do not have a defined production time and which are listed in the chapter "Other Outputs".

The process is described in tabular format, in which each step is described in a row listing the deliverable, with columns that define a time reference (When), the user or user group (Who) responsible for delivering which output (What) and for/to whom (Whom). Processes and outputs are listed in chronological order, covering the period starting with preparation for the draw, followed by the draw itself with start lists production and their distribution, previews, production and distribution of outputs during the event, up to the completion of the event with flash quotes, reviews, medal outputs, etc. Specifications include both "C" and "N" type outputs that are produced during the period described above.

After the table describing the process, there is another table that sets out the distribution rules for each of the outputs previously described, with instructions to which user or user group and at which locations each of these outputs should be distributed. Those outputs, which only need to be published in INFO are clearly indicated.

When the competition formats of different events have different processes (even in details), both sets of tables are prepared for each event (or group of events) **that have a unique format**.

The **unique format** means that ONLY events sharing absolutely identical procedures from beginning to end, and producing identical outputs, will be listed together (e.g. all weight categories).

3.2 Event Related Outputs without Defined Production Time

This table lists all outputs (both event related and non-event related) that could be produced at any time before, during or after competition. These outputs may also be produced at defined times within an event (e.g. Flash Quotes, Press Conference Highlights after finals) in which case they would also be included in the appropriate process in chapter "Event Related Requirements".

3.2.1 Process

Time Reference (When)	From (Who)	Deliverable (What)	To-For (Whom)	Distribution Availability Code

4 Distribution Rules for Printable Outputs Grouped by ORIS Output Code

This chapter gives an overview of all outputs produced for Taekwondo sorted by ORIS output code.

All availability codes are "Point in Time" (PiT) codes, indicating a defined time trigger for the production of an output.

C-outputs shown with a "Y" in the INFO Screen format column will be available in real time format.

Please refer to the document "On Screen Results Presentation" for further details.

Every output available in screen format should be formatted in a printable version according to the ORIS requirements, including the Look and Feel defined by the OC.

5 Distribution Availability Codes

Code	Description of abbreviation
AEDRM	After each Delegation Registration Meeting
ASED	After both the Sport Entry Deadline has passed, and INFO operations have started (whichever is later)
DIFO	Day WTF and Competition Management operations start
DIO	Day INFO operations start
DPCO	Day press centre (main or venue whichever comes first) operations start
EOD	End of day
OVRO	On Venue Results becomes owner of data
WPC	When presenters are confirmed
xDBC	X (x) day(s) before the first day of competition
xEBCD	X (x) evening(s) before a competition day
xHBD	X (x) hour(s) before the draw
xADM	X (x) minute(s) the draw (Head of Team meeting)
xMAC	X (x) minute(s) after the competition
xMACSA	X (x) minute(s) after a weight category is completed within a session and the results are approved
xMAD	X (x) minute(s) after the draw is completed
xMAE	X (x) minute(s) after the event (weight category)
xMAFA	X (x) minute(s) after the results of the final contest for the weight category are approved
xMAJ	X (x) minute(s) after each jury or other official body decision
xMALFD	X (x) minute(s) after the last final of the day
xMAMRA	X (x) minute(s) after medal results are approved
xMAPR	X (x) minute(s) after public release of a communication
xMAQ	X (x) minute(s) after quotes/a press conference
xMARA	X (x) minute(s) after results of each contest are approved
xMAS1	X (x) minute(s) after session 1
xMAS2	X (x) minute(s) after session 2
xMPEC	X (x) minute(s) prior to each contest (after referee and judges assignments)

Section 3 - Real Time Information

1 Introduction

This section of the document defines scoreboard layouts, sport specific real time data available through ODF and serves as a reference for on screen results presentation.

The basic objective has been to make user-friendly samples and emphasis is placed on using realistic data where possible. This is to ensure that the focus is on the type of data which must be included rather than on the accuracy of data shown in the sample.

All possible variations of the type of event and each stage of the competition are presented. The type of data required and the triggering conditions are defined.

While the data content and triggering conditions for each screen are mandatory (and therefore subject to the Change Management process), the presentation of the real time outputs will be based upon an agreement reached between the WTF and the OC (and providers).

This page intentionally left blank.

2 Scoreboards

2.1 General Rules

2.1.1 NOC Names

Whenever NOC names are used, they should be taken from the official IOC "NOC long and short names document", which is available on the IOC ORIS extranet (see "Public documents" in the navigation menu on the left). The same name length should consistently be used within similar screens.

2.1.2 Athletes and Officials' Names

All possible scoreboard name lengths which are required for scoreboard screens must be verified through the process described in the chapter "Entries and participant data" in Procedures.

2.2 Technical Specifications

This section has been developed based on a standard matrix. More sophisticated solutions (e.g. video, plasma screens, font colour, font size, graphical characters, etc.) may be provided. The content of the scoreboard screens are defined in ORIS. The detailed layout of the scoreboard screens is the responsibility of OVR, and will be confirmed during the Homologation Test, subject to the WTF's approval.

2.3 Part A - Before and during a Session

2.3.1 Schedule

- What: Screen shows schedule with screen title, for each contest: time, final title (during the finals only), standard WTF weight category name, phase code (during the elimination rounds only) and NOC codes of the contestants in the contest.
Note: phase codes: R16, QF, SF, REP
Note: before contestants are known: NOC code should be replaced by "___"
- When: Prior or during a session at the discretion of the producer
- How: Free text. Prior to, or during, a session at the discretion of the producer.

Schedule presentation during the elimination rounds:

SESSION SCHEDULE					
15:00	WOMEN	-49KG	QF	FRA	V KAZ
15:15	MEN	-58KG	QF	___	V USA
...					

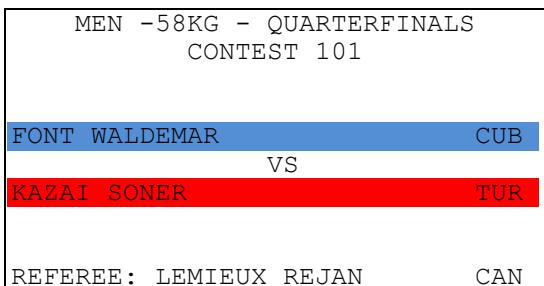

Schedule presentation during the finals:

SESSION SCHEDULE					
BRONZE MEDAL CONTESTS					
19:00	WOMEN	-49KG		SUI	V JPN
19:15	WOMEN	-49KG		USA	V CHI
19:30	MEN	-58KG		FIN	V RUS
19:45	MEN	-58KG		KOR	V CAN
GOLD MEDAL CONTEST					
20:00	WOMEN	-49		CHN	V KOR
20:15	MEN	-58		FRA	V GBR

2.4 Part B - Before the Start of a Contest

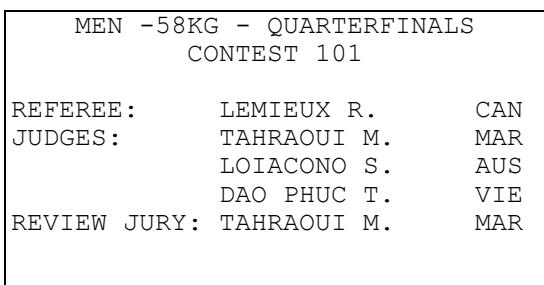

2.4.1 Contest - Contestants

- What: Screen shows presentation of contestants for the next contest with standard WTF weight category name, standard WTF phase name, contest number, for each contestant (in colour blue or red): scoreboard name, NOC code, contest referee with scoreboard name and NOC code
- When: Before the start of a contest at the discretion of the producer
- How: Static screen

2.4.2 Contest - Referee, Judges and Review Jury

- What: Screen shows presentation of referee, judges and review jury for the next contest with standard WTF weight category name, standard WTF phase name, contest number, for the referee, each judge and the review jury: scoreboard name and NOC code
- When: Before the start of a contest at the discretion of the producer
- How: Static screen

2.4.3 Road to the Final (Gold medal contest only)

- What: Screen shows the progression of a contestant who reached the final with standard WTF weight category name, screen title, for the contestant (in colour blue or red): scoreboard name, NOC code, for each phase: phase code, opponent's scoreboard name, NOC code and total score.
Note: phase codes: R16, QF, SF, REP.
- When: Before a Final
- How: Static screen

MEN -58KG	
ROAD TO THE FINAL	
TANABE CHIKARA	JPN
DEFEATED:	BY
SF: WEI CHEN-YANG	TPE 1:0
QF: KHALIL SAFWAN	AUS 7:3
R16: BAYOUMI TAMER	EGY 4:3

2.5 Part C - During the Competition

2.5.1 Contest Results

- What: Screen shows contest results with standard WTF weight category name, standard WTF phase name, contest number, for each contestant (in colour blue or red): scoreboard name, NOC code, for each round: round score, total score, golden point round score (in case of golden point round only)
- When: During a contest
- How: Dynamic screen

MEN -58KG - QUARTERFINALS						
CONTEST 101						
FONT WALDEMAR				CUB		
1	1	0	2	2		
ROUND 1	2	3	TOT	4		
1	1	0	2	0		
KAZAI SONER				TUR		

2.5.2 Video Review - Request by Referee or Judges

- What: Screen shows presentation of video review - request by referee or judges, with standard WTF weight category name, standard WTF phase name, screen title, for person who requested video review: official title ""THE REFEREE" or "THE JUDGES"
- When: During a contest
- How: Dynamic screen

MEN -58KG - QUARTERFINALS						
VIDEO REVIEW						
REQUESTED BY:						
THE REFEREE						

2.5.3 Video Review - Request by Contestant

- What: Screen shows presentation of video review - request, with standard WTF weight category name, standard WTF phase name, screen title, for each requested video review (in colour blue or red): scoreboard name, NOC code and remaining quota for video review (0 or 1).
Note: the video review may be requested by one or both contestant(s).
Note: the remaining quota for video review requests depends on the result of the video review.
- When: During a contest
How: Dynamic screen

1) When requested by one contestant:

MEN -58KG - QUARTERFINALS	VIDEO REVIEW
REQUESTED BY:	
FONT WALDEMAR	CUB
REMAINING QUOTA: 1	

2) When requested by both contestants:

MEN -58KG - QUARTERFINALS	VIDEO REVIEW
REQUESTED BY:	
FONT WALDEMAR	CUB
REMAINING QUOTA: 1	
REQUESTED BY:	
KAZAI SONER	TUR
REMAINING QUOTA: 0	

2.5.4 Video Review - Outcome

- What: Screen shows presentation of video review - outcome, with standard WTF weight category name, standard WTF phase name, screen title, for each requested video review (in colour blue or red): outcome ("ACCEPTED" or "REJECTED"), scoreboard name, NOC code, remaining quota for video review (0 or 1).
Note: the video review may be requested by one or both contestant(s).
Note: the remaining quota for video review request depends on the result of the video review.
- When: During a contest
How: Dynamic screen

1) When requested by one contestant:

MEN -58KG - QUARTERFINALS	VIDEO REVIEW
REQUESTED BY:	ACCEPTED
FONT WALDEMAR	CUB
REMAINING QUOTA:	1

2) When requested by both contestants:

MEN -58KG - QUARTERFINALS	VIDEO REVIEW
REQUESTED BY:	ACCEPTED
FONT WALDEMAR	CUB
REMAINING QUOTA:	1
REQUESTED BY:	REJECTED
KAZAI SONER	TUR
REMAINING QUOTA:	0

2.5.5 Results after the Contest

- What: Screen shows results after the contest with standard WTF weight category name, standard WTF phase name, contest number, for each contestant (in colour blue or red): scoreboard name, NOC code, for each round: round score, total score, golden point round score (in case of golden point round only) and text description of win
- When: After completion of a contest
- How: Static screen

MEN -58KG - QUARTERFINALS					
CONTEST 101					
FONT WALDEMAR					CUB
1	1	0	2	1	
ROUND	1	2	3	TOT	4
1	1	0	2	0	
KAZAI SONER					TUR
CUB WON BY GOLDEN POINT					

2.5.6 Contest Won by DSQ or WDR

- What: Screen shows "DSQ" or "WDR" contest with standard WTF weight category name, standard WTF phase name, contest number, for each contestant (in colour blue or red): scoreboard name or "NO CONTESTANT", NOC code or blank and text description of win
- When: After a bye contest
- How: Static screen

MEN -58KG - QUARTERFINALS					
CONTEST 101					
FONT WALDEMAR					CUB
ROUND	1	2	3	TOT	4
NO CONTESTANT					
CUB WON BY DSQ					

2.5.7 Winner and Loser of Contest

- What: Screen shows presentation of the winner with standard WTF weight category name, screen title, for winner (in colour blue or red): scoreboard name and NOC code, advance to the next round and, depending on the status of the next contest, either:
1) "AGAINST WINNER OF:", for each contestant: scoreboard name, NOC code, scheduled time
2) "AGAINST:", for contestant: scoreboard name, NOC code, scheduled time
- When: After completion of a contest
- How: Static screen

1) Will compete against winner of next contest:

MEN -58KG	
WINNER:	
FONT WALDEMAR	CUB
ADVANCES TO SEMIFINAL	
AGAINST WINNER OF:	
PEREZ GUILLERMO	MEX
VS	
HARVEY MICHAEL	GBR
SCHEDULED AT 15:15	

2) Will compete against:

MEN -58KG	
WINNER:	
FONT WALDEMAR	CUB
ADVANCES TO SEMIFINAL	
AGAINST:	
HARVEY MICHAEL	GBR
SCHEDULED AT 15:15	

2.6 Part D - During the Victory Ceremony

2.6.1 Presenters

- What: Screen shows the presenters with discipline name, standard WTF weight category name, screen title and for each presenter or accompanying person: title, scoreboard name, NOC code and function.
Please note that there is a possibility that the screen title should be applied if required (e.g. "Victory Ceremony" could be "Flower Ceremony", etc.).
- When: As the dignitary is introduced before the ceremony
- How: Single screen

TAEKWONDO MEN -58KG VICTORY CEREMONY
PRESENTER: MR GERHARD HEIBERG - NOR IOC MEMBER
ACCOMPANIED BY: MR HENSON JOSIAH - USA WTF VICE-PRESIDENT

2.6.2 Medallists

- What: Screen shows list of medallists with discipline name, standard WTF weight category name, screen title. For each medallist show medal type, scoreboard name, NOC code.
- When: During the ceremony
- How: Static screen if all medallists are presented at the same time, dynamic screen if the medallists are presented by medal type

If the medallists are presented at the same time:

TAEKWONDO MEN -58KG VICTORY CEREMONY
GOLD MOUROUTSOS MICHAEL GRE
SILVER ESPARZA GABRIEL ESP
BRONZE BAYOUMI TAMER EGY
BRONZE HUANG CHIH-HSIUNG TPE

If the medallists are presented one by one, use the following order:

As the first bronze medallist is presented:

TAEKWONDO MEN -58KG VICTORY CEREMONY

BRONZE HUANG CHIH-HSIUNG	TPE
--------------------------	-----

As the second bronze medallist is presented:

TAEKWONDO MEN -58KG VICTORY CEREMONY

BRONZE BAYOUMI TAMER	EGY
BRONZE HUANG CHIH-HSIUNG	TPE

As the silver medallist is presented:

TAEKWONDO MEN -58KG VICTORY CEREMONY

SILVER ESPARZA GABRIEL	ESP
BRONZE BAYOUMI TAMER	EGY
BRONZE HUANG CHIH-HSIUNG	TPE

As the gold medallist is presented:

TAEKWONDO MEN -58KG VICTORY CEREMONY

GOLD MOUROUTSOS MICHAEL	GRE
SILVER ESPARZA GABRIEL	ESP
BRONZE BAYOUMI TAMER	EGY
BRONZE HUANG CHIH-HSIUNG	TPE

This page intentionally left blank.

3 Sport Specific Real Time Data

3.1 ORIS Data Availability Description

All data elements presented in this section are supplementary to the data elements defined in Section 1 - Printable Outputs and other sections of the ORIS Taekwondo document. The data elements listed here may be useful for other sport specific real time data presentation (e.g. live screens on websites).

3.2 Examples

3.2.1 Match Duration

- During the contest, for each of the three rounds: the timing clock starts a countdown of two (2) minutes for both men and women
- Golden Point round: the timing clock starts a countdown of (2) minutes
- End of contest: the total duration of the contest (includes also the duration of the Golden Point round) is provided

Frequency: at start, stop and after each score update

3.2.2 Score Updated

Frequency: when the score changes

3.2.3 Instant Video Review Request and Outcome

- Triggered when a review is requested. Includes who requested the review and the concerned contestant(s).
- Triggered when the outcome is known: include contestant(s), Accepted / Rejected, score update (positive or negative), remaining quota of appeals.

This page intentionally left blank.

4 On Screen Results Presentation

Some screens will be updated in real time whenever new information becomes available (e.g. score change/results update). These screens are split into two major categories:

- Schedules (before, during and after competition)
- Results (including start lists, statistics, etc.)

Detailed descriptions of these screens are available in the document "On Screen Results Presentation".

This page intentionally left blank.

Appendix A - Glossary

1 Terms

The specific terms used in the ORIS Taekwondo document are defined as follows:

Term	Definition
Athlete preferred name	When NOCs apply for accreditation, they should provide the preferred family and given name for all athletes. These names should be the names that the athletes normally use, and by which they are popularly known while participating in other international competitions.
Bib number	Competitor's number during the competition.
Chung	Blue.
Common Codes	The set of data that are considered Common Codes from the Technology perspective of the Games. Among others, Sports, Disciplines, Events, Event phases, Event units and Venue names are defined in the Common Codes.
Competition	The competition runs from the start of the first event of a sport to the completion of the last event of a sport, excluding the Opening and Closing Ceremonies.
Competition Supervisory Board (CSB)	The Competition Supervisory Board evaluates the performance of referees, judges and the review jury and takes disciplinary actions as required. The Competition Supervisory Board is located on the field of play.
Contest	The event unit, a match between blue and red competitors, adjudicated by one referee, three judges and a review jury. Contest duration is three rounds of two (2) minutes, with one (1) minute breaks between rounds. When necessary, a two (2) minute Golden Score Point round will be played to determine the winner of the contest.
Court	The field of play area is commonly known as the court.
Delegation Registration Meeting (DRM)	The Delegation Registration Meeting is the process for official registration of all athletes and team officials who will participate at the Olympic Games. All NOCs must attend a DRM with the OC prior to being permitted entry into the Olympic Village.
Discipline/Sport discipline	"A discipline is a branch of a sport comprising one or several events." (as per Olympic Charter)
Disqualification	A ruling by officials that a competitor has broken the rules of the sport and cannot be considered for placing in an event unit, a phase or an event.
Draw	A draw carried out by the WTF for all weight categories during the Head of Team meeting. Seeded contestants are allocated a spot

Term	Definition
Event	on the bracket; non seeded athletes are manually drawn.
Head of team	"An event is a competition in a sport or in one of its disciplines, resulting in a ranking and giving rise to the award of medals and diplomas." (as per Olympic Charter)
Gam-jeom	See "Taekwondo References" for the list of events.
Hong	Penalty point awarded to the opponent.
INFO	Team leader.
Head of Team meeting	Also known as "Head of Team meeting and Draw". This meeting take place two (2) days before the first (1) day of competition.
IDS	Red.
Information Diffusion System (IDS)	INFO is an intranet which allows access to results, news, biographies, background, schedules, medals, records, transport and weather information. During the Games, INFO will be accessible either through dedicated workstations (kiosks) or remotely for accredited users or organisations (rate card may apply).
Initial Download	IDS is the complete solution for the centralisation and distribution of information (e.g. schedules, results, news, etc.) through ODF to different clients such as International Federations, OC website, press agencies, etc. IDS also includes provision of INFO and CIS.
IVR	The process of transferring all participants' data from the SEQ database to On Venue Results. This step takes place a few days before competition starts for each sport discipline.
Judge	A system used during a contest to review any disputed action on request of a coach, the referee or the judges.
Kyong-go	Judges are responsible for awarding points to contestants. They sit outside the competition area. In each contest, there are three judges.
LAR	Warning penalty. For every two warnings, one point is awarded to the opponent.
Late Athlete Replacement (LAR)	An IOC policy defining the conditions under which an athlete who is unable to compete can be replaced by another eligible athlete who was not confirmed for participation in the Games.
ODF	The Olympic Data Feed (ODF) is the unique data feed used to transfer information from the venue to clients such as INFO, the official website, International Federations, National Olympic Committees, World News Press Agencies, Rights Holding Broadcasters, etc. ODF provides data at point in time (e.g. start lists, results, medallists, etc.) or real time (e.g. instant results and ranking, instant speed, etc.). The ODF technical specifications are available at: http://odf.olympictech.org
Olympic Games	"The Olympic Games are competitions between athletes in

Term	Definition
	individual or team events and not between countries. They bring together the athletes selected by their respective NOCs, whose entries have been accepted by the IOC. They compete under the technical direction of the IFs concerned." (as per Olympic Charter)
	The Olympic Games include the Opening Ceremony, Closing Ceremony, official training, competition and other competition related activities.
Olympic News Service (ONS)	The Olympic News Service exists to provide the media with comprehensive coverage from every race, every match, every session, every day, across every sport at the Olympic Games. This coverage, along with background information including historical results and records, and biographies on every competitor, is published on a secure intranet system called INFO, enabling the media to report accurately and extensively from multiple venues at the same time. The news service is the official source for independent and balanced coverage of the Olympic Games.
On Venue Results (OVR)	The systems, services and technicians responsible for timing and scoring data. OVR produces start lists, results and other competition related rankings, statistics and analysis for the sport discipline. This includes distribution to clients and use by other services, e.g. scoreboards, TV Graphics, INFO, ODF, etc.
Phase	A step in the progress of the competition.
	See "Taekwondo References" for the list of competition phases.
Pool	The contestants of a weight category are divided into two pools: A and B. The winner of each pool qualifies for the final.
Protector and Scoring System (PSS)	Contestants' protective vest and headgear equipped with electronic sensors to register valid attacks on the trunk or the head.
Rank	Placing in an event. Contestants are ranked by competition results according to WTF rules.
Referee	The Referee manages the contest on the court.
Repechages	A phase of competition for the bronze medal, after the round of 16, offering a "second chance" to competitors who lost to the finalists in all phases.
Results System Code (RSC)	The Result System Code is a nine character code structured as follows: DDGEEPUU, where: <ul style="list-style-type: none">• DD: Discipline code• G: Gender• EEE: Event Code• P: Phase• UU: Event Unit
Review Jury	The Review Jury is a single official operating the Instant Video Review system during competition. He will give his decision to the Referee.
Round	A stage of a competition. See "Phase".

Term	Definition
Session	A group of contests specified by a period of time.
Sport	A sport is administered by an International Federation and may be composed of one or more disciplines.
Sport Entries and Qualification (SEQ)	A service provided by the OC sports department responsible for processing and managing the entries received from the NOCs, according to the guidelines of the Olympic Charter and the qualification systems defined by the International Federations, which are approved by the IOC.
Technical Controller (TC)	The Technical Controller ensures that the competition runs according to the schedule, and cooperates with the stakeholders of the Taekwondo competition including ORIS, OC Technology, Sport Presentation and Olympic Broadcasters in close communication with the OC Competition Manager. The Technical Controller may be responsible for issuing "Official Communications". The Technical Controller is also responsible for overseeing and approving the equipment and the result of weigh-in.
Technical Delegate (TD)	The Technical Delegate is appointed by the International Federation to "ensure that their rules are complied with and to review and validate all technical elements of the competitions including entries, venue standards, competition schedule, pre-Olympic events as well as the conditions regarding accommodation, food and transport provided for the Technical Officials and Judges." (as per Olympic Charter)
Tripartite Commission	<p>The Tripartite commission is composed of:</p> <ul style="list-style-type: none"> • The IOC • The Association of National Olympic Committees (ANOC) • The Association of Summer Olympic International Federations (ASOIF) <p>The main objective of the Tripartite Commission is to allocate Invitation Places to a number of NOCs without or with few athletes qualified, allowing them to participate in the Olympic Games, in order to strengthen the principle of universal representation.</p>
Venue Results Manager (VRM)	The Venue Results Manager coordinates all stages of On Venue Results in preparation for the Games as well as during the Games (e.g. coordination with other functional areas, software testing, interaction with ORIS)
Weigh-in	Process of validating a contestant's weight on the official scale one (1) day before a competition.
Weight category	See "Event".

2 Specifications

2.1 Participants

In the following table, several different participant types may apply to the same sport/discipline depending on the event competition format.

Participant Type	Defining Characteristics	Sports / Disciplines	Code
Individual	Individuals	<ul style="list-style-type: none">Cycling, Rowing (singles), Swimming (except relays), Triathlon, etc.	I
Group - Indivisible	Individual athlete results are not recognised as part of the group results (crew, teams, pairs, duets, etc.)	<ul style="list-style-type: none">Bobsleigh, Figure Skating (couples), Synchronised Swimming, Rowing (crew), Athletics (relays), etc.	IG
Group - Divisible	Individual athlete results are recognised as part of the group results (teams, doubles, etc.)	<ul style="list-style-type: none">Artistic Gymnastics (team), Equestrian (team), etc.	G
Team	Team competition (group of players forming one side in Team sports)	<ul style="list-style-type: none">Basketball, Curling, Football, Handball, Hockey, Volleyball, Water Polo, etc.	T

2.2 Progression Types

Progression	Definition	Disciplines / Events
Seeding or Qualification	All participants are ranked after an initial phase. All of the participants (Seeding), or a limited number of the participants (Qualification), advance to the next event phase/unit based on this ranking.	<ul style="list-style-type: none">Seeding: Archery, Cycling BMX, Snowboard (Snowboard-Cross), etc.Qualification: Athletics (Long Jump), Canoe Sprint, Rowing, etc.
Single phase	All participants compete for a ranking in one event phase/unit	<ul style="list-style-type: none">Cycling Mountain Bike, Cycling Road, Swimming Marathon, Triathlon, etc.
Combined	All participants compete in one or more event units, in a single phase, or in multiple phases	<ul style="list-style-type: none">Disciplines: Athletics (Decathlon), Equestrian, Modern Pentathlon, etc.Races: Alpine Skiing (for the 1+ run events), Bobsleigh, Cycling Track, Luge, Sailing, Skeleton, etc.

2.3 Competition Format Types

Type	Definition	Results Type
In-line	Participants compete under the same conditions to achieve a result which will lead to a ranking from 1 to n	<ul style="list-style-type: none"> Measurements (time, weight, distance, height, etc.) Scores Judges' decisions (points, etc.).
Pool	Group of several participants, competing against each other in a round robin	<ul style="list-style-type: none"> Points
Bracket	<p>Competition in which participants compete in heats or head-to-head. Winner(s) progress in a bracket towards the gold medal, loser(s) are eliminated or redirected</p> <p>Bracket types:</p> <ul style="list-style-type: none"> Bracket with direct elimination (e.g. Boxing) Bracket with direct elimination, classification and finals (e.g. Water Polo) Bracket with direct elimination and finals (e.g. Tennis) Bracket with direct elimination, repechage and finals (e.g. Judo) 	<ul style="list-style-type: none"> Win/Loss
Cumulative	Results achieved in different stages of competition, contributing to the participant's event results (e.g. Athletics combined events, Sailing fleet racing)	<ul style="list-style-type: none"> Addition of results (points, times)

Appendix B - Abbreviations

The following abbreviations are used in the ORIS Taekwondo document with the exception of:

- Results codes, see Appendix C - Rules for Data Formats and Presentation
- Distribution Availability Codes, see end of Section 2 - Distribution Rules

Code	Description
CIS	Commentator Information System
cm	centimetre
CM	Organising Committee Competition Management
CQT	Continental Qualification Tournament
CSB	Competition Supervisory Board
D	Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory
Da	Desirable, but only if such data is available
Dc	Desirable under conditions which are explained in the column for comments
DRM	Delegation Registration Meeting
ft	feet
ID	Identification number
IF	International Federation
in	inch
IOC	International Olympic Committee
IRM	Invalid Result Mark
IT	Information Technology
IVR	Instant Video Replay
kg	kilogramme
lb	pound
M	Mandatory
m	metre
Ma	Mandatory - if applicable
Mc	Mandatory - required under conditions which are explained in the column for comments
MMC	Main Media Centre
MOC	Main Operation Centre
MPC	Main Press Centre
N/A	Not Applicable
NF	National Federation
NOC	National Olympic Committee
OC	Organising Committee
ODF	Olympic Data Feed
OG	Olympic Games
ONS	Olympic News Service
ORIS	Olympic Results and Information Services

Code	Description
OVR	On Venue Results system
PO	Organising Committee Press Operations
PSS	Protector and Scoring System
SEQ	Sport Entries and Qualification
TAO	IOC Technology Assistance and Observation team
TBD	To be defined
TD	Technical Delegate
TK	Taekwondo
TPC	Tripartite Commission Place
VPC	Venue Press Centre
VRM	Venue Results Manager
WC	World Cup
WCH	World Championships
WNPA	World News Press Agencies
WQT	World Qualification Tournament
WTF	World Taekwondo Federation
yd	yard

Appendix C -Rules for Data Formats and Presentation

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

1 Taekwondo Specific Rules

Gender abbreviations	Event gender: M (men), W (women) Contestant gender: F (female), M (male)
Traditional Taekwondo weight category presentation order	Please see "Taekwondo References"
Schedule status options	The following schedule status options are applicable to an event or event unit: <ul style="list-style-type: none">• Unscheduled Not visible on the schedule, optional (e.g. tie-breaker if applicable)• Scheduled The start time is known• Getting_Ready At time x before start - "x" is defined by Olympic Broadcasting Services (OBS)• Running In progress• Scheduled_Break Planned break (e.g. end of period)• Finished No further action on the field of play• Delayed Did not start as scheduled, should start in the current ticketing session• Postponed Did not start as scheduled, or has been interrupted, and the expected postponement exceeds the current ticketing session, date and start time are unknown at present• Interrupted Unplanned interruption after the start, and is expected to resume/restart in the current ticketing session• Rescheduled The new date and start time are known• Cancelled Will not take place at these Games
Results status options	<ul style="list-style-type: none">• Start List Start list has been created• Live In progress• Intermediate Used after the competition has started and is not finished, but is not currently live. Results and/or ranks are subject to change.• Partial The results and ranking of the contestants who have completed their performance are not subject to change by the results of contestants still competing• Unconfirmed Activity on the field of play is complete but there is no status update in the results yet. Not applicable for Taekwondo.• Unofficial Results are not approved

	<ul style="list-style-type: none"> • Official Results are approved • Protested The competition is no longer in progress and a protest has been lodged. Not applicable for Taekwondo.
Invalid Results Marks (IRM)	<ul style="list-style-type: none"> • DSQ - Disqualified • WDR - Withdrawn • DDQ - Double Disqualification • DDW - Double Withdrawn
IRM presentation order	<p>During competition:</p> <ul style="list-style-type: none"> • IRM codes will be displayed on the outputs as they occur. <p>On the final classification:</p> <ul style="list-style-type: none"> • WDR contestants will be displayed first, followed by DSQ. <p>Within an IRM code, contestants are sorted by family then given names.</p>
Winning codes	<p>Taekwondo uses the following contest winning codes:</p> <ul style="list-style-type: none"> • RSC - Win by Referee Stop Contest • PTF - Win by Final Score • PTG - Win by Points Gap • SUP - Win by Superiority • GDP - Win by Golden Point • WDR - Win by Withdrawal • DSQ - Win by Disqualification • PUN - Win by Punitive Declaration
Final classification	<p>After completion of an event, contestants are ranked as follows:</p> <ol style="list-style-type: none"> 1. The winner of the final contest, on the basis of the single elimination tournament system, is ranked 1st and the loser is ranked 2nd 2. The winners of the repechages final contest in each pool are both ranked 3rd 3. Both contestants who lost to bronze medallists are ranked 5th 4. Both contestants who lost to the two 5th placed contestants in the repechages are ranked 7th 5. Quarterfinalists who did not advance to the repechages are ranked 9th 6. Others are ranked 11th 7. If there are 17 contestants, the loser of the extra contest is ranked 17th 8. Any contestant who failed to pass the weigh-in, or has been disqualified from the tournament, is listed after the contestants who lost at the round of 16 and did not advance to the repechages, without rank number and marked as Disqualified ("DSQ")
Time format	<p>MM:SS</p> <p>Times are displayed in 24 hour format, without leading zeros</p>
General rules for formats	<p>"#" Digit placeholder, suppression of leading zeros "#" should be replaced with the corresponding non-zero digit if one is present; otherwise, no digit appears.</p> <p>"0" Zero placeholder "0" should be replaced with the corresponding digit if one is present; otherwise the leading zero remains.</p> <p>E.g. 004.23 in the format ##0.00 becomes 4.23 E.g. 004.23 in the format 00.00 becomes 04.23</p>
Points format	nn

Winning points format	nn:nn if the contest finished without a sudden death round nn:nn (nn:nn) if the contest finished with a sudden death round
Height format	Height (metric): 0.00m #00cm 0.00 ##0 Height (imperial): 0ft #0in 0'#0" If metric and imperial units are used in a single field, the rule is to separate them by a forward slash with a space before and after it " / ". If they are combined, they should be presented as "centred".
Presentation of ties	<p>Medal presentation</p> <ul style="list-style-type: none"> All medals will be shown even if tied: e.g. 1 GOLD FAMILYNAME Givenname 1 GOLD FAMILYNAME Givenname 3 BRONZE FAMILYNAME Givenname <p>Results</p> <ul style="list-style-type: none"> The primary rank (first column) must show a rank (if tied, repeat rank). Secondary rank(s), if any (e.g. at intermediate...) will be repeated, with an "=" sign if there is sufficient space.

2 General Rules

Output description	Gives a short explanation of the output, describing information that is provided
Source	Information identifying the source of data, i.e. which organisational part of which body is responsible for providing it, for example: IOC, WTF, OC Press Operations, OC Competition Management, etc.
Column data alignment	General: right for numeric and results, left for text. IRMs are aligned as for results. May be adjusted depending on the output layout.
Column titles	Column titles match the alignment of the data columns
Date formats	<ul style="list-style-type: none"> • dd MMM yyyy (e.g. 6 APR 1896) <ul style="list-style-type: none"> • dd: date format, for example: 23 or 5 (presented without leading zero) • Ddd: day of week in abbreviation format - presented as three characters, for example: Mon for Monday (mixed case) • DDD: day of week in abbreviation format - presented as three characters, for example: MON for Monday (upper case) • Mmm: month in abbreviation format - mixed case, for example: Apr for April • MMM: month in abbreviation format - upper case, for example: APR for April • yyyy: year format, for example: 1896 • The "As of date" may reflect one of the following: <ul style="list-style-type: none"> • Date when data has been collected (e.g. world ranking) • Date and time when the actual output was updated (several editions of the same output, e.g. cumulative statistics) • Logical date if applicable • Logical date: If a session continues past midnight (00:00), any outputs produced will be considered as having the logical date on which the session began (e.g. for a session which began at 21:00 on Apr 8 and ended at 1:20 on Apr 9, the output would be dated Apr 8) <p>This date is according to the local time zone at the competition venue.</p>
Page break	<p>Page break applies only for printed outputs.</p> <ul style="list-style-type: none"> • When the complete output fits on a single page, "None, aim for a single page" is written • For multi-page outputs, there are three cases: <ol style="list-style-type: none"> 1. Natural page break: This should be considered as printing without page break. When printing reaches the end of a page a page break will occur and the output will continue printing on the next page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table: <ul style="list-style-type: none"> • Not controlled with repeated output headings and column headings • Not controlled with repeated column headings only • Not controlled without repeated output headings and/or column headings

	<p>2. Forced page break by "Group":</p> <p>This should be considered as printing with a page break. Before printing each group on a page the print software must decide if the complete group will fit on that page. If the group will not fit a page break will be forced. The group will then be printed on a new page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> • Break at "Group" with repeated output headings and column headings • Break at "Group" with repeated column headings only • Break at "Group" without repeated output headings and/or column headings <p>A "Group" is a logical group of data e.g. NOC/team/relay/rider/paragraph, etc. (e.g. a team with seven members. The result is that each page will contain as many complete teams as can fit on the page).</p> <p>3. Forced page break by "Condition":</p> <p>This should be considered as printing with a page break after a particular condition is reached. When the condition is reached a page break will be forced. The process will repeat when each of the condition(s) is reached. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> • Break at "Condition" with repeated output headings and column headings • Break at "Condition" with repeated column headings only • Break at "Condition" without repeated report output headings and/or column headings <p>A "Condition" may be any trigger e.g. a new NOC/team/gender/athlete/class of officials, etc. (i.e. each time a new NOC is reached a page break is forced. The result is that each NOC is printed on a separate page).</p> <p>A combination of the above three cases is possible within a single output.</p>
Legend	<p>The description table defines if a legend is required on an output:</p> <ul style="list-style-type: none"> • "None" is specified if no abbreviations are used in the output • If one or more abbreviations may be used in the output the legend will be used to describe them. The following rules apply: <ul style="list-style-type: none"> • Only those abbreviations which appear in a version of the output are shown in the legend (dynamic legend) • If the sample shows all possible abbreviations, "See sample for all possible abbreviations" is specified in the description table • If there are more abbreviations possible than shown in the sample, "Use the following description for abbreviations which appear in the output" is specified in the description table and all possible abbreviations and descriptions are listed • The location of the legend is defined either as "To be displayed at the bottom/top of each page" or "To be displayed at the bottom/top of the last page only"
Notes	<p>Guidelines for any "Note" planned where users will find an explanation of data in the output, reasons for some action related to that output, etc.</p> <p>Each output could contain up to three different types of "Notes":</p> <ol style="list-style-type: none"> 1. Note with static text: <ul style="list-style-type: none"> • If "Note with static text" is not planned, allowed or possible, "None" is written • If text of "Note with static text" is always the same and already presented in the sample, "See sample" is indicated

	<p>2. Note with predefined, but changeable text:</p> <ul style="list-style-type: none"> • If "Note with predefined text" is not planned, allowed or possible, "None" is written • If text of "Note with predefined text" can vary depending on certain conditions, they are listed here, together with text to be used for each condition <p>3. Note with free text:</p> <ul style="list-style-type: none"> • Up to two lines of free text will be reserved at the bottom of the last page of each output in order to provide explanations or other annotations concerning the content of the output
Comments	This section is used for any further explanations and comments on the output, or suggestions to output provider(s). If no comments are needed, "None" is written.

Appendix D - Supporting Documents

This appendix includes the following supporting documents:

- Templates for the output "Official Communication" (C67)
- Results, Medals and Diplomas
- Data to be Captured

1 Templates for Official Communication

In order to support OC Technology as much as possible and to guarantee a smooth process and appropriate wording, a collection of possible templates to be used during the Games is useful. The most common templates are included in this chapter and should be stored in the OC Technology system well before the Games.

The Official Communication template should include the following fields:

Event	Affected event name (see "Taekwondo References" for list of events)
Gender	Event gender indication (men, women), if applicable
Phase	Affected stage of competition (e.g. quarterfinals, final, etc.), if applicable
Unit	Specification of the phase (e.g. contest, etc.), if applicable
Subtitle	One line space for describing the reason for the Official Communication
Summary	Multiple lines for the body of the Official Communication. Only non-formatted text can be included here (no graphics, no tables, etc.)
Details	Multiple lines for describing details. Here, formatted text (font size, style, colour, graphics, tables, etc.) can be included. This field is not mandatory.
Issued by	Initiator's (name and) function
Date	Date of decision as provided by the person issuing the Official Communication
Time	Time of decision as provided by the person issuing the Official Communication
Note	If needed, contact details for further information can be added here (as a Note)
Signature	Signature of the initiator, needed in order to release the Official Communication

Affects Results:

Affects Schedules:

Affects Others:

Please note for the row "Details": At the moment of creating the templates for the most common situations, it is almost impossible to add appropriate details. If needed, the details should be communicated to OC Technology at the same time as all other details for the Official Communication.

OFFICIAL COMMUNICATION (empty form)

OFFICIAL COMMUNICATION (possible templates)

Subtitle	A	Jury decision
	B	WTF decision
	C	Bad weather conditions
	D	Accident of FAMILYNAME Givenname (NOC)
	E	Taekwondo: IOC disqualifies FAMILYNAME Givenname (NOC)
	F	...
Heading	a	<Phase/Session> has been delayed
	b	<Phase/Session> has been postponed
	c	<Phase/Session> has been interrupted
	d	<Phase/Session> has been rescheduled
	e	<Phase/Session> has been cancelled
	f	...
Summary	1	The <...> had to be delayed due to <...>. It is expected that the delay should not be longer than nn minutes.
	2	The <...> had to be postponed due to <...>. The new start time of the <...> is unknown at the moment. Further details will be communicated as soon as available.
	3	The <...> had to be interrupted due to <...>. Further details will be communicated by the WTF as soon as available.
	4	The <...> had to be rescheduled due to <...>. The new date and start time is dd MMM yyyy at HH:MM.
	5	The <...> had to be cancelled due to <...>. The <...> will not be held during these Games.
	6	FAMILYNAME Givenname (NOC) submitted a protest related to <...>
	7	FAMILYNAME Givenname (NOC), Competitor No. <...> was disqualified for <...> (WTF rule <...>)
	8	The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy??? to disqualify FAMILYNAME Givenname (NOC) who was ranked nn?? in the En??. Results have been amended accordingly. Further details regarding the IOC Disciplinary Commission decision can be found at: www.olympic.org <i>If the disqualified contestant is among medallists:</i> The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy??? to disqualify FAMILYNAME Givenname (NOC) who was ranked n?? in the En??. Results have been amended accordingly. The medallists are now: FAMILYNAME Givenname (NOC), gold, FAMILYNAME Givenname (NOC), silver, and FAMILYNAME Givenname (NOC), bronze. Further details regarding the IOC Disciplinary Commission decision can be found at: www.olympic.org
Issued by	I	WTF Technical Delegate
	II	Taekwondo Competition Manager
Further information	i	For more details contact the WTF Office
	ii	For more details contact the WTF Technical Delegate
	iii	For more details contact the OC Competition Manager
	iv	For more details consult www.olympic.org

Note: authors of this ORIS document do not imply that this is a complete list of Official Communications templates.

2 Results, Medals and Diplomas

2.1 General

The Olympic Charter states that International Federations have the responsibility "to establish the final results and ranking of Olympic competitions."

Medals and diplomas will be allocated based upon these final results. Should any changes occur affecting medallists and/or diploma recipients, the IOC will decide on the new medal and diploma allocation.

2.2 Expected Number of Medals and Diplomas

The information included in this chapter should serve as a support for the medal and diploma allocation in Taekwondo.

Eligible athletes:

- Athletes who competed in the repechage and medals contests

In the following table the first bullet indicates the regular medal allocation; the following bullet(s) indicate additional possibilities.

Medal Type/ Diploma	Event Type
	Individual
Gold	• 1
Silver	• 1
Bronze	• 2
Diploma	• 8 • Less than 8, only athletes ranked in the top 8

2.3 New Classification after Disqualification

In case of disqualification among the medallists or diploma recipients in an event, the following rules will apply:

Initial Rank	New Rank	Name	NOC Code
4		FAMILYNAME 1 Givenname 1	NOC 1
2	1	FAMILYNAME 2 Givenname 2	NOC 2
3	3	FAMILYNAME 3 Givenname 3	NOC 3
3	3	FAMILYNAME 4 Givenname 4	NOC 4
5	5	FAMILYNAME 5 Givenname 5	NOC 5
5	5	FAMILYNAME 6 Givenname 6	NOC 6
7	7	FAMILYNAME 7 Givenname 7	NOC 7
7	7	FAMILYNAME 8 Givenname 8	NOC 8

Note: Only ranks within the group that the disqualified contestant reached is/are re-calculated; other contestants keep their ranking.

ORIS reference output:

- Draw Sheet (C75)

Note: The software has to be flexible enough to handle medal allocations as decided by the WTF and/or the IOC.

3 Data to be Captured

In addition to the information provided by Accreditation, the following data elements should be provided to OVR in order to fulfil the requirements listed in this document:

Data	Formats / Values	Captured by	Comments
WTF Licence Number	Text	SEQ	
Type of Qualification	<ul style="list-style-type: none">• WTF Olympic Ranking (WOR)• Continental Qualification Tournament (CQT)<ul style="list-style-type: none">• Africa (AF)• Asia (AS)• Europe (EU)• Oceania (OC)• Pan America (PA)• Host Country Place (HST)• Tripartite Commission Place (TPC)	SEQ	The Continent must be captured for Continental Qualification Tournaments

This page intentionally left blank.

Document Control

Version History

Release 6 Version 1.1 27 Feb 2015	Approved (signed-off) version Sign-off letters from both the WTF (3 Apr 2015) and Rio 2016 (6 Apr 2015) have been received by the IOC. No further changes will be made to this document without Change Management except topics highlighted in yellow (pending WTF and IOC decision)
Release 6 Version 1.1 27 Feb 2015	Submitted for sign-off Updated with comments received in the review period after the ORIS meeting and Change Request 4639 and 4951 after the final Consolidation meeting, 13-14 Nov 2014, Montreux
Release 6 Version 1.0 11 Dec 2014	Submitted for review Submitted for review after the ORIS Taekwondo meeting, 11-13 Nov 2014. Based on the ORIS Taekwondo meeting minutes as of 13 Nov 2014.
Release 6 Version 0 13 Oct 2014	Draft Updated based on ORIS document release 5, analysis of the London Questionnaire and issues logged as Rio 2016 improvements during the London Homologation Test

Release 6 - Version 1.1 - 27 Feb 2015

Global Changes

1. The new output "Entries by Weight Category" (C31C) has been introduced.
Affected files: Procedures, Distribution Rules, output C31C.
2. The output "Minimum / Maximum" (N86G) has been removed throughout the document.
Affected files: Procedures, Distribution Rules.
3. All appropriate references to "Live screens in INFO" have been adjusted to "On Screen Results Presentation".
Affected files: Executive Summary, Distribution Rules above main distribution table, Introduction to Section 3, On Screen Results Presentation (former section title "Live Screens in INFO").
4. The information about medals and diploma reallocation in case of disqualifications has been included

Pending Action Items

The following sections contain text highlighted in yellow:

- Global
- The WTF, in agreement with the IOC, should provide the Working Group with the decision on the use of the PSS headgear system by the end of 2015

Executive Summary

Chapter 2.2.4:

- In the second paragraph, the text has been updated regarding the presentation of column headings in outputs

Chapter 4:

- Members of the ORIS Taekwondo Working Group: The names and functions have been updated.

Taekwondo References

Chapter 1 - Specifications

- Events: progression and competition format types: In the last bullet below the table, the reference sentence has been adjusted

Procedures

Chapter 2.1.1 "Schedules":

- The time to produce the output "Competition Schedule" (C08) has been changed to four (4) weeks before the Opening Ceremony

Chapter 2.1.2. "Entries and Participant Data":

- The paragraph has been modified

Chapter 2.1.2.1 "After the Sport Entry Deadline":

- The first paragraph has been modified

Chapter 2.1.2.3 "Competition Officials":

- The text has been modified

Chapter 2.1.2.4 "Substitution of a Games participant":

- The title has been changed to "Replacement of an athlete"

Chapter 2.1.2.4.1 "Late athlete replacement":

- The text in the chapter has been modified

Chapter 2.2.2 Draw:

- The draw preparation/procedure has been explained in more detail

Chapter 3 "News Service and Background information"

- Last paragraph: The wording has been adjusted from "Olympic Closing Ceremony" to "Closing Ceremony"

Section 1 - Outputs

General

- Description table, Page break for multiple page outputs: The text has been modified to state that output headings and column headings should always be repeated
- For N-outputs: All titles above tables or any other sub titles have been written in mixed case

Outputs

C06:

- In the sample and description table, the term has been changed to "Victory Ceremony" (instead of "Medal Ceremony")
- Location for weigh-in has been changed to "Olympic Village"

C30:

- Description table, Source: The source has been changed from "OC Competition Management" to "OC Technology"

C31A:

- Description table, Description: The text has been changed to "List of all potential and confirmed contestants for the Games by NOC"

C38:

- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been added
- Description table, Comments: The reference has been adjusted to "ODF General Messages Interface Document"

C39:

- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been added
- Description table, Comments: The reference has been adjusted to "ODF General Messages Interface Document"

C83:

- The output contents have been updated and confirmed by the WTF

C93:

- In the description table, Sort by, the text "For Results Book (PDF)" has been changed to "After the last event"

	<p>N20:</p> <ul style="list-style-type: none"> In the Description table, the following comment has been added "For Major Achievements show only the levels of competitions relevant for that athlete." <p>N62:</p> <ul style="list-style-type: none"> Sample Note text has been updated and confirmed by the WTF Description table, Comments: The information level (type of competition and number of years) have been included and confirmed by the WTF
--	--

Section 2 - Distribution Rules

Main distribution table:

- Distribution to the Press Stands, VPC and MPC has been updated based on the information provided by Rio 2016
- For C08: The value in the "Produced by" column has been changed from "VRM/IDS" to "OVR (VRM)"
- For C35: The value in the "Produced by" column has been changed from "VRM" to "IDS (VRM)"
- Below the Legend of the main distribution table, under "Officials" the reference to Protocol/Ceremonies and the Doping Control Officer has been added

Section 3 - Real Time Information

Scoreboards	<p>Chapter 2.1.1 "NOC Names":</p> <ul style="list-style-type: none"> The entire bracket in the last sentence has been deleted <p>Chapter 2.2 "Technical Specifications":</p> <ul style="list-style-type: none"> A last sentence has been added: "The content of the scoreboard screens are defined in ORIS. The detailed layout of the scoreboard screens is the responsibility of OVR, and will be confirmed during the Homologation Test, subject to the WTF's approval." <p>Chapter 2.6 "Part D - During the Victory Ceremony":</p> <ul style="list-style-type: none"> The medal screen titles has been adjusted from "MEDALLISTS" to "VICTORY CEREMONY"
Sport Specific Real Time Data	<p>Chapter 3.2.1 "Match Duration":</p> <ul style="list-style-type: none"> The yellow highlighting has been removed The chapter has been updated with text provided by Atos

Appendix A - Glossary

Chapter "Terms"

- The following new terms have been included: "Athlete preferred name", "Common Codes", "Initial Download" and "Results System Code (RSC)"
 - Term "Disqualification": The definition has been updated
 - Term "INFO": The definition has been updated
- Chapter "Competition Format Types"
- Different types of bracket format have been added

Appendix C - Rules for Data Formats and Presentation

"Schedule status options" and "Results Status Options":

- Status options which are not applicable for Taekwondo should have the comment "Not applicable for Taekwondo" added.
- "Schedule status options": "Live" has been changed to "Running"
- "Results status options": "Intermediate" definition has been modified with "and/or"
- "Results status options": "Protested" has been included

Appendix D - Supporting Documents

- Page 1: The bullets have been modified
- Chapter "Templates for Official Communication": Under "Summary", "8", the wording regarding the ranking has been deleted

- New chapter "Results, Medals and Diplomas" has been added (part of the information of the former chapter "Medal and Diploma reallocation" has been included here)
- Chapter "Data to be Captured": The wording in the first paragraph has been modified, the data table has been updated

Release 6 - Version 1.0 - 11 Dec 2014

Global Changes

- The venue name has been changed to "Carioca Arena 3"
- The phase name "Preliminary Round" has been changed to "Round of 16"
- The phase name "Repechage" has been changed to "Repechages"
- The phase name "Bronze Medal Finals" has been changed to "Bronze Medal Contests"
- The phase name "Gold Medal Final" has been changed to "Gold Medal Contest"
- The term "IVRR - Instant Video Replay Review" has been changed to "IVR - Instant Video Review"
- The term "seeding number" has been changed to "seed"
- Winning code "KO - Win by Knockout" has been removed
- Invalid Results Marks (IRM): DDQ-Double Disqualification and DDW-Double Withdrawn have been added
- The WTF website address has been changed to www.worldtaekwondofederation.net
- "Weight Category Review" (N89) has been renamed "Event Review"

Pending Action Items

The following sections contain text highlighted in yellow:

Global	<ul style="list-style-type: none"> • The WTF, in agreement with the IOC, should provide the Working Group with the decision on the use of the PSS headgear system by the end of 2014 • The ORIS team should provide the Working Group with information about medals and diploma reallocation in case of disqualifications by the end of 2014
C83	<ul style="list-style-type: none"> • The WTF should provide the Working Group with the output contents by 23 Dec 2014
N62	<ul style="list-style-type: none"> • The WTF should provide the Working Group with the information level (type of competition and number of years) to be included in the output by 23 Dec 2014
Section 3 - Real Time Information - Sport Specific RT Data	Atos and Omega should provide the Working Group with information "Match duration" to be included in chapter 3.2.1 by the end of 2015
Appendix D	<ul style="list-style-type: none"> • The ORIS team should provide the Working Group with information about medals and diploma reallocation in case of disqualifications after an event by the end of 2014

Executive Summary

- Chapter 2.2.6: the grey highlighting has been removed
- Chapter 2.2.6.2: the grey highlighting has been removed
- Chapter 2.2.10: the grey highlighting has been removed
- Chapter 4: the ORIS Taekwondo Working Group has been updated

Taekwondo References

- 1: "Specifications": the "Events: progression and competition format types"

- has been updated
- 2: "Competition", "Tie Break Rules within a contest" the text has been updated
- 2: "Competition", "Participation references" the athlete quotas have been updated
- 3: "Documents", the list of documents has been updated

Procedures

- Chapter 2.1.2: the chapter has been updated as agreed in the meeting
- Chapter 2.1.2.1: the chapter has been updated as agreed in the meeting
- Chapter 2.1.2.2: the chapter has been updated as agreed in the meeting
- Chapter 2.1.2.4.1: the chapter has been updated as agreed in the meeting
- Chapter 2.2.2: the chapter has been updated as agreed in the meeting
- Chapter 2.2.2.1: the chapter has been updated as agreed in the meeting
- Chapter 2.2.2.2: the chapter has been updated as agreed in the meeting
- Chapter 2.2.2.3: title "After the draw" has been added
- Chapter 2.3: the chapter has been updated as agreed in the meeting
- Chapter 2.3.1: the chapter has been updated as agreed in the meeting
- Chapter 2.3.2: the chapter has been added as agreed in the meeting, the subsequent chapters have been renumbered
- Chapter 2.3.3.1: the chapter has been updated as agreed in the meeting
- Chapter 2.3.3.2: the chapter has been updated as agreed in the meeting
- Chapter 2.3.3.4: the chapter title has been changed to "After the first and second sessions" and the text updated as agreed in the meeting
- Chapter 2.3.3.5: the chapter has been updated as agreed in the meeting
- Chapter 2.5.2.1: the chapter has been deleted as agreed in the meeting, the subsequent chapters have been renumbered
- Chapter 2.5.2.1: the chapter has been updated as agreed in the meeting
- Chapter 2.5.2.2: the chapter has been updated as agreed in the meeting
- Chapter 2.7: the results book has been updated as agreed in the meeting
- Chapter 3: the chapter has been updated as agreed in the meeting
- Chapter 3.4.1.2: the chapter has been updated as agreed in the meeting

Section 1 - Outputs

Outputs

C06:

- Activity "Draw" has been changed to "Head of Team meeting"
- Activity "Orientation meeting" has been deleted

C07:

- Column "Estimated Finish Time" has been changed to "Finish Time"

C08:

- Column "Weight Category / Contents" has been updated

C30:

- Subtitle "Entries per Men by weight" has been changed to "Men"
- Subtitle "Entries per Women by weight" has been changed to "Women"

C31A:

- Code "WOR" (WTF Olympic Ranking) in column "NOC Qualification Route" has been added
- Code "WQT" in column "NOC Qualification Route" has been deleted
- The Legend has been updated accordingly

C32A:

- Code "WOR" (WTF Olympic Ranking) in column "NOC Qualification Route" has been added
- Code "WQT" in column "NOC Qualification Route" has been deleted
- The Legend has been updated accordingly

C32C:

- Column "Seed" has been added after column "Name"
- Column "Bib Number" has been moved after column "Seed" and bib numbers have been updated
- Description table, "Comments" text "All WTF ranked contestants will be seeded" has been added

C35:

- Column "NOC" has been changed to "NOC Code" and NOC names have been deleted

C38:

- The grey highlighting has been removed

C39:

- Column "WTF ID" has been updated according to the WTF standards

C56:

- Data in column "Bib number" has been updated

C58:

- Data in column "Contest number" has been updated
- Data in column "Bib number" has been updated
- Column "Phase Name" has been changed to "Phase"

C73:

- Data in column "Bib number" has been updated
- Table "Description" has been updated
- Table "Result of Instant Video Replay Review" has been renamed "Result of Instant Video Review" and updated; subtitle "Request for Own Contestant" has been changed to "Request by Coaches" and columns divided into "Own" and "Opp." (Opponent); subtitle "Request for Opponent Contestant" has been changed to "Request by Referee / Judges"
- Sample with Double Disqualification (DDQ) has been added
- Description table, "Legend" text "Winning codes: See Appendix C - Rules for Data Formats and Presentation" has been changed to "Invalid Results Marks (IRM) and Winning codes: See Appendix C - Rules for Data Formats and Presentation"

C75:

- Sample 1 "Bracket before the draw" has been deleted
- Data in column "Bib number" has been updated
- Contest number format has been changed to "CN - nnn"
- Legend "CN - Contest Number" has been added
- The Legend "Seeding number" has been changed to "Seed"
- Description table, "Legend" text "Winning codes: See Appendix C - Rules for Data Formats and Presentation" has been changed to "Invalid Results Marks (IRM) and Winning codes: See Appendix C - Rules for Data Formats and Presentation"

C83:

- Data in column "Bib number" has been updated
- Referee and judges section has been highlighted in yellow

C84:

- Code "KO" in the table for winning codes has been deleted
- Table "Kicks" has been updated
- Table "IVRR" has been renamed "IVR"
- The Legend has been updated accordingly

N02:

- The text has been updated based on input from the WTF

N17A:

- Sample has been changed to include -58kg for Olympic Games and -54 and -58 for World Championships
- The Note has been updated accordingly
- Description table, "Sort by" has been changed to "1 - Year (descending) 2 - Competition name (World Championships, then Olympic Games) 3 - Weight category code 4 - Rank 5 - Family name 6 - Given name"
- Description table, "Comments" text "Weight categories may differ between Olympic Games and World Championships but should remain grouped as defined for the Games (e.g. -54kg included in -58kg etc.)" has been added

N17B:

- Sample has been changed to present by weight category
- Sample has been changed to include the WTF Olympic Ranking and continental qualifying tournaments
- Legend with "(*) - Replacement" has been included
- Description table, "Sort by" and "Comments" have been updated accordingly

N20:

- Table "Profile" contents have been updated according to meeting agreement
- Table "General Interest" has been updated accordingly
- Description table, "Comments": text "Olympic qualification: WTF Olympic Ranking or Continental Qualifier <Continent> or Tripartite Commission Place" has been added

N23:

- Table "Profile" contents have been updated according to meeting agreement

N62:

- The Note has been updated and text highlighted in yellow
- Description table, "Comments" has been updated

N86B:

- The grey highlighting has been removed
- The WTF officials have been updated

N86G:

- Table "SHORTEST / TALLEST" has been deleted

N89:

- The grey highlighting has been removed

Section 2 - Distribution Rules
