# COMPETITION FORMAT AND RULES

## MARATHON SWIMMING

**As of 2 AUG 2016**

### **Olympic Competition Format**

The Olympic Marathon Swimming competition consists of two events: Women's 10km Marathon Swimming and Men's 10km Marathon Swimming, with 25 swimmers in each event. Each event is a finals only competition.

### **Differences between the FINA World Championships and the Olympic Games**

Individual Marathon Swimming events of 5km, 25km and a 5km Team event are also swum at the FINA World Championships but not at the Olympic Games. Additionally, unlike the Olympic Games, events at the FINA World Championships do not have the 25-swimmer limits.

### **Changes since the London 2012 Olympic Games**

For Rio 2016 Marathon Swimming is designated as a separate discipline under the sport Aquatics instead of being two events within the Swimming discipline, as was the case in London 2012.

### **Sport Rules and Procedures:**

**The venue:** The course must be approved by FINA. It shall be in water that is subject to only minor currents or tide and may be salt or fresh water. A certificate of suitability for use of the venue shall be issued by the appropriate local health and safety authorities. In general terms the certification must relate to water purity and to physical safety from other considerations. The minimum depth of water at any point on the course shall be 1.40 meter. All turns/alterations of the course shall be clearly indicated. A clearly marked craft or platform, containing a turn Judge, shall be positioned at all alterations of course in such a manner as not to obstruct a swimmer's visibility of the turn. All turning apparatus and turn Judges craft/platforms shall be securely fixed in position and not be subject to tidal, wind or other movements. The final approach to the finish shall be clearly defined with markers of a distinctive colour. The finish shall be clearly defined and marked by a vertical face.

**The race:** All Marathon Swimming competitions are freestyle events. The swimmers must be at least fourteen years old to enter an event. Standing on the bottom during a race shall not disqualify swimmers, but they may not walk or jump. No swimmer shall be permitted to use or wear any device which may be an aid to their speed, endurance or buoyancy. Goggles, a maximum of two caps, nose clip and earplugs may be used. Swimmers shall be allowed to use grease or other such substances providing these are not, in the opinion of the Referee, excessive. All swimmers shall have their competition number clearly displayed in waterproof ink on their upper back and arms. In the 10km event a time limit of 30 minutes shall apply from the finish time of the first swimmers. Competitors who do not finish the course within the time limits shall be removed from the water except that the Referee may allow a competitor outside the time limit to complete the course but not participate in any points or prizes awarded.

During the race, should a swimmer be given a red flag, the Referee shall immediately announce the penalty and take the swimmer immediately out of the water.

### **Tie Break Rules and Procedures**

In the case of ties for any place, the tied competitors will share the rank.

### **Records**

No records are considered for Marathon Swimming.

### **Disqualification Rules**

The reasons for disqualification are unsportsmanlike behaviour (see FINA rules). Usually, swimmers are warned by yellow flag first. For a second infringement, the swimmers will be shown a red flag, will be disqualified and must leave the water. If, in the opinion of the Referee, an action of a swimmer is deemed to be unsporting, the Referee may disqualify the swimmer concerned immediately. A swimmer will be disqualified if he/she finishes the race without both transponders.

### **Protests/Appeals**

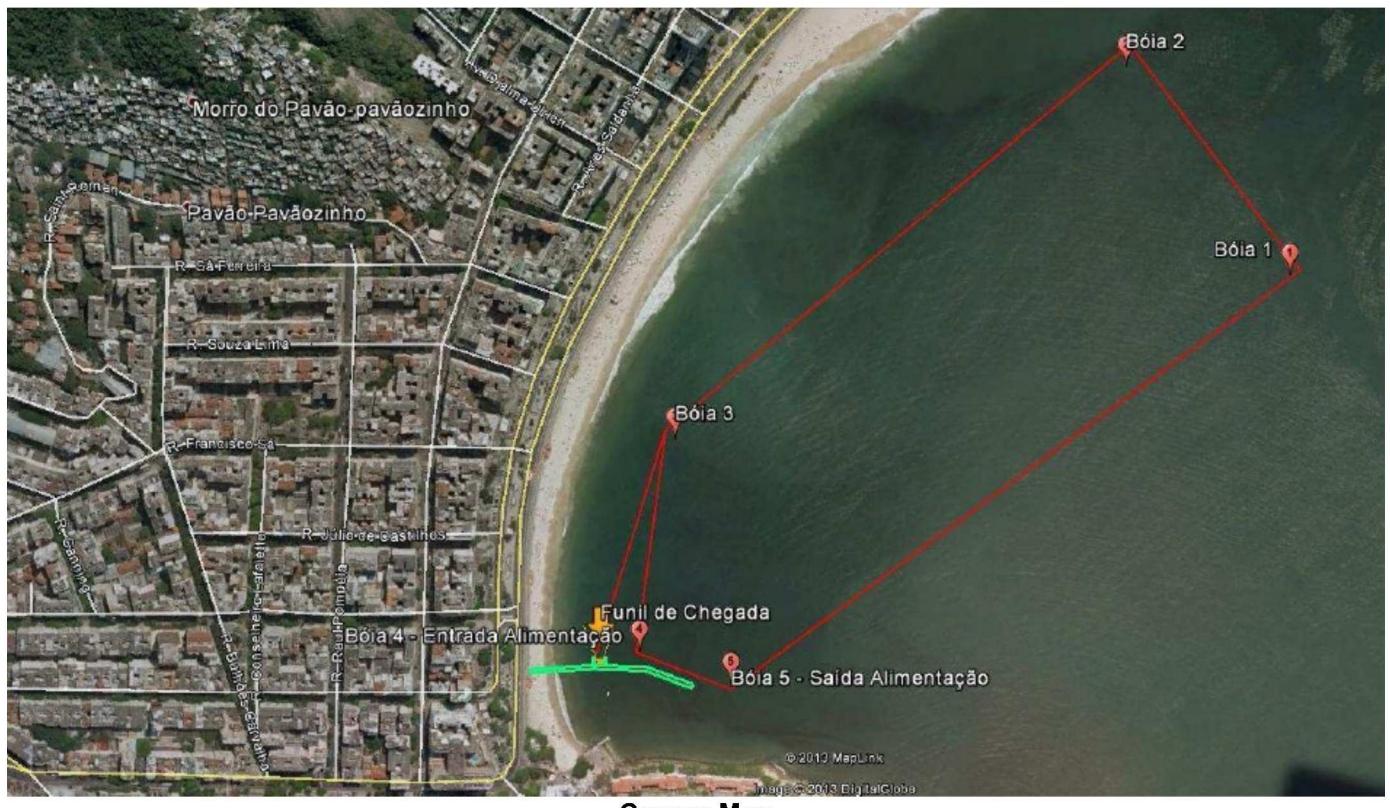

Protests cannot be made against decision of fact.

The structure and content of this output is recommended as a baseline for creation of the actual output for Games time.

### **General Interest**

|   |
|---|
| After having won his fight against leukemia he stopped shaving his head before competitions. He used to do it before to be able to swim faster. The main reason for his new look was that he didn't want to be reminded of the disease any longer.  |
| He was regarded as a great swimming talent and took part at the European Youth Championships in 1999 and the Marathon Swimming World Championships in 2000. But in 2001 he was diagnosed with leukemia and his swimming career seemed to have to come a sudden end. But he fought his way back, making a comeback at the 2003 and 2004 Marathon Swimming World Championships when he swam faster than before the disease. He now dedicates time to the fight against cancer. In 2004 he swam in record time through the IJsselmeer in the Netherlands, raising 50,000 Euros for an organisation that helps cancer patients. |

## **HISTORY MARATHON SWIMMING**

### **Origin of Marathon Swimming**

Marathon Swimming is both the youngest and oldest of FINA's disciplines. In Rio it will be the fifth sport under the guardianship of the International Swimming Federation to join the Olympic family, but the journey actually began in ancient times. The Japanese can point to evidence that open-water races were held 2000 years ago.

### **Marathon Swimming Today**

The inaugural 10km event for men and women was held on August 20 and 21 respectively at the Beijing 2008 Olympic Games. In addition to this, the FINA World Marathon Swimming Championships have taken place every two years since 2000. Marathon swimmers also race for world titles in five disciplines at the FINA World Championships every two years in uneven years between Olympic Games. From April to October each year, FINA organises a 10km Swimming World Cup series, which was staged for the first time in its current format in 2007.

### **Marathon Swimming in the Olympic Games**

The International Olympic Committee added the 10km event to the Beijing 2008 Olympic Games after a 2005 decision. The 10km time frame, in the order of two hours, compared well to the Olympic marathon for runners.

## MEDIA INFORMATION MARATHON SWIMMING

### Facilities

There are approximately 100 tabled positions in the media stands. The mixed zone for swimmers and journalists to meet is located directly as swimmers exit the field of play. Special accreditation is required for admission to this area. A venue sub-centre and formal interview room are located in a temporary structure 50 meters from the venue.

### Interviews

Journalists may meet swimmers in the mixed zone as they exit the competition area. Formal interviews will be held at least after the medals are awarded and possibly more often in co-operation with specific swimmers after each competition session.

### Photographer positions

Photographers may shoot from designated positions listed in the Olympic Summer Games Media Guide. In addition, photographers may stop briefly to take pictures from any public area so long as they are not blocking the view of any spectator. Special positions may be arranged in co-operation with the venue press chief.

### Sub-Centre

A full-service sub-centre supporting journalists covering Marathon Swimming is available. The sub-centre is supplied with complete results and information services, television monitors, working positions, telephones and food service. A total of three hundred working positions are offered, with ninety charge-a-call telephones available. The sub-centre telephone number is (801) 123-4567. The sub-centre fax number is (801) 456-7890.

Hours of the sub-centre are from three hours before the competition until four hours after the competition is over.

Transportation to the sub-centre will be provided according to the schedule in the Media Guide.

### Venue Press Manager

The venue press chief is David Smith, assisted by Alan Moore (finish area), Mark Hughes (information services), Chris Bates (photographers) and Peter Jones (sub-centre Please call (801) 234-5678 to reach the sub-centre Help Desk.

### FINA Press Contact

The offices of FINA Press Commission are located to the rear of the building.

**LURZ Thomas (GER) - leading contender for medals**

***On his training in the lead-up to Rio 2016:***

"Everything is OK. The preparation was good. After the last races this year, I was satisfied with my result."

***On how he found the water at the venue:***

"I feel good, maybe it's good if it was a little bit warmer (both the water and the air temperature), that would be good."

***On who he thinks his main competitors will be:***

"At the Olympic Games there are always some other swimmers that are good. All the other swimmers I respect them. I won't beat them easily. But Spyridon (GIANNIOTIS, GRE) will be good, the Russians (Sergey BOLSHAKOV and Vladimir DYATCHIN) will be good, the Italian (Valerio CLERI). There are five, six, seven swimmers that will be good."

**RISZTOV Eva (HUN) - Gold**

**On her comeback to the Olympic Games after eight years:**

"I finished swimming after the Athens Olympics. I finished because I wasn't happy with the results but after three years I felt I missed out on the Olympics and I was capable of a medal."

**On her race strategy:**

"At Shanghai world championships I was disqualified so I decided to make it a very clean race today. If I led, no-one could say I did anything. That was my tactic and if I could not win from first place, my mind would have been clear. (I would have said) 'I tried and could not do it' but fortunately I could do it."

**On whether leading from the front had been her plan before the start of the race:**

"This is the toughest way to win but I decided to follow this tactic because this is the only way to win clearly. That is what I trained for."

**On whether she will continue until Tokyo 2020::**

"I feel so tired now and don't have any long-term plans. I want to go home now. After that I will decide."

**ANDERSON Haley (USA) - Silver**

**On whether there was any violence in the race:**

"I didn't think it was any more brutal or violent than normal. I was towards the front. It wasn't violent up there."

**On whether she will swim in Tokyo 2020:**

"That's four years from now, but you never know. We have just finished this Olympics and I'm not going to think too far ahead."

**On her previous races:**

"I think I have only done about five 10Ks in all. This is my first big international 10K. I like to think of myself as a newcomer to marathon swimming. I do not have as much experience as other competitors, but I have learned so much in just a handful of races."

**On missing out on the gold by 0.4 seconds:**

"Of course it's going to be hard. But I'm really happy with the result."

**On her tactics:**

"My plan was to be in the front of the pack from the beginning. Normally I start from the back and move my way up during the race. It worked really well today. I just wanted to be second to fourth throughout the race and that's what I did."

**GRIMALDI Martina (ITA) - Bronze**

**On her race strategy:**

"I used my usual tactics that I do in every competition. I tried to be in the front pack."

**On whether she will continue until Tokyo 2020:**

"I hope so but four years is a very long time. Definitely the motivation is there but we will see."

## EVENT PREVIEW MARATHON SWIMMING MEN'S 10km

### News Item: 1

- The men's swimming 10km on Sunday 7 August in the Fort Copacabana venue is likely to be a race for first place between Spyridon GIANNIOTIS (GRE) and Thomas LURZ (GER), who have shared first and second finishes in this event over the last year.
- Liverpool-born GIANNIOTIS, who finished 16th at Beijing 2008, won the 2015 world championships ahead of LURZ, who finished second. GIANNIOTIS has shown his form this year by winning three world cups in a row: in Santos, Brazil, in Viedma, Argentina, and in Eilat, Israel. He is currently first in the overall world cup marathon swimming ranking.
- GIANNIOTIS came up against his German rival in Eilat and won, with LURZ again in second. The result was the other way around weeks later at the world cup in Cancun, Mexico, regarded as a preview of the race in Rio 2016. LURZ won by the smallest of margins - just four hundredths of a second.
- LURZ won bronze in Beijing and will be hoping for a repeat of the Cancun result. While unbeatable in the 5km swim, having won that event at the last seven world championships (2005 to 2015), LURZ has not been able to establish the same dominance over the 10km distance, finishing behind GIANNIOTIS. He did, however, win back-to-back European titles in the 10km in 2014 and 2015 and was first in the world cup marathon swimming rankings in 2015.
- This is only the third time the 10km marathon swim has been held at an Olympic Games. The event debuted at Beijing 2008 and was won by Maarten VAN DER WEIJDEN (NED), who retired after those Games and was won by Oussama MELLOULI (TUN) at London 2012.

**WOMEN'S 10km**

**News Item: 14**

- Eva RISZTOV (HUN) ended her eight-year absence from Olympic action by winning the women's 10km today. Meanwhile, pre-race favourite and two-time world champion Keri-Anne PAYNE (GBR) missed out on a medal, finishing fourth.
- For the first four kilometres of the 10km swim, RISZTOV and PAYNE seemed in control, resisting early challenges from Melissa GORMAN (AUS), first at the first split, and Hayley ANDERSON (USA), first at the second split.
- At halfway, RISZTOV held a clear lead while PAYNE had dropped back to fourth. Martina GRIMALDI (ITA), silver medallist behind PAYNE at the 2015 world championships, had moved up to second with first-time Olympian ANDERSON third.
- RISZTOV, who competed at the Sydney 2000 and Athens 2004 Olympic Games in the pool swimming competition, stayed in front heading into the fourth lap and switched to backstroke briefly at the one-hour mark to check how far she was in front of her nearest rivals. But the Hungarian had nothing to worry about and comfortably kept her rivals at bay during the fourth and fifth laps of the race.
- Meanwhile, a pack of four had formed behind her to contest the silver and bronze medals: GRIMALDI, ANDERSON, Angela MAURER (GER) and PAYNE. Going into the sixth and final lap, RISZTOV still led while ANDERSON was mounting a serious challenge to GRIMALDI for the silver.
- Over the final stretch, the USA swimmer overtook GRIMALDI and started to close on RISZTOV. But the Hungarian resisted the late surge of her younger rival (six years separate the pair) over the last 50m to claim her first Olympic gold medal in 1 hour, 57 minutes and 38.2 seconds.
- ANDERSON finished second, just 0.4 seconds behind RISZTOV (1:57:38.6), while GRIMALDI (1:57:41.8) just held off PAYNE (1:57:42.2) to win the bronze. MAURER, who dropped off before the final stretch, finished fifth, touching over 14 seconds behind RISZTOV in 1:57:52.8, while early leader GORMAN was 11th.

### **Marathon Swimming: IOC disqualifies FAMILYNAME Givenname (NOC) for doping violation**

The International Olympic Committee (IOC) on Monday announced that it has disqualified FAMILYNAME Givenname (NOC) from the Marathon Swimming Men's 10km of the Rio 2016 Olympic Games.

Immediately after his participation in the event on 6 August, FAMILYNAME, 23, provided a urine sample that tested positive for the prohibited substance 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid.

The IOC Disciplinary Commission, composed for this case of Mr Givenname FAMILYNAME (Chairman), Mr Givenname FAMILYNAME and Mr Givenname FAMILYNAME, decided:

- I. The athlete, Mr Givenname FAMILYNAME, NOC name, Marathon Swimming:
  - (i) is disqualified from the Men's 10km of the Rio 2016 Olympic Games where he placed 7th;
  - (ii) shall have his diploma in the above-mentioned event withdrawn; and
  - (iii) shall have his Olympic identity and accreditation card cancelled and withdrawn immediately.
- II. FINA is requested to modify the results of the above-mentioned event accordingly and to consider any further action within its own competence.
- III. The NOC of the member country is ordered to return to the IOC, as soon as possible, the diploma awarded to the athlete in relation to the above-mentioned event.
- IV. The IOC administration is requested to reallocate the diplomas to the athletes that finished behind Mr FAMILYNAME in the above-mentioned event, in which Mr FAMILYNAME placed 7th at the Rio 2016 Olympic Games.
- V. This decision shall enter into force immediately.

Under the IOC Anti-Doping Rules applicable to the Rio 2016 Olympic Games, testing takes place under the IOC's auspices from the opening of the Olympic Village to the Closing Ceremony. Within that period, the IOC systematically performs tests before and after events. After each event, the IOC systematically carries out tests on the top five finishers plus two at random. The IOC also performs out-of-competition unannounced tests. Over the course of the Rio 2016 Olympic Games, the IOC is expected to carry out some 5,000 tests - 3,800 urine and 1,200 blood. For more information, please consult the IOC factsheet on anti-doping.
