# Executive Summary

The Executive Summary covers major steps and milestones of the ORIS project for the Rio 2016 Olympic Games.

## 1 Introduction to the ORIS Project

Information management is a key component in the efficient operation of sporting events. Accurately documented requirements are essential to ensure reliable, cost efficient results management, and facilitate the transfer of knowledge from one Games to the next.

In 1993, recognising the high costs and risks incurred in the continual redefinition of requirements, the IOC initiated a pilot project "INFOTECH" whose aim was the definition of minimum requirements for Information Technology support at the Olympic Games. Rowing was chosen for this pilot project.

Information requirements were analysed in detail by the International Rowing Federation (FISA) together with representatives of the major World News Press Agencies (WNPA), several large sports newspapers and representatives from the IOC. In the course of this process, the needs of the written press and news press agencies and potential areas for improvement were highlighted. At the same time, information users gained a better understanding of the procedures involved in running a major sporting event. This collaboration brought about a greater mutual understanding and commitment to working together for the benefit of athletes, sports officials, viewers, readers and subscribers and therefore, ultimately, the sport.

Experience gained during this pilot project encouraged the IOC, the International Federations, and participating media representatives to extend the process to all other sports in the Olympic Programme for future Games, starting with the Nagano 1998 Olympic Winter Games.

The experience gained from the pilot project helped to set the objectives for all subsequent versions of the project. These project objectives are to:

- Form a Working Group for each discipline made up of experts from the various fields related to information technology and information usage for the sport
- Establish and consolidate the IT requirements that an Organising Committee (OC) will be required to fulfil in order to meet the needs of the International Federations (IFs) and media during the Games through a process of consultation among the Working Group
- Set consistency in the level of IT support across the different disciplines at the Games, whilst respecting each sport's traditions
- Analyse and propose changes to current working practices in order to ensure that information delivery is up to date
- Document procedures in a readable and user friendly format, focusing on a description of the required information from a user's perspective
- Ensure that the experience gained at each Game's edition is transferred forward to subsequent Games

During the winter of 1995-1996, the International Olympic Committee (IOC), the Organising Committee for the XVIII Olympic Winter Games, Nagano 1998 (NAOC), 35 representatives of the International Winter Sports Federations and 42 media personnel from 16 countries completed the requirements documents for the 14 Winter Olympic sports.

In February 1997, while the Winter Games documents were being finalised for Nagano, the IOC launched the Summer Games project in parallel. The project was renamed ORIS (Olympic Results and Information Services). Over the next two years, documents for the 37 disciplines on the Sydney programme were completed by the ORIS team, working with sports, media and technology personnel from the Sydney Organising Committee for the XXVII Olympic Games (SOCOG). More than 130 representatives of the 28 International Summer Sports Federations and over 120 journalists from 31 countries were involved in the project.

As a result of the success of the Nagano and Sydney Games, the ORIS project has been leading the results delivery at every Summer and Winter Games organised since.

In parallel, requirements for a data feed to serve the press agencies were defined and documented together with the main news agencies in the so called World News Press Agencies working group (WNPA). The first version of the "Requirements for the Results Data Feed" for summer sports was released in 1995. Subsequent documents were improved, extended to the winter and implemented from the Nagano Winter Games onwards. These requirements have been replaced by a new universal data feed named the Olympic Data Feed (ODF) which was first implemented at the Vancouver 2010 Games.

The development of the ORIS document has combined the expertise and experience of many diverse users who together have thousands of hours of first-hand experience at Olympic Games and other major competitions. The legacy of the lessons learned and the experience gained has been brought to the present version, and the experience gained at the Sochi 2014 Games will be used to further improve future versions.

The ORIS development process (ORIS document production, Change Management, Test Event, Homologation Test, TAO observation, Questionnaires) ensures that the ORIS document remains stable during the development cycle. This also ensures that the document continues to be developed to include valuable feedback received from the Games, and from actual end users of the outputs and feeds produced.

## **2 ORIS Document Summary**

### **2.1 Terminology**

Some terminology used in this document is generic and each OC may use its own terminology. For example, the "Venue Press Centre" may be called "Venue Media Centre", "Sport Presentation" may be called "Sport Production", a "Competition Manager" may be called a "Sport Manager", "ONS" may be called "OPNS", etc.

In this document, the masculine gender used in relation to any physical person (for example, names such as Technical Delegate, official, athlete, judge, referee, score verifier, member of a jury or pronouns such as he, they or them) shall, unless there is a specific provision to the contrary, be understood as including the feminine gender.

### **2.2 Document Structure**

The ORIS document is laid out as follows:

#### **2.2.1 Executive Summary**

This part of the document provides an overview of the ORIS project and the ORIS document for Boxing. It includes information on the following topics: introduction, document content, cycle and participants.

#### **2.2.2 Boxing References**

This part of the document describes the references on which the ORIS document is based. It includes the list of events, competition format, competition phases, participation references and source documents.

#### **2.2.3 Procedures**

This part of the document describes procedures to be followed by the OC and its partners, the AIBA and the IOC. It covers procedures for results services and news services, for both the preparation period and the Games.

##### **2.2.3.1 Results Service and Competition Management Support**

The roles and responsibilities of the AIBA, the OC Competition Management and OC Technology during all stages of the results delivery process for the competition are defined here. This includes "end to end" information technology support beginning with the athlete entry process up until the completion of the event, including the handling of exceptional situations. Special attention is given to the results verification process and the initiation of results distribution. Procedures are designed to ensure maximum data accuracy in the most efficient manner.

##### **2.2.3.2 News Service and Background Information**

Procedures regarding the collection, acquisition and transfer of historical data, biographies and similar background information prepared before the Games are defined here. The roles and responsibilities of the AIBA, the IOC and the OC in this process and the data exchanged between these parties before and after the Games are also outlined.

Procedures on the preparation of news (e.g. previews, reviews, flash quotes, press conference highlights, etc.) by the Olympic News Service (ONS) are defined. The expected responsibilities of the AIBA and the OC Competition Management in order to support these processes are outlined. The role of OC Technology in the collection and distribution of this information is described.

#### **2.2.4 Section 1: Printable Outputs**

All outputs which should be produced are listed in section 1. In addition to technical information linked to the outputs (description of the data items, sorting rules, legend definition, etc.), samples are

provided in order to help the organisers and users understand the type of information required. The format and content of some outputs have become traditional and standard in some sports. ORIS support the policy that such standards should be followed. Details of information content are shown independently of the delivery method, which defines whether information presented in the sample of each output will be printed or be available in INFO.

The "Look" of printed outputs is defined by the OC while ORIS defines the content and structure of information to be displayed or printed in the output body. Printed outputs must include the same data in the same order as defined in ORIS. While text should be formatted as described in ORIS, minor layout adjustments are acceptable (e.g. a column position, height of a cell...). In sport specific outputs, column headings may also be adjusted to display the full title where an abbreviation is presented in the ORIS document, if space allows (e.g. "Rank" could be shown instead of "Rk"). For outputs that are common across all sports (e.g. tables in medal outputs) column headings should be shown as presented in the ORIS document for consistency across sports. For INFO, developers should include the ORIS proposal for the content, though the layout may need to be adjusted because of technical constraints, subject to approval by the ORIS Boxing Working Group.

This document does not impose any particular technical solution and therefore many different possible solutions could be used to achieve the production and distribution of the outputs defined in ORIS (e.g. outputs related to news, training schedules, etc. could be produced by using a standard word processor).

## **2.2.5 Section 2: Distribution Rules**

This section defines the distribution of all outputs produced, whether printed or published in INFO.

It is divided into three chapters:

- Event related requirements
  - Process description and distribution rules for event related printed outputs and INFO grouped by type of event in chronological order (e.g. results of a competition phase)
- Other outputs
  - Process description and distribution rules of non-event related printed outputs and INFO grouped in chronological order (e.g. competition schedule, three (3) months before the Games)
  - Process description and distribution rules of event related printed outputs and INFO that have no defined production time (e.g. Official Communications)
- Distribution rules and availability of all outputs
  - These outputs are ordered by ORIS output code, and all delivery time variations are grouped under the same output code. These rules are documented in tabular format, showing which outputs the users require, when and where the outputs are needed.

The checking/approval process during output production and distribution is essential. Underestimation of this critical area could result in outputs not being delivered at the right place at the right time.

## **2.2.6 Section 3: Real Time Information**

This section defines the requirements for the presentation of real time information for scoreboards as well as a reference to on screen results presentation.

### **2.2.6.1 Scoreboards**

The provision of information to the public at the venues is an important part of the success of an event, keeping those who know the sport informed; and those who are new to the sport enlightened and entertained.

Public scoreboards are defined here.

It is not the intention to describe all that can be done in this area, but to suggest what is possible, as well as to define what information is mandatory or minimally required. In all cases, the AIBA should approve the proposed solution.

## **2.2.6.2 On screen results presentation**

This part contains references required for the development of on screen results presentation.

## **2.2.7 Appendix A: Glossary**

Since some terminology may be used differently across sports, the glossary helps the reader to understand exactly the intended definition in the ORIS document (e.g. the term "event" as defined in the Olympic Charter may have a different meaning than commonly used in a sport specific context).

## **2.2.8 Appendix B: Abbreviations**

Common abbreviations used in this document are defined in this appendix. Result codes are described in Appendix C - Rules for Data Formats and Presentation.

## **2.2.9 Appendix C: Rules for Data Formats and Presentation**

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

## **2.2.10 Appendix D: Supporting Documents**

This appendix includes templates for the output "Official Communication" (C67), information for results, medals and diplomas allocation as well as data to be captured.

## **2.2.11 Document Control**

This part describes all changes made in this document through its life cycle.

### **3 ORIS Project Cycle**

Together with well-defined requirements, one of the key factors for success in the area of information delivery is proper expectation management. With the ORIS process, the key information users (representatives of International Federations and media) can communicate their information requirements for the Games. These requirements are assessed in the context of the available resources (time, budget, risks, etc.).

#### **3.1 Production of the Updated Version of the ORIS Document**

The process for updating the ORIS documentation will be as follows:

- The ORIS team will prepare the ORIS Boxing draft document, based on:
  - The last version of the ORIS Boxing document of the previous Games
  - International Federation sport rules, competition format and requirements for these Games
  - Previous Games experience (including Questionnaires and Homologation Test issues logged)
- A few weeks before the ORIS Boxing meeting, the draft will be made available to the ORIS Boxing Working Group, allowing them to prepare for the meeting
- During the ORIS meeting the draft will be analysed and ideas for improvements discussed and agreed upon through consensus of the ORIS Boxing Working Group
- Based on agreements reached during the ORIS meeting, the ORIS Boxing document version 1.0 will be produced and published on the IOC ORIS extranet for review. The ORIS Boxing Working Group members can make comments directly on the IOC ORIS extranet regarding implementation of these agreements.
- The ORIS team will analyse the feedback and publish version 1.1 of the ORIS Boxing document submitted for sign-off
- Once the document is signed-off (status approved), all modifications will be brought through a Change Management process
- After the last ORIS meeting for Rio 2016, a consolidation meeting may be held between the ORIS team and the OC (Sports, ONS, Results and partners)

Attending the ORIS meetings and working together on ORIS document updates will help all parties build and maintain good working relationships and improve understanding of their individual needs and responsibilities. The ORIS meeting is the best opportunity for all of the Working Group members to provide their input to the ORIS team and to help with the development of the ORIS document. It is emphasised that the development of the ORIS document is a collaborative effort and the goal is to develop a consensus among the Working Group members. The ORIS team will make every effort to facilitate this process.

As the process of updating the ORIS document is organised at an early stage in the Games preparations, OC Technology can issue early warnings whenever ORIS might request deliverables or availability of requirements which are difficult or impossible to satisfy with the resources available (budget, time, etc.). Because of this, some topics may remain highlighted in yellow, pending decisions by the International Federation, the IOC or the OC. Deadlines for resolution of these topics will be set during the ORIS meeting. Most of these deadlines will occur after sign-off of the ORIS document. Therefore any change regarding yellow highlighted text is automatically exempt from the Change Management process.

The procedure for updating the ORIS document also allows the OC's Technology providers to present the functionality and performance of existing solutions, in order to minimise changes and to raise any points for clarification required by their development teams.

The entire ORIS process (ORIS meeting, Test Event and Homologation Test) provides excellent opportunities for team building. The Test Event (if any) provides an opportunity to test production and distribution of outputs under high pressure and stressful conditions, similar to those experienced at the Games.

## **3.2 ORIS Document Sign-off**

The AIBA and the Organising Committee will sign-off the ORIS Boxing document after all agreed changes have been implemented.

For the AIBA, the sign-off will represent a commitment that requirements are well defined and consistent with current sport rules, that they will be adequate for the smooth running of the Boxing competition and that the procedures as described in the document will be followed.

For the Organising Committee, the sign-off will represent its commitment to deliver the ORIS requirements. The sign-off letter will be signed by the representative of Sports, Media and Technology.

Some issues, such as anticipated rule changes, could remain open and will be highlighted in yellow in the document. Updates of these topics will be made under the Change Management Process, however, implementation of these changes is mandatory.

## **3.3 Change Management**

A Change Request should be logged if the AIBA or the OC requests any change which has an impact on the ORIS Boxing document.

The most common reasons for International Federations requesting changes are changes to the competition format or to the implementation of new rules. For Organising Committees the most common reason for requesting changes is because commitments made in the ORIS document no longer match the organisation of the discipline at the Games.

It is also possible that experience from the OC's Test Event (or other event), or the findings of the Homologation Test, will show that some requirements or procedures are no longer valid or require further improvements.

Change Requests will be registered and reported as per the ORIS Change Management procedures as defined in a separate document, as agreed between the IOC and the OC.

Once a Change Request has been approved, the ORIS team will publish an updated version of the ORIS Boxing document.

## **3.4 Test Event**

The OC, in conjunction with the International Federation, will conduct a Test Event (sometimes also called Sport Event) which is the best (and only) chance for OC Technology to test its systems and operational procedures in real conditions. A successful Test Event should preferably be run under conditions which are as close as possible to the competition format that will be used at the Games.

### **3.4.1 ORIS Team Participation**

IOC Technology will appoint ORIS observer(s) for each Test Event. The main tasks of these observers are:

- To help OC Technology evaluate the performance of the implemented systems
- To monitor if procedures described in ORIS are followed and applicable
- To collect feedback from all users (the AIBA, media, teams, etc.)
- To prepare required changes to the ORIS Boxing document
- To provide support to key users and act as moderators

### **3.4.2 Test Event Review Meeting**

A Test Event review meeting will be held before the end of the Test Event with the ORIS Boxing Working Group in order to evaluate the findings and discuss solutions and improvements for the Games.

It is recommended that the Venue Results Manager organises and chairs this meeting and takes the meeting minutes.

Following the Test Event, the ORIS Sport Analyst will prepare the Change Request if required.

### **3.5 Homologation Test**

The Homologation Test will be carried out in the OC lab, led by the AIBA and supported by OC Technology and partners. The lab set-up must simulate all the major functions of the Games (venues, central system and their interfaces).

It must be organised early enough (six to nine (6-9) months before the Games) to allow sufficient time for the OC's Technology providers to solve any issue detected.

The Homologation Test covers the complete "end to end" process for the system's functions defined in the ORIS Boxing document. The test begins with entry data for athletes and officials, continues through the draws and with start lists creation, followed by results activities and production of the results outputs and medals. The test also evaluates the ability of the system to fulfil the key ORIS requirements including (but not limited to):

- Outputs produced by On Venue Results system (OVR)
- Olympic Data Feed (ODF) messages
- INFO presentation of competition and news outputs, direct print from INFO, live screens, medals, etc.
- Scoreboards

The AIBA, with the help of the ORIS team, will prepare all possible test cases and scenarios (from normal progression to exceptional situations) at a reasonable time before the Homologation Test. All the important variations of results should be tested and all the affected outputs should be checked with such test cases.

All issues identified during a Homologation Test are immediately entered into the OC's issue tracker. The issues are discussed and agreed upon, and action plans are proposed by the participants during the daily issue management meetings. If a consensus is not reached, the issue will be escalated to the IOC and the OC Technology management.

All parties affected by any of the issues identified should be kept fully updated of the progress.

The results of the Homologation Test are summarised in the AIBA and WNPA reports. Those documents are then sent to the OC, the AIBA, the IOC, and the news press agencies. Any problem areas identified will be the subject of future testing.

The success of the Homologation Test largely depends on the level of preparation of the OC Technology team, and on the quality of the testing software. This process has been used at every Games since Nagano 1998. It was one of the key factors which contributed to the success of these Games.

### **3.6 IOC Technology Assistance and Observation**

For each Olympic Games the IOC Technology department will establish an IOC Technology Assistance and Observation programme (TAO).

The principal tasks of the TAO team during the Games are to help OC Technology ensure the success of the Games through efficient and accurate Information Technology support to the key users, as well as to evaluate lessons learned in order to contribute to improving the processes and deliverables for future Games (outputs and procedures).

The ORIS team will attend as many of the key phases as possible (draw, change of competition phase, etc.).

All problems will be reported using the regular OC Technology reporting lines. The ORIS team will be a part of the problems escalation process and, if required, be a link with the International Federation representatives.

The ORIS team should also report any feedback to the OC concerning the IT services that they have received from International Federations and Media.

### **3.7 Transfer of Knowledge**

In order to contribute to the process of technology transfer to future organisers and to prepare the basis for the ORIS document update for the next Games, the ORIS TAO team will use the Games Questionnaires to document the AIBA, OC and media findings, comments and suggestions for improvement.

### **3.8 Support**

The IOC ORIS extranet is the platform used to share all documents related to ORIS (current version of the ORIS Boxing document, Homologation Test documentation, ORIS meeting documentation and reports, etc.). The IOC ORIS extranet is also used to record and share feedback within the ORIS Boxing Working Group.

Access to the IOC ORIS extranet will be granted by the IOC ORIS extranet Manager.

## 4 Rio 2016 ORIS Project Participants

The ORIS Boxing project is managed and supervised by different committees and groups. It is coordinated by the IOC and composed of representatives of the AIBA, the OC (Sports, Media, Technology) and its IT partners.

### **The ORIS Steering Committee:**

- Initiates and oversees the ORIS project for Rio 2016
- Resolves exceptional issues that cannot be managed by the ORIS Project Management and the OC Technology team
- Meets at the official project launch and subsequently if required
- Is informed by regular reporting (deliverables, finances...)

The members of the Rio 2016 ORIS Steering Committee are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director (Chair)
- **Mr Kit McCONNELL**, IOC Sports, Director
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Mr Rodrigo GARCIA**, Rio 2016 Sport Director
- **Ms Lucia MONTANARELLA**, Rio 2016 Head of Press Operations
- **Mr Elly RESENDE**, Rio 2016 Technology Director
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)

### **The ORIS Management Team:**

- Follows the Rio 2016 ORIS project sport by sport and step by step
- Receives reports after each of the ORIS meetings, Homologation Tests and Test Events
- Each member communicates potential issues to his/her functional areas when they are affected

The members of the Rio 2016 ORIS Management Team are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director
- **Mr John GIANCARLO**, IOC Technology and Information, Head of Olympic Games Technology
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Ms Isabella BURCZAK**, IOC Sports, Head of Sport Projects
- **Mr Pierre FRATTER-BARDY**, IOC Sports, Head of Summer Sports and IF Relations
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Mr Namik DJUMISIC**, IOC ORIS Project Manager and Sport Coordinator
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager, Rio 2016 ORIS Liaison

### **The ORIS Boxing Working Group:**

- Attends the ORIS meeting to discuss and agree on the Boxing results information requirements for the Rio 2016 Olympic Games, based on the documents used and experience gained at previous Games as well as taking potential rule changes into consideration
- Follows the ORIS document evolution
- Participates in the Boxing Homologation Test in the OC lab
- Receives reports after the ORIS meeting, Homologation Test and Test Event
- Participates in the ORIS Change Management process, including document review and feedback

The members of the ORIS Boxing Working Group are:

- **Mr David FRANCIS**, AIBA Supervisor of the Rio 2016 Olympic Games
- **Ms Kristin BRYNILDSEN**, AIBA Senior Competition Manager
- **Ms Sandrine MONTPIED**, AIBA Competition Coordinator
- **Mr Breno PONTES**, Rio 2016 Sport Manager for Boxing
- **Mr Patrick MORAES**, Rio 2016 ONS Manager
- **Mr Daniel CHANNON**, Rio 2016 Cluster Venue Results Manager
- **Ms Oana NEAGU**, Atos IDS Sport Specialist
- **Mr Matthias ALTROCK**, OMEGA Venue Manager
- **Mr Mathias KAISER**, OMEGA Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Ms Itziar DEL ARCO**, IOC ORIS Sport Analyst for Boxing

### **The ORIS project is supported by:**

- **Ms Marlène DROZ**, IOC Technology and Information, ORIS Project Technical Editor, IOC ORIS extranet support
- **Ms Natasa DUMIC**, IOC Technology and Information, ORIS Project Secretary
- **Mr Charlie GROVES**, IOC ORIS Project Language Support
- **Ms Nadine SAAGER**, IOC ORIS Project Technical Editor
- **Ms Renée SEWJEE**, IOC ORIS Project Technical Editor

# Boxing References

## 1 Specifications

- Events: Progression and competition format types

Event (weight category)	Event Phase	Progression Type	Competition Format Type
Men's Light Fly (46-49kg)	Competition rounds: <ul style="list-style-type: none"><li>Preliminaries</li><li>Quarterfinals</li><li>Semifinals</li><li>Final (gold medal bout)</li></ul>	Qualification	Bracket with direct elimination and finals
Men's Fly (52kg)			
Men's Bantam (56kg)			
Men's Light (60kg)			
Men's Light Welter (64kg)			
Men's Welter (69kg)			
Men's Middle (75kg)			
Men's Light Heavy (81kg)			
Men's Heavy (91kg)			
Men's Super Heavy (+91kg)			
Women's Fly (48-51kg)			
Women's Light (57-60kg)			
Women's Middle (69-75kg)			

- The events are presented in traditional AIBA order
- Total number of events: 13
- A full overview of Progression and Competition Format types is included in Appendix A - Glossary

## 2 Competition

- Competition format
  - Men's competition
    - Each bout is made up of three rounds. Each round lasts three (3) minutes, with a one (1) minute rest period between the rounds.
    - There is a random draw for all boxers (except those who have been seeded) into the preliminary round. The losers are automatically eliminated, and the winners progress through the following phases until two boxers are left to box for the gold medal bout. The winner is awarded the gold medal and the loser, the silver medal. Two bronze medals are awarded to the losers of the semifinals.
  - Women's competition
    - Each bout is made up of four rounds. Each round lasts two (2) minutes, with a one (1) minute rest period between the rounds.
    - There is a random draw for all boxers (except those who have been seeded) into the preliminary round. The losers are automatically eliminated, and the winners progress through the following phases until two boxers are left to box for the gold medal bout. The winner is awarded the gold medal and the loser, the silver medal. Two bronze medals are awarded to the losers of the semifinals.

- **Tie Break Rules**
  - If the total scores awarded by each Judge, including any deduction, are equal at the end of the bout, selected Judges must record in the scoring system who in their opinion is the winner of the bout
- **Venue type**
  - Indoor
  - Single venue
- **Participation references**

The following information is an indication of the estimated participation at these Games for the purposes of software development only. Actual numbers are defined in the Qualification System document approved by the IOC.

- Number of boxers: 250 men / 36 women
- Boxers by NOC: A maximum of 1 boxer per NOC is allowed in each weight category. The host country is also granted a quota of 5 men and 1 woman, for athletes who would not otherwise qualify.
- Boxers per event: 22 men in Light Fly, 26 or 28 men in all other categories below 91kg, and 16 in the heavy weight categories / 12 women in each category
- "P" alternate athletes: No

## 3 Documents

- Olympic Charter in force
- IOC-Rio 2016 Host City Contract
- AIBA Technical Rules and AOB Competition Rules 2013

# **Procedures**

## **1      Introduction**

The aim is to document the procedures to be followed to ensure an efficient results delivery and to determine who should act (when, where and how) in order to satisfy user information expectations.

The proposed procedures are based on the experience gained at previous Games and other large Boxing events and, in some cases, include proposals on how to improve existing practices.

The responsibilities of each party involved in the production and delivery of specified outputs are precisely defined including the time frame or deadlines in which the parties have to fulfil them.

## **2 Results Service and Competition Management Support**

Roles and responsibilities of the key participants are documented in chronological order, starting a few months before the Games and ending with the production and distribution of the Results Book.

### **2.1 Pre-Games Activities**

Some competition-related information must be available as soon as INFO goes live.

The final few weeks before the Games can be hectic and the OC should anticipate the workload as much as possible.

#### **2.1.1 Schedules**

Schedules are available from a number of different sources prior to the Games (OC communications, official website, ticketing, etc.).

OC Technology must develop appropriate procedures to ensure that any schedule updates are promptly and accurately published and distributed to the users.

The Games competition schedule will be developed between the OC Competition Management and the AIBA Headquarters well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate. This schedule data should be used to build the integrated Games schedule navigation page and the schedule screens for each discipline in INFO.

Four (4) weeks before the Opening Ceremony, the Venue Results Manager should produce the output:

- Competition Schedule (C08A)

for verification and approval by OC Competition Management

OC Technology (Venue Results Manager and Technical Operations Centre) will then upload this file in INFO. This output will be available in PDF format on the day INFO goes live. Once the AIBA and OC Competition Management arrive at the venue, the output should be distributed accordingly.

The output "Competition Schedule" (C08A) will normally be produced only once for the entire Boxing competition. However if changes to the schedule do occur, the output "Competition Schedule" (C08A) will be updated by OVR once they become owner of the data. It will be redistributed (at the end of the day) and marked as "REVISED".

OC Technology will, based on information provided by the OC Competition Management, also produce the outputs:

- Activity List (C06)
- Training Schedule (C07), for each training day
- Number of Entries by NOC (C30)

which will be distributed according to the ORIS distribution rules.

#### **2.1.2 Entries and Participant Data**

The entry process is managed by the Sport Entries sub-function within the OC Sport Department. In order to fulfil the ORIS requirements, special attention should be paid to the information to be collected through the entry forms (data to be captured are included in Appendix D - Supporting Documents).

##### **2.1.2.1 After the Sport Entry Deadline**

All eligible athletes for the Games must have been entered by their NOCs by the Sport Entry Deadline, in accordance with the Qualification System.

After the Sport Entry Deadline, OC Technology will produce and update the outputs:

- Entries (C31A)

- Entries by Weight Category (C31C)
  - Facts and Figures - Birthdays during the Games (N86F)
- and make them available in INFO.

These outputs will be updated after each Delegation Registration Meeting (DRM) in case of replacement or data correction.

### **2.1.2.2 Participant data verification**

Emphasis should be placed on data accuracy and correct spelling and/or transcription of athlete names.

Information users, in particular the media, are used to seeing names spelt in a certain manner at other AIBA events, and the Games should be no different. At Games time, the space available to display a name (e.g. in an output or on a scoreboard screen) may vary considerably. It is therefore extremely important that all different name lengths (the maximum number of character spaces available) are verified before any entry lists are produced.

As soon as OVR becomes the owner of the participant data, the output:

- Entry Data Checklist (C38)

will be produced with all name lengths to be used during the Games and given to OC Competition Management for checking and approval.

OC Competition Management is responsible for the verification of data for all participants. Team Leaders will approve/correct the "Entry Data Checklist" (C38) at the Technical Meeting which will take place one (1) day before the General Medical and Weigh-In. OC Competition Management will return the corrected outputs to OC Technology by the end of the Technical Meeting.

In addition, the output:

- Entry Data Checklist - Referees and Judges (C39)

will be given to the AIBA TD for checking and approval. The AIBA TD will return the approved/corrected outputs to OC Technology no later than one (1) hour before the draw.

It is essential that only a single copy of the checklists circulates at any time in order to avoid errors.

### **2.1.2.3 Competition officials**

No later than one (1) month before the Opening Ceremony, the OC Competition Management will provide the Venue Results Manager with the names and functions of all persons who may be included in the outputs "Competition Officials" (C35A) and "Referees and Judges" (C35B).

Four (4) days before INFO goes live, the Venue Results Manager should produce the output:

- Competition Officials (C35A)

for verification and approval by the OC Competition Management. Once approved, this output will be available in PDF format on the day INFO goes live. Once the AIBA and OC Competition Management arrive at the venue, the output should be distributed according to the ORIS distribution rules.

### **2.1.2.4 Replacement of an athlete**

#### **2.1.2.4.1 Late athlete replacement**

Only those athletes who are eligible can be used as replacements and should be included in the initial data transfer to OVR.

Once the Late Athlete Replacement (LAR) procedure has been completed and Sport Entries has confirmed the change to the Venue Results Manager, the replacement athlete should be activated and the relevant output "Entry Data Checklist" (C38) should be produced for validation as defined in the participant data verification process. At the same time, the replaced athlete should be removed from the entries and the entry output(s) updated accordingly.

This procedure must be completed **seven (7) days before the Games**.

If any output including the replaced athlete name has been released it should be reissued, marked as "REVISED", with a free text note explaining the replacement.

### **2.1.2.5 AIBA unique athlete identification**

The AIBA maintains a database of boxers and officials. Each member is given a unique integer number.

The AIBA requests that this ID also be included in the appropriate ODF messages.

## **2.2 Pre-Competition Activities**

After the AIBA officials arrive in the host city, they will work with the OC Competition Management on the final preparations for the Games. During the period before the General Medical and Weigh-In, a lot of time will be spent on final checking of the participant data and the preparation, checking and correction of other information if necessary.

### **2.2.1 Presenters at Victory Ceremonies**

No later than ten (10) days before the first day of competition the IOC and the AIBA will provide OC Technology and ONS with the list of potential presenters and persons accompanying them, that will include all data necessary for presenting this information for the Victory Ceremonies.

### **2.2.2 General Medical and Weigh-In**

The General Medical and Weigh-In (for men and women) is organised in the morning one (1) day before the Boxing competition starts.

No later than 18:00 on the evening before the General Medical and Weigh-In, OC Technology will produce the output:

- Weigh-In Sheet (C56)

to be used by officials.

No later than five (5) minutes after the Weigh-In is completed, the AIBA TD will provide OC Competition Management, at the Weigh-In location, with the manually completed output "Weigh-In Sheet" (C56) for all weight categories.

If a boxer does not attend the Weigh-In, fails the Medical Examination, or fails to weigh within the prescribed limits for the category in which he is entered, the boxer will be disqualified and the AIBA TD will provide OC Competition Management with the text to be used on the "Official Communication" (C67).

Within the following thirty (30) minutes, OC Competition Management will deliver these documents to OC Technology at the competition venue, together with data on the seeded boxers for each weight category.

No later than one (1) hour after receiving the forms, OC Technology should produce the outputs:

- Number of Entries by NOC (C30)
- Entry List by NOC (C32A)
- Entry List by Weight Category (C32C1)
- Entry List with Exact Weight (C32C2) (super heavy weight category only)

for all events and provide them to the AIBA TD for verification and approval.

Once approved, they should be distributed according to the ORIS distribution rules.

At the same time, if boxers failed the Weigh-In and/or Medical Examination, the outputs:

- Competition Schedule (C08A), if required
- AIBA Competition Schedule (C08B)
- Official Communication (C67)

should be produced.

### **2.2.3 Draw**

For the Olympic Games there is a single draw session for all events, which should be held one (1) day before the start of competition.

The draw location will be determined by the OC in agreement with the AIBA. The draw process is managed by the AIBA in co-operation with the OC Competition Management. The draw will be run manually.

The draw session is attended by two representatives from each NOC. It is proposed that the draw be the first item on the session.

At the end of the draw for each event, but no later than two (2) minutes after the draw is completed, OC Technology will produce the output:

- Draw Sheet (C75)

For the first phase this output will contain the boxers' NOC codes and the names of the boxers. For all subsequent bouts, bout numbers, dates and sessions will be added.

Bout numbers are attributed automatically by the software.

The AIBA TD will check the draw sheet for accuracy within the following one (1) minute.

Thirty (30) minutes after the draw is approved, the outputs:

- Draw Sheet (C75), for all weight categories
- Weigh-In Sheet (C56), for all weight categories
- Daily Schedule (C58), for all days with preliminary rounds for sessions with assigned boxers

should be released for public distribution according to the ORIS distribution rules.

It is important that the draw is held in a location which has access to the Games network, in order to ensure that these outputs will be distributed according to the established timeline.

It is expected that there will be 300 people present at the draw session. OC Competition Management should be prepared to supply all those attending the draw with a stapled set of all draw sheets no later than thirty (30) minutes after the draw is completed for the last event.

It is extremely important that OC Technology fully prepare for this process together with the OC Competition Management and provide adequate resources and trained personnel to meet the distribution time (printing, copying, collation and stapling equipment, distribution personnel).

It is the responsibility of the OC to ensure that the Sports and Technology departments communicate with each other and define their respective responsibilities for organising the Draw. The Draw procedure should be tested at the Test Event.

During the draw, the audience should be able to follow the draw as it proceeds, and it should be presented on large screens, or by other means such as projectors.

No later than ten (10) minutes after the outputs "Draw Sheet" (C75) and "Daily Schedule" (C58) have been distributed, OC Technology should provide the AIBA TD with the output:

- Referees and Judges (C35B)

for verification and approval. Once approved, this output should be distributed according to the ORIS distribution rules.

## **2.3 Results Processing**

### **2.3.1 Results Processing for Men's and Women's competition**

#### **2.3.1.1 Training Schedule**

On the evening before each training day (every day up to and including the semifinals), OC Competition Management should update the output:

- Training Schedule (C07)

in INFO.

#### **2.3.1.2 Daily Medical Examination and Weigh-In**

In the morning of competition days, all boxers participating on that day are required to pass the Medical Examination and Weigh-In.

No later than thirty (30) minutes after the last bout of the last session of a competition day, OC Technology will produce the output:

- Weigh-In Sheet (C56), for all the events that are on the programme of the next day and provide it to OC Competition Management.

If a boxer does not attend the Weigh-In, fails the Medical Examination, or fails to weigh within the prescribed limits for the category in which he is entered, **the boxer will be disqualified** and the AIBA TD will provide OC Competition Management with the text to be used on the "Official Communication" (C67).

Within the following thirty (30) minutes, OC Competition Management will pass these documents to OC Technology at the competition venue.

If necessary, OC Technology should, within the next following fifteen (15) minutes, produce the output:

- Official Communication (C67)

for each weight category in which a boxer would have failed the Weigh-In.

Once approved, the output:

- Official Communication (C67)

will be distributed according to the ORIS distribution rules.

For events in which one or more boxers failed the Medical Examination or Weigh-In, there will be no updates of the output "Entry List by Weight Category" (C32C1).

#### **2.3.1.3 Entering Referee and Judges**

The assignment of the Referee and Judges for each bout will be provided by the AIBA Draw Commission and confirmed by the AIBA TD. The Referee and Judges' Coordinator will then call the Referee and five Judges to draw their position. Once the Referee and Judges have been assigned, this data will be immediately entered into the OC computer system.

The whole process should be organised in such a way that for two bouts ahead, and at least ten (10) minutes before a bout, the bout number and NOC of the Referee and Judges assigned to the bout will be available to OC Technology at the field of play. The names of Referee and Judges assigned to a bout should not be publicly available (in ODF, INFO, scoreboards, etc.) before the beginning of that bout presentation.

#### **2.3.1.4 During the bout**

OC Technology will provide a workstation that will record data from Judges' keypads. This station will be operated by an OC Technology staff member under the supervision of an AIBA designated person.

Information required for the scoreboard outputs, TV Graphics, data feed, and printed results will be electronically transferred from this workstation to the OC Technology results system.

Public scoreboards will be driven by OC Technology.

Additionally, OC Technology will provide a dedicated keypad which will be operated by the AIBA TD to start and finish bouts as well as entering warnings and knockdowns.

#### **2.3.1.5 After the bout**

No later than two (2) minutes after the end of the bout, OC Technology will produce the output:

- Bout Result (C73)

which will be given to the AIBA TD for approval. Once approved, this output should be distributed according to the ORIS distribution rules.

At the same time OC Technology should update in INFO the outputs:

- Session Results (C74)
- Draw Sheet (C75)

After each bout, only on AIBA Supervisor request, OC Technology will generate the output:

- Time Protocol (C69A)

that will be printed locally.

#### **2.3.1.6 After the last bout of an event within a session**

Within two (2) minutes of the last bout of an event within a session being declared over, OC Technology will produce the output:

- Draw Sheet (C75)

for distribution according to the ORIS distribution rules.

There is no need for the AIBA or OC Competition Management to verify this output.

#### **2.3.1.7 After the end of the session**

After the end of each session, OC Technology will produce the output:

- Session Results (C74)

for distribution according to the ORIS distribution rules.

There is no need for the AIBA or OC Competition Management to verify this output.

#### **2.3.1.8 After the last session of the day**

No later than fifteen (15) minutes after the last bout of the last session of a competition day, OC Technology should produce the updated version of the output:

- Daily Schedule (C58)

for all subsequent sessions for which all boxers are known, and distribute it according to the ORIS distribution rules.

#### **2.3.1.9 After the semifinal bouts**

After each semifinal bout OC Technology will update the output:

- Medallists (Individual) (C92A)

in INFO with data on the bronze medallists.

There is no need for the AIBA or OC Competition Management to verify this output.

#### **2.3.1.10 Before a final bout**

No later than sixty (60) minutes before the final bout the OC Protocol should provide ONS and OC Technology with the names of potential presenter(s) and accompanying person(s).

As soon as the presenters are known by OC Protocol, the output:

- Medal Presenters (N91B)

if the Victory Ceremony is organised at the venue immediately after the final bout, should be produced and distributed according to the ORIS distribution rules.

Late changes frequently occur shortly before the Victory Ceremonies. Any such changes should be communicated immediately by the OC Venue Protocol Manager to OC Technology, Sport Production and ONS.

#### **2.3.1.11 After the final bout**

Once the final bout in an event is declared over, OC Technology will, in addition to the regular outputs, produce the outputs:

- Medallists (Individual) (C92A)
- Medallists by Weight Category (C93)
- Medal Standings (C95)

for distribution according to the ORIS distribution rules.

There is no need for these outputs to be checked and approved by the AIBA or the OC Competition Management before their distribution.

#### **2.3.1.12 Final classification**

A complete final ranking list of all boxers who competed in an event is required by the Press Agencies. A complete ranking list may also be required to award the eighth Diploma in case of a possible disqualification among the first eight ranked boxers.

Please see Appendix C - Rules for Data Formats and Presentation, topic "Final classification" for a full description of the ranking method.

#### **2.3.1.13 At the end of the tournament**

No later than twenty (20) minutes after the end of the tournament, OC Technology should produce the outputs:

- Tournament Statistics (C84)
- Top 8 (C96A)
- Ranking by NOC (C96B)

for distribution according to the ORIS distribution rules.

No later than one (1) hour after the end of the tournament, the AIBA should provide OC Technology with the name and weight category of the female and male "Best boxer".

Within the next five (5) minutes, OC Technology should produce the output:

- Sport Communication (C68)

listing the "Best boxers". Once approved by the AIBA TD, the output should be distributed according to the ORIS distribution rules.

## **2.4 Common Sport Functions**

### **2.4.1 Official Communications**

The AIBA TD or the designated person may issue the output:

- Official Communication (C67)

to inform all clients about key decisions (e.g. schedule and results changes) or to communicate significant information that media and broadcasters should know.

If any such decision is made, the AIBA TD or the designated person will, within the following five (5) minutes, complete the text of the decisions made on the appropriate form. The following information should be included:

- Who made the decision
- The event and/or boxer affected
- The date and time of the decision
- The text of the decision
- The affected area (results, schedule or other)

OC Technology will receive the form, enter it into the OC computer system and print a copy of the output "Official Communication" (C67) within two (2) minutes.

As soon as the AIBA TD or the designated person has authorised the copy, it will be distributed immediately according to the ORIS distribution rules. All affected outputs should be updated and republished as "REVISED" as soon as possible. If the Results Book has already been produced, an updated version should be published.

An appropriate form is included in Appendix D - Supporting Documents of this document.

Note: If an "Official Communication" (C67) affects a Games stakeholder or partner, they should be consulted before releasing the output for distribution.

### **2.4.2 Sport Communications**

The output:

- Sport Communication (C68)

should be used to inform a sport specific audience about information or decisions from the AIBA, the IOC and/or the OC Competition Management (e.g. reminders, sport information, etc.).

The principles for the production of this output are similar to those described for the output "Official Communication" (C67). Paper distribution is limited to the venue, the Sport Information Desk at the athletes' village and in INFO.

## **2.5 Exceptional Situations Handling**

For any of the following exceptional situations, the AIBA TD or the designated person may request production of the output:

- Official Communication (C67)

and will provide the appropriate text to be used.

### **2.5.1 Schedule Changes**

The following schedule status options are applicable to an event or event unit (bout):

#### **2.5.1.1 Delayed**

A delay may occur if a bout does not start as scheduled, but should start within the current ticketing session.

The new start time is unknown. If the delay exceeds the current ticketing session, the status will be changed to postponed, rescheduled or cancelled.

#### **2.5.1.2 Postponed**

A bout did not start as scheduled and has been postponed to a later ticketing session. The new date and start time is unknown. The status will subsequently be changed to rescheduled or cancelled.

If an interrupted bout cannot be resumed within the current ticketing session and the new date and start time is unknown, the status will be changed to postponed. The status will subsequently be changed to rescheduled or cancelled.

#### **2.5.1.3 Interrupted**

A bout may be subject to an unplanned interruption after it has started.

A bout which is interrupted for any reasons after round 1 will be scored and not re-scheduled.

The judges will be asked to judge the round in which the interruption occurred and the bout result will be validated at this round level.

A bout which is interrupted for any reasons within three (3) minutes, and could not complete round 1 will be rescheduled within the same day, preferably within the same session. The decision will be made by the Supervisor.

#### **2.5.1.4 Rescheduled**

A session, or part of a session, may be rescheduled if it cannot be held at the originally scheduled start date/time.

The new date and start time are known.

In such situations OC Technology must be able to quickly reschedule the affected session(s), according to the AIBA rules, and supply all users with new versions of the outputs:

- Draw Sheet (C75)
- Daily Schedule (C58)

and the outputs:

- Competition Schedule (C08A)
- AIBA Competition Schedule (C08B)

should be updated as required.

If it is impossible to reschedule a session or phase of competition within a certain time frame, the status may be changed to cancelled.

#### **2.5.1.5 Cancelled**

An event which cannot be rescheduled prior to the Closing Ceremony of the Olympic Games is cancelled.

If the event is cancelled, no medals will be awarded.

## **2.5.2 Competition Related**

### **2.5.2.1 Withdrawals and changes**

If a boxer withdraws from the competition after the General Medical and Weigh-In, but before the draw, then the boxer will not take part in the draw. No replacement is permitted.

If a boxer withdraws from the competition after the Medical Examination, Weigh-In and the draw, then the boxer's opponent is awarded a walkover. No replacement is permitted.

It is extremely important for RTV commentators to have all changes in names and bout order, as well as withdrawals, well before the start of the session. ORIS proposes that all changes and withdrawals known up to forty-five (45) minutes before the start of a session be communicated to media through the regular distribution means. Past this deadline, commentators should be informed by the use of the ticker on CIS.

### **2.5.2.2 No contest if a bout cannot take place**

If a bout cannot take place, at any stage of competition before the semifinals, the opponent in the next round will win by walkover.

If a semifinal bout cannot take place, the silver medal and one bronze medal will not be awarded. If a final bout cannot take place, the gold and silver medal will not be awarded. If both semifinal bouts cannot take place, no medals will be awarded.

### **2.5.2.3 Both boxers are disqualified or KO**

If both boxers are disqualified or KO If both boxers loose by walkover at any stage of competition before the final, the opponent in the next round will win by walkover.

In case of double KO If both boxers loose by walkover during a final, the judges will be asked to judge the round up until the point at which the KO occurred.

### **2.5.2.4 Change in the Judge's panel during a bout**

If a selected judge cannot continue judging during a bout (e.g. illness), the following procedure will be followed:

During the bout, OC Technology will proceed to the random selection of the replacement judge.

The AIBA Supervisor will provide in turn the text to be displayed on the free text note and OC Technology produce the output:

- Bout Result (C73), with the free text note explaining the change

Once approved by the AIBA TD, the output "Bout Result" (C73) will be distributed according to the ORIS distribution rule and sent to ODF as official.

Note that in this situation, both the scores given by the replaced judge and the replacement will be displayed on the relevant outputs. It is possible that two judges could be replaced.

### **2.5.2.5 "Scoring Machine" becomes defective during bout**

If the automatic scoring system fails during competition, manual scorecards will be used and the AIBA TD will randomly select the three judges considered for scoring.

## **2.5.3 Disqualifications**

### **2.5.3.1 Disqualification after an event and up to three days after the Closing Ceremony**

This three (3) day period corresponds to the time for which the Court of Arbitration for Sport remains in the host city after the Games, and is available to pronounce on a disqualification in case of appeal.

Up to this deadline, OC Technology will update all results as required. All updated outputs should be approved by the AIBA TD before distribution.

If a disqualification impacts medal or diploma allocation, please refer to Appendix D - Supporting Documents in this document.

### **2.5.3.2 Disqualification more than three days after the Closing Ceremony**

Starting from the fourth day after the Games Closing Ceremony, the AIBA will become responsible for updating the results if necessary. Disqualifications may come from either the IOC or the AIBA. The AIBA is responsible for providing the updated results to the IOC.

If a disqualification impacts medal or diploma allocation, please refer to Appendix D - Supporting Documents in this document.

### **2.5.4 Communication in case of disqualification by the IOC Disciplinary Commission**

If an athlete is disqualified by the IOC Disciplinary Commission after the results of an event have been made official and distributed and up to three (3) days (inclusive) after the Games Closing Ceremony, the IOC Disciplinary Commission will communicate its decision through the IOC official communication channels (press release and publication on [www.olympic.org](http://www.olympic.org)).

The athlete, the athlete's NOC, the AIBA, OC Competition Management and OC Technology will be informed following the established IOC procedure.

The AIBA TD, or the designated person, should, together with OC Technology, produce an "Official Communication" (C67) explaining that results have been updated according to the IOC Disciplinary Commission decision.

The sample text to be used in this Official Communication (C67) is detailed in Appendix D - Supporting Documents of this document (Subtitle: F, Summary: 10, Issued by: I, Further information: iv).

As soon as the decision for disqualification is made public by the IOC, the following procedures should be followed:

- ONS should copy the IOC press release and paste it without any modifications into the output "IOC News" (N90C) and publish it in INFO
- As soon as the AIBA TD, or the designated person, has authorised its release, the output "Official Communication" (C67) will be distributed according to the ORIS distribution rules
- OC Technology will update and republish all affected outputs with a "REVISED" stamp and a free text note explaining the disqualification

Since such a decision can occur at any time, and publication of accurate information is extremely time critical, it is vital that the AIBA TD or the designated person, is available and able to communicate with the OC Competition Management, OC Technology and the IOC Head of ORIS at all times. This includes the period before the Games start, the period after the Boxing competition ends, and the period after the Games end (up to three (3) days after the Closing Ceremony). Travel by the AIBA TD during those periods before or after the Games may require that a designated person be available to cover this responsibility.

**Note: Authors of this ORIS document do not imply that this is a complete list of exceptional situations that could occur before, during or after the tournament. The OC and their technology suppliers are responsible for researching any missing information in the relevant AIBA and/or IOC documents and for gaining and analysing experience from other competitions.**

## **2.6 Reissuing Outputs**

There are two conditions for reissuing an output:

- A new version of a previously distributed output is produced as a regular case: no stamp is required. This applies to the following outputs:
  - Daily Schedule (C58)
  - Session Results (C74)
  - Draw Sheet (C75)
  - Medallists by Weight Category (C93)
  - Medal Standings (C95)
- A new version of a previously distributed output is produced due to a change of data: a "REVISED" stamp is required, including the date and time of output creation. The reason for the revision must be explained as a note (free text) at the bottom of the last page of the output.

For outputs which need to be reissued with a "REVISED" stamp and have an "at time" in the heading, the following rules will apply:

- If an error needs to be corrected (e.g. data entry error), the same "at time" should be kept as used in the originally released version of this output
- If an update needs to be made based on new information received (e.g. data change), the "at time" should be adjusted to the time at which this new information was provided

Note: The outputs "Official Communication" (C67) or "Sport Communication" (C68) will not be issued with a "REVISED" stamp. If a C67 or C68 needs to be corrected, a new output (with a new item number) should be produced.

## **2.7 Results Book**

The Results Book should contain the documents below, in the following order:

- Boxing cover page
- Version History (only if more than one version of the Results Book is produced)
- Competition Format and Rules (N02)
- Competition Officials (C35A)
- Referees and Judges (C35B)
- Entry List by NOC (C32A)

For each of the events (in standard AIBA weight category order):

- Entry List by Weight Category (C32C1)
- Draw Sheet (C75) - Final
- Official Communication (C67) - if related to that event and have direct impact on results

At the end of the Results Book:

- Session Results (C74) - for all sessions, by date
- Tournament Statistics (C84)
- Top 8 (C96A)
- Ranking by NOC (C96B)
- Medallists by Weight Category (C93)
- Medal Standings (C95)
- Sport Communication (C68) - concerning the AIBA Executive Board vote for the best boxer

All outputs to be included in the Results Book will be the last version produced. If any included output has been reissued as revised it will show the "REVISED" stamp.

Navigation within the Results Book should be facilitated by the use of bookmarks.

Results Books must be clearly identified with version number and date and time of production. If more than one version of the Results Book is produced, the changes should be described in the Version History.

The OC will produce the Results Book electronically, in PDF format, and make it available for download no later than one (1) day after the Boxing competition has finished.

This Results Book will be made available to at least the following parties:

- The IOC
- The AIBA
- All NOCs
- Accredited media

### **3 News Service and Background Information**

Data for all Biographies and Historical Results will be supplied by the IOC to the OC.

The IOC has contracted this data collection, integration and delivery to a third party provider. However, the IOC retains full responsibility for this process.

The schedule for delivery of these data is defined by contract. Together with the third party provider, the OC will be responsible for the testing of the transfer mechanism prior to the Test Event and during the Homologation Test. Transfer mechanisms are subject to IOC approval.

The OC and the IOC, together or in parallel, will undertake data quality testing at certain key points in the build-up to the Games.

The AIBA is currently not maintaining any data related to historical results and biographies.

The delivery schedules will be agreed between the AIBA and the third party provider. Schedules may be different depending on the type of data.

The AIBA wishes to validate part or all of the final data delivered by the provider. In that case, the AIBA and the third party provider will agree on a schedule covering the validation process which will be finished before INFO goes live.

The provider will update data after final delivery as required (corrections, information updates, etc.). The IOC will act as a facilitator between the AIBA, the OC and the provider.

Before the Games, and within three (3) months following the Closing Ceremony, the IOC will make this data available to the AIBA and all NOCs, in an agreed format.

#### **3.1 Historical Results**

The following historical data outputs will be available in INFO when it goes live:

- Medallists from previous Olympic Games (N10)
- Medals by NOC (N11)
- Multi-Medallists (N15)
- Results in last Olympic Cycle (N17A)
- Results from Continental Qualifications (N17B)
- AIBA Current World Ranking (N17C)

#### **3.2 Biographies and Profiles**

The following biography and profile outputs will be available in INFO when it goes live:

- Athlete Biography (N20)
- Referee / Judges Biography (N23)
- NOC Profile (N24)

#### **3.3 Facts and Figures**

##### **3.3.1 Boxing Background Information**

Data for the Boxing background information will be developed by ONS, in cooperation with the OC Competition Management and the AIBA Headquarters well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- Facts and Figures - History (N86A)
- Facts and Figures - AIBA - Federation Facts (N86B)

- Facts and Figures - Qualification Criteria (N86C)

These outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, the AIBA Headquarters will immediately inform ONS who will update the information within one (1) working day.

### **3.3.2 Technical Background Information**

Technical background information will be developed by ONS, in cooperation with the OC Competition Management and the AIBA Headquarters well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- Competition Format and Rules (N02)
- Facts and Figures - Facility Description (N86D)
- Facts and Figures - Media Information (N86E)

and will send them to the AIBA Headquarters for verification.

These outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, ONS in consultation with the AIBA Headquarters will update the information within one (1) working day.

## **3.4 News**

There are potentially many different types of information produced under the category of "News". News items are generated during the Games by the Olympic News Service (ONS) at each venue and from the Main Press Centre.

To guarantee continuity news items must be assigned a sequential number.

### **3.4.1 Pre-competition News**

#### **3.4.1.1 Previews**

Since many journalists at the Games cover sports in which they may have limited experience, Sport Previews and Daily Previews can be extremely helpful for them.

No later than four (4) days before the first day of competition, the ORIS Boxing Working Group recommends that ONS at the Boxing venue produces the output:

- Sport Preview (N89)

and every evening for the following day, the output:

- Daily Preview (N89)

and six (6) hours before the start of a weight category competition:

- Weight Category Preview (N89)

The daily previews and weight category previews should summarise the next day's activities for a discipline, focusing on the most newsworthy elements.

### **3.4.2 News During and After Competition**

Media covering Boxing events remotely will need to receive information supplementing the results. ORIS recommends that ONS prepare the outputs described below.

### **3.4.2.1 Flash quotes**

Throughout the Games ONS should produce quotes from athletes, medallists and any surprise performances in the output:

- Flash Quotes (N87A)

This output must be produced and distributed within fifteen (15) minutes after the quotes are taken.

A selection of the best quotes of each day of the Games should be produced by ONS in the output:

- Quotes of the Day (N87B)

and distributed according to the ORIS distribution rules.

Note: ONS should plan in advance to ensure easy access for interviewers and interpretation services, if required.

### **3.4.2.2 Press conference highlights**

ONS should produce newsworthy press conference highlights in the output:

- Press Conference Highlights (N88)

This output must be produced and distributed no later than thirty (30) minutes after the press conference.

### **3.4.2.3 Reviews**

ONS should produce competition highlights in the outputs:

- Weight Category Review (N89), only after the end of a weight category competition
- Daily Review (N89)
- Sport Review (N89)

## **3.5 Media Communications**

Useful information (concerning press conferences, announcements, changes in opening or closing times of the Venue Press Centre, etc.) should be communicated to the media in the output:

- Media Communication (N90A)

General information considered by ONS to be newsworthy (e.g. visitors to the venue, dignitaries, detailed description of equipment used, interesting statistics such as the number and names of world champions competing and missing, etc.) should be communicated to the media in the output:

- News Article (N90B)

ONS should use the output:

- IOC News (N90C)

to publish statements made by the IOC.

# Section 1 - Printable Outputs

## 1 Introduction

This section of the document presents samples for all printable outputs.

There are two groups of outputs:

- Competition related (C outputs)
- News and Background related (N outputs)

ORIS defined outputs are available as PDFs and/or in screen format.

Every output that is printed from a PDF or screen format should be formatted so that it meets the ORIS requirements, including the Look and Feel defined by the OC.

The basic objective has been to make user friendly samples which show the required information and how it should be presented in each output. Emphasis is placed on using data which is as realistic as possible. However, athletes' data may be modified to focus on the necessary types of data (e.g. actual results changed to show ties, IRMs, etc.), venue names used in the samples may differ from the actual Games venues, etc.

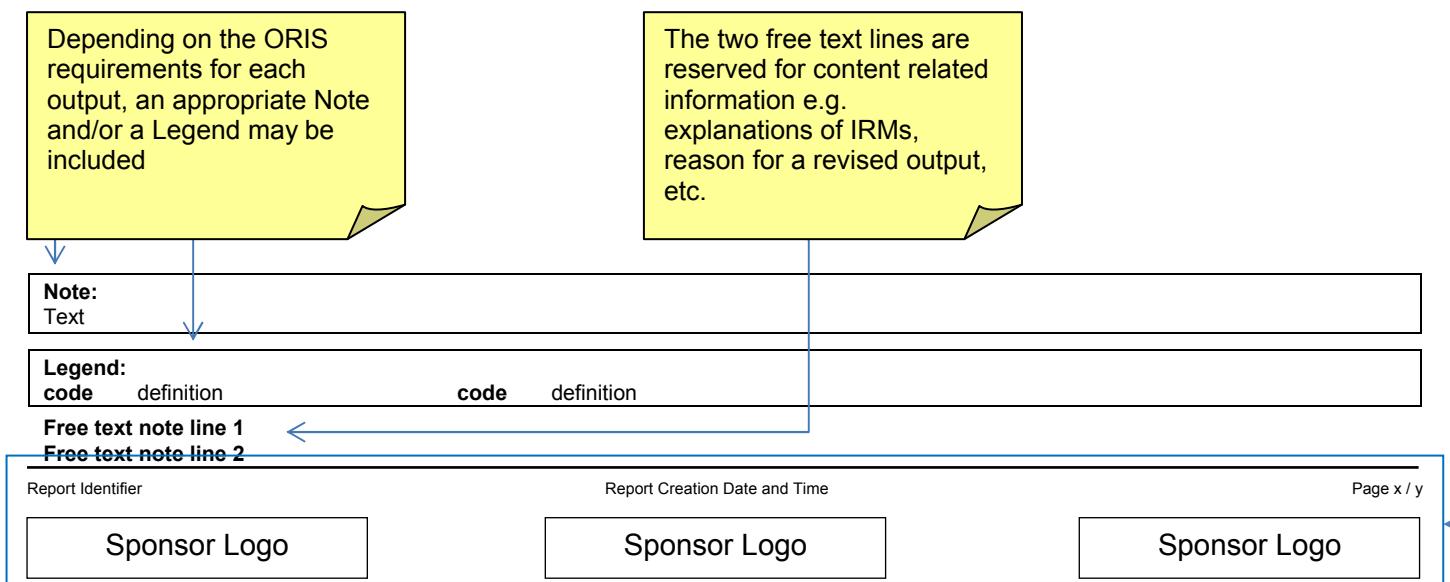

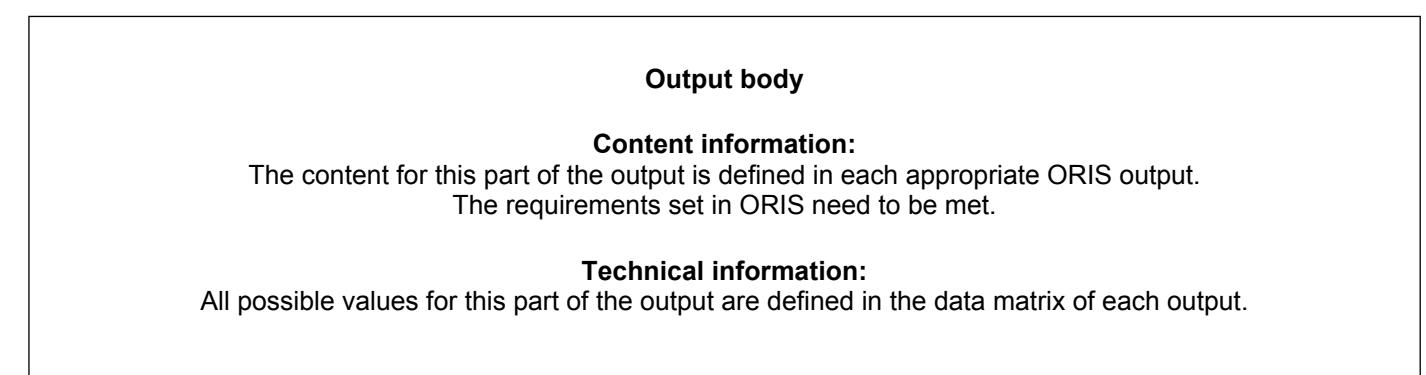

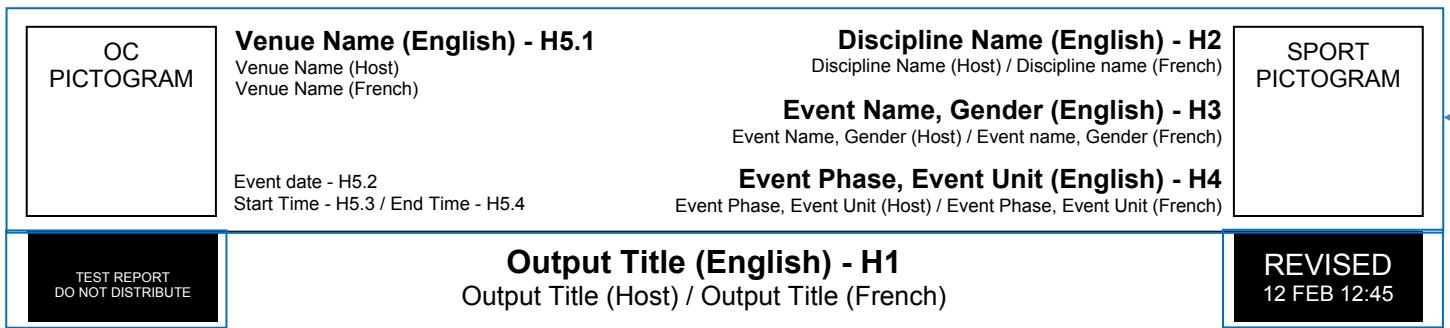

As it is impossible to find samples where all variations of data are used in the same output, in a number of samples some fields or data elements are missing. It should be **particularly noted** that schedule and quota data used in this document do **not** accurately reflect actual schedules and quotas.

Bearing this in mind, **samples should not be used as a reference for complete output definition**, including all possible data variations. All possible data elements and values are included in the data matrix. In all cases the **IF rules should be considered as the primary source** for data processing.

A detailed explanation of the structure of the output samples, description table and data matrix can be found in the "Look & Structure" output.

Rules for Data Formats and Presentation are described in the Appendix C.

*This page intentionally left blank.*

## L&S - Look and Structure of Outputs

### Description table

The description table gives an overview of output specific requirements and offers space for additional explanations.

Description	A brief description of the purpose of this output
Source	Defines the source of the information for this output. Possible sources are: OC Competition Management , OC Technology, International Federation, etc.
Sort by	Defines the sort criteria by which the content of the output is sorted. The list of criteria will be as long as required to accurately define the sort order. The sort criteria are presented as follows: 1 - Criterion 1 2 - Criterion 2 3 - Criterion 3, etc.
Page break	Defines page breaks into logical groups (if the output does not fit onto a single page)
Notes	Note with static text: if a static Note is required for this output
	Note with predefined text: if a Note with predefined text is required for this output. All possible texts and conditions of predefined Notes will be listed here.
	Free text: refers to "Appendix C - Rules for Data Formats and Presentation"
Legend	Shows all possible abbreviations which could occur in this output. It also indicates if the Legend needs to be positioned on each page of the output or only on the last page of the output. Sports with a large number of possible results codes may state "See Appendix C - Rules for Data Formats and Presentation" rather than listing all results codes here.
IRM rules	In most cases a reference to "See Appendix C - Rules for Data Formats and Presentation" is made here. If there are specific IRM rules for this output, they may be mentioned here.
Comments	Space for further explanations which cannot be included in the samples, in other rows of the description table above, or in the data matrix. These comments should support the users by giving extra information and explanations.

### Data matrix

The data matrix defines the required data items, and all possible values, needed in order to create the output. The data matrix follows the structure of the output in a logical order from the top to bottom and from the left to the right, wherever possible.

#### Columns

The column "Level" can be compared to the headings used for sections and subsections in a technical document:

"Levels" are ordered as follows:

- Whole integer levels (1, 2, 3, 4, etc.) represent a section heading. Each time a new section heading is required the next whole integer is used.
- Levels with two or more digits (1.1, 1.2.1, etc.) represent a subsection heading, or third level heading, etc., of the appropriate higher level heading (like a subsection heading in a technical document)
- The "(n)" in brackets after the level number indicates a "loop" for the values listed under that level or sublevel. Typically, data elements which are defined as "for each" have a level number containing an "(n)".

The column "Data Item" could be compared to the "section heading" (whole integer level numbers) with subsection headings (level numbers with decimal places).

The column "M/D" defines in general if that level is mandatory, desirable or not applicable/explanation only. The following main codes are used:

M      Mandatory

Ma     Mandatory - if applicable

Mc     Mandatory - required under conditions which are explained in the column for comments

D      Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory

Da     Desirable, but only if such data is available

Dc     Desirable under conditions which are explained in the column for comments

-- Not applicable / level explanation only

The column "Comments" includes all possible values of that level, additional conditions, explanations, etc.

## Organisation

The data matrix is basically divided into three parts:

- Header data
- Output body data
- Legend, Note and free text data

Note: some static elements (e.g. spelling "Start Time" in header or column titles) are not specifically listed in the data matrix. The data matrix only includes variable data fields.

## Header data levels

The header data elements are always defined in levels 1 to 6. These levels are always listed in each data matrix, regardless of the output requirements.

Output header example:

The corresponding data matrix levels are:

Level	Data Item	M/D	Comments
1	Output title (H1)	M	Text
2	Sport discipline (H2)	M	Text
3	Event/Gender (H3)	M	Standard FIS event name
4	Phase & event unit (H4)	Mc	Text - "Run 1" or "N Training" (N="1 <sup>st</sup> , 2 <sup>nd</sup> , 3 <sup>rd</sup> , etc.). (Applicable for DH only if split in 2 runs. N/A for SG).
5	Venue - date - start time - end time (H5)	--	
5.1	Venue name (H5.1)	M	Text
5.2	Event date (H5.2)	M	Date - in the format defined in the OC Look and Feel standard
5.3	Event start time (H5.3)	M	Time - in the format defined in the OC Look and Feel standard
5.4	Event end time (H5.4)	--	NOT APPLICABLE
6	As of date (H6)	--	NOT APPLICABLE

Note: the levels 5.1, 5.2, 5.3 and 5.4 are sublevels of the main level 5 "Venue - date - start time - end time (H5)" since they define values which belong to the same main level (same "topic").

## Output body data levels

The output body data elements are defined in levels 7 and higher. In these levels only output specific requirements are listed.

Output body data example (extract 1):

<b>Jury</b>		<b>Technical Data</b>		
TD FIS	KROGOLL Peter	GER		
Referee	SKAARDAL Atle	FIS		
Chief of Race	HOLLIDAY Bruce	CAN		
Start Referee	KLAMMER Herbert	ITA		
Finish Referee	PALOVICOVA Jana	SVK		

The corresponding data matrix levels are:

7 (n)	For each jury member	--	
7.1	Function	M	Text - Assistant referee is only applicable for DH and SG
7.2	Family name	M	Text
7.3	Given name	M	Text
7.4	NOC code	M	Standard IOC NOC code or "FIS"
<b>8</b>	<b>Technical data</b>	--	
8.1	Course name	M	Text
8.2	Start altitude	M	Numeric
8.3	Finish altitude	M	Numeric
8.4	Vertical drop	M	Numeric
8.5	Course length	Mc	Numeric (N/A for GS and SL).
8.6	Homologation number	M	Text

Note: the levels 7.1, 7.2, 7.3 and 7.4 are sublevels of the main level 7 "For each Jury member" since they define values which belong to the same main level (topic). The "(n)" indicates that the following levels are a "loop", i.e. that levels 7.1 to 7.4 need to be repeated for each jury member. Level 8 represents a new topic and therefore is numbered as the next main level (8). Levels 8.1 to 8.6 are then sublevels of the main level 8. For level 8, no "(n)" is required since each data only appears once.

Output body data example (extract 2):

**Number of Competitors: 86, Number of NOCs: 47**

Bib	FIS Code	Name	YB	NOC Code	Time
1	205993	<b>HOELZL Kathrin</b>	1984	GER	
2	205218	<b>REBENSBURG Viktoria</b>	1989	GER	
3	185140	<b>POUTAINEN Tanja</b>	1980	FIN	
4	55838	<b>ZETTEL Kathrin</b>	1986	AUT	

The corresponding data matrix levels are:

10	Number of competitors	M	Numeric
11	Number of NOCs	M	Numeric
<b>12 (n)</b>	<b>For each competitor</b>	--	
12.1	Bib number	M	Numeric
12.2	FIS code	M	Numeric
12.3	Family name	M	Text
12.4	Given name	M	Text
12.5	Year of birth	M	Year - in the format defined in the OC Look and Feel standard
12.6	NOC code	M	Standard IOC NOC code
12.7	Time	M	Space

Note: level 10 is a separate main level, only related to the "Number of competitors". Level 11 is the next main level, only related to the "Number of NOCs". Level 12 (n) is another main level, with the "(n)" indicating that the following levels 12.1 to 12.7 are a loop (data required for each competitor).

### Note, Legend, free text

The Note, Legend and free text elements are defined at the end of the data matrix. All these levels are always listed, regardless the output requirements.

Example:

<b>Note:</b>	FIS points are from "Special OWG List". FIS WCSL points include all the FIS World Cup races before the Olympic Games.					
<b>Legend:</b>						
DH	Downhill	<b>GS</b>	Giant Slalom	<b>SC</b>	Super Combined	<b>SG</b>
SL	Slalom	<b>WCSL</b>	Overall points	<b>YB</b>	Year of Birth	Super-G
The corresponding data matrix levels are:						
8	Note with static text		M	Text		
9 (n)	Note for each predefined text		--			
9.1	Predefined text		--	NOT APPLICABLE		
10 (n)	<b>Legend</b>		--			
10.1	Abbreviation	Mc	Code			
10.2	Description of abbreviation	Mc	Text			
11	Free text	Ma	Text			

Note: level 8 is a separate main level, only related to the "Note with static text". Level 10 (n) is the main level for the Legend information. The "(n)" is used to indicate a loop since each abbreviation (10.1) and the appropriate description (10.2) need to appear.

Note 2: usually the level "Note with static text" starts as a main level (full number). In special cases, where the Note and Legend should be presented after each output body data, this could be numbered as a sublevel, as part of a level with a loop "(n)".

### Stamps

There are two types of stamps. The exact position of these stamps is defined in the separate OC document.

- "Test Report" stamp: this stamp should ensure that no test data is mistaken for real Games data
- "Revised" stamp: if a new version of a previously distributed output is produced (excluding those outputs which are regularly updated and reissued, e.g. outputs containing brackets, statistics, ranking, etc.), it must be stamped "REVISED" including the date and time of output creation. The reason for the revision must be explained as a free text note at the bottom of the last page of the output.

The revised date and time in the stamp is the same date and time as in the output footer data ("Report Creation").

For initial releases stamps are not required.

### Output footer data

Each output produced at the Games has clear and unique information in the footer data. These requirements are not listed in the ORIS data matrix, but defined and explained in a separate OC document. In order to have the full overview of an output layout, these data are briefly explained here:

- The "Report Identifier" consists of a nine characters Results System Code (RSC), the ORIS output number (without leading "C" or "N") and the version number
- The "Report Creation" shows the date and time and when the output was created
- The "Page x/y" indicates the current page number (x), and the total number of pages (y), of the output

*This page intentionally left blank.*

# ACTIVITY LIST

## BOXING

**As of 5 AUG 2016**

Date	Start Time	Estimated Finish Time	Activity	Location	Media Access
TUE 2 AUG	8:00	21:00	Boxing training	Riocentro - Pavilion 5	Open
WED 3 AUG	8:00	21:00	Boxing training	Riocentro - Pavilion 5	Open
THU 4 AUG	8:00	21:00	Boxing training	Riocentro - Pavilion 5	Open
FRI 5 AUG	8:00	21:00	Boxing training	Riocentro - Pavilion 5	Open
	9:00	11:00	General Medical and Weigh-In	Olympic Village	Closed
	13:00	15:00	Draw	Riocentro - Pavilion 6	Open
SAT 6 AUG	9:00	10:00	Weigh-In and Medical Examination	Olympic Village	Closed
	17:00	18:30	AIBA Media Conference	Riocentro - Pavilion 6	Open
	13:00	13:15	Men's Bantam (56kg) - Preliminaries VODOPIYANOV S (RUS) vs MELIAN AE (ARG)	Riocentro - Pavilion 6	
	Followed by		- Men's Bantam (56kg) - Preliminaries NEVIN John Joe (IRL) vs CEYLAN Dennis (DEN)	Riocentro - Pavilion 6	
	Followed by		- Men's Middle (75kg) - Preliminaries OGOGO A (GBR) vs CASTILLO J (DOM)	Riocentro - Pavilion 6	
	...	...	...	...	
SUN 7 AUG	9:00	10:00	Medical Examination and Weigh-In	Olympic Village	Closed
	13:00	13:15	Men's Bantam (56kg) - Preliminaries THAPA S (IND) vs VALDEZ FIERRO O (MEX)	Riocentro - Pavilion 6	
	Followed by		- Men's Middle (75kg) - Preliminaries AKANJI Muideen (NGR) vs O'NEILL Darren (IRL)	Riocentro - Pavilion 6	
	...	...	...	...	
SAT 20 AUG	9:00	10:00	Medical Examination and Weigh-In	Olympic Village	Closed
	20:00	20:15	Men's Bantam (56kg) - Final - Men's Middle (75kg) - Final	Riocentro - Pavilion 6	
	Followed by		- Men's Light Heavy (81kg) - Final	Riocentro - Pavilion 6	
	Followed by		...		
	Followed by		- Victory Ceremonies	Riocentro - Pavilion 6	

## C06 - Activity List

Description	Detailed activity list for each day
Source	AIBA and OC Competition Management
Sort by	1 - Date 2 - Start time
Page break	Break at "Group = Date" on a new page with repeated output headings and column headings
Notes	Note with static text: None Note with predefined text: None Free text: See Appendix C - Rules for Data Formats and Presentation
Legend	None
IRM rules	None
Comments	<p>Each day should be separated by a blank line.</p> <p>The following activities should be included in this output:</p> <ul style="list-style-type: none"> <li>- Boxing training</li> <li>- General Medical and Weigh-In</li> <li>- Medical Examination and Weigh-In</li> <li>- AIBA Media Conference</li> <li>- Draw</li> <li>- Competition schedule</li> <li>- Victory Ceremonies</li> </ul> <p>The printable version of this output should follow the ORIS requirements. There may be slight differences with the INFO screen presentation (e.g. hyperlinks, direct access to other outputs, etc.).</p>

Level	Data Item	M/D	Comments
1	<b>Output title (H1)</b>	M	Text
2	<b>Sport discipline (H2)</b>	M	Text
3	<b>Event/Gender (H3)</b>	--	NOT APPLICABLE
4	<b>Phase &amp; event unit (H4)</b>	--	NOT APPLICABLE
5	<b>Venue - date - start time - end time (H5)</b>	--	
5.1	Venue name (H5.1)	--	NOT APPLICABLE
5.2	Event date (H5.2)	--	NOT APPLICABLE
5.3	Event start time (H5.3)	--	NOT APPLICABLE
5.4	Event end time (H5.4)	--	NOT APPLICABLE
6	<b>As of date (H6)</b>	M	Date - in the format defined in the OC Look and Feel standard
7 (n)	<b>For each day</b>	--	
7.1	Date	M	Date - in the format defined in the OC Look and Feel standard
7.2 (n)	For each activity during the day	--	
7.2.1	Start time	M	Time - in the format defined in the OC Look and Feel standard or text "Followed by"
7.2.2	Estimated finish time	M	Time - in the format defined in the OC Look and Feel standard or "-" if unknown
7.2.3	For each non-competition schedule activity	--	
7.2.3.1	Activity	M	Text - general description of event
7.2.4	For each competition schedule activity	--	
7.2.4.1	Weight category name	M	Standard AIBA weight category name
7.2.4.2	Phase name	M	Standard AIBA phase name
7.2.4.3	For each boxer	--	
7.2.4.3.1	Name	Mc	Text
7.2.4.3.2	NOC code	Mc	Standard IOC NOC code
7.2.5	Location	M	Text
7.2.6	Media access	M	Text - "Open", "Closed" or blank for competition
8	<b>Note with static text</b>	--	NOT APPLICABLE
9 (n)	<b>Note for each predefined text</b>	--	
9.1	Predefined text	--	NOT APPLICABLE
10 (n)	<b>Legend</b>	--	
10.1	Abbreviation	--	NOT APPLICABLE

	<b>Height (m / ft in)</b> 1.70 / 5'7"			

Date: \_\_\_\_\_ Time: \_\_\_\_\_ Signature: \_\_\_\_\_.

Scoreboard name lengths (max. characters) should be adjusted by OVR according to the technical scoreboard specifications.  
 Be aware that all scoreboard name lengths in use must be included in this output and verified before the start of competition.

**Note:**

Truncated names are indicated with an \* and must be checked carefully.

## C38 - Entry Data Checklist

Description	Detailed list of all boxers. The purpose of this list is to facilitate the checking of entry data, spelling and name abbreviations for official use on outputs, scoreboards, TV, etc. This output is an internal quality control list.
Source	OC Technology
Sort by	1 - NOC code 2 - Gender (male first)
Page break	Break at "Condition = NOC code" on a new page with repeated output headings and column headings. Within "NOC code" break at "Group = Accreditation number" on a new page with repeated output headings and column headings.
Notes	Note with static text: See sample Note with predefined text: None Free text: See Appendix C - Rules for Data Formats and Presentation
Legend	Use the following description for abbreviations which appear in the output: "-" - Personal data protection  To be displayed at the bottom of the last page of each NOC.
IRM rules	None
Comments	All name items must initially conform to the AIBA/OC names policy for the competition. However, names may be changed, as required, to allow for personal preferences and other considerations.  Truncated names should be indicated with an * for manual checking. This output should show every name type and the maximum number of characters which may be used (maximum number of characters defined by OC Technology depending on the solution used). For TV names please refer to the OBS requirements document "TV Name Formats". For scoreboard names: The technical characteristics of the scoreboard may require that scoreboard names of several different maximum lengths be defined. The fields "Family name (25)" and "Given name (25)" should be used as the WNPA names (please refer to the "ODF General Messages Interface Document").  Need ability to print the output for a single NOC.  The layout of this output may be either in portrait or landscape, as required.

## OFFICIAL COMMUNICATION BOXING

Item: 35

### Schedule change

#### The Men's Fly (52kg) has been rescheduled

##### **Summary:**

Due to the weather forecast (high probability of thunderstorms), access to the venue may be affected. The competition has consequently been rescheduled to 9:00 tomorrow.

##### **Details:**

Thunderstorms with wind speeds of over 120 km/h are forecast for this afternoon, with associated heavy rain and lightning. Due to the increased risk to spectators travelling to the venue and the potential impact on transportation, the Boxing Men's Fly (52kg) has been rescheduled to 9:00 tomorrow.

Issued by: AIBA Technical Delegate  
Time: 11:00  
Date: 13 AUG 2016

This decision affects: Results  
Schedule

## SPORT COMMUNICATION BOXING

Item: 35

### IOC Rule 50 (Reminder)

#### Manufacturer identification on clothing and equipment

##### **Summary:**

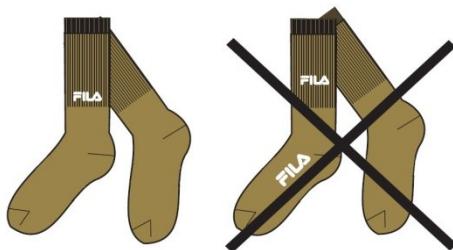

The National clothing must fully comply with IOC rule 50, in all aspects.  
This applies to all competition at the Rio 2016 Olympic Games.

##### **Details:**

All competition at the Rio 2016 Olympic Games will be held in accordance with the Olympic Charter and the AIBA Constitution and Rules which are in force at the time of the Rio 2016 Olympic Games.

Pursuant to the Olympic Charter, the AIBA assumes the responsibility for the technical control and direction of its sport at the Olympic Games.

Regarding brand identification on socks, all teams are reminded that the **Rule 50 states: One Identification per accessory item will be permitted, to a maximum.**

Issued by: AIBA Technical Delegate  
Time: 21:10  
Date: 4 AUG 2016

## C69A - Time Protocol

Description	Outcome of a bout with all judges' marks. This output is produced from the official AIBA scoring computer and is treated strictly as an AIBA internal output.
Source	OC Technology
Sort by	1 - Corner colour (red first)
Page break	Break at "Group = Number of scoring action" on a new page with repeated output headings and column headings
Notes	Note with static text: None Note with predefined text: None Free text: See Appendix C - Rules for Data Formats and Presentation
Legend	Use the following description for abbreviations which appear in the output: Jn - Judge number KD - Knockdown P - Preferred winner R - Round Rn - Round number X - Judge not selected  Refer to Appendix C - Rules for Data Formats and Presentation for results codes.  To be displayed at the bottom of the last page.
IRM rules	None
Comments	If the Referee or any judge is changed during the bout, a "Note" as a free text describing the substitution of the Referee or judge(s) during the bout will be included at the bottom of the output.  If the result is "No Contest (NC)" add a note as a free text "Jury will decide on any necessary further action".  Winner should be shown in bold text.  This output consists of three different samples: 1. Time protocol with preference 2. Time protocol with warning 3. Time protocol with double knockout (both boxers are knockout)

## C73 - Bout Result

Description	Result of a bout
Source	OC Technology
Sort by	1 - Corner colour (red first) For officials: 1 - Referee 2 - Judge number
Page break	None, aim for a single page
Notes	Note with static text: None  Note with predefined text: If the result is "Win on Points" Note: "The winner is determined by the majority of judges' preference. One point is deducted from each judges' score in case of warning." will be added. If the result is "No Contest" Note: "Jury will decide on any necessary further action." will be added. Free text: See Appendix C - Rules for Data Formats and Presentation
Legend	Use the following description for abbreviations which appear in the output: * - Preferred winner Rn - Round number  Refer to Appendix C - Rules for Data Formats and Presentation for results codes.  To be displayed at the bottom of the last page.
IRM rules	None
Comments	If the referee or any judge is changed during the bout, the name of the referee or judge who finished the bout will be displayed and a "Note" as a free text describing the substitution will be included at the bottom of the output.  If the result is "Walkover (WO)" or "No Contest (NC)", scores tables for the bout will not be shown. Rounds that did not start will not be shown.  Winner should be shown in bold text.  This output consists of six different samples: 1. Winning decision by points 2. Winning decision by points after bout stop in round 2 and with preference 3. Winning decision by points with a change in judges panel 4. Winning decision by Technical Knockout - Injury 5. Winning decision by Technical Knockout 6. Winning decision by Disqualification 7. Winning decision by Walkover 8. Double Knockout (both boxers are knockout) 9. No Contest

# COMPETITION FORMAT AND RULES

## BOXING

**As of 23 JUN 2016**

### **Olympic Competition Format**

The Olympic Boxing Tournament in Rio 2016 is organised as a direct elimination competition with 10 men's and 3 women's events.

<b>Men's weight categories</b>	<b>Number of boxers</b>	<b>Women's weight categories</b>	<b>Number of boxers</b>
Light Fly (46-49kg)	22	Fly (48-51kg)	12
Fly (52kg)	26	Light (57-60kg)	12
Bantam (56kg)	28	Middle (69-75kg)	12
Light (60kg)	28		
Light Welter (64kg)	28		
Welter (69kg)	28		
Middle (75kg)	28		
Light Heavy (81kg)	26		
Heavy (91kg)	18		
Super Heavy (+91kg)	18		

#### **Men's competition**

Boxers compete in three round bouts, each lasting three minutes, with a one minute rest period between the rounds. The losers are automatically eliminated, and the winners progress through the following phases until two boxers are left to box for the gold medal. The winner is awarded the gold medal and the loser, the silver medal. Two bronze medals are awarded to the losers of the semifinals.

Only one boxer per weight category per NOC is permitted.

#### **Women's competition**

Boxers compete in four round bouts, each lasting two minutes, with a one minute rest period between the rounds. The losers are automatically eliminated, and the winners progress through the following phases until two boxers are left to box for the gold medal. The winner is awarded the gold medal and the loser, the silver medal. Two bronze medals are awarded to the losers of the semifinals.

Only one boxer per weight category per NOC is permitted.

#### **Differences between the AIBA World Championships and the Olympic Games**

At the AIBA World Championships there are more boxers, as quotas for participation and qualification criteria are different. Also, there are 10 weight categories for the women's competition.

#### **Changes since the London 2012 Olympic Games**

A new method of calculating the scores has been introduced. This scoring is now based on the 10 points must system. The 46-49kg and up to 64kg boxers will wear 10 ounce gloves, boxers 69kg and above will wear 12 ounce gloves.

## Sport Rules and Procedures

### Gloves, Bandages, Headguards, Gumshields (Teeth protectors)

In order to protect boxers from injuries, the AIBA rules require boxers to wear gloves weighing 10 and 12 ounces (284 grammes), a bandage not longer than 4.5 metres and not shorter than 2.5 metres on each hand and gumshields.

### Weigh-In and Medical Examination

The General Weigh-In and Medical Examination takes place on the day before the first day of men's competition. On each day of competition there is a Weigh-In and Medical Examination of all boxers competing that day.

### Judging and Scoring Format

The scoring system will be based on a "Ten Point Must System". The five Judges selected for a bout will each randomly select a position around the ring when they arrive on the field of play. Just before starting each bout, the scoring system will randomly select three out of the five Judges, and only the scores of these three Judges will be counted. At the end of each round, each Judge must determine the winning boxer of that round by awarding a score of ten points and by awarding nine or less points - down to six - to the losing boxer, based on their judgment as to the degree by which the opponent lost the round.

Warnings will be applied in each round and a point will be deducted from each judge total score.

Possible decisions for the win will be as follows: Win on Points (WP), Technical Knockout (TKO), Technical Knockout - Injury (TKO-I), Knockout (KO), Walkover (WO), Disqualification (DSQ).

### Tie Break Rules

If the total scores awarded by each selected Judge, including any deduction, are equal at the end of the bout, Judges must record in the scoring system who in their opinion is the winner of the bout.

They will only be requested to do so if:

- One of the other two judges also awarded equal scores, or
- The two other judges appointed different winners, or
- Both of the other judges awarded equal scores

### Fouls

A boxer who does not obey the instructions of the Referee, acts against the boxing rules, boxes in an unsportsmanlike manner or commits fouls, can, at the discretion of the Referee, be cautioned, warned or disqualified. A boxer receiving a warning will have one point deducted from each judges' total score. Three warnings lead to an automatic disqualification.

The most typical types of fouls that are sanctioned are: hitting below the belt, holding, tripping, kicking and head butting. The complete list of fouls is available on the AIBA website.

### Protests

Protests can be lodged. If a protest is lodged on time, the Jury must give its decision that same evening.

The structure and content of this output is recommended as a baseline for creation of the actual output for Games time.

#### Note:

For further information please consult: [www.aiba.org](http://www.aiba.org)

# ATHLETE BIOGRAPHY

## BOXING

**As of 4 AUG 2016**

### **Profile**

<b>&lt;picture&gt;</b>			
<b>Name:</b>	CRUZ PERAZA Julio	<b>Nickname:</b>	Chacha
<b>Gender:</b>	Male	<b>NOC code:</b>	CUB
<b>Date of birth:</b>	11 AUG 1989	<b>Place of birth:</b>	Guantanamo, Cuba
<b>Residence:</b>	Guantanamo, Cuba	<b>Height (m / ft in):</b>	1.77 / 5'10"
<b>Occupation:</b>	Manager	<b>Weight category:</b>	Bantam (57kg)
<b>Language(s) spoken:</b>	Spanish, English	<b>Social media:</b>	<a href="http://www.text.cb">www.text.cb</a>
<b>Hobbies:</b>	Photography, Children, Family	<b>Higher education:</b>	<i>Text</i>
<b>Spouse &amp; children:</b>	<i>Text</i>	<b>Famous relatives:</b>	His cousin xxxxx is also an amateur boxer
<b>Other sport competed in at international level:</b>	<i>Text</i>	<b>Most influential person:</b>	Lennox Luis
<b>Superstition, rituals:</b>	<i>Text</i>	<b>Hero/idol:</b>	Boxers Lennox Lewis and Audley Harrison
<b>International elite debut:</b>	2003	<b>Member of the national team since:</b>	1995
<b>Previous weight categories at Games:</b>	Light (60kg)	<b>Personal coach:</b>	FERNANDEZ Raul
<b>Qualification for Olympic Games:</b>	AOB America Qualifying 2016	<b>Club:</b>	BC Guantanamo
<b>Handedness:</b>	Right Handed	<b>Training information:</b>	He trains at the Academia Provincial
<b>Most memorable sporting achievements:</b>	Winning the gold at the Pan American Games in 2015	<b>Major awards and honours:</b>	In 2011 he was named best athlete of the year in Cuba.
<b>Preferred style/stance/technique:</b>	<i>Text</i>	<b>Sporting philosophy or motto:</b>	He is the captain of the national team. <i>Text</i>

### **Major Achievements**

<b>Olympic Games:</b>	2004 - Athens (GRE)	Light (60kg)	Gold
<b>AIBA World Championships:</b>	2007 - Chicago, ILL (USA) 2005 - Budapest (HUN) 2003 - Berlin (GER)	Light (60kg) Light (60kg) Light (60kg)	Silver Gold Silver
<b>Pan American Championships:</b>	2007 - Montreal, QB (CAN) 2003 - Mar del Plata (ARG)	Light (60kg) Light (60kg)	4 <sup>th</sup> Gold

### **General Interest**

After the disappointment of the 2008 Olympic Games in Beijing, where for the first time in 40 years the Cuban team did not win any medals, his selection was questioned in the media. In 2009 he lost his spot in the national team before being recalled in 2010

He has praised coach Fernandez for improving his ability. "I became a much more disciplined fighter, with more dedication. Before I was just a defensive fighter, supported by good movements of my middle section. But he really pushed me to offer more aggression and more offensive movements.

### **Rio 2016 Results**

<b>Bantam (57kg) - Preliminaries</b>	6 AUG	won	SADIQ Ahmed (NGR)	TKO	R3	0:12
Quarterfinal	8 AUG	won	HUSEYNOV Rovshan (AZE)	WP	3:0	
Semifinal	10 AUG	won	KHRACHEV Murat (RUS)	WP	3:0	
Final	11 AUG	lost to	KHAN Amir (GBR)	WP	2:1

## REFeree / JUDGE BIOGRAPHY

### BOXING

**As of 4 AUG 2016**

**Profile**

<b>Name:</b>	de CAMILLIS Claudio
<b>Gender:</b>	Male
<b>NOC code:</b>	ITA
<b>Date of birth:</b>	21 SEP 1965
<b>Boxing career:</b>	Italian team for 5 years
<b>Year of appointment:</b>	2009
<b>Number of times officiated in Olympic Games:</b>	2
<b>Number of times officiated in World Championships:</b>	3
<b>Profession:</b>	Policeman
<b>Languages for interview:</b>	Italian, English, French

**Three of the most important competitions judged / refereed in career**

2004 - Athens (GRE) - Olympic Games
2003 - Berlin (GER) - World Championships
2000 - Sydney, NSW (AUS) - Olympic Games

**General Interest**

Silver medal winner from 1991 French Open, bronze medal from 1992 Belgium Open 1999 World Best referee, 2000 Referee of the Year
---

<b>Total:</b>	<b>47</b>	<b>72</b>	<b>65</b>	<b>184</b>

### Highlights

- Switzerland competed at the Athens 1896 Olympic Games and have been ever present since then
- Their first Olympic champion was gymnast Louis ZUTTER in the pommel horse in 1896
- In dressage, Hans MOSER won gold in 1948, Henri CHARMARTIN did likewise in 1964 and Christine STUECKELBERGER was the first Swiss woman to win an Olympic gold medal when she won the dressage in 1976. She competed in six Olympic Games and collected a further three silver medals and a bronze medal.
- Roger FEDERER won gold in the Tennis Men's Doubles with Stanislas WAWRINKA at the Beijing 2008 Olympic Games. He carried his country's flag in both 2004 and 2008.

## HISTORY BOXING

### Origin of Boxing

Boxing is the original combat sport. It featured in the ancient Olympic Games, where opponents fought each other with strips of leather wrapped around their fists. Onomastos of Smyrna was the first Olympic champion.

In Roman times, the leather straps were replaced with a cestus - a glove studded with metal - and bouts would usually end in the death of one of the boxers.

Boxing diminished at the end of Roman Empire but resurfaced in England in the 16<sup>th</sup> century. The sport was regulated in 1867 by the Queensberry rules, named because they were endorsed by the Marquess of Queensberry. Organised amateur boxing officially began in 1880.

...

### Boxing Today

Boxing remains popular across the world, with almost 200 affiliated nations across five continents making up the AIBA.

AIBA has made a number of changes in recent years to modernise the sport. At the end of the 20<sup>th</sup> century, AIBA officially recognised women's boxing. At the 2010 AIBA Congress, officials approved a new electronic scoring system that does not display running scores during bouts, meaning coaches can no longer encourage passive defence.

Today, the men's event is separated into 10 weight categories, from light flyweight (46-49kg) to super heavyweight (+91kg). Bouts take place over three three-minute rounds. Women Olympic boxers compete in three weight categories: flyweight (48-51kg); lightweight (57-60kg); and middleweight (69-75kg). Bouts take place over four two-minute rounds.

...

### Boxing at the Olympic Games

Boxing first appeared at the St Louis 1904 Olympic Games with bouts in seven weight divisions. Boxing was not included at the 1912 Stockholm Olympic Games but has been present since the Antwerp 1920 Olympic Games.

At Antwerp 1920, Eddie EAGAN (USA) won gold medal in the light heavyweight division. Twelve years later at the Lake Placid 1932 Winter Olympic Games, he won a gold medal in the men's bobsleigh, becoming the first athlete to win a gold medal in two different sports at summer and winter Olympic Games.

The competition's rules have been changed in recent years to make boxing safer and more exciting. Protective headguard became compulsory at the Los Angeles 1984 Olympic Games and at the Barcelona 1992 Olympic Games an electronic scoring system was used to strengthen the objectivity of refereeing.

The Olympic Games has been the pathway to success for many boxers. Muhammed ALI (then Cassius Clay) (USA), Joe FRAZIER (USA), George FOREMAN (USA), Oscar DE LA HOYA (USA) and Vladimir KLITSCHKO (UKR) all won gold medals at the Olympic Games before becoming world champions - and household names - in professional boxing.

## MEDIA INFORMATION BOXING

### Facilities

There are 150 working places for news media, 120 working places in the press workroom and 30 working stations in the photo work area.

The Venue Media Centre is located approximately 100 meters from the ring.

### Interviews

Journalists may meet players in the mixed zone as they exit the field of play.

### Photographer positions

Photographers may shoot from designated positions listed in the Media Guide. In addition, photographers may stop briefly to take pictures from any public area as long as they are not blocking the view of any spectator. Special positions may be arranged in cooperation with the venue Press Manager and Photo Manager.

### Sub-Centre

A full-service venue media centre supporting journalists covering Boxing is available at the venue with access to a complete results and information service (INFO2016), television monitors, working positions, telephones, fax, printers, photo copiers and food service. There are 23 pay phones in the press workroom and another five pay phones in the photo workroom. The centre telephone number is (000) 0000000/00 and the fax number is (000) 0000000.

### Venue Press Manager

**FLASH QUOTES  
BOXING  
MEN'S LIGHT HEAVY (81kg)  
FINAL**

**News Item: 117**

Comments from gold medallist Egor MEKHONTCEV (RUS) and bronze medallist Yamaguchi FALCAO FLORENTINO (BRA) following the Light Heavy (81kg) medal ceremony at ExCeL on Sunday.

**MEKHONTCEV Egor (RUS) - Gold**

***On his gold medal:***

"After the Olympics this gold medal will be a good toy for my little daughter."

***On the result (he won on judges' decision):***

"It was a fair fight and I won, so I can only say that the judges gave me the victory."

"My mother and my father were sitting on the stands and watching this fight. And after the victory ceremony I wanted to give the flowers to my mother but unfortunately I couldn't find her."

"It is not only my victory, it is the victory for my family, for my coach and my close friends."

"I have been dreaming about this moment since I was 17 years old."

**FALCAO FLORENTINO Yamaguchi (BRA) - Bronze**

***On winning bronze:***

"I knew I was going to take a medal home ever since I arrived in this country."

"It may be bronze but to me it's gold."

"I feel it's the best achievement of my life. My life starts now."

"I dedicate it to my father because today is father's day in Brazil."

## QUOTES OF THE DAY

News Item: 117

### A selection of the best quotes from the Rio 2016 Games on Tuesday 16 August 2016

"You can meet a champion on every corner."

*Givenname FAMILYNAME (NOC) on the sights in the Olympic Village*

"Of course, it is an amazing feeling to represent your country and I hope there will be many more occasions to come, because I really love the sound of our national anthem."

*Gold medallist Givenname FAMILYNAME (NOC) on her latest victory*

"There are a lot of countries here. I don't even know where half of them are on the map."

*The diversity of the Olympic Games amazes Givenname FAMILYNAME (NOC)*

"It's our lucky talisman. In 2010 we won the World Championships wearing these bandanas. Have we washed them since? Yes."

*Red bandanas with white palm tree motifs are more than a fashion statement for Givenname FAMILYNAME (NOC) and his partner Givenname FAMILYNAME (NOC)*

"I did not yet have this colour. I only had three golds and five silvers, so my collection is complete now."

*Givenname FAMILYNAME (NOC) completed the set by taking bronze at these Games*

"I did not concentrate on my opponent. I only concentrated on my coach."

*Givenname FAMILYNAME (NOC) admits taking his eye off opponent Givenname FAMILYNAME (NOC) and this may have been one reason that he lost*

"I was tapped on the leg and then I felt myself landing on my shoulder. I cannot really remember what happened. My heart is broken into a thousand pieces."

*Givenname FAMILYNAME (NOC) tells of his despair after the collision with Givenname FAMILYNAME (NOC)*

**PRESS CONFERENCE HIGHLIGHTS  
BOXING  
MEN'S HEAVY (91kg)  
FINAL**

**News Item: 119**

Comments from gold medallist Oleksandr USYK (UKR) and silver medallist Clemente RUSSO (ITA) following the final of the men's heavyweight (91kg) contest at ExCeL on Saturday. USYK won the gold medal match 14-11.

**USYK Oleksandr (UKR) - Gold**

***On his response to winning gold:***

"We already have a silver and we didn't need another one."

"I was on Skype before the fight to my daughter Lisa and she said, 'Daddy bring me the gold'. And so Lisa, darling, I am bringing it to you."

"After the first round - and the words that my coach told me after that round - I could not lose. He asked me 'How strong are the Italian's punches?' and I said, 'I don't know, I haven't felt any'. He said, 'Just go back out there and hit him'."

***On his victory dance after the contest:***

"The dance was a Ukrainian hopak dance which is a dance of the Cossacks who defended us back in the day and they were not afraid of anything."

"One of my earlier opponents who I defeated told me: 'I still have a little bit of strength - I'll let you have it'. So thank you to him."

**RUSSO Clemente (ITA) - Silver**

***On his feelings after losing the final:***

"I didn't want silver, I wanted gold. My opponent did very well in the second round, it was hard for me to get a rhythm. Perhaps I need some more training."

"I want to be happy but this is hard for me because I put four years training in and he put only two years."

"I want to thank my little Rosie who's just turned one and I want to go back to Italy to see her. This is my third Olympics. The first one didn't go so well. The second one I got the same medal as this. To get an Olympic medal takes more than talent, it's a lot of hard work and training."

## SPORT PREVIEW

### BOXING

#### News Item: 1

- Historically, Cuba has been one of the strongest nations in Olympic Games boxing, second only to the United States on the all-time list of medals.
- Beijing 2008 was notable in that it was the first time since Mexico City 1968 that Cuban boxers had returned home without at least one gold medal. They did win four silver and four bronze medals, but that will have been a huge disappointment, especially as they had won five gold medals at Athens 2004.
- Not many people are expecting them to miss out on gold at the London 2012 Olympic Games, which welcome women's boxing for the first time.
- Cuba will not be represented in any of the three women's weight categories, but have eight men in contention. Among their big hopes are Fly (52kg) Robeisy RAMIREZ CARRAZANA, Bantam (56kg) Lazaro ALVAREZ ESTRADA, Light (60kg) Yasnier TOLEDO LOPEZ, Light heavy (81kg) Julio LA CRUZ PERAZA and Super Heavy (+91kg) Erislandy SAVON COTILLA - nephew of three-time Olympic champion Felix SAVON (CUB).
- All four of Ukraine's gold medallists at the 2011 world amateur championships will be competing. They are Light Vasyly LOMACHENKO, Welter (69kg) Taras SHELESTYUK, Middle (75kg) Ievgen KHYTROV and Heavy (91kg) Oleksandr USYK.
- LOMACHENKO won feather (57kg) gold and the Val Barker trophy - which is awarded to the best boxer in the competition - at Beijing 2008. He is favourite to win light gold at London 2012.
- Great Britain are one of the new boxing powerhouses and most of the seven-man team are expected to turn professional after London 2012. Medal hopes include Bantam Luke CAMPBELL, world No.1 ranked Light Welter (64kg) Thomas STALKER and Super Heavy Anthony JOSHUA.
- China won two gold medals at Beijing 2008, and Light Fly (49kg) ZOU Shiming, the current world champion, will be hoping to repeat his success of four years ago.
- United States have suffered more than most nations from boxers switching to the professional code, but Fly Raushee WARREN is set to become their first boxer to compete at three Olympic Games.
- Japan will be hoping for a medal in the Middle category in which world championship runner-up Ryota MURATA is one of the most improved boxers.
- Lithuania will be competing at their ninth Olympics, and still await their first boxing medal. Powerful-punching Light Evaldas PETRAUSKAS and Welter (69kg) Egidijus KAVALIAUSKAS have a chance of success.
- Brazil, who host the Rio 2016 Olympic Games, have seven boxers at London 2012, with their outstanding hope being middle Esquiva FALCAO FLORENTINO.
- ...

## DAILY PREVIEW

### BOXING

### MEN

**SAT 13 AUG**

**News Item: 14**

#### **Light Fly (49kg)**

- ZOU Shiming (CHN) and Paddy BARNES (IRL) meet in a repeat of their Beijing 2008 Olympic Games semifinal, which the Chinese boxer won 15-0 before going on to win gold.
- No.3 seed David AYRAPETYAN (RUS) should know too much for Kaeo PONGPRAYOON (THA), who has won three tough contests to reach this stage.

#### **Fly (52kg)**

- The favourite for gold is 2011 world champion Misha ALOIAN (RUS), but he faces the improving Tugstsogt NYAMBAYAR (MGL) who competed in the world series of boxing last year.
- Robeisy RAMIREZ CARRAZANA (CUB) is just 18 and has performed magnificently so far at London 2012. It will be tough for the world championship quarterfinalist Michael CONLAN (IRL).

#### **Bantam (56kg)**

- Lazaro ALVAREZ ESTRADA (CUB) is the sixth consecutive Cuban boxer to win a medal at 56kg, but he will face stiff opposition from John Joe NEVIN (IRL) who reached the last four with a 19-13 win against Oscar VALDEZ FIERRO (MEX).
- No.3 seed Luke CAMPBELL (GBR) narrowly defeated Detelin DALAKLIEV (BUL) 16-15 in the quarterfinals, but is expected to beat Satoshi SHIMIZU (JPN), who was reinstated earlier in the competition after appealing his round of 16 loss to Magomed ABDULHAMIDOV (AZE).

#### **Light (60kg)**

- Beijing 2008 Feather (57kg) gold medallist, Vasyl LOMACHENKO (UKR), is one of the greatest amateur boxers ever and his two performances at the London 2012 Olympic Games have been faultless. His opponent, Yasnier TOLEDO LOPEZ (CUB), beat Gani ZHAILAUOV (KAZ) in the quarterfinal.
- The winner will fancy their final chances against semifinal surprise packages, heavy handed Evaldas PETRAUSKAS (LTU) and HAN Soonchul (KOR).

#### **Light Welter (64kg)**

- Roniel IGLESIAS SOTOLONGO (CUB) won a bronze medal at the Beijing 2008 Olympic Games, but has already eliminated world champion Everton dos SANTOS LOPES (BRA). No.4 seed Vincenzo MANGIACAPRE (ITA) has a big task ahead.
  - Munkh-Erdene URANCHIMEG (MGL) shocked Britain captain Thomas STALKER (GBR) in the quarterfinal, and No.2 seed Deny BERINCHYK (UKR) - who had a close round of 16 call against Anthony YIGIT (SWE) - will not underestimate the Mongolian underdog.
- ...

## WEIGH CATEGORY PREVIEW

### BOXING

### MEN'S LIGHT FLY (46-49kg)

**News Item: 17**

Gold medallist ZOU Shiming (CHN) is one of the top names competing at the London 2012 Olympic Games, after winning his third world championship title in Baku, Azerbaijan in 2011.

#### **Favourites**

- ZOU Shiming (CHN) has speed and fantastic reflexes that make him hard to hit. London 2012 will be the 30-year-old's third Olympic Games. His bronze medal in the light Fly (49kg) division at Athens 2004 was China's first Olympic Games boxing medal.

#### **Contenders**

- Ireland's Paddy BARNES (IRL) won an Olympic Games bronze medal at Beijing 2008, losing against ZOU in the semifinals. In 2010, he won gold medals at the European championships in Moscow and Commonwealth Games in Delhi.
- Kaeo PONGPRAYOON (THA) was unseeded at the 2011 world amateur championship in Baku, but beat No.1 seed Salman ALIZADE (AZE) and reached the quarterfinal.
- World ranked No.1 SHIN Jonghun (KOR) is boxing in his first Olympic Games, but has competed at two world championships.
- Mark BARRIGA (PHL) is the lone Filipino boxer at London 2012, but has a medal chance. In June, the 19-year-old narrowly defeated David AYRAPETYAN (RUS) 10-9.
- Serdamba PUREVDORJ (MGL) reached the final of the Beijing 2008 Olympic Games, but was forced to retire in his contest against ZOU because of a shoulder injury.

#### **Also**

- Trinidad and Tobago's only representative in the boxing competition at London 2012 is Carlos SUAREZ (TRI). US-born SUAREZ, 19, qualified for the Olympic Games after reaching the semifinal of the Americas' qualifier in May.
- AYRAPETYAN (RUS) is one of the most experienced campaigners in the competition and has been boxing since 1997. He was the 2006 European champion.
- Yosbany VEITIA SOTO (CUB) has emerged as one of Cuba's leading youngsters. He reached the quarterfinal of the world amateur championships where he was beaten by PUREVDORJ (MGL).

 Time: 12:30  
 Date: 13 AUG 2016

**WEIGH CATEGORY REVIEW  
BOXING  
MEN'S WELTER (69kg)  
FINAL**

**News Item: 23**

Serik SAPIYEV (KAZ) made sure Kazakhstan's boxers took home a gold medal for the fifth consecutive Olympic Games as he easily beat Freddie EVANS (GBR) in the Welter (69kg) final.

- SAPIYEV controlled the bout in style, winning 17-9 against a below-par EVANS, who was perhaps still feeling the effects of Friday's shock victory against No.1 seed Taras SHELESTYUK (UKR).
- SAPIYEV relied entirely on his southpaw jab in round one, taking it 4-2 with his British opponent offering little in return.
- EVANS continued to struggle against the Kazakh, who dictated the pace and extended his lead to five by winning round two 6-3.
- It was a forlorn cause for EVANS, who was pushed back time and again in round three by his opponent's nagging jab.
- Bronze medals were awarded to SHELESTYUK (UKR) and Andrey ZAMKOVOY (RUS) after their semifinal defeats.

Time: 14:30  
Date: 13 AUG 2016

## DAILY REVIEW

### BOXING

**SAT 13 AUG 2016**

**News Item: 133**

Cuba displayed their class on Saturday with winning performances from Roniel IGLESIAS SOTOLONGO and Julio LA CRUZ PERAZA.

- Light Welter (64kg) IGLESIAS SOTOLONGO's hand speed accounted for world champion Everton dos SANTOS LOPES (BRA), 18-15, in a contest of quality and skill.
- IGLESIAS SOTOLONGO won the first round 4-3 and took the second 9-6 before the No.1 seed fought back to claim the final three minutes 6-5 in an all-southpaw clash.
- Cuba captain LA CRUZ PERAZA showed why he is favourite to win light Heavy (81kg) gold. He eased to a 25-8 victory against Ihab ALMATBOULI (JOR) and one senses the best is yet to come.
- The only Cuban boxer eliminated on day eight of the boxing competition was light Fly (49kg) Yosbany VEITIA SOTO (CUB).
- VEITIA SOTO performed well, despite taking a standing count, in a 14-11 defeat to the Beijing 2008 Olympic Games champion ZOU Shiming (CHN), who had too much experience for his 20-year-old opponent.
- Light Fly Aleksandar ALEKSANDROV (BUL) pulled off one of the shock results of the boxing competition so far by ousting world No.1 and second seed SHIN Jonghun (KOR).
- ALEKSANDROV produced a stunning comeback when, having trailed 9-7 going into the final round, he threw all he had at SHIN to win 15-14.
- In the highest scoring bout at London 2012 so far, No.2 seed Denys BERINCHYK (UKR) outpointed Anthony YIGIT (SWE) 24-23.
- The three rounds were littered with fearsome exchanges as the pair traded punishing shots throughout a thrilling contest.
- BERINCHYK was one of two boxers from Ukraine to reach the quarterfinal stage. Oleksandr GVOZDYK (UKR) emphatically beat Osmar BRAVO AMADOR (NCA) 18-6.
- Great Britain boxing captain Tom STALKER delighted the home fans with a hard-fought 20-16 win over MANOJ KUMAR (IND) that sets up a quarterfinal with Munkh-Erdene URANCHIMEG (MGL).
- World No.2 Damien HOOPER (AUS) was thought to be a genuine medal contender, but No.4 seed Egor MEKHONTCEV (RUS) kept him on the back foot with his southpaw jab and won 19-11 to earn a quarterfinal bout against Elshod RASULOV (UZB).

## SPORT REVIEW

### BOXING

**News Item: 15**

Great Britain added to their growing reputation as one of the world leaders in amateur boxing.

- They came to the London 2012 Olympic Games with a team of 10 in the men's and women's competitions, and left ExCeL with three gold medals, more than any other NOC.
- Anthony JOSHUA (GBR) won the Super Heavy (+91kg) category. Luke CAMPBELL (GBR) was the Bantam (56kg) gold medallist and Nicola ADAMS (GBR) was crowned the first women's Olympic champion when she won the Fly (51kg) final.
- Cuba's reputation as a boxing powerhouse took a dent at the Beijing 2008 Olympic Games, where they failed to win a gold medal.
- But they re-emerged at London 2012, winning two golds, through 18-year-old Fly (52kg) sensation Robeisy RAMIREZ CARRANZA (CUB) and light Welter (64kg) Roniel IGLESIAS SOTOLONGO (CUB).
- Kazakhstan Welter (69kg) Serik SAPIYEV (KAZ) was impressive, taking the gold medal and claiming the Val BARKER trophy, which is awarded to the best amateur male boxer at the competition.
- Ukraine captured four gold medals at the 2011 world championships, but went home with just two winners from London 2012.
- Vasyl LOMACHENKO (UKR) won at Light (60kg) and Oleksandr USYK (UKR) took the Heavy (91kg) title. Both appeared levels above their rivals.
- Russia won six medals - more than any other NOC - but will be disappointed they only topped the podium once, when Egor MEKHONCEV took gold at light Heavy (81kg)
- Ireland performed well and had noisy support whenever one of their boxers was in action.
- Their star turn was Katie TAYLOR who won the Light (60kg) championship and picked up the trophy awarded to the best women's boxer at the Olympic Games.
- The men's team from the United States proved a big disappointment as they failed to win a medal at an Olympic Games for the first time.
- But 17-year-old women's Middle (75kg) Claressa SHIELDS (USA) salvaged some pride, winning a gold medal to become the second youngest Olympic boxing champion ever.
- Ryota MURATA (JPN) claimed Japan's first gold medal since the Tokyo 1964 Olympic Games, when he took a debatable decision against Esquiva FALCAO FLORENTINO (BRA), who went home with silver.
- The Brazilian's older sibling, Yamaguchi FALCAO FLORENTINO (BRA), took light Heavy (81kg) bronze. They are the first brothers to win medals at the same Olympic Games since Leon SPINKS (USA) and Michael SPINKS (USA) at Montreal 1976.
- It was Brazil's best Olympic Games performance, having previously claimed just one medal at the Mexico 1968 Olympic Games when Servilio DE OLIVEIRA won Fly (then 51kg) bronze.

## NEWS ARTICLE

**News Item: 96**

**History will be made at the London 2012 Olympic Games with Women's boxing being included for the first time.**

It means women will be competing in every sport in the Olympic programme, another first.

A total of 36 boxers, representing 23 NOCs, are preparing to compete at the ExCel, from 5 August, 108 years after the men's competition made its debut. At that same St Louis 1904 Olympic Games, women's boxing was a demonstration sport.

The IOC looked at introducing women's boxing at Beijing 2008 but decided it did not merit inclusion.

The breakthrough came in October 2009 when the IOC's executive board announced women's boxing would feature at London 2012.

To make way for the three women's weight classes - Fly (51kg), Light (60kg) and Middle (75kg) - the number of men's categories was reduced from 11 to 10.

Brazil, China, Russia, USA and Great Britain are fielding boxers in each of the three weight divisions.

Fly REN Cancan (CHN), Light Katie TAYLOR (IRL) and Middle Nadezda TORLOPOVA (RUS) are going into the competition ranked No.1 in their respective weight.

However, Britain will be confident of medals in each of the classes after Savannah MARSHALL won middle gold at the women's world boxing championships in China in May.

Fly Nicola ADAMS, meanwhile, beat five-time world champion Chungneijang Mery Kom HMANGTE (IND) on her way to the silver medal behind REN.

Natasha JONAS won bronze at the world championships, after defeat in the semifinals of the light division, which was won by TAYLOR.

## IOC NEWS

**News Item: 168**

### **Boxing: IOC disqualifies FAMILYNAME Givenname (NOC) for doping violation**

The International Olympic Committee (IOC) on Monday announced that it has disqualified FAMILYNAME Givenname (NOC) from the Boxing Men's Light (60kg) of the Rio 2016 Olympic Games.

Immediately after his participation in the bout on 10 August, FAMILYNAME, 23, provided a urine sample that tested positive for the prohibited substance 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid.

The IOC Disciplinary Commission, composed for this case of Mr Givenname FAMILYNAME (Chairman), Mr Givenname FAMILYNAME and Mr Givenname FAMILYNAME, decided:

- I. The boxer, Mr Givenname FAMILYNAME, NOC name, Boxing:
  - (i) is disqualified from the Men's Light (60kg) of the Rio 2016 Olympic Games where he placed 7th;
  - (ii) shall have his diploma in the above-mentioned event withdrawn; and
  - (iii) shall have his Olympic identity and accreditation card cancelled and withdrawn immediately.
- II. The AIBA is requested to modify the results of the above-mentioned event accordingly and to consider any further action within its own competence.
- III. The NOC of the member country is ordered to return to the IOC, as soon as possible, the diploma awarded to the boxer in relation to the above-mentioned event.
- IV. The IOC administration is requested to reallocate the diplomas to the boxers that finished behind Mr FAMILYNAME in the above-mentioned event, in which Mr FAMILYNAME placed 7th at the Rio 2016 Olympic Games.
- V. This decision shall enter into force immediately.

Under the IOC Anti-Doping Rules applicable to the Rio 2016 Olympic Games, testing takes place under the IOC's auspices from the opening of the Olympic Village to the Closing Ceremony. Within that period, the IOC systematically performs tests before and after events. After each event, the IOC systematically carries out tests on the top five finishers plus two at random. The IOC also performs out-of-competition unannounced tests. Over the course of the Rio 2016 Olympic Games, the IOC is expected to carry out some 5,000 tests - 3,800 urine and 1,200 blood. For more information, please consult the IOC factsheet on anti-doping.

# Section 2 - Distribution Rules

## 1 Introduction

This section explains what Boxing information is required, the function producing the outputs and when the OC should supply it to the different users or user groups according to the ORIS standards. The information is presented in tabular format to allow a well structured overview of affected outputs, the appropriate work flow and the production time.

This section is divided into three chapters:

- "Event Related Requirements" (chapter 2) gives a detailed description of events processes for outputs preparation, production, checking/approval, and final distribution rules of printed outputs and INFO. The chapter is organised in such a way that the requirements of each user or user group are listed separately and grouped chronologically by the time condition that triggers production and/or delivery.
- "Other Outputs" (chapter 3) describes the process for preparation and production of all outputs that are identical for all events (Schedule, Entries, Background Information, etc.) together with those outputs (event related and non-event related) that could be produced at any time before, during or after competition. It also includes the final distribution rules for both printed outputs and INFO grouped in chronological order.
- "Distribution Rules and availability of all outputs grouped by ORIS output code" (chapter 4) gives an overview of all outputs produced for Boxing. The outputs are sorted by output code and listed together with their production time and distribution rules. The table following describes the time abbreviations used to define the availability of the outputs. All delivery times are understood to imply that distribution will occur "no later than" the defined time, unless otherwise stated (e.g. protest times).

It is the responsibility of the AIBA and the OC Competition Management to carry out data and output verification processes efficiently.

Installing adequate equipment at appropriate locations and providing sufficient well trained people to manage the technology and distribution processes are key factors to meet the requirements of output delivery within the defined time frame.

The main producers of outputs are:

- IDS - Information Diffusion System (e.g. provisional entries, scheduling, etc.)
- ONS - Olympic News Service (e.g. production of new articles, press conference highlights, etc.)
- OVR - On Venue Results system (e.g. results and timing feeds)
- VRM - Venue Results Manager (creation of other outputs, e.g. competition officials, IF schedules, course maps updated during Games, etc.)

The creation of outputs may be carried out by one or a combination of the producers listed above.

Printed outputs may be delivered to clients by several different means, for example:

- Display on Bulletin Board (media area, athletes' area, Olympic Village, etc.)
- Personal delivery to individual clients (Technical Delegate, AIBA office, etc.)
- Place in pigeonholes (Venue Press Centre, Competition Management, Sport Information Desk, etc.)
- Single copy delivery (Sport Presentation, Competition Management, etc.)

It is the responsibility of OC Technology, in collaboration with each client, to determine the number of copies to be delivered to each distribution point. Once competition has started, the initial distribution requirements should be adjusted to optimise the number of copies required at every distribution point, and at different times of day and stages of the competition. OC Technology should remain flexible to ensure that the number of copies supplied adequately meets (but does not exceed) demand. It is

essential that sufficient well trained personnel, with the appropriate accreditation to access all distribution points, are available to ensure consistent delivery within the defined time frame, and monitor the actual demand at each distribution point.

If a new version of a previously issued output is produced for any reason (e.g. a revised output) the existing version in INFO must always be replaced with the new version. In this way the latest version of each output will be maintained in INFO even though there is no new distribution time defined in this section.

All outputs to be included in the Results Book will be the last version produced, even if stamped "REVISED".

## 2 Event Related Requirements with Predefined Production Time

This chapter describes the process of production and delivery for all outputs generated during the lifecycle of an event either by On Venue Results system (OVR), or by any other function such as Olympic News Service (ONS), or OC Competition Management with the exception of those event related outputs that do not have a defined production time and which are listed in the chapter "Other Outputs".

The process is described in tabular format, in which each step is described in a row listing the deliverable, with columns that define a time reference (When), the user or user group (Who) responsible for delivering which output (What) and for/to whom (Whom). Processes and outputs are listed in chronological order, covering the period starting with preparation for the draw, followed by the draw itself with start lists production and their distribution, previews, production and distribution of outputs during the event, up to the completion of the event with flash quotes, reviews, medal outputs, etc. Specifications include both "C" and "N" type outputs that are produced during the period described above.

After the table describing the process, there is another table that sets out the distribution rules for each of the outputs previously described, with instructions to which user or user group and at which locations each of these outputs should be distributed. Those outputs, which only need to be published in INFO are clearly indicated.

When the competition formats of different events have different processes (even in details), both sets of tables are prepared for each event (or group of events) **that have a unique format**.

The **unique format** means that ONLY events sharing absolutely identical procedures from beginning to end, and producing identical outputs, will be listed together.

## 2.1 Pre-Competition Activities

## 3.2 Event Related Outputs without Defined Production Time

This table lists all outputs (both event related and non-event related) that could be produced at any time before, during or after competition. These outputs may also be produced at defined times within an event (e.g. Flash Quotes, Press Conference Highlights after finals) in which case they would also be included in the appropriate process in chapter "Event Related Requirements".

### 3.2.1 Process

Time Reference (When)	From (Who)	Deliverable (What)	To-For (Whom)	Distribution Availability Code
<b>Official Communications - produced at any time before, during or after competition</b>				
After each jury or other official body decision	(IOC, Jury, AIBA TD, IDS, ...)	Text for official communication	OVR	--
Five (5) minutes after receiving text	OVR	Official Communication (C67) {for approval}	(IOC, Jury, AIBA TD, IDS, ...)	Print - approval
After approval	(IOC, Jury, AIBA TD, IDS, ...)	Official Communication (C67) {approved}	OVR	--

## 4 Distribution Rules for Printable Outputs Grouped by ORIS Output Code

This chapter gives an overview of all outputs produced for Boxing sorted by ORIS output code.

All availability codes are "Point in Time" (PiT) codes, indicating a defined time trigger for the production of an output.

C-outputs shown with a "Y" in the INFO Screen format column will be available in real time format.

Please refer to the document "On Screen Results Presentation" for further details.

Every output available in screen format should be formatted in a printable version according to the ORIS requirements, including the Look and Feel defined by the OC.

AIBA: AIBA Technical Delegate, AIBA Office

## 5 Distribution Availability Codes

Code	Description of abbreviation
AEDRM	After each Delegation Registration Meeting
ASED	After both the Sport Entry Deadline has passed, and INFO operations have started (whichever is later)
DIFO	Day AIBA and Competition Management operations start
DIO	Day INFO operations start
DPCO	Day press centre (main or venue whichever comes first) operations start
EOD	End of day
OVRO	On Venue Results becomes owner of data
WPC	When presenters are confirmed
xDBC	X (x) day(s) before the first day of competition
xEBCD	X (x) evening(s) before a competition day
xEBGMW	X (x) evening(s) before the General Medical and Weigh-In
xHBSWC	X (x) hour(s) before the start of a weight category
xMAAR	X (x) minute(s) after AIBA request
xMAC	X (x) minute(s) after the competition
xMADA	X (x) minute(s) after the draw is approved
xMAECD	X (x) minute(s) after the end of a competition day
xMAFBA	X (x) minute(s) after the final bout is approved
xMAJ	X (x) minute(s) after each jury or other official body decision
xMAL	X (x) minute(s) after the last bout of that day
xMALBS	X (x) minute(s) after the last bout in an event in a session
xMALFRA	X (x) minute(s) after the last final results are approved
xMALSD	X (x) minute(s) after the last session of a day
xMAPR	X (x) minute(s) after public release of a communication
xMAQ	X (x) minute(s) after quotes / a press conference
xMARA	X (x) minute(s) after the bout result are approved
xMAS	X (x) minute(s) after each session
xMASFBA	X (x) minute(s) after a semifinal bout is approved
xMAWA	X (x) minute(s) after the Weigh-In and/or Medical Examination is approved

# **Section 3 - Real Time Information**

## **1 Introduction**

This section of the document defines scoreboard layouts and serves as a reference for on screen results presentation.

The basic objective has been to make user-friendly samples and emphasis is placed on using realistic data where possible. This is to ensure that the focus is on the type of data which must be included rather than on the accuracy of data shown in the sample.

All possible variations of the type of event and each stage of the competition are presented. The type of data required and the triggering conditions are defined.

While the data content and triggering conditions for each screen are mandatory (and therefore subject to the Change Management process), the presentation of the real time outputs will be based upon an agreement reached between the AIBA and the OC (and providers).

*This page intentionally left blank.*

## **2 Scoreboards**

### **2.1 General Rules**

#### **2.1.1 NOC Names**

Whenever NOC names are used, they should be taken from the official IOC "NOC long and short names document", which is available on the IOC ORIS extranet (see "Public documents" in the navigation menu on the left). The same name length should consistently be used within similar screens.

#### **2.1.2 Boxers and Officials' Names**

All possible scoreboard name lengths which are required for scoreboard screens must be verified through the process described in the chapter "Entries and participant data" in Procedures.

### **2.2 Technical Specifications**

This section has been developed based on a standard matrix. More sophisticated solutions (e.g. video, plasma screens, font colour, font size, graphical characters, etc.) may be provided. The content of the scoreboard screens are defined in ORIS. The detailed layout of the scoreboard screens is the responsibility of OVR, and will be confirmed during the Homologation Test, subject to the AIBA's approval.

## 2.3 Part A - Before the Event

### 2.3.1 Schedule by session

- What: Screen shows schedule with date, time (HH:MM - real time), sport discipline (only in first sample), phase name, session name (only in first sample), session number (only in first sample), start time of competition, weight category, number of bouts and NOC code for each final bout (only in third sample)
- When: Screen should be displayed as the spectators enter the venue (as an idle screen for the scoreboard - shown when nothing else is happening).  
Shown at the discretion of sports presentation.
- How: Static screen with real time update of time of a day only.  
The event gender followed by the weight range should be displayed, e.g. "MEN'S +91KG", "WOMEN'S 48-51KG", etc.

a) Up to three weight categories:

WED 10 AUG 2016	12:45
BOXING	
PRELIMINARIES	
AFTERNOON SESSION 1	13:00
MEN'S 56KG	6 BOUTS
MEN'S 60KG	6 BOUTS
MEN'S 91KG	1 BOUT

b) For more than three weight categories:

THU 11 AUG 2016	12:50
SEMIFINALS 13:0	
MEN'S 52KG	2 BOUTS
MEN'S 56KG	2 BOUTS
MEN'S 60KG	2 BOUTS
MEN'S 69KG	2 BOUTS
MEN'S 81KG	2 BOUTS
WOMEN'S 69-75kg	1 BOUT

c) For a final day:

FRI 12 AUG 2016	12:50
FINALS 20:00	
MEN'S 52KG	TUR-CUB
MEN'S 56KG	CUB-THA
MEN'S 60KG	GBR-CUB
MEN'S 69KG	CUB-KAZ
MEN'S 91KG	RUS-EGY
WOMEN'S 48-51KG	USA-BLR

### 2.3.2 Schedule by weight category

- What: Screen shows competition schedule of bouts in a session by weight category with: weight category, phase of competition, corner colours ("red" and "blue") and for each bout: scoreboard name and NOC code.
- A second sample (b) shows how many blank lines should be used if there are four, or less than four bouts, on the schedule by weight category.
- A third sample (c) shows the semifinal or final days by event gender with phase of competition, start time, corner colours ("red" and "blue") and for each bout: weight category, scoreboard name and NOC code.
- When: Throughout the day at the discretion of the producer
- How: Group the bouts from the same weight category except for the third sample. Scroll through all bouts. Delete bouts that have been completed.
- Boxers in the red corner should be coloured red and those in the blue corner in blue.
- The event gender followed by the weight range should be displayed, e.g. "MEN'S +91KG", "WOMEN'S 48-51KG", etc.

a) With six bouts:

MEN'S 56KG PRELIMINARIES			
RED		BLUE	
MALAKHBE	RUS	AGAGULOG	TUR
BOUAITA	FRA	GEORGE C.	ROU
RIGONDEA	CUB	KHURTSIL	GEO
DANILTCH	UKR	KANE J.	AUS
LABARDA	ARG	MORALES	MEX
CRUZ TOR	PUR	VINSON	USA

b) With four bouts:

MEN'S 56KG PRELIMINARIES			
RED		BLUE	
MALAKHBE	RUS	AGAGULOG	TUR
BOUAITA	FRA	GEORGE C.	ROU
RIGONDEA	CUB	KHURTSIL	GEO
DANILTCH	UKR	KANE J.	AUS

c) For semifinals and finals:

MEN'S FINAL BOUTS 20:00					
KG	RED		BLUE		
52	YALCINKA	TUR	BHARTELE	CUB	
56	RIGONDEA	CUB	PETCHKOO	THA	
60	KHAN A.	GBR	KINDELAN	CUB	
69	ARAGON L.	CUB	ARTAYEV	KAZ	
81	WARD A.	USA	ARI PGADJ	BLR	
+91	POVETKIN	RUS	ALY M.	EQY	

## 2.4 Part B - Before the Bout

### 2.4.1 Current bout - Referee and judges

- What: Screen shows the Referee and Judges of the current bout with weight category, phase name, bout number, screen title; for each boxer: NOC code and scoreboard name; referee's scoreboard name and NOC code, and for each judge: scoreboard name and NOC code.
- When: Throughout the day at the beginning of a bout
- How: Static screen. Before starting the bout to announce the bout Referee and Judges. The event gender followed by the weight range should be displayed, e.g. "Men's +91kg", "Women's 48-51kg", etc.

Men's 56kg		Semifinals	Bout: 143
Bout Presentation			
KAZ	ZHAKYPOV Birzhan	VEITIA SOTO Yosbany	CUB
Referee:	MORRISON Eloda	USA	
Judges:	PAPAK Tomislav	AUS	
	SANDOVAL David	MEX	
	PATSATI Anatoli	UKR	
	GONAM Saad	EGY	
	MONTOYA Manuel	CUB	

### 2.4.2 Road to the semifinal or final

- What: Screen shows the road to the semifinal or final with weight category, scoreboard name, NOC code and for each previous bout: code of competition phase, opponent's scoreboard name, opponent's NOC code and results.
- When: Throughout the day at the beginning of the bout.
- How: Static screen. Before starting the bout to announce the boxers.

MEN'S FLY 52KG		
BHARTELEMY VARELA YAN		CUB
PREVIOUS BOUTS		
PR MIRANDA GUERR	VEN	TKO
SF ZOU SHIMING	CHN	29-17

## 2.5 Part C - During the Bout

### 2.5.1 During round

- What: Screen shows current bout information with weight category, phase number, bout number, round number; playing time of the round, for each boxer: NOC code and scoreboard name.
- When: During the round.
- How: Boxers in the red corner should be coloured red and those in the blue corner in blue.  
The event gender followed by the weight range should be displayed, e.g. "Men's +91kg", "Women's 48-51kg", etc.

### 2.5.2 During breaks

- What: Screen shows current bout information with weight category, phase number, bout number, break number; countdown time to the re-start of the bout, for each boxer: NOC code and scoreboard name.
- When: During a break.
- How: Boxers in the red corner should be coloured red and those in the blue corner in blue.  
The event gender followed by the weight range should be displayed, e.g. "Men's +91kg", "Women's 48-51kg", etc.  
Clock runs from 60 seconds down.

## 2.6 Part D - After the Bout

### 2.6.1 Final results

What: Screen shows final bout result and announcement of the winner with weight category, phase number, bout number, decision code and points or time; for each boxer: NOC code and scoreboard name; for each judge: NOC code, score for each boxer in each round and total score by judge; number of warnings by round and boxer and total number of warnings.

When: After the winner is announced - at the end of a bout

How: Static screen.

Boxers in the red corner should be coloured red and those in the blue corner in blue. Decision code and points or time should be coloured with the winner's corner colour. The event gender followed by the weight range should be displayed, e.g. "Men's +91kg", "Women's 48-51kg", etc.

Sample b): Except for win on points, the scores are not shown in the round during which the bout has been terminated.

a) Immediately after the Referee declares the winner:

Men's 56kg		Semifinals		Bout: 143
		Win on points	2:1	
KAZ	ZHAKYPOV Birzhan	VEITIA SOTO Yosbany	CUB	
	R1	R2	R3	Total
FRA	9   10	9   10	9   10	27   30
GBR	10   9	10   9	10   9	30   27
PUR	10   9	10   9	10   9	30   27
Warning				

b) If the bout is finished during any round:

Men's 56kg		Semifinals		Bout: 143
		TKO R2	1:11	
KAZ	ZHAKYPOV Birzhan	VEITIA SOTO Yosbany	CUB	
	R1	R2	R3	Total
FRA	9 10			7 9
GBR	10 9			8 8
PUR	9 10			7 9
Warning	2 1			2 1

## 2.6.2 Schedule for next bouts by weight category

- What: Competition schedule of next bouts in a weight category with weight category, phase of competition, corner colours ("red" and "blue") and for each bout: scoreboard name and NOC code
- When: After the winner is announced - at the end of a bout
- How: Static screen

MEN'S BANTAM 56KG SEMIFINALS			
RED	BLUE		
MALAKHBE	RUS	-	AGAGULOG TUR
BOUAITA	FRA	-	GEORGE ROU

## 2.7 Part D - During the Victory Ceremony

### 2.7.1 Presenters

- What: Screen shows the presenters with weight category, screen title and for each presenter or accompanying person: title, scoreboard name, NOC code and function.  
Please note that there is a possibility that the screen title should be applied if required (e.g. "Victory Ceremony" could be "Flower Ceremony", etc.).
- When: As the dignitary is introduced before the ceremony
- How: Single screen

MEN'S BANTAM 56KG VICTORY CEREMONY
PRESENTER: MR THOMAS BACH - GER IOC President
ACCOMPANIED BY: MR CHING-KUO WU - TPE AIBA PRESIDENT

### 2.7.2 Medallists - Individual

- What: Screen shows list of medallists with discipline name, weight category, screen title. For each medallist show medal type, scoreboard name, NOC code.
- When: During the ceremony
- How: Static screen if all medallists are presented at the same time, dynamic screen if the medallists are presented by medal type

a) If the medallists are presented at the same time:

BOXING MEN'S LIGHT FLY 46-49KG VICTORY CEREMONY
GOLD MIRANDA GUERR VEN
SILVER PANNON SUBAN THA
BRONZE HONG MOO WON KOR
BRONZE ZOU SHIMING CHN

b) If the medallists are presented one by one, use the following order:

As the bronze medallist is presented:

BOXING MEN'S LIGHT FLY 46-49KG VICTORY CEREMONY
BRONZE HONG MOO WON KOR
BRONZE ZOU SHIMING CHN

As the silver medallist is presented:

BOXING MEN'S LIGHT FLY 46-49KG		
VICTORY CEREMONY		
SILVER	PANNON SUBAN	THA
BRONZE	HONG MOO WON	KOR
BRONZE	ZOU SHIMING	CHN

As the gold medallist is presented:

BOXING MEN'S LIGHT FLY 46-49KG		
VICTORY CEREMONY		
GOLD	MIRANDA GUERR	VEN
SILVER	PANNON SUBAN	THA
BRONZE	HONG MOO WON	KOR
BRONZE	ZOU SHIMING	CHN

### 2.7.3 Boxing medal standings

- What: Screen shows Boxing medal standings by NOC with discipline name, screen title, rank, NOC, number of medals: Total, gold, silver and bronze or blank if any  
When: Shown on final day at the discretion of sports presentation, e.g. directly after each final and/or just before and during the Victory Ceremony  
How: Static screen

BOXING MEDAL STANDINGS					
	TOTAL	G	S	B	
1 CUBA	8	5	2	1	
2 RUSSIAN FED.	6	3		3	
3 KAZAKHSTAN	3	1	1	1	
3 THAILAND	3	1	1	1	
5 UNITED STATES	2	1		1	
6 BELARUS	2		2		

*This page intentionally left blank.*

### **3      Sport Specific Real Time Data**

There is no additional real time data available other than defined in Section 1 - Outputs.

*This page intentionally left blank.*

## **4      On Screen Results Presentation**

Some INFO screens will be updated in real time whenever new information becomes available (e.g. results update). These screens are split into two major categories:

- Schedules (before, during and after competition)
- Results (including start lists, statistics, etc.)

Detailed descriptions of these screens are available in the document "On Screen Results Presentation".

*This page intentionally left blank.*

# Appendix A - Glossary

## 1 Terms

The specific terms used in the ORIS Boxing document are defined as follows:

Term	Definition
Athlete preferred name	When NOCs apply for accreditation, they should provide the preferred family and given name for all athletes. These names should be the names that the athletes normally use, and by which they are popularly known while participating in other international competitions.
Bout	A contest between red and blue boxers. One referee and five judges officiate.
Caution	An admonition from the Referee to a boxer, generally for infringements of the rules that are not considered serious.
Common Codes	The set of data that are considered Common Codes from the Technology perspective of the Games. Among others, Sports, Disciplines, Events, Event phases, Event units and Venue names are defined in the Common Codes.
Competition	The competition runs from the start of the first event of a sport to the completion of the last event of a sport, excluding the Opening and Closing Ceremonies.
Delegation Registration Meeting (DRM)	The Delegation Registration Meeting is the process for official registration of all athletes and team officials who will participate at the Olympic Games. All NOCs must attend a DRM with the OC prior to being permitted entry into the Olympic Village.
Discipline/Sport discipline	"A discipline is a branch of a sport comprising one or several events." (as per Olympic Charter).
Disqualification	A ruling by officials that a competitor or team has broken the rules of the sport and cannot be considered for placing in an event unit, a phase or an event.
Event	"An event is a competition in a sport or in one of its disciplines, resulting in a ranking and giving rise to the award of medals and diplomas." (as per Olympic Charter)  See "Boxing References" for the list of events.
General Medical and Weigh-In	Also known as the "General Weigh-In". The General Medical and Weigh-In takes place, for men and women, on the morning of the day before the first day of the competition. The aim is to confirm that boxers qualify for the weight category in which they have been entered. At the Olympic Games, a boxer failing to make his weight category is not allowed to compete.
INFO	INFO is an intranet which allows access to results, news,

Term	Definition
	biographies, background, schedules, medals, records, transport and weather information. During the Games, INFO will be accessible either through dedicated workstations (kiosks) or remotely for accredited users or organisations (rate card may apply).
Information Diffusion System (IDS)	IDS is the complete solution for the centralisation and distribution of information (e.g. schedules, results, news, etc.) through ODF to different clients such as International Federations, OC website, press agencies, etc. IDS also includes provision of INFO and CIS.
Initial Download	The process of transferring all participants' data from the SEQ database to On Venue Results. This step takes place a few days before competition starts for each sport discipline.
Judge	A scoring official sitting outside the ring. In each bout there are five judges.
Jury	The Jury will make a decision on any correctly lodged protest.
Late Athlete Replacement (LAR)	An IOC policy defining the conditions under which an athlete who is unable to compete can be replaced by another eligible athlete who was not confirmed for participation in the Games.
Olympic Data Feed (ODF)	The Olympic Data Feed (ODF) is the unique data feed used to transfer information from the venue to clients such as INFO, the official website, International Federations, National Olympic Committees, World News Press Agencies, Rights Holding Broadcasters, etc. ODF provides data at point in time (e.g. start lists, results, medallists, etc.) or real time (e.g. instant results and ranking, instant speed, etc.). The ODF technical specifications are available at: <a href="http://odf.olympictech.org">http://odf.olympictech.org</a> .
Olympic Games	"The Olympic Games are competitions between athletes in individual or team events and not between countries. They bring together the athletes selected by their respective NOCs, whose entries have been accepted by the IOC. They compete under the technical direction of the IFs concerned." (as per Olympic Charter)
	The Olympic Games include the Opening Ceremony, Closing Ceremony, official training, competition and other competition related activities.
Olympic News Service (ONS)	The Olympic News Service exists to provide the media with comprehensive coverage from every race, every match, every session, every day, across every sport at the Olympic Games. This coverage, along with background information including historical results and records, and biographies on every competitor, is published on a secure intranet system called INFO, enabling the media to report accurately and extensively from multiple venues at the same time. The news service is the official source for independent and balanced coverage of the Olympic Games.
On Venue Results (OVR)	The systems, services and technicians responsible for timing and scoring data. OVR produces start lists, results and other

Term	Definition
	competition related rankings, statistics and analysis for the sport discipline. This includes distribution to clients and use by other services, e.g. scoreboards, TV Graphics, INFO, ODF, etc.
Phase	A step in the progression of the competition.
	See "Boxing References" for the list of competition phases.
Rank	Placing in an event. Boxers are ranked according to AIBA rules.
Referee	<p>The official responsible for the conduct of the bout in accordance with the official AIBA rules and for maintaining discipline and order in the ring during the bout.</p> <p>The Referee ensures that the actions of the boxers in the ring adhere to the rules. He officiates inside the ring.</p>
Results System Code (RSC)	<p>The Result System Code is a nine character code structured as follows: DDGEEPUU, where:</p> <ul style="list-style-type: none"> <li>• DD: Discipline code</li> <li>• G: Gender</li> <li>• EEE: Event Code</li> <li>• P: Phase</li> <li>• UU: Event Unit</li> </ul>
Round	<p>A stage of a bout.</p> <p>For the men's competition, a bout consists of three rounds of three (3) minutes, with a one (1) minute break between rounds.</p> <p>For the women's competition, a bout consists of four rounds of two (2) minutes, with a one (1) minute break between rounds.</p>
Session	A time period during which competitions are held. Competitions usually have two sessions: Afternoon and evening.
Sport	A sport is administered by an International Federation and may be composed of one or more disciplines.
Sport Entries and Qualification (SEQ)	A service provided by the OC sports department responsible for processing and managing the entries received from the NOCs, according to the guidelines of the Olympic Charter and the qualification systems defined by the International Federations, which are approved by the IOC.
Technical Delegate (TD)	<p>The Technical Delegate is appointed by the International Federation to "ensure that their rules are complied with and to review and validate all technical elements of the competitions including entries, venue standards, competition schedule, pre-Olympic events as well as the conditions regarding accommodation, food and transport provided for the Technical Officials and Judges." (as per Olympic Charter)</p> <p>In Boxing, the TD is referred to as the Supervisor.</p>
Tripartite Commission	<p>The Tripartite commission is composed of:</p> <ul style="list-style-type: none"> <li>• The IOC</li> <li>• The Association of National Olympic Committees (ANOC)</li> <li>• The Association of Summer Olympic International Federations (ASOIF)</li> </ul> <p>The main objective of the Tripartite Commission is to allocate Invitation Places to a number of NOCs without or with few athletes qualified, allowing them to participate in the Olympic Games, in</p>

Term	Definition
	order to strengthen the principle of universal representation.
Venue Results Manager (VRM)	The Venue Results Manager coordinates all stages of On Venue Results in preparation for the Games as well as during the Games (e.g. coordination with other functional areas, software testing, interaction with the International Federation, etc.).
Warning	Given by the Referee to a boxer who commits a serious foul. A boxer receiving a warning will have one point deducted from each judges' total score. Three warnings in a bout lead to disqualification.

## 2 Specifications

### 2.1 Participants

In the following table, several different participant types may apply to the same sport/discipline depending on the event competition format.

Participant Type	Defining Characteristics	Sports / Disciplines	Code
Individual	Individuals	<ul style="list-style-type: none"><li>Cycling, Rowing (singles), Swimming (except relays), Triathlon, etc.</li></ul>	I
Group - Indivisible	Individual athlete results are not recognised as part of the group results (crew, teams, pairs, duets, etc.)	<ul style="list-style-type: none"><li>Bobsleigh, Figure Skating (couples), Synchronised Swimming, Rowing (crew), Athletics (relays), etc.</li></ul>	IG
Group - Divisible	Individual athlete results are recognised as part of the group results (teams, doubles, etc.)	<ul style="list-style-type: none"><li>Artistic Gymnastics (team), Equestrian (team), etc.</li></ul>	G
Team	Team competition (group of players forming one side in Team sports)	<ul style="list-style-type: none"><li>Basketball, Curling, Football, Handball, Hockey, Volleyball, Water Polo, etc.</li></ul>	T

### 2.2 Progression Types

Progression	Definition	Disciplines / Events
Seeding or Qualification	All participants are ranked after an initial phase. All of the participants (Seeding), or a limited number of the participants (Qualification), advance to the next event phase/unit based on this ranking.	<ul style="list-style-type: none"><li>Seeding: Archery, Cycling BMX, Snowboard (Snowboard-Cross), etc.</li><li>Qualification: Athletics (Long Jump), Canoe Sprint, Rowing, etc.</li></ul>
Single phase	All participants compete for a ranking in one event phase/unit	<ul style="list-style-type: none"><li>Cycling Mountain Bike, Cycling Road, Swimming Marathon, Triathlon, etc.</li></ul>
Combined	All participants compete in one or more event units, in a single phase, or in multiple phases	<ul style="list-style-type: none"><li>Disciplines: Athletics (Decathlon), Equestrian, Modern Pentathlon, etc.</li><li>Races: Alpine Skiing (for the 1+ run events), Bobsleigh, Cycling Track, Luge, Sailing, Skeleton, etc.</li></ul>

## 2.3 Competition Format Types

Type	Definition	Results Type
In-line	Participants compete under the same conditions to achieve a result which will lead to a ranking from 1 to n	<ul style="list-style-type: none"> <li>Measurements (time, weight, distance, height, etc.)</li> <li>Scores</li> <li>Judges' decisions (points, etc.).</li> </ul>
Pool	Group of several participants, competing against each other in a round robin	<ul style="list-style-type: none"> <li>Points</li> </ul>
Bracket	Competition in which participants compete in heats or head-to-head. Winner(s) progress in a bracket towards the gold medal, loser(s) are eliminated or redirected	<ul style="list-style-type: none"> <li>Win/Loss</li> </ul>
	<p>Bracket types:</p> <ul style="list-style-type: none"> <li>Bracket with direct elimination (e.g. Boxing)</li> <li>Bracket with direct elimination, classification and finals (e.g. Water Polo)</li> <li>Bracket with direct elimination and finals (e.g. Tennis)</li> <li>Bracket with direct elimination, repechage and finals (e.g. Judo)</li> </ul>	
Cumulative	Results achieved in different stages of competition, contributing to the participant's event results (e.g. Athletics combined events, Sailing fleet racing)	<ul style="list-style-type: none"> <li>Addition of results (points, times)</li> </ul>

# Appendix B - Abbreviations

The following abbreviations are used in the ORIS Boxing document with the exception of:

- Results codes, see Appendix C - Rules for Data Formats and Presentation
- Distribution Availability Codes, see end of Section 2 - Distribution Rules

Code	Description
<b>AIBA</b>	Association Internationale de Boxe Amateur
<b>BX</b>	Boxing
<b>CM</b>	Organising Committee Competition Management
<b>D</b>	Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory
<b>Da</b>	Desirable, but only if such data is available
<b>Dc</b>	Desirable under conditions which are explained in the column for comments
<b>DRM</b>	Delegation Registration Meeting
<b>ft</b>	feet
<b>in</b>	inch
<b>IOC</b>	International Olympic Committee
<b>IRM</b>	Invalid Result Mark
<b>kg</b>	kilogramme

# Appendix C - Rules for Data Formats and Presentation

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

## 1 Boxing Specific Rules

Gender abbreviations	Event gender: M (men), W (women) Athlete gender: F (female), M (male)
Traditional Boxing weight category presentation order	Please see "Boxing References"
Schedule status options	The following schedule status options are applicable to an event or event unit: <ul style="list-style-type: none"><li>• Unscheduled Not visible on the schedule, optional (e.g. tie-breaker if applicable)</li><li>• Scheduled The start time is known</li><li>• Getting_Ready At time x before start - "x" is defined by Olympic Broadcasting Services (OBS)</li><li>• Running In progress</li><li>• Scheduled_Break Planned break (e.g. end of period)</li><li>• Finished All action on the field of play is complete</li><li>• Delayed Did not start as scheduled, should start in the current ticketing session</li><li>• Postponed Did not start as scheduled, or has been interrupted, and the expected postponement exceeds the current ticketing session, date and start time are unknown at present</li><li>• Interrupted Unplanned interruption after the start</li><li>• Rescheduled The new date and start time are known</li><li>• Cancelled Will not take place at these Games</li></ul>
Results status options	<ul style="list-style-type: none"><li>• Start List Start list has been created</li><li>• Live In progress</li><li>• Intermediate Updated results at scheduled points or breaks. Results and/or ranks are subject to change</li><li>• Partial The results and ranking of the athletes who have completed their performance are not subject to change by the results of athletes still competing</li><li>• Unconfirmed Activity on the field of play is complete but there is no results status update yet. Not applicable for Boxing.</li><li>• Unofficial Results are not approved</li><li>• Official Results are approved</li></ul>

	<ul style="list-style-type: none"> <li>• Protested      The competition is no longer in progress and a protest has been lodged</li> </ul>																												
Result Codes	<ul style="list-style-type: none"> <li>• DDQ - Double Disqualification</li> <li>• DKO - Double Knockout</li> <li>• DSQ - Disqualification</li> <li>• KO - Knockout</li> <li>• NC - No Contest</li> <li>• TKO - Technical Knockout</li> <li>• TKO-I - Technical Knockout - Injury</li> <li>• WO - Walkover</li> <li>• WP - Win on Points</li> </ul>																												
Invalid results mark (IRM)	<ul style="list-style-type: none"> <li>• DQB - Disqualified for Unsportsmanlike Behaviour</li> </ul>																												
Final classification	<p>After the completion of an event boxers are ranked as follows:</p> <ul style="list-style-type: none"> <li>• The winner of the final bout is ranked first (gold medal), and the loser is ranked second (silver medal)</li> <li>• The losers of the semifinals are ranked equal third (two bronze medals)</li> <li>• For third places and below, boxers are sorted according to the highest placed boxer by whom they were beaten in earlier rounds</li> </ul> <p>Exceptional situations:</p> <ul style="list-style-type: none"> <li>• In case of disqualification after an event has been completed, boxers ranked below a disqualified boxer will advance in ranking</li> </ul>																												
Time format	MM:SS,t - only for output "Time Protocol" (C69A) M:SS																												
General rules for formats	"#" Digit placeholder, suppression of leading zeros #" should be replaced with the corresponding non-zero digit if one is present; otherwise, no digit appears. "0" Zero placeholder "0" should be replaced with the corresponding digit if one is present; otherwise the leading zero remains. E.g. 004.23 in the format ##0.00 becomes 4.23																												
Score format	Result Code n:n Result Code Rn M:SS (where Rn = Round number)																												
Percentages	n.nn%																												
Height/Weight formats	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left; width: 25%;">Height (metric):</th> <th style="text-align: left; width: 25%;">Height (imperial):</th> <th style="text-align: left; width: 25%;">Weight (metric):</th> <th style="text-align: left; width: 25%;">Weight (imperial):</th> </tr> </thead> <tbody> <tr> <td>0.00m</td> <td>0ft #0in</td> <td>##0.00kg</td> <td>##0.00lbs</td> </tr> <tr> <td>#00cm</td> <td>0'#0"</td> <td>##0.0kg</td> <td>##0.0lbs</td> </tr> <tr> <td>0.00</td> <td></td> <td>##0kg</td> <td>##0lbs</td> </tr> <tr> <td>##0</td> <td></td> <td>##0.00</td> <td>##0.00</td> </tr> <tr> <td></td> <td></td> <td>##0.0</td> <td>##0</td> </tr> <tr> <td></td> <td></td> <td>##0</td> <td></td> </tr> </tbody> </table> <p>If metric and imperial units are used in a single field, the rule is to separate them by a forward slash with a space before and after it " / ". If they are combined, they should be presented as "centred".</p>	Height (metric):	Height (imperial):	Weight (metric):	Weight (imperial):	0.00m	0ft #0in	##0.00kg	##0.00lbs	#00cm	0'#0"	##0.0kg	##0.0lbs	0.00		##0kg	##0lbs	##0		##0.00	##0.00			##0.0	##0			##0	
Height (metric):	Height (imperial):	Weight (metric):	Weight (imperial):																										
0.00m	0ft #0in	##0.00kg	##0.00lbs																										
#00cm	0'#0"	##0.0kg	##0.0lbs																										
0.00		##0kg	##0lbs																										
##0		##0.00	##0.00																										
		##0.0	##0																										
		##0																											

Presentation of ties	<p>Medal presentation</p> <ul style="list-style-type: none"> <li>• Both bronze medals are shown: e.g. 1 GOLD FAMILYNAME Givenname 2 SILVER FAMILYNAME Givenname 3 BRONZE FAMILYNAME Givenname 3 BRONZE FAMILYNAME Givenname</li> </ul> <p>Results</p> <ul style="list-style-type: none"> <li>• The primary rank (first column) must show a rank (if tied, repeat rank).</li> </ul>
----------------------	--

## 2 General Rules

Output description	Gives a short explanation of the output, describing information that is provided
Source	Information identifying the source of data, i.e. which organisational part of which body is responsible for providing it, for example: IOC, AIBA, OC Press Operations, OC Competition Management, etc.
Column data alignment	General: right for numeric and results, left for text. IRMs are aligned as for results. May be adjusted depending on the output layout.
Column titles	Column titles match the alignment of the data columns
Date formats	<ul style="list-style-type: none"> <li>• dd MMM yyyy (e.g. 6 APR 1896)           <ul style="list-style-type: none"> <li>• dd: date format, for example: 23 or 5 (presented without leading zero)</li> <li>• Ddd: day of week in abbreviation format - presented as three characters, for example: Mon for Monday (mixed case)</li> <li>• DDD: day of week in abbreviation format - presented as three characters, for example: MON for Monday (upper case)</li> <li>• Mmm: month in abbreviation format - mixed case, for example: Apr for April</li> <li>• MMM: month in abbreviation format - upper case, for example: APR for April</li> <li>• yyyy: year format, for example: 1896</li> </ul> </li> <li>• The "As of date" may reflect one of the following:           <ul style="list-style-type: none"> <li>• Date when data has been collected (e.g. world ranking)</li> <li>• Date and time when the actual output was updated (several editions of the same output, e.g. cumulative statistics)</li> <li>• Logical date if applicable</li> </ul> </li> <li>• Logical date: If a session continues past midnight (00:00), any outputs produced will be considered as having the logical date on which the session began (e.g. for a session which began at 21:00 on Apr 8 and ended at 1:20 on Apr 9, the output would be dated Apr 8)</li> </ul> <p>This date is according to the local time zone at the competition venue.</p>
Page break	<p>Page break applies only for printed outputs.</p> <ul style="list-style-type: none"> <li>• When the complete output fits on a single page, "None, aim for a single page" is written</li> <li>• For multi-page outputs, there are three cases:           <ol style="list-style-type: none"> <li>1. Natural page break: This should be considered as printing without page break. When printing reaches the end of a page a page break will occur and the output will continue printing on the next page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:               <ul style="list-style-type: none"> <li>• Not controlled with repeated output headings and column headings</li> <li>• Not controlled with repeated column headings only</li> <li>• Not controlled without repeated output headings and/or column headings</li> </ul> </li> </ol> </li> </ul>

	<p><b>2. Forced page break by "Group":</b></p> <p>This should be considered as printing with a page break. Before printing each group on a page the print software must decide if the complete group will fit on that page. If the group will not fit a page break will be forced. The group will then be printed on a new page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> <li>• Break at "Group" with repeated output headings and column headings</li> <li>• Break at "Group" with repeated column headings only</li> <li>• Break at "Group" without repeated output headings and/or column headings</li> </ul> <p>A "Group" is a logical group of data e.g. NOC/team/relay/rider/paragraph, etc. (e.g. a team with seven members. The result is that each page will contain as many complete teams as can fit on the page).</p> <p><b>3. Forced page break by "Condition":</b></p> <p>This should be considered as printing with a page break after a particular condition is reached. When the condition is reached a page break will be forced. The process will repeat when each of the condition(s) is reached. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> <li>• Break at "Condition" with repeated output headings and column headings</li> <li>• Break at "Condition" with repeated column headings only</li> <li>• Break at "Condition" without repeated report output headings and/or column headings</li> </ul> <p>A "Condition" may be any trigger e.g. a new NOC/team/gender/athlete/class of officials, etc. (i.e. each time a new NOC is reached a page break is forced. The result is that each NOC is printed on a separate page).</p> <p>A combination of the above three cases is possible within a single output.</p>
Legend	<p>The description table defines if a legend is required on an output:</p> <ul style="list-style-type: none"> <li>• "None" is specified if no abbreviations are used in the output</li> <li>• If one or more abbreviations may be used in the output the legend will be used to describe them. The following rules apply: <ul style="list-style-type: none"> <li>• Only those abbreviations which appear in a version of the output are shown in the legend (dynamic legend)</li> <li>• If the sample shows all possible abbreviations, "See sample for all possible abbreviations" is specified in the description table</li> <li>• If there are more abbreviations possible than shown in the sample, "Use the following description for abbreviations which appear in the output" is specified in the description table and all possible abbreviations and descriptions are listed</li> <li>• The location of the legend is defined either as "To be displayed at the bottom/top of each page" or "To be displayed at the bottom/top of the last page only"</li> </ul> </li> </ul>
Notes	<p>Guidelines for any "Note" planned where users will find an explanation of data in the output, reasons for some action related to that output, etc.</p> <p>Each output could contain up to three different types of "Notes":</p> <ol style="list-style-type: none"> <li>1. Note with static text: <ul style="list-style-type: none"> <li>• If "Note with static text" is not planned, allowed or possible, "None" is written</li> <li>• If text of "Note with static text" is always the same and already presented in the sample, "See sample" is indicated</li> </ul> </li> </ol>

	<p>2. Note with predefined, but changeable text:</p> <ul style="list-style-type: none"> <li>• If "Note with predefined text" is not planned, allowed or possible, "None" is written</li> <li>• If text of "Note with predefined text" can vary depending on certain conditions, they are listed here, together with text to be used for each condition</li> </ul> <p>3. Note with free text:</p> <ul style="list-style-type: none"> <li>• Up to two lines of free text will be reserved at the bottom of the last page of each output in order to provide explanations or other annotations concerning the content of the output</li> </ul>
Comments	This section is used for any further explanations and comments on the output, or suggestions to output provider(s). If no comments are needed, "None" is written.

# Appendix D - Supporting Documents

This appendix includes the following supporting documents:

Templates for the output "Official Communication" (C67)

Results, Medals and Diplomas

Data to be Captured

## 1 Templates for Official Communication

In order to support OC Technology as much as possible and to guarantee a smooth process and appropriate wording, a collection of possible templates to be used during the Games is useful. The most common templates are included in this chapter and should be stored in the OC Technology system well before the Games.

The Official Communication template should include the following fields:

<b>Event</b>	Affected event name (see "Boxing References" for list of events)
<b>Gender</b>	Event gender indication (men, women), if applicable
<b>Phase</b>	Affected stage of competition (e.g. preliminaries, quarterfinals, etc.), if applicable
<b>Unit</b>	Specification of the phase (e.g. bout 1, bout 2, etc.), if applicable
<b>Subtitle</b>	One line space for describing the reason for the Official Communication
<b>Summary</b>	Multiple lines for the body of the Official Communication. Only non-formatted text can be included here (no graphics, no tables, etc.)
<b>Details</b>	Multiple lines for describing details. Here, formatted text (font size, style, colour, graphics, tables, etc.) can be included. This field is not mandatory.
<b>Issued by</b>	Initiator's (name and) function
<b>Date</b>	Date of decision as provided by the person issuing the Official Communication
<b>Time</b>	Time of decision as provided by the person issuing the Official Communication
<b>Note</b>	If needed, contact details for further information can be added here (as a Note)
<b>Signature</b>	Signature of the initiator, needed in order to release the Official Communication

Affects Results:

Affects Schedules:

Affects Others:

Please note for the row "Details": At the moment of creating the templates for the most common situations, it is almost impossible to add appropriate details. If needed, the details should be communicated to OC Technology at the same time as all other details for the Official Communication.

## OFFICIAL COMMUNICATION (empty form)

<b>Event</b>			<b>Gender</b>	
<b>Phase</b>		<b>Unit</b>		
<b>Subtitle</b>				
<b>Summary</b>				
<b>Details</b>				
<b>Issued by</b>				
<b>Date</b>	(dd MMM yyyy)	<b>Time</b>	(HH:MM)	
<b>Further information</b>				
<b>Signature</b>				

Affects Results:

Affects Schedules:

Affects Others:

## OFFICIAL COMMUNICATION (possible templates)

<b>Subtitle</b>	A	Bout n delayed
	B	Bout n postponed
	C	Bout n rescheduled
	D	Bout n cancelled
	E	Referee decision
	F	AIBA decision
	G	Bad weather conditions
	H	Accident of FAMILYNAME Givenname (NOC)
	I	Boxing Weigh-In
	J	Boxing: IOC disqualifies FAMILYNAME Givenname (NOC)
	K	Medical Check
	L	...
<b>Summary</b>	1	The <...> had to be delayed due to <...>. It is expected that the delay should not be longer than nn minutes.
	2	The <...> had to be postponed due to <...>. The new start time of the <...> is unknown at the moment. Further details will be communicated as soon as available.
	3	The <...> had to be rescheduled due to <...>. The new date and start time is dd MMM yyyy at HH:MM.
	4	The <...> had to be cancelled due to <...>. The <...> will not be held during these Games.
	5	FAMILYNAME Givenname (NOC) submitted a protest related to <...>
	6	FAMILYNAME Givenname (NOC) did not attend the General Medical and Weigh-In in the morning of dd?? Mmm?? yyyy???. As a result, he loses by Walkover to FAMILYNAME Givenname (NOC). Session n??, bout n?? in the En?? devision, FAMILYNAME Givenname (NOC) wins by Walkover as a result of FAMILYNAME Givenname (NOC) not showing up for the Medical Weigh-In.
	7	FAMILYNAME Givenname (NOC) failed the Weigh-in. His weight category is En?? and he weighed in n??kg. As a result, he will not be able to compete in his scheduled bout vs FAMILYNAME Givenname (NOC) in bout n?? session n??. The decision of this bout will be FAMILYNAME Givenname (NOC) winner by walkover.
	8	FAMILYNAME Givenname (NOC) failed the Medical Check. As a result, he will not be able to compete in his scheduled bout vs FAMILYNAME Givenname (NOC) in bout n?? session n??. The decision of this bout will be FAMILYNAME Givenname (NOC) winner by walkover.
	9	Judge <...> was replaced in scoring by judge <...>
	10	FAMILYNAME Givenname (NOC) was disqualified for <...> (AIBA rule <...>)
	11	The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy???. Results have been amended accordingly. Further details regarding the IOC Disciplinary Commission decision can be found at: <a href="http://www.olympic.org">www.olympic.org</a> <i>If the disqualified athlete is among medallists:</i> The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy???. Results have been amended accordingly. Further details regarding the IOC Disciplinary Commission decision can be found at: <a href="http://www.olympic.org">www.olympic.org</a>
<b>Issued by</b>	I	AIBA Technical Delegate
	II	Boxing Competition Manager
<b>Further</b>	i	For more details contact the AIBA Office

<b>information</b>	ii	For more details contact the AIBA Technical Delegate
	iii	For more details contact the OC Competition Manager
	iv	For more details consult <a href="http://www.olympic.org">www.olympic.org</a>

**Note: authors of this ORIS document do not imply that this is a complete list of Official Communications templates.**

## 2 Results, Medals and Diplomas

### 2.1 General

The Olympic Charter states that International Federations have the responsibility "to establish the final results and ranking of Olympic competitions."

Medals and diplomas will be allocated based upon these final results. Should any changes occur affecting medallists and/or diploma recipients, the IOC will decide on the new medal and diploma allocation.

### 2.2 Expected Number of Medals and Diplomas

The information included in this chapter should serve as a support for the medal and diploma allocation in Boxing.

Eligible athletes:

Men's/Women's weight categories: Athletes who competed in the quarterfinals, semifinals and final

The following table indicates the regular medal allocation.

Medal Type/ Diploma	Event Type
	Individual
Gold	• 1
Silver	• 1
Bronze	• 2 (losers of semifinals)
Diploma	• 8

### 2.3 New Classification after Disqualification

In case of disqualification among the medallists or diploma recipients in an event, the following rules will apply:

Initial Rank	New Rank	Name	NOC Code
<b>If the gold medallist is disqualified</b>			
4		FAMILYNAME 1 Givenname 1	NOC 1
2	1	FAMILYNAME 2 Givenname 2	NOC 2
3	3	FAMILYNAME 3 Givenname 3	NOC 3
3	3	FAMILYNAME 4 Givenname 4	NOC 4
5	5	FAMILYNAME 5 Givenname 5	NOC 5
5	5	FAMILYNAME 6 Givenname 6	NOC 6
5	5	FAMILYNAME 7 Givenname 7	NOC 7
5	5	FAMILYNAME 8 Givenname 8	NOC 8
9	9	FAMILYNAME 9 Givenname 9	NOC 9

Note: Only ranks within the group that the disqualified athlete reached is/are re-calculated; other athletes keep their ranking.

ORIS reference:

- Refer to Appendix C - Rules for Data Formats and Presentation for final classification

Note: The software must be flexible enough to handle medal allocations as decided by the AIBA and/or the IOC.

### 3 Data to be Captured

In addition to the information provided by Accreditation, the following data elements should be provided to OVR in order to fulfil the requirements listed in this document:

Data	Formats / Values	Captured by	Comments
AIBA ID	Numeric	SEQ	Provided by AIBA. Requested for boxers, judges and referees.
Qualification type	<ul style="list-style-type: none"><li>• APB Ranking Individual Championships (APB)</li><li>• AOB America Qualifying 2016 (QAM)</li><li>• AOB Africa Qualifying 2016 (QAF)</li><li>• AOB Asia/Oceania Qualifying 2016 (QAO)</li><li>• AOB Europe Qualifying 2016 (QEU)</li><li>• AOB World Championships 2016 (WCH)</li><li>• Host Country Place (HST)</li><li>• Tripartite Commission Place (TPC)</li><li>• WSB APB Box-off (AOB)</li><li>• WSB Individual Championships (WSB)</li></ul>	SEQ	
Qualification country code	Code	SEQ

# Document Control

## Version History

<b>Release 6 Version 1.3</b> 27 Feb 2015	<b>Approved version</b> Updated with Change Request 4639 and 4951 after the final Consolidation meeting, 13-14 Nov 2014, Montreux
<b>Release 6 Version 1.2</b> 15 Oct 2014	<b>Approved (signed-off) version</b> Sign-off letters from both the AIBA (16 Oct 2014) and Rio 2016 (19 Nov 2014) have been received by the IOC.  No further changes will be made to this document without Change Management except topics highlighted in yellow.
<b>Release 6 Version 1.2</b> 15 Oct 2014	<b>Submitted for sign-off</b> Updated with changes requested by the AIBA. The status remains "Submitted for sign-off".
<b>Release 6 Version 1.1</b> 24 Jul 2014	<b>Submitted for sign-off</b> Updated with comments received in the review period after the ORIS meeting
<b>Release 6 Version 1.0</b> 25 Jun 2014	<b>Submitted for review</b> Submitted for review after the ORIS Boxing meeting, 26 - 28 May 2014. Based on the ORIS Boxing meeting minutes as of 28 May 2014.
<b>Release 6 Version 0</b> 28 Apr 2014	<b>Draft</b> Updated based on ORIS document release 5, the AIBA rule changes, and the analysis of the London Questionnaires

## Release 6 - Version 1.3 - 27 Feb 2015

### Pending Action Items

The following sections contain text highlighted in yellow:

- 2.1.2.4.1           • Rio 2016 Sport Entries has to confirm a "Late athlete replacement" policy in case a qualified boxer cannot make it to the Games
- 2.2.2, 2.3.1.2       • The procedure for a boxer who is disqualified because he does not attend the Weigh-In, fails the Medical Examination, or fails to weigh within the prescribed limits for the category in which he is entered, is pending AIBA decision
- 2.5.2.4           • The process to be followed if both boxers are KO is pending AIBA decision
- Outputs:  
C31A, C31C,  
C32A, C32C1,  
C32C2           • The list of qualification tournaments is pending AIBA decision

### Global Changes

1. The output "Minimum / Maximum" (N86G) has been removed throughout the document.  
Affected files: Procedures, Distribution Rules.

### Executive Summary

Chapter 2.2.4:

- In the second paragraph, the text has been updated regarding the presentation of column headings in outputs
- Chapter 4:**
- Members of the Rio 2016 ORIS Management Team: The names and functions have been adjusted as follows:
    - Ms Isabella BURCZAK, IOC Sports, Head of Sport Projects
    - Mr Pierre FRATTER-BARDY, IOC Sports, Head of Summer Sports and IF Relations
  - The members of the ORIS Boxing Working Group : The name of the AIBA Senior Competition Manager has been changed to Ms Kristin BRYNILDSEN and the name of the AIBA Competition Coordinator has been changed to Ms Sandrine MONTPIED

## **Boxing References**

### Chapter 1 - Specifications

- Events: progression and competition format types: In the last bullet below the table, the reference sentence has been adjusted

## **Procedures**

### Chapter 2.1.1 "Schedules":

- The time to produce the output "Competition Schedule" (C08A) has been changed to four (4) weeks before the Opening Ceremony

### Chapter 2.1.2 "Entries and Participant Data":

- The paragraph has been modified

### Chapter 2.1.2.1 "After the Sport Entry Deadline":

- The first paragraph has been modified

### Chapter 2.1.2.4 "Replacement of a Games participant":

- The title has been changed to "Replacement of an athlete"

### Chapter 2.1.2.4.1 "Late athlete replacement":

- The text in the chapter has been modified

### Chapter 2.2.3 "Draw":

- The draw preparation/procedure has been explained in more detail

### Chapter 2.3.1.10 "Before a final bout"

- The term "medal ceremony" has been changed to "Victory Ceremony"

## **Section 1 - Outputs**

### **Outputs**

#### C06:

- In the sample and description table, the term "Medal Ceremony" has been changed to "Victory Ceremony"

#### C30:

- Description table, Source: The source has been changed from "SEQ/OC Technology" to "OC Technology"

#### C38:

- Sample: For TV names: Family names have been written in upper case (related CR 4933)
- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been added

#### C39:

- Sample: For TV names: Family names have been written in upper case (related CR 4933)
- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been added

#### N20:

- In the Description table, the following comment has been added "For Major Achievements show only the levels of competitions relevant for that athlete."

## **Section 2 - Distribution Rules**

Main distribution table:

- Distribution to the Press Stands, VPC and MPC has been updated based on the information provided by Rio 2016
- For C08A: The value in the "Produced by" column has been changed from "VRM/IDS" to "OVR (VRM)"
- For C35A: The value in the "Produced by" column has been changed from "VRM" to "IDS (VRM)"
- Below the Legend of the main distribution table, under "Officials" the reference to Protocol/Ceremonies and the Doping Control Officer has been added

## **Section 3 - Real Time Information**

### **Scoreboards**

Chapter 2.1.1 "NOC Names":

- The entire bracket in the last sentence has been deleted

Chapter 2.7 "Part D - During the Victory Ceremony":

- The medal screen titles have been adjusted from "MEDALLISTS" to "VICTORY CEREMONY"

### **Sport Specific Real Time Data**

- A statement regarding the fact that there is no additional real time data available other than defined in Section 1 - Outputs has been added

## **Appendix A - Glossary**

Chapter 1 "Terms":

- The following new terms have been included: "Athlete preferred name", "Common Codes", "Initial Download" and "Results System Code (RSC)"
- Term "Disqualification": The definition has been updated
- Term "INFO": The definition has been updated

## **Appendix C - Rules for Data Formats and Presentation**

"Schedule status options" and "Results Status Options":

- "Schedule status options": "Getting\_Ready" definition has been updated
- "Schedule status options": "Live" has been changed to "Running"
- "Schedule status options": "Interrupted" definition has been updated
- "Results status options": "Intermediate" definition has been modified with "and/or"
- "Results status options": "Unconfirmed" definition has been modified
- "Results status options": "Protested" has been included

## **Appendix D - Supporting Documents**

Chapter "Templates for Official Communication":

- Under "Summary", "11", the wording regarding the ranking has been deleted

Chapter 2 "Results, Medals and Diplomas":

- New chapter (part of the information of the former chapter "Medal and Diploma reallocation" has been included here)

Chapter title "Information to be captured" has been changed to "Data to be Captured":

- The wording in the first paragraph has been modified
- The table has been updated

## **Release 6 - Version 1.2 - 15 Oct 2014**

### **Pending Action Items**

The following sections contain text highlighted in yellow:

#### Procedures:

- |                |  |
