Executive Summary

The Executive Summary covers major steps and milestones of the ORIS project for the Rio 2016 Olympic Games.

1 Introduction to the ORIS Project

Information management is a key component in the efficient operation of sporting events. Accurately documented requirements are essential to ensure reliable, cost efficient results management, and facilitate the transfer of knowledge from one Games to the next.

In 1993, recognising the high costs and risks incurred in the continual redefinition of requirements, the IOC initiated a pilot project "INFOTECH" whose aim was the definition of minimum requirements for Information Technology support at the Olympic Games. Rowing was chosen for this pilot project.

Information requirements were analysed in detail by the International Rowing Federation (FISA) together with representatives of the major World News Press Agencies (WNPA), several large sports newspapers and representatives from the IOC. In the course of this process, the needs of the written press and news press agencies and potential areas for improvement were highlighted. At the same time, information users gained a better understanding of the procedures involved in running a major sporting event. This collaboration brought about a greater mutual understanding and commitment to working together for the benefit of athletes, sports officials, viewers, readers and subscribers and therefore, ultimately, the sport.

Experience gained during this pilot project encouraged the IOC, the International Federations, and participating media representatives to extend the process to all other sports in the Olympic Programme for future Games, starting with the Nagano 1998 Olympic Winter Games.

The experience gained from the pilot project helped to set the objectives for all subsequent versions of the project. These project objectives are to:

- Form a Working Group for each discipline made up of experts from the various fields related to information technology and information usage for the sport
- Establish and consolidate the IT requirements that an Organising Committee (OC) will be required to fulfil in order to meet the needs of the International Federations (IFs) and media during the Games through a process of consultation among the Working Group
- Set consistency in the level of IT support across the different disciplines at the Games, whilst respecting each sport's traditions
- Analyse and propose changes to current working practices in order to ensure that information delivery is up to date
- Document procedures in a readable and user friendly format, focusing on a description of the required information from a user's perspective
- Ensure that the experience gained at each Game's edition is transferred forward to subsequent Games

During the winter of 1995-1996, the International Olympic Committee (IOC), the Organising Committee for the XVIII Olympic Winter Games, Nagano 1998 (NAOC), 35 representatives of the International Winter Sports Federations and 42 media personnel from 16 countries completed the requirements documents for the 14 Winter Olympic sports.

In February 1997, while the Winter Games documents were being finalised for Nagano, the IOC launched the Summer Games project in parallel. The project was renamed ORIS (Olympic Results and Information Services). Over the next two years, documents for the 37 disciplines on the Sydney programme were completed by the ORIS team, working with sports, media and technology personnel from the Sydney Organising Committee for the XXVII Olympic Games (SOCOG). More than 130 representatives of the 28 International Summer Sports Federations and over 120 journalists from 31 countries were involved in the project.

As a result of the success of the Nagano and Sydney Games, the ORIS project has been leading the results delivery at every Summer and Winter Games organised since.

In parallel, requirements for a data feed to serve the press agencies were defined and documented together with the main news agencies in the so called World News Press Agencies working group (WNPA). The first version of the "Requirements for the Results Data Feed" for summer sports was released in 1995. Subsequent documents were improved, extended to the winter and implemented from the Nagano Winter Games onwards. These requirements have been replaced by a new universal data feed named the Olympic Data Feed (ODF) which was first implemented at the Vancouver 2010 Games.

The development of the ORIS document has combined the expertise and experience of many diverse users who together have thousands of hours of first-hand experience at Olympic Games and other major competitions. The legacy of the lessons learned and the experience gained has been brought to the present version, and the experience gained at the Sochi 2014 Games will be used to further improve future versions.

The ORIS development process (ORIS document production, Change Management, Test Event, Homologation Test, TAO observation, Questionnaires) ensures that the ORIS document remains stable during the development cycle. This also ensures that the document continues to be developed to include valuable feedback received from the Games, and from actual end users of the outputs and feeds produced.

2 ORIS Document Summary

2.1 Terminology

Some terminology used in this document is generic and each OC may use its own terminology. For example, the "Venue Press Centre" may be called "Venue Media Centre", "Sport Presentation" may be called "Sport Production", a "Competition Manager" may be called a "Sport Manager", "ONS" may be called "OPNS", etc.

In this document, the masculine gender used in relation to any physical person (for example, names such as Technical Delegate, official, athlete, judge, referee, score verifier, member of a jury or pronouns such as he, they or them) shall, unless there is a specific provision to the contrary, be understood as including the feminine gender.

2.2 Document Structure

The ORIS document is laid out as follows:

2.2.1 Executive Summary

This part of the document provides an overview of the ORIS project and the ORIS document for Tennis. It includes information on the following topics: introduction, document content, cycle and participants.

2.2.2 Tennis References

This part of the document describes the references on which the ORIS document is based. It includes the list of events, competition format, competition phases, participation references and source documents.

2.2.3 Procedures

This part of the document describes procedures to be followed by the OC and its partners, the ITF and the IOC. It covers procedures for results services and news services, for both the preparation period and the Games.

2.2.3.1 Results Service and Competition Management Support

The roles and responsibilities of the ITF, the OC Competition Management and OC Technology during all stages of the results delivery process for the competition are defined here. This includes "end to end" information technology support beginning with the athlete entry process up until the completion of the event, including the handling of exceptional situations. Special attention is given to the results verification process and the initiation of results distribution. Procedures are designed to ensure maximum data accuracy in the most efficient manner.

2.2.3.2 News Service and Background Information

Procedures regarding the collection, acquisition and transfer of historical data, biographies and similar background information prepared before the Games are defined here. The roles and responsibilities of the ITF, the IOC and the OC in this process and the data exchanged between these parties before and after the Games are also outlined.

Procedures on the preparation of news (e.g. previews, reviews, flash quotes, press conference highlights, etc.) by the Olympic News Service (ONS) are defined. The expected responsibilities of the ITF and the OC Competition Management in order to support these processes are outlined. The role of OC Technology in the collection and distribution of this information is described.

2.2.4 Section 1: Printable Outputs

All outputs which should be produced are listed in section 1. In addition to technical information linked to the outputs (description of the data items, sorting rules, legend definition, etc.), samples are

provided in order to help the organisers and users understand the type of information required. The format and content of some outputs have become traditional and standard in some sports. ORIS support the policy that such standards should be followed. Details of information content are shown independently of the delivery method, which defines whether information presented in the sample of each output will be printed or be available in INFO.

The "Look" of printed outputs is defined by the OC while ORIS defines the content and structure of information to be displayed or printed in the output body. Printed outputs must include the same data in the same order as defined in ORIS. While text should be formatted as described in ORIS, minor layout adjustments are acceptable (e.g. a column position, height of a cell...). In sport specific outputs, column headings may also be adjusted to display the full title where an abbreviation is presented in the ORIS document, if space allows (e.g. "Rank" could be shown instead of "Rk"). For outputs that are common across all sports (e.g. tables in medal outputs) column headings should be shown as presented in the ORIS document for consistency across sports. For INFO, developers should include the ORIS proposal for the content, though the layout may need to be adjusted because of technical constraints, subject to approval by the ORIS Tennis Working Group.

This document does not impose any particular technical solution and therefore many different possible solutions could be used to achieve the production and distribution of the outputs defined in ORIS (e.g. outputs related to news, training schedules, etc. could be produced by using a standard word processor).

2.2.5 Section 2: Distribution Rules

This section defines the distribution of all outputs produced, whether printed or published in INFO.

It is divided into three chapters:

- Event related requirements
 - Process description and distribution rules for event related printed outputs and INFO grouped by type of event in chronological order (e.g. results of a competition phase)
- Other outputs
 - Process description and distribution rules of non-event related printed outputs and INFO grouped in chronological order (e.g. competition schedule, three (3) months before the Games)
 - Process description and distribution rules of event related printed outputs and INFO that have no defined production time (e.g. Official Communications)
- Distribution rules and availability of all outputs
 - These outputs are ordered by ORIS output code, and all delivery time variations are grouped under the same output code. These rules are documented in tabular format, showing which outputs the users require, when and where the outputs are needed.

The checking/approval process during output production and distribution is essential. Underestimation of this critical area could result in outputs not being delivered at the right place at the right time.

2.2.6 Section 3: Real Time Information

This section defines the requirements for the presentation of real time information for scoreboards, and Real Time Display System (RTDS) and sport specific real time data, as well as a reference to on screen results presentation.

2.2.6.1 Scoreboards

The provision of information to the public at the venues is an important part of the success of an event, keeping those who know the sport informed; and those who are new to the sport enlightened and entertained.

Public scoreboards are defined here. Sport specific scoreboards are also defined, when required by the ITF rules.

It is not the intention to describe all that can be done in this area, but to suggest what is possible, as well as to define what information is mandatory or minimally required. In all cases, the ITF should approve the proposed solution.

2.2.6.2 Real Time Display System (RTDS)

Requirements for real time information concerning the start order and/or current results to be displayed on monitors at the venue (supporting the competition and providing sport and media real time information), are defined in this part, including the content and timing of information.

2.2.6.3 Sport specific real time data

Requirements regarding collection of sport specific real time data, are defined in this part and made available for use by certain ODF subscribers (e.g. GPS tracking data used to produce 3D graphics).

2.2.6.4 On screen results presentation

This part contains references required for the development of live screens in on screen results presentation.

2.2.7 Appendix A: Glossary

Since some terminology may be used differently across sports, the glossary helps the reader to understand exactly the intended definition in the ORIS document (e.g. the term "event" as defined in the Olympic Charter may have a different meaning than commonly used in a sport specific context).

2.2.8 Appendix B: Abbreviations

Common abbreviations used in this document are defined in this appendix. Invalid results marks are described in Appendix C - Rules for Data Formats and Presentation.

2.2.9 Appendix C: Rules for Data Formats and Presentation

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

2.2.10 Appendix D: Supporting Documents

This appendix includes templates for the output "Official Communication" (C67), information for results, medals and diplomas allocation as well as data to be captured.

2.2.11 Document Control

This part describes all changes made in this document through its life cycle.

3 ORIS Project Cycle

Together with well-defined requirements, one of the key factors for success in the area of information delivery is proper expectation management. With the ORIS process, the key information users (representatives of International Federations and media) can communicate their information requirements for the Games. These requirements are assessed in the context of the available resources (time, budget, risks, etc.).

3.1 Production of the Updated Version of the ORIS Document

The process for updating the ORIS documentation will be as follows:

- The ORIS team will prepare the ORIS Tennis draft document, based on:
 - The last version of the ORIS Tennis document of the previous Games
 - International Federation sport rules, competition format and requirements for these Games
 - Previous Games experience (including Questionnaires and Homologation Test issues logged)
- A few weeks before the ORIS Tennis meeting, the draft will be made available to the ORIS Tennis Working Group, allowing them to prepare for the meeting
- During the ORIS meeting the draft will be analysed and ideas for improvements discussed and agreed upon through consensus of the ORIS Tennis Working Group
- Based on agreements reached during the ORIS meeting, the ORIS Tennis document version 1.0 will be produced and published on the IOC ORIS extranet for review. The ORIS Tennis Working Group members can make comments directly on the IOC ORIS extranet regarding implementation of these agreements.
- The ORIS team will analyse the feedback and publish version 1.1 of the ORIS Tennis document submitted for sign-off
- Once the document is signed-off (status approved), all modifications will be brought through a Change Management process
- After the last ORIS meeting for Rio 2016, a consolidation meeting may be held between the ORIS team and the OC (Sports, ONS, Results and partners)

Attending the ORIS meetings and working together on ORIS document updates will help all parties build and maintain good working relationships and improve understanding of their individual needs and responsibilities. The ORIS meeting is the best opportunity for all of the Working Group members to provide their input to the ORIS team and to help with the development of the ORIS document. It is emphasised that the development of the ORIS document is a collaborative effort and the goal is to develop a consensus among the Working Group members. The ORIS team will make every effort to facilitate this process.

As the process of updating the ORIS document is organised at an early stage in the Games preparations, OC Technology can issue early warnings whenever ORIS might request deliverables or availability of requirements which are difficult or impossible to satisfy with the resources available (budget, time, etc.). Because of this, some topics may remain highlighted in yellow, pending decisions by the International Federation, the IOC or the OC. Deadlines for resolution of these topics will be set during the ORIS meeting. Most of these deadlines will occur after sign-off of the ORIS document. Therefore any change regarding yellow highlighted text is automatically exempt from the Change Management process.

The procedure for updating the ORIS document also allows the OC's Technology providers to present the functionality and performance of existing solutions, in order to minimise changes and to raise any points for clarification required by their development teams.

The entire ORIS process (ORIS meeting, Test Event and Homologation Test) provides excellent opportunities for team building. The Test Event (if any) provides an opportunity to test production and distribution of outputs under high pressure and stressful conditions, similar to those experienced at the Games.

3.2 ORIS Document Sign-off

The ITF and the Organising Committee will sign-off the ORIS Tennis document after all agreed changes have been implemented.

For the ITF, the sign-off will represent a commitment that requirements are well defined and consistent with current sport rules, that they will be adequate for the smooth running of the Tennis competition and that the procedures as described in the document will be followed.

For the Organising Committee, the sign-off will represent its commitment to deliver the ORIS requirements. The sign-off letter will be signed by the representative of Sports, Media and Technology.

Some issues, such as anticipated rule changes, could remain open and will be highlighted in yellow in the document. Updates of these topics will be made under the Change Management Process, however, implementation of these changes is mandatory.

3.3 Change Management

A Change Request should be logged if the ITF or the OC requests any change which has an impact on the ORIS Tennis document.

The most common reasons for International Federations requesting changes are changes to the competition format or to the implementation of new rules. For Organising Committees the most common reason for requesting changes is because commitments made in the ORIS document no longer match the organisation of the discipline at the Games.

It is also possible that experience from the OC's Test Event (or other event), or the findings of the Homologation Test, will show that some requirements or procedures are no longer valid or require further improvements.

Change Requests will be registered and reported as per the ORIS Change Management procedures as defined in a separate document, as agreed between the IOC and the OC.

Once a Change Request has been approved, the ORIS team will publish an updated version of the ORIS Tennis document.

3.4 Test Event

The OC, in conjunction with the International Federation, will conduct a Test Event (sometimes also called Sport Event) which is the best (and only) chance for OC Technology to test its systems and operational procedures in real conditions. A successful Test Event should preferably be run under conditions which are as close as possible to the competition format that will be used at the Games.

3.4.1 ORIS Team Participation

IOC Technology will appoint ORIS observer(s) for each Test Event. The main tasks of these observers are:

- To help OC Technology evaluate the performance of the implemented systems
- To monitor if procedures described in ORIS are followed and applicable
- To collect feedback from all users (the ITF, media, teams, etc.)
- To prepare required changes to the ORIS Tennis document
- To provide support to key users and act as moderators

3.4.2 Test Event Review Meeting

A Test Event review meeting will be held before the end of the Test Event with the ORIS Tennis Working Group in order to evaluate the findings and discuss solutions and improvements for the Games.

It is recommended that the Venue Results Manager organises and chairs this meeting and takes the meeting minutes.

Following the Test Event, the ORIS Sport Analyst will prepare the Change Request if required.

3.5 Homologation Test

The Homologation Test will be carried out in the OC lab, led by the ITF and supported by OC Technology and partners. The lab set-up must simulate all the major functions of the Games (venues, central system and their interfaces).

It must be organised early enough (six to nine (6-9) months before the Games) to allow sufficient time for the OC's Technology providers to solve any issue detected.

The Homologation Test covers the complete "end to end" process for the system's functions defined in the ORIS Tennis document. The test begins with entry data for athletes and officials, continues through the draws and with start lists creation, followed by results activities and production of the results outputs and medals. The test also evaluates the ability of the system to fulfil the key ORIS requirements including (but not limited to):

- Outputs produced by On Venue Results system (OVR)
- Olympic Data Feed (ODF) messages
- INFO presentation of competition and news outputs, direct print from INFO, live screens, medals, etc.
- Scoreboards
- RTDS

The ITF, with the help of the ORIS team, will prepare all possible test cases and scenarios (from normal progression to exceptional situations) at a reasonable time before the Homologation Test. All the important variations of results should be tested and all the affected outputs should be checked with such test cases.

All issues identified during a Homologation Test are immediately entered into the OC's issue tracker. The issues are discussed and agreed upon, and action plans are proposed by the participants during the daily issue management meetings. If a consensus is not reached, the issue will be escalated to the IOC and the OC Technology management.

All parties affected by any of the issues identified should be kept fully updated of the progress.

The results of the Homologation Test are summarised in the ITF and WNPA reports. Those documents are then sent to the OC, the ITF, the IOC, and the news press agencies. Any problem areas identified will be the subject of future testing.

The success of the Homologation Test largely depends on the level of preparation of the OC Technology team, and on the quality of the testing software. This process has been used at every Games since Nagano 1998. It was one of the key factors which contributed to the success of these Games.

3.6 IOC Technology Assistance and Observation

For each Olympic Games the IOC Technology department will establish an IOC Technology Assistance and Observation programme (TAO).

The principal tasks of the TAO team during the Games are to help OC Technology ensure the success of the Games through efficient and accurate Information Technology support to the key users, as well as to evaluate lessons learned in order to contribute to improving the processes and deliverables for future Games (outputs and procedures).

The ORIS team will attend as many of the key phases as possible (draw, change of competition phase, etc.).

All problems will be reported using the regular OC Technology reporting lines. The ORIS team will be a part of the problems escalation process and, if required, be a link with the International Federation representatives.

The ORIS team should also report any feedback to the OC concerning the IT services that they have received from International Federations and Media.

3.7 Transfer of Knowledge

In order to contribute to the process of technology transfer to future organisers and to prepare the basis for the ORIS document update for the next Games, the ORIS TAO team will use the Games

Questionnaires to document the ITF, OC and media findings, comments and suggestions for improvement.

3.8 Support

The IOC ORIS extranet is the platform used to share all documents related to ORIS (current version of the ORIS Tennis document, Homologation Test documentation, ORIS meeting documentation and reports, etc.). The IOC ORIS extranet is also used to record and share feedback within the ORIS Tennis Working Group.

Access to the IOC ORIS extranet will be granted by the IOC ORIS extranet Manager.

4 Rio 2016 ORIS Project Participants

The ORIS Tennis project is managed and supervised by different committees and groups. It is coordinated by the IOC and composed of representatives of the ITF, the OC (Sports, Media, Technology) and its IT partners.

The ORIS Steering Committee:

- Initiates and oversees the ORIS project for Rio 2016
- Resolves exceptional issues that cannot be managed by the ORIS Project Management and the OC Technology team
- Meets at the official project launch and subsequently if required
- Is informed by regular reporting (deliverables, finances...)

The members of the Rio 2016 ORIS Steering Committee are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director (Chair)
- **Mr Kit McCONNELL**, IOC Sports, Director
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Mr Rodrigo GARCIA**, Rio 2016 Sport Director
- **Ms Lucia MONTANARELLA**, Rio 2016 Head of Press Operations
- **Mr Elly RESENDE**, Rio 2016 Technology Director
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)

The ORIS Management Team:

- Follows the Rio 2016 ORIS project sport by sport and step by step
- Receives reports after each of the ORIS meetings, Homologation Tests and Test Events
- Each member communicates potential issues to his/her functional areas when they are affected

The members of the Rio 2016 ORIS Management Team are:

- **Mr Jean-Benoît GAUTHIER**, IOC Technology and Information, Director
- **Mr John GIANCARLO**, IOC Technology and Information, Head of Olympic Games Technology
- **Mr Anthony EDGAR**, IOC Games, Head of Olympic Games Media
- **Ms Isabella BURCZAK**, IOC Sports, Head of Sport Projects
- **Mr Pierre FRATTER-BARDY**, IOC Sports, Head of Summer Sports and IF Relations
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Mr Namik DJUMISIC**, IOC ORIS Project Manager and Sport Coordinator
- **Ms Françoise PERROUD**, Rio 2016 Technology Results Manager, Rio 2016 ORIS Liaison

The ORIS Tennis Working Group:

- Attends the ORIS meeting to discuss and agree on the Tennis results information requirements for the Rio 2016 Olympic Games, based on the documents used and experience gained at previous Games as well as taking potential rule changes into consideration
- Follows the ORIS document evolution
- Participates in the Tennis Homologation Test in the OC lab
- Receives reports after the ORIS meeting, Homologation Test and Test Event
- Participates in the ORIS Change Management process, including document review and feedback

The members of the ORIS Tennis Working Group are:

- **Mr Stefan FRANSSON**, ITF Rules and Regulations Officer
- **Mr Nick IMISON**, ITF Administrator, External Communications
- **Mr Alex HUGHES**, ITF Olympic Consultant
- **Mr Luiz CARVALHO PROCOPIO**, Rio 2016 Sport Manager for Tennis
- **Mr Fabio CORREA**, Rio 2016 Manager Main Press Centre
- **Mr Daniel CHANNON**, Rio 2016 Cluster Venue Results Manager
- **Mr Luiz BLOISE**, Rio 2016 Venue Results Manager
- **Ms Katy ZAVALETÀ**, Atos IDS Sports Specialist
- **Ms Oana NEAGU**, Atos IDS Sports Specialist
- **Mr Marco PRONOI**, OMEGA OVR Duty Manager
- **Mr Denis STOROZHEV**, OMEGA Results Manager
- **Mr Nicolas HUREL**, IOC Technology and Information, Head of Olympic Results and Information Services (ORIS)
- **Ms Itziar DEL ARCO**, IOC ORIS Sport Analyst for Tennis

The ORIS project is supported by:

- **Ms Marlène DROZ**, IOC Technology and Information, ORIS Project Technical Editor, IOC ORIS extranet support
- **Ms Natasa DUMIC**, IOC Technology and Information, ORIS Project Secretary
- **Mr Charlie GROVES**, IOC ORIS Project Language Support
- **Ms Nadine SAAGER**, IOC ORIS Project Technical Editor
- **Ms Renée SEWJEE**, IOC ORIS Project Technical Editor

1 Specifications

Event	Event Phase	Progression Type	Competition Format Type
Men's Singles Women's Singles	Competition rounds: <ul style="list-style-type: none">• 1st Round• 2nd Round• 3rd Round• Quarterfinals• Semifinals• Final (bronze and gold medal matches)	Qualification	Bracket with direct elimination
Men's Doubles Women's Doubles	Competition rounds: <ul style="list-style-type: none">• 1st Round• 2nd Round• Quarterfinals• Semifinals• Final (bronze and gold medal matches)	Qualification	Bracket with direct elimination
Mixed Doubles	Competition rounds: <ul style="list-style-type: none">• 1st Round• Quarterfinals• Semifinals• Final (bronze and gold medal matches)	Qualification	Bracket with direct elimination

- The events are presented in traditional sport order of events
- Total number of events: 5
- A full overview of Progression and Competition Format types is included in Appendix A - Glossary

2 Competition

• Competition format

All competitions are conducted in a single elimination format.

- Singles
 - Sixteen players are seeded and the remaining players are drawn.
 - The winner of each match advances to the next round. The loser of each match is eliminated, except for the semifinals where the losers progress to a bronze medal match.
 - All matches will be the best of three tie-break sets except for the Men's Singles final, which will be the best of five tie-break sets.
- Doubles
 - Eight teams are seeded and the remaining teams are drawn.
 - The winners of each match advance to the next round. The losers of each match are eliminated, except for the semifinals where the losers progress to a bronze medal match.
 - All matches are played as the best of three tie-break sets.

- Mixed Doubles
 - Four teams are seeded and the remaining teams are drawn.
 - The winners of each match advance to the next round. The losers of each match are eliminated, except for the semifinals where the losers progress to a bronze medal match.
 - All matches are played as the best of three sets, but the third set is a match tie-break. The team who first wins ten points will win this match tie-break and the match provided there is a margin of two points over the opponents. A regular tie-break operates in the first two sets.
- **Venue type**
 - Outdoor
 - Single venue - 10 match courts (including 3 show courts), 6 practice courts.
 - Court names: Centre Court, Show Court 1, Show Court 2, Court 3,..., Court 9
- **Participation references**

The following information is an indication of the estimated participation at these Games for the purposes of software development only. Actual numbers are defined in the Qualification System document approved by the IOC.

- Athletes: 86 female / 86 male
- Singles: 64 female / 64 male
- Doubles teams: 32 teams for each gender
- Mixed Doubles teams: 16 teams

3 Documents

- Olympic Charter in force
- IOC-Rio 2016 Host City Contract
- 2016 Rules of Tennis
- ITF Olympic Regulations for Rio 2016

Procedures

1 Introduction

The aim is to document the procedures to be followed to ensure an efficient results delivery and to determine who should act (when, where and how) in order to satisfy user information expectations.

The proposed procedures are based on the experience gained at previous Games and other large Tennis events and, in some cases, include proposals on how to improve existing practices.

The responsibilities of each party involved in the production and delivery of specified outputs are precisely defined including the time frame or deadlines in which the parties have to fulfil them.

2 Results Service and Competition Management Support

Roles and responsibilities of the key participants are documented in chronological order, starting a few months before the Games and ending with the production and distribution of the Results Book.

2.1 Pre-Games Activities

Some competition-related information must be available as soon as INFO goes live.

The final few weeks before the Games can be hectic and the OC should anticipate the workload as much as possible.

2.1.1 Schedules

Schedules are available from a number of different sources prior to the Games (OC communications, official website, ticketing, etc.).

OC Technology must develop appropriate procedures to ensure that any schedule updates are promptly and accurately published and distributed to the users.

The Games competition schedule will be developed between the OC Competition Management and the ITF Olympic Department well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate. This schedule data should be used to build the integrated Games schedule navigation page and the schedule screens for each discipline in INFO.

Four (4) weeks before the Opening Ceremony, the Venue Results Manager should produce the output:

- Competition Schedule (C08)

for verification and approval by the OC Competition Management.

OC Technology (Venue Results Manager and Technical Operations Centre) will then upload this file in INFO. This output will be available in PDF format on the day INFO goes live.

The output "Competition Schedule" (C08) will be produced only once for the entire Tennis competition.

OC Technology will, based on information provided by the OC Competition Management, also produce the output:

- Activity List (C06)

This output will become available on the day that INFO goes live, and will be distributed according to the ORIS distribution rules.

2.1.2 Entries and Participant Data

The entry process is managed by the Sport Entries sub-function within the OC Sport Department. In order to fulfil the ORIS requirements, special attention should be paid to the information to be collected through the entry forms (data to be captured are included in Appendix D - Supporting Documents).

2.1.2.1 After the Sport Entry Deadline

All eligible athletes for the Games must have been entered by their NOCs by the Sport Entry Deadline, in accordance with the Qualification System.

After the Sport Entry Deadline, OC Technology will produce and update the outputs:

- Entries by NOC (C31A)
- Facts and Figures - Birthdays during the Games (N86F)

and make them available in INFO.

These outputs will be updated after each Delegation Registration Meeting (DRM) in case of replacement or data correction.

In INFO, all athletes included in the output "Entries" (C31A) are also displayed by event as described in the output:

- Entries by Event (C31C)

2.1.2.2 Participant data verification

Emphasis should be placed on data accuracy and correct spelling and/or transcription of player and team names.

Information users, in particular the media, are used to seeing names spelt in a certain manner at other ITF events, and the Games should be no different. At Games time, the space available to display a name (e.g. in an output or on a scoreboard screen) may vary considerably. It is therefore extremely important that all different name lengths (the maximum number of character spaces available) are verified before any entry lists are produced.

As soon as OVR becomes the owner of the participant data, the outputs:

- Entry Data Checklist (C38)
- Entry Data Checklist - Competition Officials (C39)

will be produced with all name lengths to be used during the Games and given to the ITF Olympic Department for checking and approval. The output "Entry Data Checklist" (C38) will be checked during the Team Leaders' meeting, and the output "Entry Data Checklist - Competition Officials" (C39) will be checked by the ITF.

The approved/corrected outputs should be returned to OC Technology no later than two (2) hours before the draw.

It is essential that only a single copy of the checklists circulates at any time in order to avoid errors.

2.1.2.3 Competition officials

No later than one (1) month before the Opening Ceremony, the OC Competition Management will provide the Venue Results Manager with the names and functions of all persons who may be included in the output "Competition Officials" (C35).

Four (4) days before INFO goes live, the Venue Results Manager should produce the output:

- Competition Officials (C35)

for verification and approval by the OC Competition Management. Once approved, this output will be available in PDF format on the day INFO goes live. Once the ITF and OC Competition Management arrive at the venue, the output should be distributed according to the ORIS distribution rules

2.1.2.4 Replacement of an athlete

2.1.2.4.1 Late athlete replacement

Only those athletes who are eligible can be used as replacements and should be included in the initial data transfer to OVR.

Once the Late Athlete Replacement (LAR) procedure has been completed and Sport Entries has confirmed the change to the Venue Results Manager, the replacement athlete should be activated and the relevant output "Entry Data Checklist" (C38) should be produced for validation as defined in the participant data verification process. At the same time, the replaced athlete should be removed from the entries and the entry output(s) updated accordingly.

This procedure must be completed *TBD by the ITF*.

If any output including the replaced athlete name has been released it should be reissued, marked as "REVISED", with a free text note explaining the replacement.

2.1.2.5 ITF unique athlete identification

The ITF maintains an athlete database that includes a unique athlete ID. The ITF requires that all relevant ODF messages include this athlete ID.

2.2 Pre-Competition Activities

After the ITF officials arrive in the host city, they will work with the OC Competition Management on the final preparations for the Games. During the period before the draw, a lot of time will be spent on final checking of the participant data and the preparation, checking and correction of other information if necessary.

2.2.1 Presenters at Victory Ceremonies

No later than ten (10) days before the first day of competition the IOC and the ITF will provide OC Technology and ONS with the list of potential presenters and persons accompanying them, that will include all data necessary for presenting this information during the Victory Ceremonies.

2.2.2 World ranking

On the day OVR becomes owner of the data, they should import the World Ranking as of Monday August 1st, 2016.

2.2.3 Individual achievements/records

No later than six (6) months before the Games, the ITF will send data to ONS concerning best performances and other data in Tennis, the scope of which is defined in the output:

- Olympic Individual Achievements / Records (N18A)

This output should be available on INFO on the day it goes live.

2.2.4 Draw

At the Olympic Games there is one public draw session for all events except the Mixed Doubles. The draw session should be held no later than two (2) days before the start of the Tennis competition.

The Draw should be processed by software according to ITF rules, and displayed to the audience using large screens or a projector. The process will be tested during the Tennis Homologation Test.

Due to the large number of attendees expected it is extremely important that the OC fully prepare for this process and provide adequate resources and trained personnel to meet the distribution time (printing, copying, collation and stapling equipment, distribution personnel).

It is the responsibility of the OC to ensure that the Sports and Technology departments communicate with each other and define their respective responsibilities for organising the Draw. The Draw procedure should be tested at the Test Event.

INFO should initially display the venue and date on which the draw will be held, without the time of the draw. No later than one (1) week before the day of the draw, the time of the draw should be displayed in INFO.

The draw session for the Mixed Doubles event will take place on Tuesday August 9th, 2016, at the venue. A manual draw will be used, with the draw board manually updated. OC Technology should enter the outcome of the draw as it takes place.

2.2.5 Activities before the day of the draw session

On the day OVR becomes owner of the data, OC Technology will provide the ITF Referee with the first copy of the following outputs:

- Number of Entries by NOC (C30)
- Entry List by NOC (C32A)
- Entry List by Event (C32C)
- Competition Officials (C35)

No later than twenty-four (24) hours before the first draw session, the ITF Referee will return the outputs C30 and C32x which will be corrected, if needed, and distributed according to the ORIS distribution rules.

2.2.6 Preparation of the draw

No later than one (1) day before each of the draw sessions, OC Technology should provide OC Competition Management with the output:

- Draw Form (C47)

Prior to the draw sessions, OC Competition Management should prepare sufficient copies of the outputs:

- Draw Form (C47)
- Entry List by Event (C32C)

for distribution to those attending the draw.

2.2.7 Activities during the draw

The draw sessions are managed by the ITF Referee in cooperation with the OC Competition Management, and operated by the OC Technology results team.

At the end of the draw for each event, but no later than two (2) minutes after the draw is completed, OC Technology will print the output for each event:

- Draw (C75)

Within the following two (2) minutes the ITF Referee will check the draw outputs for accuracy. All the outputs "Draw" (C75) that are approved should be immediately copied and released for public distribution according to the ORIS distribution rules. Those draw outputs that require corrections will be released as soon as the ITF Referee approves the corrected version.

OC Competition Management should be able to provide sufficient copies of the output "Draw" (C75) to the attendees at the draw location.

No later than three (3) hours after the draw is completed, the ITF Olympic Department will provide ONS with data for the output:

- Head to Head (N62)

which should be available in INFO and the Venue Media Centre.

OC Technology and the ITF will decide no later than September 2014 how they will transfer the information for the output "Head to Head" (N62).

2.2.8 Order of play

The ITF requests that OC Technology provide schedule management software installed on a computer connected to OVR in the ITF Referee's office. A printer should be attached to that computer.

No later than 12:00 on the day before the first competition, the ITF Referee should provide OC Technology with the information needed to produce the output:

- Daily Match Information - Order of Play (C58)

Once produced, the output "Daily Match Information - Order of Play" (C58) will be immediately distributed according to the ORIS distribution rules. There is no need for verification as the process for transferring the data will have been tested during the Tennis Homologation Test.

For subsequent competition days, the output "Daily Match Information - Order of Play" (C58) should be publicly available no later than thirty (30) minutes after the completion of the last match that could impact the order of play for the following day.

2.3 Results Processing

2.3.1 Results processing for Singles, Doubles and Mixed Doubles events - 1st round, 2nd round, 3rd round, quarterfinals, semifinals and bronze medal match

2.3.1.1 Before the first match of a day

No later than two (2) hours before the first match on the morning of each competition day, the ITF Referee will provide OC Technology with the names of the Chair Umpires for all scheduled matches for that day.

No later than twenty (20) minutes after receiving this data, OC Technology will produce the first copy of the output:

- Daily Match Information - Order of Play (C58)

and take it to the ITF Referee's office for approval. It should be approved and returned to OC Technology within the following ten (10) minutes.

Once approved, the output will be distributed according to the ORIS distribution rules.

2.3.1.2 During and after each match

OC Technology should organise on-line results data entry from all courts. Scores should be entered by the Chair Umpires using PDA equipment that will be electronically connected to the OC Technology results system.

Equipment for printing of scorecards from a PDA should be installed in the Referee's office to check and verify data.

All other data required to produce match statistics should be entered using separate equipment. This equipment should be used as a back-up for updating scores if the PDAs or the link with them fails, i.e., software must allow that functionality, and operators should be trained for this situation.

In the worst case scenario (the computer network is not working at all) scores should be entered directly into the OVR system. Procedures on how to enter data from the PDAs or from manually filled scorecards if this situation arises must be defined and practised.

OC Technology will update score information in the results system after each point is scored:

- On the field of play scoreboards
- On the RTDS screen displaying scores at all courts and the screen displaying Order of Play

and will update in INFO, in real time, the data for the output:

- Match Statistics - Singles (C73A)
- or
- Match Statistics - Doubles (C73B)

After each game, OC Technology will additionally update the scoreboards installed at the public areas at the venue.

No later than two (2) minutes after each match, OC Technology should print, in the Referee's office the output:

- Scorecard - Singles (C65A)
- or
- Scorecard - Doubles (C65B)

for verification and approval. The scorecard will be considered correct if the Referee doesn't provide any feedback within the following five (5) minutes.

At the same time, OC Technology should produce the first copy of the output:

- Match Statistics - Singles (C73A)

or

- Match Statistics - Doubles (C73B)

The Venue Results Manager will compare the outputs "Match Statistics" (C73x) and "Scorecard" (C65x). In case of discrepancies, the Referee will decide which one is correct.

Once approved, the outputs:

- Scorecard - Singles (C65A)
- Match Statistics - Singles (C73A)

or

- Scorecard - Doubles (C65B)
- Match Statistics - Doubles (C73B)

will be distributed according to the ORIS distribution rules.

After each match, OC Technology will additionally update the outputs:

- Daily Match Information - Current Results (C58)
- Draw (C75)

in INFO.

These outputs do not require approval as they are prepared using data that has been previously approved.

2.3.1.3 After the last match in an event during each session

No later than ten (10) minutes after the results of the last match in an event during a session are approved, OC Technology should produce the output:

- Draw (C75)

and distribute it according to the ORIS distribution rules.

2.3.1.4 On the evening before a new round in an event (except first round)

No later than one (1) hour after the output "Daily Match Information - Order of play" (C58) has been released, the ITF Olympic Department will provide ONS with data for the output:

- Head to Head (N62)

This output should be available in INFO within the following one (1) hour.

2.3.1.5 After the last match of the session

No later than ten (10) minutes after the results of the last match of the session are approved, the output:

- Daily Match Information - Results Summary (C58)

will be produced and distributed according to the ORIS distribution rules.

2.3.1.6 After the last match of the day (if more than one session is planned for a day)

No later than ninety (90) minutes after the results of the last match of the day are approved, ONS should produce the output:

- Daily Review (N89)

for distribution according to the ORIS distribution rules.

2.3.1.7 After the bronze medal match

After each bronze medal match, in addition to the outputs defined in the description of previous rounds, OC Technology should produce the outputs:

- Medallists - Individual (C92A)

or

- Medallists - Teams (C92B)
- and
- Medallists by Event (C93)
 - Medal Standings (C95)
- for distribution according to the ORIS distribution rules.

2.3.2 Results processing for Singles, Doubles and Mixed Doubles events - for the final (gold medal match)

2.3.2.1 Before the final (gold medal match)

No later than sixty (60) minutes before the finals, OC Protocol should provide ONS and OC Technology with the names of potential presenter(s) and accompanying person(s).

As soon as the presenters are known by OC Protocol, the output:

- Medal Presenters (N91B)

if the Victory Ceremony is organised at the venue immediately after the finals, should be produced and distributed according to the ORIS distribution rules.

Late changes frequently occur shortly before the Victory Ceremonies. Any such changes should be communicated immediately by the OC Venue Protocol Manager to OC Technology, Sport Production and ONS.

2.3.2.2 After the gold medal match

After each gold medal match, in addition to the outputs defined in the description of the rounds before the finals, OC Technology should produce the outputs:

- Medallists - Individual (C92A)
- or
- Medallists - Teams (C92B)

and

- Medallists by Event (C93)
- Medal Standings (C95)

for distribution according to the ORIS distribution rules.

2.3.2.3 End of tournament

No later than two (2) hours after the last match of the Tennis competition is finished, ONS should produce the output:

- Sport Review (N89)
- and distribute it according to the ORIS distribution rules.

2.3.2.4 Final classification

A complete final ranking list of all players/teams who competed in an event is required by the Press Agencies. A complete ranking list may also be required to award the eighth Diploma in case of a possible disqualification among the first eight ranked players/teams.

Please see Appendix - C Rules for Data Formats and Presentation, topic "Final classification" for a full description of the ranking method.

2.4 Common Sport Functions

2.4.1 Official Communications

The ITF Referee or the designated person may issue the output:

- Official Communication (C67)

to inform all clients about key decisions (e.g. training or competition schedule and results changes) or to communicate significant information that media and broadcasters should know.

If any such decision is made, the ITF Referee or the designated person will, within the following five (5) minutes, complete the text of the decisions made on the appropriate form. The following information should be included:

- Who made the decision
- The event and/or player/team affected
- The date and time of the decision
- The text of the decision
- The affected area (results, schedule or other)

OC Technology will receive the form, enter it into the OC computer system and print a copy of the output "Official Communication" (C67) within two (2) minutes.

As soon as the ITF Referee or the designated person has authorised the copy, it will be distributed immediately according to the ORIS distribution rules. All affected outputs should be updated and republished as "REVISED" as soon as possible. If the Results Book has already been produced, an updated version should be published.

An appropriate form is included in Appendix D of this document.

Note: If an "Official Communication" (C67) affects a Games stakeholder or partner, they should be consulted before releasing the output for distribution.

2.4.2 Sport Communications

The output:

- Sport Communication (C68)

should be used to inform a sport specific audience about information or decisions from the ITF, the IOC and/or the OC Competition Management (e.g. reminders, sport information, etc.).

The principles for the production of this output are similar to those described for the output "Official Communication" (C67). Paper distribution is limited to the venue, the Sport Information Desk at the athletes' village and in INFO.

2.4.3 Weather

Weather information that includes weather conditions for the current day and the forecast for the next two (2) days must be provided beginning three (3) days prior to the competition until the last day of competition. This information is specifically about weather at the Tennis venue.

The output:

- Weather (C49)

is updated in INFO after each update has been received from the meteorological services.

2.5 Exceptional Situations Handling

For any of the following exceptional situations, the ITF Referee or the designated person may request production of the output:

- Official Communication (C67)

and will provide the appropriate text to be used.

2.5.1 Schedule Changes

Please be aware that Tennis uses a different terminology for schedule status options. However, the OC terminology will be applied for schedule status options.

The following schedule status options are applicable to an event or event unit (match):

2.5.1.1 Delayed

A delay may occur if a match does not start as scheduled, but should start within the current ticketing session.

The new start time is unknown. If the delay exceeds the current ticketing session, the status will be changed to postponed, rescheduled or cancelled.

2.5.1.2 Postponed

A match did not start as scheduled and has been postponed to a later ticketing session. The new date and start time is unknown. The status will subsequently be changed to rescheduled or cancelled.

If an interrupted match cannot be resumed within the current ticketing session and the new date and start time is unknown, the status will be changed to postponed. The status will subsequently be changed to rescheduled or cancelled.

2.5.1.3 Interrupted

A match may be subject to an unplanned interruption after it has started.

The time of resumption is unknown. If the match cannot be completed within the current ticketing session, the status will be changed to postponed, rescheduled or cancelled.

In Tennis competition a match that has been interrupted is termed a "suspended" match and this terminology should be used on all relevant outputs.

2.5.1.4 Rescheduled

A match may be rescheduled if it cannot be held at the originally scheduled start date/time.

The new date and start time are known.

2.5.1.5 Cancelled

A match which cannot be rescheduled prior to the Closing Ceremony of the Olympic Games is cancelled.

In such a case the IOC and the ITF will decide what effect the situation would have on the tournament and what actions should be taken.

If one or more event(s) is cancelled, all affected outputs (e.g. medal outputs, events summary, etc.) must be adjusted and a free text note listing the cancelled event(s) should be added. For outputs with the indication "after x of y events", the number of events (y) will remain unchanged.

2.5.2 Competition Related

2.5.2.1 Match postponed

If a match is postponed for the day, the real time version of output:

- Daily Match Information - Current Results (C58)

will be updated.

2.5.2.2 Match suspension

If all matches must be suspended for any reason (most likely weather), the Referee may decide to issue an "Official Communication" (C67) to explain which matches will be continued within the same session, and which matches will be postponed. Tickers on the various real time systems should be used to keep the media informed.

If a match starts on one court, and has to continue on a different court after being suspended, ONS should produce a "Media Communication" (N90A) to inform the media about the change.

When the decision is taken to resume a suspended match in a later session, the status of that match will be changed to "Postponed".

Additionally, the PDF version of the output:

- Match Statistics - Singles (C73A)

or

- Match Statistics - Doubles (C73B)

should be available in INFO with information about statistics up to the moment of suspension.

2.5.2.3 Replacements and alternates

If it has become evident that a player will not appear for the competition the ITF may decide to replace a missing player with an alternate, at any time before the start of the last match in the first round of this event. This alternate player is already entered in the accreditation system.

If this occurs OC Technology should immediately produce corrected versions of the outputs:

- Draw (C75)
- Daily Match Information - Order of Play (C58)
- Head to Head (N62)

and distribute them according to the ORIS distribution rules.

At the same time OC Technology should update the outputs:

- Number of Entries by NOC (C30)
- Entry List by NOC (C32A)
- Entry List by Event (C32C)

No later than five (5) minutes after such a decision is made, the ITF Referee should prepare the text of the appropriate:

- Official Communication (C67)

and supply it immediately to OC Technology for distribution according to the ORIS distribution rules.

2.5.3 Disqualifications

2.5.3.1 Disqualifications during competition

Should a player/team be disqualified during the tournament, the opponent will receive a walkover and the disqualified player/team will be marked as "DSQ" on the output "Draw" (C75) for all the played rounds. The reason for the disqualification should be explained as a free text note at the bottom of the output. Outputs "Match Statistics - Singles" (C73A) or "Match Statistics - Doubles" (C73B) will not be modified.

2.5.3.2 Disqualifications after finals

If the gold medallist is disqualified, the player/team who lost the gold medal match will be awarded the gold medal, the player/team who won the bronze medal match will be awarded the silver medal, and the player/team who lost the bronze medal match will be awarded the bronze medal.

If the silver medallist is disqualified, the player/team who won the bronze medal match will be awarded the silver medal, and the player/team who lost the bronze medal match will be awarded the bronze medal.

If the bronze medallist is disqualified, the player who lost the bronze medal match will be awarded the bronze medal.

If two medal winning players/teams are disqualified, no bronze medal will be awarded.

2.5.3.3 Disqualification after an event and up to three days after the Closing Ceremony

This three (3) day period corresponds to the time for which the Court of Arbitration for Sport remains in the host city after the Games, and is available to pronounce on a disqualification in case of appeal.

Up to this deadline, OC Technology will update all results as required. All updated outputs should be approved by the ITF Referee before distribution.

2.5.3.4 Disqualification more than three days after the Closing Ceremony

Starting from the fourth day after the Games Closing Ceremony, the ITF will become responsible for updating the results if necessary. Disqualifications may come from either the IOC or the ITF. The ITF is responsible for providing the updated results to the IOC.

2.5.4 Communication in case of disqualification by the IOC Disciplinary Commission

If an athlete or a team is disqualified by the IOC Disciplinary Commission after the results of an event have been made official and distributed and up to three (3) days (inclusive) after the Games Closing Ceremony, the IOC Disciplinary Commission will communicate its decision through the IOC official communication channels (press release and publication on www.olympic.org).

The athlete/team, the athlete's/team's NOC, the ITF, OC Competition Management and OC Technology will be informed following the established IOC procedure.

The ITF Referee or the designated person, should, together with OC Technology, produce an "Official Communication" (C67) explaining that results have been updated according to the IOC Disciplinary Commission decision.

The sample text to be used in this "Official Communication" (C67) is detailed in Appendix D of this document (Subtitle: E, Summary: 8, Issued by: I, Further information: iv).

As soon as the decision for disqualification is made public by the IOC, the following procedures should be followed:

- ONS should copy the IOC press release and paste it without any modifications into the output "IOC News" (N90C) and publish it in INFO

- As soon as the ITF Referee or the designated person, has authorised its release, the output "Official Communication" (C67) will be distributed according to the ORIS distribution rules
- OC Technology will update and republish all affected outputs with a "REVISED" stamp and a free text note explaining the disqualification

Since such a decision can occur at any time, and publication of accurate information is extremely time critical, it is vital that the ITF Referee or the designated person, is available and able to communicate with the OC Competition Management, OC Technology and the IOC Head of ORIS at all times. This includes the period before the Games start, the period after the Tennis competition ends, and the period after the Games end (up to three (3) days after the Closing Ceremony). Travel by the ITF Referee during those periods before or after the Games may require that a designated person be available to cover this responsibility.

Note: Authors of this ORIS document do not imply that this is a complete list of exceptional situations that could occur before, during or after the tournament. The OC and their technology suppliers are responsible for researching any missing information in the relevant ITF and/or IOC documents and for gaining and analysing experience from other competitions.

2.6 Reissuing Outputs

There are two conditions for reissuing an output:

- A new version of a previously distributed output is produced as a regular case: no stamp is required. This applies to the following outputs:
 - Daily Match Information (C58)
 - Draw (C75)
 - Medallists by Event (C93)
 - Medal Standings (C95)
- A new version of a previously distributed output is produced due to a change of data: a "REVISED" stamp is required, including the date and time of output creation. The reason for the revision must be explained as a note (free text) at the bottom of the last page of the output.

For outputs which need to be reissued with a "REVISED" stamp and have an "at time" in the heading, the following rules will apply:

- If an error needs to be corrected (e.g. data entry error), the same "at time" should be kept as used in the originally released version of this output
- If an update needs to be made based on new information received (e.g. data change), the "at time" should be adjusted to the time at which this new information was provided

Note: The outputs "Official Communication" (C67) or "Sport Communication" (C68) will not be issued with a "REVISED" stamp. If a C67 or C68 needs to be corrected, a new output (with a new item number) should be produced.

2.7 Results Book

The Results Book should contain the documents below, in the following order:

- Tennis cover page
- Version History (only if more than one version of the Results Book is produced)
- Competition Format and Rules (N02)
- Medal Standings (C95)
- Medallists by Event (C93)
- Competition Officials (C35)
- Daily Match Information - Results Summary (C58) - for all competition days

For all events (in ITF traditional order):

- Entry List by Event (C32C)
- Draw (C75) - Singles
or
 - Draw (C75) - Doubles
 - Match Statistics - Singles (C73A)
 - Scorecard - Singles (C65A)
- or
 - Match Statistics - Doubles (C73B)
 - Scorecard - Doubles (C65B)
 - Official Communication (C67) - outputs related to those events that affect results

All outputs to be included in the Results Book will be the last version produced. If any included output has been reissued as revised it will show the "REVISED" stamp.

Navigation within the Results Book should be facilitated by the use of bookmarks.

Results Books must be clearly identified with version number and date and time of production. If more than one version of the Results Book is produced, the changes should be described in the Version History.

The OC will produce the Results Book electronically, in PDF format, and make it available for download no later than one (1) day after the Tennis competition has finished.

This Results Book will be made available to at least the following parties:

- The IOC
- The ITF
- All NOCs
- Accredited media

3 News Service and Background Information

Data for all Biographies and Historical Results will be supplied by the IOC to the OC.

The IOC has contracted this data collection, integration and delivery to a third party provider. However, the IOC retains full responsibility for this process.

The schedule for delivery of these data is defined by contract. Together with the third party provider, the OC will be responsible for the testing of the transfer mechanism prior to the Test Event and during the Homologation Test. Transfer mechanisms are subject to IOC approval.

The OC and the IOC, together or in parallel, will undertake data quality testing at certain key points in the build-up to the Games.

The ITF does not currently maintain any biographies for women, but agrees to supply some of the information requested in ORIS for the men's biographies and historical data, in accordance with a schedule agreed between the parties.

The ITF cannot guarantee that all mandatory data items requested to produce the relevant outputs will be included in the data provided.

Checking and updating of data from the ITF and adding missing data shall remain the provider's sole responsibility.

The delivery schedules will be agreed between the ITF and the third party provider. Schedules may be different depending on the type of data.

The ITF wishes to validate part or all of the final data delivered by the provider. In that case, the ITF and the third party provider will agree on a schedule covering the validation process which will be finished before INFO goes live.

The provider will update data after final delivery as required (corrections, information updates, etc.).

The IOC will act as a facilitator between the ITF, the OC and the provider.

Before the Games, and within three (3) months following the Closing Ceremony, the IOC will make this data available to the ITF and all NOCs, in an agreed format.

3.1 Historical Results

The following historical data outputs will be available in INFO when it goes live:

- Medallists from previous Olympic Games (N10)
- Medals by NOC (N11)
- Multi-Medallists (N15)

3.2 Biographies and Profiles

The following biography and profile outputs will be available in INFO when it goes live:

- Athlete Biography (N20)
- NOC Profile (N24)

3.3 Facts and Figures

3.3.1 Tennis Background Information

Data for the Tennis background information will be developed by ONS, in cooperation with the OC Competition Management and the ITF Olympic Department well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- Facts and Figures - History (N86A)
- Facts and Figures - ITF - Federation Facts (N86B)
- Facts and Figures - Qualification Criteria (N86C)

These outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, the ITF Olympic Department will immediately inform ONS who will update the information within one (1) working day.

3.3.2 Technical Background Information

Technical background information will be developed by ONS, in cooperation with the OC Competition Management and the ITF Olympic Department well in advance of the Games. This process must be initiated sufficiently early so that there is adequate time to ensure that data are complete and accurate, and they will then be entered into the OC computer system. This procedure should be completed no later than one (1) month before the Games.

OC Technology will use these data to prepare the outputs:

- Competition Format and Rules (N02)
- Facts and Figures - Facility Description (N86D)
- Facts and Figures - Media Information (N86E)

and will send them to the ITF Olympic Department for verification.

These outputs will first become available on the day that INFO goes live and will be distributed according to the ORIS distribution rules.

Should any of the data change, ONS in consultation with the ITF Olympic Department will update the information within one (1) working day.

3.4 News

There are potentially many different types of information produced under the category of "News". News items are generated during the Games by the Olympic News Service (ONS) at each venue and from the Main Press Centre.

To guarantee continuity news items must be assigned a sequential number.

3.4.1 Pre-competition News

3.4.1.1 Previews

Since many journalists at the Games cover sports in which they may have limited experience, Sport Previews and Daily Previews can be extremely helpful for them.

No later than four (4) days before the first day of competition, the ORIS Tennis Working Group recommends that ONS at the Tennis venue produces the output:

- Sport Preview (N89)

and every evening for the following day, the output:

- Daily Preview (N89)

The daily previews should summarise the next day's activities for a discipline, focusing on the most newsworthy elements.

3.4.2 News During and After Competition

Media covering Tennis events remotely will need to receive information supplementing the results. ORIS recommends that ONS prepare the outputs described below.

3.4.2.1 Match Review

No later than sixty (60) minutes after the results of a match are approved, ONS should produce the output:

- Match Review (N89) - for selected matches only
- and distribute it according to the ORIS distribution rules.

3.4.2.2 Flash quotes

Throughout the Games ONS should produce quotes from players, coaches, medallists and any surprise performances in the output:

- Flash Quotes (N87A)

This output must be produced and distributed within fifteen (15) minutes after the quotes are taken.

A selection of the best quotes of each day of the Games should be produced by ONS in the output:

- Quotes of the Day (N87B)

and distributed according to the ORIS distribution rules.

Note: ONS should plan in advance to ensure easy access for interviewers and interpretation services, if required.

3.4.2.3 Press conference transcript

ONS should produce newsworthy press conference transcripts in the output:

- Press Conference Transcripts (N88)

This output must be produced and distributed no later than thirty (30) minutes after the press conference.

3.4.2.4 Reviews

ONS should produce competition highlights in the outputs:

- Daily Review (N89)
- Event Review (N89) - after the last match in an event
- Sport Review (N89)

3.5 Media Communications

Useful information (concerning press conferences, announcements, changes in opening or closing times of the Venue Press Centre, etc.) should be communicated to the media in the output:

- Media Communication (N90A)

General information considered by ONS to be newsworthy (e.g. visitors to the venue, dignitaries, detailed description of equipment used, interesting statistics such as the number and names of world champions competing and missing, etc.) should be communicated to the media in the output:

- News Article (N90B)

ONS should use the output:

- IOC News (N90C)

to publish statements made by the IOC.

Section 1 - Printable Outputs

1 Introduction

This section of the document presents samples for all printable outputs.

There are two groups of outputs:

- Competition related (C outputs)
- News and Background related (N outputs)

ORIS defined outputs are available as PDFs and/or in screen format.

Every output that is printed from a PDF or screen format should be formatted so that it meets the ORIS requirements, including the Look and Feel defined by the OC.

The basic objective has been to make user friendly samples which show the required information and how it should be presented in each output. Emphasis is placed on using data which is as realistic as possible. However, athletes' data may be modified to focus on the necessary types of data (e.g. actual results changed to show ties, IRMs, etc.), venue names used in the samples may differ from the actual Games venues, etc.

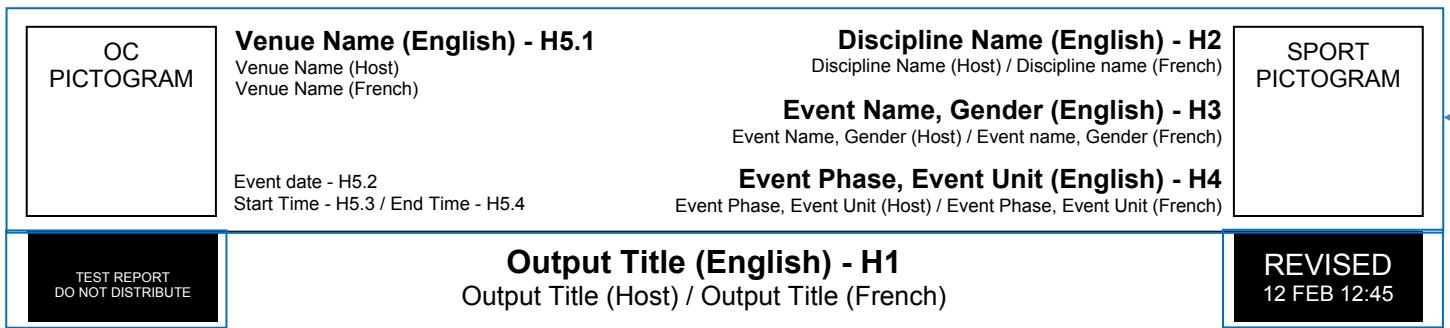

As it is impossible to find samples where all variations of data are used in the same output, in a number of samples some fields or data elements are missing. It should be **particularly noted** that schedule and quota data used in this document do **not** accurately reflect actual schedules and quotas.

Bearing this in mind, **samples should not be used as a reference for complete output definition**, including all possible data variations. All possible data elements and values are included in the data matrix. In all cases the **IF rules should be considered as the primary source** for data processing.

A detailed explanation of the structure of the output samples, description table and data matrix can be found in the "Look & Structure" output.

Rules for Data Formats and Presentation are described in the Appendix C.

This page intentionally left blank.

As of dd MMM yyyy at HH:MM - H6

This is a standard sample to illustrate possible positions of the output header data, stamps and footer.
It is the responsibility of the OC to define the actual look of the printed outputs (separate document).

Output body

Content information:

The content for this part of the output is defined in each appropriate ORIS output.
The requirements set in ORIS need to be met.

Technical information:

All possible values for this part of the output are defined in the data matrix of each output.

Depending on the ORIS requirements for each output, an appropriate Note and/or a Legend may be included

The two free text lines are reserved for content related information e.g. explanations of IRMs, reason for a revised output, etc.

L&S - Look and Structure of Outputs

Description table

The description table gives an overview of output specific requirements and offers space for additional explanations.

Description	A brief description of the purpose of this output
Source	Defines the source of the information for this output. Possible sources are: OC Competition Management , OC Technology, International Federation, etc.
Sort by	Defines the sort criteria by which the content of the output is sorted. The list of criteria will be as long as required to accurately define the sort order. The sort criteria are presented as follows: 1 - Criterion 1 2 - Criterion 2 3 - Criterion 3, etc.
Page break	Defines page breaks into logical groups (if the output does not fit onto a single page)
Notes	Note with static text: if a static Note is required for this output
	Note with predefined text: if a Note with predefined text is required for this output. All possible texts and conditions of predefined Notes will be listed here.
	Free text: refers to "Appendix C - Rules for Data Formats and Presentation"
Legend	Shows all possible abbreviations which could occur in this output. It also indicates if the Legend needs to be positioned on each page of the output or only on the last page of the output. Sports with a large number of possible results codes may state "See Appendix C - Rules for Data Formats and Presentation" rather than listing all results codes here.
IRM rules	In most cases a reference to "See Appendix C - Rules for Data Formats and Presentation" is made here. If there are specific IRM rules for this output, they may be mentioned here.
Comments	Space for further explanations which cannot be included in the samples, in other rows of the description table above, or in the data matrix. These comments should support the users by giving extra information and explanations.

Data matrix

The data matrix defines the required data items, and all possible values, needed in order to create the output. The data matrix follows the structure of the output in a logical order from the top to bottom and from the left to the right, wherever possible.

Columns

The column "Level" can be compared to the headings used for sections and subsections in a technical document:

"Levels" are ordered as follows:

- Whole integer levels (1, 2, 3, 4, etc.) represent a section heading. Each time a new section heading is required the next whole integer is used.
- Levels with two or more digits (1.1, 1.2.1, etc.) represent a subsection heading, or third level heading, etc., of the appropriate higher level heading (like a subsection heading in a technical document)
- The "(n)" in brackets after the level number indicates a "loop" for the values listed under that level or sublevel. Typically, data elements which are defined as "for each" have a level number containing an "(n)".

The column "Data Item" could be compared to the "section heading" (whole integer level numbers) with subsection headings (level numbers with decimal places).

The column "M/D" defines in general if that level is mandatory, desirable or not applicable/explanation only. The following main codes are used:

M Mandatory

Ma Mandatory - if applicable

Mc Mandatory - required under conditions which are explained in the column for comments

D Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory

Da Desirable, but only if such data is available

Dc Desirable under conditions which are explained in the column for comments

-- Not applicable / level explanation only

The column "Comments" includes all possible values of that level, additional conditions, explanations, etc.

Organisation

The data matrix is basically divided into three parts:

- Header data
- Output body data
- Legend, Note and free text data

Note: some static elements (e.g. spelling "Start Time" in header or column titles) are not specifically listed in the data matrix. The data matrix only includes variable data fields.

Header data levels

The header data elements are always defined in levels 1 to 6. These levels are always listed in each data matrix, regardless of the output requirements.

Output header example:

The corresponding data matrix levels are:

Level	Data Item	M/D	Comments
1	Output title (H1)	M	Text
2	Sport discipline (H2)	M	Text
3	Event/Gender (H3)	M	Standard FIS event name
4	Phase & event unit (H4)	Mc	Text - "Run 1" or "N Training" (N="1 st , 2 nd , 3 rd , etc.). (Applicable for DH only if split in 2 runs. N/A for SG).
5	Venue - date - start time - end time (H5)	--	
5.1	Venue name (H5.1)	M	Text
5.2	Event date (H5.2)	M	Date - in the format defined in the OC Look and Feel standard
5.3	Event start time (H5.3)	M	Time - in the format defined in the OC Look and Feel standard
5.4	Event end time (H5.4)	--	NOT APPLICABLE
6	As of date (H6)	--	NOT APPLICABLE

Note: the levels 5.1, 5.2, 5.3 and 5.4 are sublevels of the main level 5 "Venue - date - start time - end time (H5)" since they define values which belong to the same main level (same "topic").

Output body data levels

The output body data elements are defined in levels 7 and higher. In these levels only output specific requirements are listed.

Output body data example (extract 1):

Jury		Technical Data		
TD FIS	KROGOLL Peter	GER	Franz's GS	
Referee	SKAARDAL Atle	FIS	1177m	
Chief of Race	HOLLIDAY Bruce	CAN	805m	
Start Referee	KLAMMER Herbert	ITA	372m	
Finish Referee	PALOVICOVA Jana	SVK	8654/11/07	

The corresponding data matrix levels are:

7 (n)	For each jury member	--	
7.1	Function	M	Text - Assistant referee is only applicable for DH and SG
7.2	Family name	M	Text
7.3	Given name	M	Text
7.4	NOC code	M	Standard IOC NOC code or "FIS"
8	Technical data	--	
8.1	Course name	M	Text
8.2	Start altitude	M	Numeric
8.3	Finish altitude	M	Numeric
8.4	Vertical drop	M	Numeric
8.5	Course length	Mc	Numeric (N/A for GS and SL).
8.6	Homologation number	M	Text

Note: the levels 7.1, 7.2, 7.3 and 7.4 are sublevels of the main level 7 "For each Jury member" since they define values which belong to the same main level (topic). The "(n)" indicates that the following levels are a "loop", i.e. that levels 7.1 to 7.4 need to be repeated for each jury member. Level 8 represents a new topic and therefore is numbered as the next main level (8). Levels 8.1 to 8.6 are then sublevels of the main level 8. For level 8, no "(n)" is required since each data only appears once.

Output body data example (extract 2):

Number of Competitors: 86, Number of NOCs: 47

Bib	FIS Code	Name	YB	NOC Code	Time
1	205993	HOELZL Kathrin	1984	GER	
2	205218	REBENSBURG Viktoria	1989	GER	
3	185140	POUTAINEN Tanja	1980	FIN	
4	55838	ZETTEL Kathrin	1986	AUT	

The corresponding data matrix levels are:

10	Number of competitors	M	Numeric
11	Number of NOCs	M	Numeric
12 (n)	For each competitor	--	
12.1	Bib number	M	Numeric
12.2	FIS code	M	Numeric
12.3	Family name	M	Text
12.4	Given name	M	Text
12.5	Year of birth	M	Year - in the format defined in the OC Look and Feel standard
12.6	NOC code	M	Standard IOC NOC code
12.7	Time	M	Space

Note: level 10 is a separate main level, only related to the "Number of competitors". Level 11 is the next main level, only related to the "Number of NOCs". Level 12 (n) is another main level, with the "(n)" indicating that the following levels 12.1 to 12.7 are a loop (data required for each competitor).

Note, Legend, free text

The Note, Legend and free text elements are defined at the end of the data matrix. All these levels are always listed, regardless the output requirements.

Example:

Note:	FIS points are from "Special OWG List". FIS WCSL points include all the FIS World Cup races before the Olympic Games.					
Legend:						
DH	Downhill	GS	Giant Slalom	SC	Super Combined	SG
SL	Slalom	WCSL	Overall points	YB	Year of Birth	Super-G
The corresponding data matrix levels are:						
8	Note with static text		M	Text		
9 (n)	Note for each predefined text		--			
9.1	Predefined text		--	NOT APPLICABLE		
10 (n)	Legend		--			
10.1	Abbreviation	Mc	Code			
10.2	Description of abbreviation	Mc	Text			
11	Free text	Ma	Text			

Note: level 8 is a separate main level, only related to the "Note with static text". Level 10 (n) is the main level for the Legend information. The "(n)" is used to indicate a loop since each abbreviation (10.1) and the appropriate description (10.2) need to appear.

Note 2: usually the level "Note with static text" starts as a main level (full number). In special cases, where the Note and Legend should be presented after each output body data, this could be numbered as a sublevel, as part of a level with a loop "(n)".

Stamps

There are two types of stamps. The exact position of these stamps is defined in the separate OC document.

- "Test Report" stamp: this stamp should ensure that no test data is mistaken for real Games data
- "Revised" stamp: if a new version of a previously distributed output is produced (excluding those outputs which are regularly updated and reissued, e.g. outputs containing brackets, statistics, ranking, etc.), it must be stamped "REVISED" including the date and time of output creation. The reason for the revision must be explained as a free text note at the bottom of the last page of the output.

The revised date and time in the stamp is the same date and time as in the output footer data ("Report Creation").

For initial releases stamps are not required.

Output footer data

Each output produced at the Games has clear and unique information in the footer data. These requirements are not listed in the ORIS data matrix, but defined and explained in a separate OC document. In order to have the full overview of an output layout, these data are briefly explained here:

- The "Report Identifier" consists of a nine characters Results System Code (RSC), the ORIS output number (without leading "C" or "N") and the version number
- The "Report Creation" shows the date and time and when the output was created
- The "Page x/y" indicates the current page number (x), and the total number of pages (y), of the output

This page intentionally left blank.

ACTIVITY LIST

TENNIS

As of 2 AUG 2016

Date	Start Time	Estimated Finish Time	Activity	Location	Media Access
WED 3 AUG	9:00	10:30	Draw for all events except Mixed Doubles	Venue Press Centre - Conference room	Open
THU 4 AUG	10:00	10:15	Men's Pre-Tournament press conference (Roger Federer, Rafael Nadal)	Main interview room	Open
	11:00	12:30	Team Leaders' meeting	Venue Press Centre - Manager office	Closed
	12:00	12:15	Women's Pre-Tournament press conference (Clare Wood, Steffi Graf)	Main interview room	Open

C38 - Entry Data Checklist

Description	Detailed list of all players. The purpose of this list is to facilitate the checking of entry data, spelling and name abbreviations for official use on outputs, scoreboards, TV, etc. This output is an internal quality control list.
Source	OC Technology
Sort by	1 - NOC code 2 - Gender (female first) 3 - Family name 4 - Given name
Page break	Break at "Condition = NOC code" on a new page with repeated output headings and column headings. Within "NOC code" break at "Group = Accreditation number" on a new page with repeated output headings and column headings.
Notes	Note with static text: See sample Note with predefined text: None Free text: See Appendix C - Rules for Data Formats and Presentation
Legend	Use the following description for abbreviations which appear in the output: "-" - Information not available MD - Men's Doubles MS - Men's Singles WD - Women's Doubles WS - Women's Singles To be displayed at the bottom of the last page of each NOC.
IRM rules	None
Comments	All name items must initially conform to the ITF/OC names policy for the competition. However, names may be changed, as required, to allow for personal preferences and other considerations. Truncated names should be indicated with an * for manual checking. This output should show every name type and the maximum number of characters which may be used (maximum number of characters defined by OC Technology depending on the solution used). For TV names please refer to the OBS requirements document "TV Name Formats". For scoreboard names: The technical characteristics of the scoreboard may require that scoreboard names of several different maximum lengths be defined. The fields "Family name (25)" and "Given name (25)" should be used as the WNPA names (please refer to the "ODF General Messages Interface Document"). Need ability to print the output for a single NOC. The layout of this output may be either in portrait or landscape, as required.

C58 - Daily Match Information

Description	<p>Output "Daily Match Information" provides information about all matches played on one day. It is updated with new data as soon as they are available. The score is updated after each game. Initially it shows only the order of play for the show courts. Later when data about the schedule for other courts becomes available they are added. Once the Chair Umpires are known, the output is updated again.</p> <p>As soon as competition starts, the output becomes a source of information about current results. At the end of the day the output will become the "Results Summary" for that day.</p> <p>Suspended matches from one day will appear on the output for the next day, with the results at the moment when the matches were suspended.</p>
Source	ITF, OC Competition Management and OC Technology
Sort by	1 - Date 2 - Court (court order to be defined by the ITF)
Page break	Break at "Group = Court name" on a new page with repeated output headings and column headings

**OFFICIAL COMMUNICATION
TENNIS
MEN'S SINGLES
QUARTERFINALS**

Item: 35

Schedule change

The Men's Singles has been rescheduled

Summary:

Due to the weather forecast (high probability of thunderstorms), access to the venue may be affected. The competition has consequently been rescheduled to 9:00 tomorrow.

Details:

Thunderstorms with wind speeds of over 120 km/h are forecast for this afternoon, with associated heavy rain and lightning. Due to the increased risk to spectators travelling to the venue and the potential impact on transportation, the Tennis Men's Singles has been rescheduled to 9:00 tomorrow.

Issued by: ITF Technical Delegate
Time: 11:00
Date: 11 AUG 2016

This decision affects: Results

SPORT COMMUNICATION TENNIS

Item: 35

IOC Rule 50 (Reminder)

Manufacturer identification on clothing and equipment

Summary:

The National clothing must fully comply with IOC rule 50, in all aspects.
This applies to all competition at the Rio 2016 Olympic Games.

Details:

All competition at the Rio 2016 Olympic Games will be held in accordance with the Olympic Charter and the ITF Constitution and Rules which are in force at the time of the Rio 2016 Olympic Games.

Pursuant to the Olympic Charter, the ITF assumes the responsibility for the technical control and direction of its sport at the Olympic Games.

Regarding brand identification on socks, all teams are reminded that the **Rule 50 states: One Identification per accessory item will be permitted, to a maximum.**

Issued by: ITF Technical Delegate
Time: 21:10
Date: 6 AUG 2016

COMPETITION FORMAT AND RULES

TENNIS

As of 23 JUN 2016

Olympic Competition Format

The Olympic Tennis competition at the Rio 2016 Olympic Games is made up of five events (Singles, Doubles and Mixed Doubles competitions for men and women).

The maximum number of players who may compete in the Olympic Tennis competition is 172 unless otherwise agreed by the International Tennis Federation (ITF) and the IOC.

All competitions are conducted in a single elimination format, where the winner of each match advances to the next round. The loser of each match is eliminated, except in the semifinal matches where the losers compete in the bronze medal match.

There are 64 players in both the Men's and Women's Singles competitions, 32 teams in the Men's and Women's Doubles and 16 teams in the Mixed Doubles competitions.

Singles

Sixteen players are seeded and the remaining players are drawn. The winners of the two semifinal matches advance to the final (gold medal match). The losers of the two semifinal matches compete in the bronze medal match.

All matches will be the best of three tie-break sets except for the Men's Singles final, which will be the best of five tie-break sets.

Doubles

Eight teams are seeded and the remaining teams are drawn. The winners of the two semifinal matches advance to the final (gold medal match). The losers of the two semifinal matches compete in the bronze medal match.

All matches will be the best of three tie-break sets.

Mixed Doubles

Four teams are seeded and the remaining teams are drawn. The winners of the two semifinal matches advance to the final (gold medal match). The losers of the two semifinal matches compete for the bronze medal.

All matches will be the best of three sets, but the third set is a match tie-break. The team who first wins ten points will win this match tie-break and the match provided there is a margin of two points over the opponents. A regular tie-break operates in the first two sets.

Draw

The draw for all events except the Mixed Doubles, will be conducted in public by the ITF, and must be held no later than 48 hours prior to the start of the Olympic Tennis competition.

The draw for the Mixed Doubles, will be conducted in public by the ITF, and will be held on Tuesday August 9th, 2016.

If there are two players/teams from the same country, they will be drawn into different halves of the draw. If there are three or four players from the same country, they will be drawn into different quarters of the draw.

Differences between the Olympic Games and other tournaments

At the Olympic Games both players in Doubles and Mixed Doubles must be from the same NOC.

Changes since the London 2012 Olympic Games

The scoring format has changed for the Singles and Doubles for which the final set will now be a tie-break set instead of an advantage set.

Sport Rules and Procedures

The Tennis competitions at the Rio 2016 Olympic Games will be held in accordance with the ITF Rules of Tennis and the ITF Olympic Tennis Regulations.

Penalties / Disqualification Rules

As per the ITF Olympic Tennis Regulations Code of Conduct, a player can be penalised by a warning, point penalty, game penalty or a default. These will be given by the Chair Umpire and/or Referee.

Protests / Appeals

In Tennis protests are not possible. The result is final after the match.

The structure and content of this output is recommended as a baseline for creation of the actual output for Games time.

Note:

For further information please consult: www.itftennis.com

R32	Won	FYRSTENBERG Mariusz / MATKOWSKI Marcin (POL)	6-3, 6-2
R16	Lost	BHUPATHI Mahesh / PAES Leander (IND)	2-6, 6-7(7)

General Interest**ATP PLAYERS COUNCIL**

He was elected president of the ATP Players Council in June 2008. He had a reported disagreement with Rafael Nadal, the former vice president of the council, over the plans to overhaul the rankings system. Nadal was in favour of adopting a new system that calculated ranking over two years, but Federer was not in favour of this change. "I think it would make things rather boring," Federer said. Nadal resigned as vice president in March 2012. (telegraph.co.uk, 26 Mar 2012)

AMBASSADOR

He was appointed UNICEF Goodwill Ambassador in April 2006 because of his outstanding commitment to the world's children. As part of his role with UNICEF, he visited Tamil Nadu, India - the country's hardest hit state - to mark the two-year anniversary of the Indian Ocean tsunami. (ATP, 03 May 2006)

FOUNDATION

In 2003, he initiated the Roger Federer Foundation which supports disadvantaged children in South Africa and promotes sport for young people. (rogerfedererfoundation.org, 1 Mar 2012)

LONDON CALLING

In celebration of the 2012 Olympic Games in London, all tube stations were changed to the names of athletes. 'Roger Federer' replaced 'Old Street' on the Northern Line, which is one stop on from 'Rafael Nadal'. (rogerfederer.com, 2 Apr 2012)

Rio 2016 Schedule and Results:

Date	Event	Results
WED 10	Men's Singles First Round FEDERER Roger (SWE) vs ASPELIN Simon (SWE)	6-3 6-4

Highlights

- Switzerland competed at the Athens 1896 Olympic Games and have been ever present since then
- Their first Olympic champion was gymnast Louis ZUTTER in the pommel horse in 1896
- In dressage, Hans MOSER won gold in 1948, Henri CHARMARTIN did likewise in 1964 and Christine STUECKELBERGER was the first Swiss woman to win an Olympic gold medal when she won the dressage in 1976. She competed in six Olympic Games and collected a further three silver medals and a bronze medal.
- Roger FEDERER won gold in the Tennis Men's Doubles with Stanislas WAWRINKA at the Beijing 2008 Olympic Games. He carried his country's flag in both 2004 and 2008.

HISTORY

TENNIS

Origin of Tennis

There is evidence to suggest tennis originated in ancient Greece, but the first signs of the sport as it is today appeared in France in the 11th or 12th century. It was called Jeu de Paume, meaning "game of the hand" and played by monks who hit a ball with their hands against monastery walls.

In the 16th century, England's King Henry VIII built an indoor court at Hampton Court Palace to play what is now known as Real Tennis. The court was replaced by King Charles I in 1625 and still exists today.

The first rackets appeared in the 16th century and were wooden, with strings made of sheep or bovine intestines. In the 1870s Walter Clopton Wingfield, an English army major, developed a version of Real Tennis that could be played outdoors on a lawn. He called it 'Sphairistike' (from the Greek word for ball games). The name was soon changed to Lawn Tennis and the first tournament took place in the United States in 1874.

In 1875, The All England Croquet Club converted one of its croquet lawns for Lawn Tennis. The sport grew in popularity and within a year four more lawns were converted.

By 1913 the various national associations decided to join forces and form the International Lawn Tennis Federation (ILTF) to ensure that the game was uniformly structured. In 1977 ILTF dropped 'lawn' to take on its present name, the International Tennis Federation (ITF).

Tennis Today

Tennis is one of the most popular sports in the world. The ITF has more than 200 member nations and the four Grand Slams - Australian Open, Roland Garros, Wimbledon and US Open - are some of the most prestigious competitions in any sport.

Until the early 1970s, the majority of tournaments were played on grass, but clay and hard surfaces are now prevalent. Today, Wimbledon is the only Grand Slam played on grass.

Tennis is an extremely fast sport and in 2006 an electronic review system was introduced to allow players to challenge uncertain line calls.

The Davis Cup, which sees players representing their nation, is the world's largest annual international team competition in sport, with more than 120 nations competing each year.

Tennis at the Olympic Games

Tennis appeared at the first modern Olympic Games in 1896.

The London 1908 Games featured both Tennis (as Lawn Tennis) and Indoor Tennis (Jeu de Paume). The outdoor game was hosted by The All England Lawn Tennis and Croquet Club in Wimbledon at their former home in Worple Road, close to today's venue. The indoor form of the game at the 1908 Games took place at The Queen's Club in west London.

Tennis was dropped from the official programme after the Paris 1924 Games but returned 64 years later in Seoul in 1988 following a demonstration event in Los Angeles in 1984.

Although Great Britain has won the most Olympic medals in tennis, all but one of these were won before the sport was reintroduced in 1988.

MEDIA INFORMATION TENNIS

Facilities

Court	Media Seats		
	Tabled	Non Tabled	Total
Centre	70	100	170
Show 1	30	50	80
Show 2	0	20	20
Show 3-9	0	10 (70)	10 (70)
Total seats:	100	240	340

Interviews

Journalists may meet players in the mixed zone as the players exit the playing courts. Formal interviews will be held after each match. Interviews: room 1 (18 seats), room 2 (12 seats), located near the centre court.

Photographer positions

Photographers may shoot from designated positions listed in the Olympic Games Media Guide. In addition, photographers may stop briefly to take pictures from any public area so long as they are not blocking the view of any spectator. Special positions may be arranged in co-operation with the Venue Press Chief. Photo work room has 20 seats.

Press Conferences

Press conference room has 150 seats. Full transcript will be available in pigeonholes and in INFO.

Interviews

Journalists may meet players in the mixed zone as the players exit the playing courts. Formal interviews will be held after each match. Interviews: room 1 (18 seats), room 2 (12 seats), located near the centre court.

Venue Press Manager

The Venue Press Chief is Barbara Travers, assisted by Jane Fraser, Art Campbell (information services), Camille Guthrie (photographers) and Sarah Clarke (press conference). Please call (801) 02-811-96032 to reach the venue press centre Help Desk.

Venue Press centre:

There is a full-service venue press centre supporting journalists covering Tennis with complete results and information services, television monitors, working positions, telephones and food service. A total of 150 working positions are offered, with 90 charge-a-call telephones available.

Hours of the venue press centre are 8:00 to 22:00 daily from 2 August through to 18 August.

Transportation to the venue press centre will be provided according to the schedule in the Media Guide.

**FLASH QUOTES
TENNIS
MEN'S SINGLES
GOLD MEDAL MATCH**

News Item: 117

Andy MURRAY (GBR) after defeating Roger FEDERER (SUI) 6-2, 6-1, 6-4 in the Men's Singles gold medal match.

MURRAY (GBR) - Gold medallist

On the gold medal match:

"It was a great match for me and a big moment. It's the biggest win of my career in a final. It's been a very fun week. I enjoyed all of it. The atmosphere in the matches has been unbelievable and it was the same again today."

On whether he has ever played a better match:

"It's hard to say, I know it's the biggest win of my career. To win against Roger (FEDERER) in straight sets on Centre Court, I'm going to say it probably hasn't happened in about 12 years so I must have played a very good match."

"I'm just really pleased. The scoreline is irrelevant really, it's all about winning the match whether it's in one hour or five hours I just wanted to win the gold."

On whether the crowd support has helped:

"They've helped all of the athletes, it's been no different here. They've helped me a lot in the mixed doubles too. They helped me a lot today and all week. The first round's always tough and the atmosphere from the first match to the last match has been great."

QUOTES OF THE DAY

News Item: 117

A selection of the best quotes from the Rio 2016 Games on Tuesday 16 August 2016

"You can meet a champion on every corner."

Givenname FAMILYNAME (NOC) on the sights in the Olympic Village

"Of course, it is an amazing feeling to represent your country and I hope there will be many more occasions to come, because I really love the sound of our national anthem."

Gold medallist Givenname FAMILYNAME (NOC) on her latest victory

"There are a lot of countries here. I don't even know where half of them are on the map."

The diversity of the Olympic Games amazes Givenname FAMILYNAME (NOC)

"It's our lucky talisman. In 2010 we won the World Championships wearing these bandanas. Have we washed them since? Yes."

Red bandanas with white palm tree motifs are more than a fashion statement for Givenname FAMILYNAME (NOC) and his partner Givenname FAMILYNAME (NOC)

"I did not yet have this colour. I only had three golds and five silvers, so my collection is complete now."

Givenname FAMILYNAME (NOC) completed the set by taking bronze at these Games

"I did not concentrate on my opponent. I only concentrated on my coach."

Givenname FAMILYNAME (NOC) admits taking his eye off opponent Givenname FAMILYNAME (NOC) and this may have been one reason that he lost

"I was tapped on the leg and then I felt myself landing on my shoulder. I cannot really remember what happened. My heart is broken into a thousand pieces."

Givenname FAMILYNAME (NOC) tells of his despair after the collision with Givenname FAMILYNAME (NOC)

PRESS CONFERENCE TRANSCRIPT
TENNIS
MEN'S SINGLES
GOLD MEDAL MATCH

News Item: 119

Roger FEDERER (SUI) after he lost 6-2, 6-1, 6-4 to Andy MURRAY (GBR) in the Men's Singles gold medal match.

FEDERER Roger (SUI) - Silver medallist

Is the primary emotion satisfaction at winning a silver or frustration that it's not gold?

"No, no, I'm very happy. I am satisfied. I think this is as good as I could do during these championships. Andy was much better than I was today in many aspects of the game."

For me, it's been a great month. I won Wimbledon, became World No. 1 again, and I got silver. Don't feel too bad for me.

I am very, very proud honestly to have won a silver. Had a very emotional tournament from start to finish. I could have lost in the first round against Falla. Same thing obviously with Del Potro. I felt like I won my silver, I didn't lose it. So I feel very, very happy."

You've dealt with a lot of partisan crowds before. Was there a rise in the atmosphere did you think at all?

"Well, different. Maybe more patriotic. The buildup I think was completely different. Not that I read the press here. But there's so many things going on right now in the sporting world that obviously the focus wasn't just alone on the tennis tournament and on Andy Murray."

So maybe that helped him prepare. Maybe the mixed yesterday took his mind off it. Then obviously once the match started today, I knew it was going to be a good crowd for Andy. But, honestly, I've experienced more tougher crowds for my opponent in the past everywhere I've played all around the world.

But that's not why I lost the match today. But I'm sure that gave him a lift and made him play well, once he was in the lead in particular, and he never looked back. His credit for getting in the lead and then using the crowd to his advantage to come through. He did it unbelievably well."

Can you tell me something about how strongly you decide on Olympic gold to get your collection of trophies complete and will there be another Olympics in 2016 for you?

"I mean, I hope so. I said it before the tournament that it's not impossible that I could take part in Rio. But right now, I mean, in the meantime I could retire and come back. It's that long of a break (laughter)."

It's not front and center in my mind. But, of course, I'd love an Olympic gold in singles. But I am very happy with an Olympic silver in singles, and I already have the gold from Beijing.

So this has been an amazing ride for me these last 10 days being part of the Olympics and representing Switzerland. I do that everywhere I go, but this was particularly emotional. I tried extremely hard. I feel I did very well. I hope, you know, the Swiss are proud of me.

So we'll see about Rio. It's a fascinating country. I've never been to Rio. Obviously, I'd love to be part of it. We'll see how it goes."

SPORT PREVIEW

TENNIS

News Item: 1

Medal prospects

- Contenders in three events - Roger FEDERER (SUI) in the men's singles, Serena WILLIAMS (USA) in the women's singles, and Serena and Venus WILLIAMS (USA) in the women's doubles - come into this tournament with the boost of winning the Wimbledon championships in early July on the same grass courts.
- The WILLIAMS sisters are also defending the title they won at Beijing 2008.
- Seedings will be announced later this week, but in the singles events they are based on the latest rankings issued by the Association of Tour Professionals (men) and the Women's Tennis Association (women).
- That would mean FEDERER will be seeded No.1 and Andy MURRAY (GBR), whom he defeated in the Wimbledon final, at No.3. MURRAY, the world No.4, moves up a place because of the withdrawal of Rafael NADAL (ESP). Novak DJOKOVIC (SRB) is world No.2, while David FERRER (ESP) is world No.5.
- In the women's singles, the top four are Victoria AZARENKA (BLR), Agnieszka RADWANSKA (POL), Maria SHARAPOVA (RUS) and Serena WILLIAMS (USA). WILLIAMS defeated RADWANSKA in the final at Wimbledon earlier this month. AZARENKA was a semifinalist and SHARAPOVA exited in the fourth round.

Format and schedule

- There are five disciplines - men's and women's singles, men's and women's doubles, and mixed doubles. There are 64 players in the men's and women's singles, 32 pairs in the men's and women's doubles, and 16 pairs in the mixed doubles.
- There are 16 seeds in the singles events, eight in the men's and women's doubles and four in the mixed doubles. They are all knockout competitions; there are six rounds in the singles, five in the men's and women's doubles, and four in the mixed doubles.
- The gold and silver medals are determined in the finals of each discipline; the bronze medal is determined in a play-off match between the losing semifinalists in each discipline.
- All matches are best of three sets, with the exception of the men's singles final, which is best of five sets. The tie-break is played in all but the final set in all matches (except mixed doubles), when an advantage set is played. In mixed doubles, in the third set a match tie-break is played (10 points).

History

- Tennis was one of the nine sports played at the first modern games in 1896, but was dropped after Paris 1924. It was a demonstration event at Los Angeles 1984 and became a medal event again at Seoul 1988.
- This is only the second time the event has been played on grass; the first was at London 1908 (at the All England Club's previous home at Worple Road).

Notes

- London 2012 is the sixth Olympic Games for Leander PAES (IND), a record achievement for a tennis player.
- Kim CLIJSTERS (BEL) is making her first and last appearance at the Olympic Games, as she is retiring from the sport after the US Open in September.
- If Venus WILLIAMS/Serena WILLIAMS (USA), victors at Sydney 2000 and Beijing 2008, retain their women's doubles title and win a third gold medal, this will be a record in any tennis discipline.

DAILY PREVIEW TENNIS

SUN 14 AUG

News Item: 14

Men's Singles

- No.1 seed Roger FEDERER will face No.3 seed Andy MURRAY in the gold medal match. FEDERER is in contention to claim a career golden slam in singles, having won all four grand slam titles and still being in a position to win a singles gold medal. The gold medal match will be a re-match of this year's Wimbledon Championships final. Irrespective of the result, FEDERER will retain the world No.1 ranking, when the new rankings are released on Monday 6 August.
- FEDERER and MURRAY meet for the 17th time, with their head-to-head tied at eight wins each. FEDERER has defeated MURRAY in each of their grand slam tournament meetings - the 2008 US Open, 2010 Australian Open and 2012 Wimbledon Championships. Neither player has won an Olympic singles medal. This is FEDERER'S fourth Olympic Games and MURRAY'S second.
- Novak DJOKOVIC (SRB) and Juan Martin DEL POTRO (ARG) will contest the bronze medal match on No.1 Court. DJOKOVIC holds a 4-1 lead in their head-to-head record. The Serbian also took the bronze medal in the men's singles in Beijing in 2008.

Women's Doubles

- Serena WILLIAMS (USA) will be bidding to add the women's doubles gold medal to the women's singles gold she won on Saturday. She will partner her sister Venus WILLIAMS (USA) against No.4 seeds Andrea Hlavackova/Lucie Hradecka (CZE) in the women's doubles gold medal match on Centre Court.
- The WILLIAMS sisters are looking to win their third Olympic women's doubles title having also claimed gold in this event in Sydney in 2000 and Beijing in 2008. Only Gigi FERNANDEZ (USA) and Mary Joe FERNANDEZ (USA) have won two consecutive Olympic Games tennis titles, winning the women's doubles gold medal in 1992 and 1996.
- Venus WILLIAMS will become the second tennis player to win medals at three different Olympic Games after Conchita MARTINEZ (ESP), who won silver in Barcelona in 1992, bronze in Atlanta in 1996, and silver in Athens 2004, all in the women's doubles event.
- No.1 seeds Liezel HUBER/Lisa RAYMOND (USA) take on Maria KIRILENKO/Nadia PETROVA (RUS) in the bronze medal match on Court No.1. HUBER/RAYMOND won their only previous meeting at Sydney earlier this year. None of these four players has ever won an Olympic medal.

Mixed Doubles

- Andy MURRAY (GBR) is guaranteed a second Olympic medal after he and partner Laura ROBSON (GBR) reached the gold medal match in the mixed doubles where they will face No.1 seeds Victoria AZARENKA/Max MIRNYI (BLR) on Centre Court. It will be just the second medal for Belarus in an Olympic Games tennis event after AZARENKA secured the bronze medal in the women's singles on Saturday.
- No.3 seeds Lisa RAYMOND/Mike BRYAN (USA) will face Sabine LISICKI/Christopher KAS (GER) in the bronze medal match on Court No.1.

MATCH REVIEW

TENNIS

MEN'S SINGLES

QUARTERFINALS

News Item: 75

No. 8 seed James Blake of the United States created the biggest upset of the Men's Olympic Tennis tournament by defeating Switzerland's World No. 1 Roger Federer 6-4, 7-6(2) in their Centre Court quarterfinals clash on Thursday August 14.

- It was Blake's first win over the Swiss player. Federer entered the match with an 8-0 record in matches against his opponent and had only lost one set to Blake previously.
- "One day I'll be able to tell my kids and grandkids that I beat the best of all time," Blake said.
- Federer said earlier in the week that winning an Olympic gold medal was the focus of his entire season.
- The Swiss player has yet to add a Grand Slam title this year to his 12 career victories. He will surrender the World No. 1 ranking he has held since 2004 to Rafael Nadal of Spain when the new world rankings come out on August 18.
- Blake broke the serve in the ninth game of the first set, cashing in after Federer sent a forehand sailing over the baseline at deuce.
- Federer chased down a 0-3 deficit in the second set, a position he also had been in the previous day in his match against Tomas Berdych of the Czech Republic, to force a tie-break. Blake twice broke Federer's serve to seize a 5-2 lead, and from there he rode out the match in 90 minutes.
- Federer made 56 unforced errors to Blake's 38 in the match.
- The US player will face either No.12 seed Fernando Gonzalez of Chile or Paul-Henri Mathieu of France in the semifinals on August 15.

Time: 14:30
Date: 12 AUG 2016

DAILY REVIEW

TENNIS

FRI 15 AUG

News Item: 133

Men's Singles

- Andy MURRAY (GBR) defeated Roger FEDERER (SUI) in straight sets 6-2, 6-1, 6-4 in one hour, 56 minutes. This match was the only one in the tennis tournament that was best of five sets, and was a reprise of the Wimbledon men's singles final last month, but with a different outcome.
- The two players had won eight each of their 16 previous meetings before this match, but FEDERER had won their only other encounter on grass. That was for the championship at this year's Wimbledon, which the Swiss won in four sets.
- This is Britain's first men's singles gold since Josiah RITCHIE (GBR) won at the London 1908 Olympic Games.
- MURRAY is the first home NOC player to win a gold in the men's singles since Andre AGASSI (USA) at Atlanta 1996.
- The bronze medal was won by Juan Martin DEL POTRO (ARG), who defeated Novak DJOKOVIC (SRB) 7-5, 6-4 in one hour, 48 minutes. It is Argentina's first men's medal in an individual event.

Women's Doubles

- Venus WILLIAMS/Serena WILLIAMS (USA) won the gold medal, defeating Andrea HLAVACKOVA/Lucie HRADECKA (CZE) 6-4, 6-4 in one hour, 33 minutes.
- This is the WILLIAMS sisters' third gold medal in this event; they won at Sydney 2000 and Beijing 2008.
- The WILLIAMS sisters have never lost a set in the doubles in the three Olympic Games they have competed in.
- The bronze medal was won by third seeds Maria KIRILENKO/Nadia PETROVA (RUS), who defeated top seeds Liezel HUBER/Lisa RAYMOND (USA) 4-6, 6-4, 6-1, in two hours 19 minutes.

Mixed Doubles

- Victoria AZARENKA/Max MIRNYI (BLR) won the gold, defeating Laura ROBSON/Andy MURRAY (GBR) 2-6, 6-3, 10-8. At 35, MIRNYI is the oldest player to have won a medal since tennis returned as an Olympic medal event at Seoul 1988.
- The Belarusians were top seeds, while the British pair entered the competition on an International Tennis Federation place.
- The bronze medal was won by Lisa RAYMOND/Mike BRYAN (USA), who defeated Sabine LISICKI/Christopher KAS (GER) 6-3, 4-6, 10-4.

Notes

- Of the 44 NOCs entered in the tennis tournament, eight won medals.
- USA was the most successful NOC, winning three golds - women's singles, women's doubles and men's doubles.
- The WILLIAMS sisters are the first pair to win gold in the women's doubles in successive Olympic Games since Gigi FERNANDEZ/Mary Joe FERNANDEZ (USA), who won at Barcelona 1992 and Atlanta 1996.
- The WILLIAMS sisters are the first tennis players to win four gold medals. Only one player has won more than four tennis medals of any colour: Kathleen 'Kitty' MCKANE (GBR) won five medals (one gold, two silver and two bronze) at Antwerp 1920 and Paris 1924.
- The mixed doubles were last played at Paris 1924, when Hazel WIGHTMAN/Norris WILLIAMS (USA) defeated Marion JESSUP/Vincent RICHARDS (USA) in the gold medal match.

 Date: 15 AUG 2016

EVENT REVIEW TENNIS WOMEN'S DOUBLES

News Item: 15

- The unseeded USA pair required just one hour 33 minutes to overcome the fourth seed Czech pair.
- In the bronze medal match, third seeds Maria KIRILENKO/Nadia PETROVA (RUS) defeated top seeds Liezel HUBER/Lisa RAYMOND (USA) 4-6, 6-4, 6-1.
- WILLIAMS/WILLIAMS became only the second pair in the history of the event to successfully defend the women's doubles title, having also triumphed at Beijing 2008. This was a third Olympic women's doubles title together following Sydney 2000 and Beijing 2008.
- They have now four Olympic gold medals. The record is five by Kitty McKANE (GBR), won between 1920-24.
- WILLIAMS/WILLIAMS were unseeded for the event. Seeding was based upon a combined best of singles and doubles ranking for each pair. Due to Venus WILLIAMS' low singles ranking - a result of illness - the pair were unseeded. But they did not drop a set in the five matches played.
- Having defeated unseeded pair Sorana CIRSTEA/Simona HALEP (ROU) 6-3, 6-2 in the first round, the WILLIAMS sisters faced seeded opponents in the following four matches. Fifth seeds Angelique KERBER/Sabine LISICKI (GER) were dispatched 6-2, 7-5 in the second round.
- In the third round they faced second seeds Sara ERRANI/Roberta VINCI (ITA). ERRANI/VINCI had claimed seven doubles titles in 2012 and had a 25-match unbeaten streak earlier in the year. However, WILLIAMS/WILLIAMS beat them 6-1, 6-1.
- The sisters were troubled for the first time in the semifinals when they met third seeds Maria KIRILENKO/Nadia PETROVA (RUS). However, the USA pair won 7-5, 6-4 and proceeded to the gold medal match and ultimately, a successful defence of their women's doubles gold medal

News Item: 15

Men's Singles

- Andy MURRAY (GBR) defeated Roger FEDERER (SUI) 6-2, 6-1, 6-4 to win gold. The No.3 seed is Britain's first Olympic singles champion since Josiah RITCHIE (GBR) in 1908.
- Juan Martin DEL POTRO (ARG) won the bronze and Argentina's first individual medal by a male player, defeating five-time grand slam champion Novak DJOKOVIC (SRB) 7-5, 6-4.
- ...

Women's Singles

- Serena WILLIAMS (USA) defeated Maria SHARAPOVA (RUS) 6-0, 6-1 in the gold medal match. The win means WILLIAMS completed a career golden slam - the four majors and a gold medal.
- She lost just 17 games on her way to winning her first gold medal in women's singles.
- Victoria AZARENKA (BLR) won the bronze medal match against Maria KIRILENKO (RUS) 6-3, 6-4.
- ...

Men's Doubles

- Top seeds Bob BRYAN/Mike BRYAN (USA) won their first Olympic Games gold medal when they defeated Michael LLODRA/Jo-Wilfried TSONGA (FRA), the second seeds, 6-4, 7-6(2).
- Unseeded Julien BENNETEAU/Richard GASQUET (FRA) won the bronze medal, beating David FERRER/Feliciano LOPEZ (ESP) - who had never won a match together before London 2012 - in 7-6(4), 6-2. This meant that both France teams in the men's doubles draw - National Olympic Committees were limited to two teams - won medals.
- ...

Women's Doubles

- Venus WILLIAMS/Serena WILLIAMS (USA) defeated Andrea HLAVACKOVA/Lucie HRADECKA (CZE) 6-4, 6-4 in the gold medal match.
- The unseeded USA pair, who won their fifth Wimbledon doubles title on 7 July, needed just one hour 33 minutes to defeat the fourth seeds.
- ...

Mixed Doubles

- The mixed doubles event, which was won by Victoria AZARENKA/Max MIRNYI (BLR), returned to the Olympic Games after an 88-year break. It was last played at Paris 1924.
- The London 2012 event was won by Victoria AZARENKA/Max MIRNYI (BLR), who beat Laura ROBSON/Andy MURRAY (GBR) 2-6, 6-3, 10-8. This was the first tennis gold medal for Belarus.
- The bronze medal was won by Lisa RAYMOND/Mike BRYAN (USA), who defeated Sabine LIISICKI/Christopher KAS (GER) 6-3, 4-6, 10-4.
- ...

Wimbledon 'confident' courts will endure

Despite criticism from some players about the state of Wimbledon's courts at the London 2012 Olympic Games tennis event, Eddie SEWARD (GBR), the head groundsman of the All England Club, said on Wednesday he was confident that they would last the duration of the tournament.

It takes almost a year to prepare the courts at the All England Club for the Championships, but the Games tournament started less than three weeks after this year's Championships ended on 8 July. It is the first time the club has attempted to pre-germinate its grass courts and it was done largely for cosmetic reasons.

"It was inevitable that the new grass would come straight out because it's very young grass," said SEWARD, "just as it was inevitable that it would be a little bit slippery at this time of year."

"I'm confident the courts will last through the tournament. I don't think you'll get much more wear now. If you look at the courts there's plenty of grass still on the main body of them."

A few players complained about the slipperiness of the courts, particularly in the first three days of competition. That was largely due to the dew that had arrived a little earlier in the evenings than it does during the Championships.

"The courts were perfectly dry, it was just that they got dew on them which unfortunately made them slippery. I don't think you'll get that now, you'll just get a little dusting up on the baselines," said SEWARD.

The only time in recent years that the courts at the All England Club have been used competitively other than for the Championships was in 2007 when Great Britain played Croatia in a Davis Cup World Group play-off on Court No.1 - the last appearance of Tim HENMAN (GBR) - but that was in mid-September so it had had longer to recover from the Championships.

It is not just the elements that SEWARD and his staff have had to contend with down the years. For many years the club has flown a Harris Hawk over Centre Court to scare off pigeons, which is particularly important during seeding time. But the biggest menace - which no longer exists - has been urban female foxes.

"The pigeons used to be in their hundreds but they're not now because of the hawk. It doesn't kill them, it just frightens them away. We've been using the hawk two or three times a week and daily when we're actually seeding. In years gone by we used to have pigeons sitting up on the old roof on Centre Court watching us seed, basically saying, 'It's meals on wheels, chaps'."

"Foxes used to get into the grounds and then into the vomitories of the staircases," said SEWARD, "If a vixen urinates on the court, as they have been known to do, it can kill the grass and the soil in that little patch. Now we have electric fences around the ground, which don't do any harm to the foxes, just gives them a tickle and it frightens them off."

Tennis by the numbers

- 14,971 Number of seats on Centre Court at Wimbledon for the Olympic Games.
- 188 Number of tennis players competing in London.
- 104 Years since the All England Club hosted the tennis - but at London 1908 it was at its previous home in Worple Road.
- 92 Years since the tennis tournament was played on grass, at Antwerp 1920.
- 88 Years since mixed doubles was played at an Olympic Games, at Paris 1924.
- 44 Number of NOCs competing in the tennis tournament.
- 37 Age of Major Josiah RITCHIE (GBR), who won a medal of every colour at London 1908.
- 20 Days' turnaround from the end of the Wimbledon Championships and the first day of London 2012's tennis tournament.
- 16 Years of age of the youngest gold medallist - Jennifer CAPRIATI (USA) at Barcelona 1992. Steffi GRAF (GER) was 15 when she won the demonstration event at Los Angeles 1984.
- 12 Number of Wimbledon Championships courts being used during London 2012; the other seven are being used for practice.
- 9 Tennis was one of the nine sports at the first modern Games in 1896.
- 6 Number of times Leander PAES (IND) has competed at an Olympic Games, a record for a tennis player. His first was Barcelona 1992.
- 4 Number of non-British competitors at the indoor tennis event at London 1908, played at Queen's Club. They were all Swedish.
- 2 Number of courts where the Hawk-Eye electronic line system is being used (Centre and No.1).
- 1 Only one player has won medals at three Olympic Games, Conchita MARTINEZ (ESP). She won silver at Barcelona 1992, bronze at Atlanta 1996, silver at Athens 2004.
- 0 Number of points won by Dora BOOTHBY (GBR) before reaching the women's singles final at London 1908. She had byes in previous rounds and then lost in the final to Dorothea Chambers (GBR).

Tennis: IOC disqualifies FAMILYNAME Givenname (NOC) for doping violation

The International Olympic Committee (IOC) on Monday announced that it has disqualified FAMILYNAME Givenname (NOC) from the Tennis Men's Singles of the Rio 2016 Olympic Games.

Immediately after his participation in the event on 10 August, FAMILYNAME, 23, provided a urine sample that tested positive for the prohibited substance 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid.

The IOC Disciplinary Commission, composed for this case of Mr Givenname FAMILYNAME (Chairman), Mr Givenname FAMILYNAME and Mr Givenname FAMILYNAME, decided:

- I. The athlete, Mr Givenname FAMILYNAME, NOC name, Tennis:
 - (i) is disqualified from the Men's Singles of the Rio 2016 Olympic Games where he placed 7th;
 - (ii) shall have his diploma in the above-mentioned event withdrawn; and
 - (iii) shall have his Olympic identity and accreditation card cancelled and withdrawn immediately.
- II. The ITF is requested to modify the results of the above-mentioned event accordingly and to consider any further action within its own competence.
- III. The NOC of the member country is ordered to return to the IOC, as soon as possible, the diploma awarded to the athlete in relation to the above-mentioned event.
- IV. The IOC administration is requested to reallocate the diplomas to the athletes that finished behind Mr FAMILYNAME in the above-mentioned event, in which Mr FAMILYNAME placed 7th at the Rio 2016 Olympic Games.
- V. This decision shall enter into force immediately.

Under the IOC Anti-Doping Rules applicable to the Rio 2016 Olympic Games, testing takes place under the IOC's auspices from the opening of the Olympic Village to the Closing Ceremony. Within that period, the IOC systematically performs tests before and after events. After each event, the IOC systematically carries out tests on the top five finishers plus two at random. The IOC also performs out-of-competition unannounced tests. Over the course of the Rio 2016 Olympic Games, the IOC is expected to carry out some 5,000 tests - 3,800 urine and 1,200 blood. For more information, please consult the IOC factsheet on anti-doping.

Section 2 - Distribution Rules

1 Introduction

This section explains what Tennis information is required, the function producing the outputs and when the OC should supply it to the different users or user groups according to the ORIS standards. The information is presented in tabular format to allow a well structured overview of affected outputs, the appropriate work flow and the production time.

This section is divided into three chapters:

- "Event Related Requirements" (chapter 2) gives a detailed description of events processes for outputs preparation, production, checking/approval, and final distribution rules of printed outputs and INFO. The chapter is organised in such a way that the requirements of each user or user group are listed separately and grouped chronologically by the time condition that triggers production and/or delivery.
- "Other Outputs" (chapter 3) describes the process for preparation and production of all outputs that are identical for all events (Schedule, Entries, Background Information, etc.) together with those outputs (event related and non-event related) that could be produced at any time before, during or after competition. It also includes the final distribution rules for both printed outputs and INFO grouped in chronological order.
- "Distribution Rules and availability of all outputs grouped by ORIS output code" (chapter 4) gives an overview of all outputs produced for Tennis. The outputs are sorted by output code and listed together with their production time and distribution rules. The table following describes the time abbreviations used to define the availability of the outputs. All delivery times are understood to imply that distribution will occur "no later than" the defined time, unless otherwise stated (e.g. protest times).

It is the responsibility of the ITF and the OC Competition Management to carry out data and output verification processes efficiently.

Installing adequate equipment at appropriate locations and providing sufficient well trained people to manage the technology and distribution processes are key factors to meet the requirements of output delivery within the defined time frame.

The main producers of outputs are:

- IDS - Information Diffusion System (e.g. provisional entries, scheduling, etc.)
- ONS - Olympic News Service (e.g. production of new articles, press conference highlights, etc.)
- OVR - On Venue Results system (e.g. results and timing feeds)
- VRM - Venue Results Manager (creation of other outputs, e.g. competition officials, IF schedules, course maps updated during Games, etc.)

The creation of outputs may be carried out by one or a combination of the producers listed above.

Printed outputs may be delivered to clients by several different means, for example:

- Display on Bulletin Board (media area, athletes' area, Olympic Village, etc.)
- Personal delivery to individual clients (ITF Referee, ITF office, etc.)
- Place in pigeonholes (Venue Press Centre, Competition Management, Sport Information Desk, etc.)
- Single copy delivery (Sport Presentation, Competition Management, etc.)

It is the responsibility of OC Technology, in collaboration with each client, to determine the number of copies to be delivered to each distribution point. Once competition has started, the initial distribution requirements should be adjusted to optimise the number of copies required at every distribution point, and at different times of day and stages of the competition. OC Technology should remain flexible to ensure that the number of copies supplied adequately meets (but does not exceed) demand. It is

essential that sufficient well trained personnel, with the appropriate accreditation to access all distribution points, are available to ensure consistent delivery within the defined time frame, and monitor the actual demand at each distribution point.

If a new version of a previously issued output is produced for any reason (e.g. a revised output) the existing version in INFO must always be replaced with the new version. In this way the latest version of each output will be maintained in INFO even though there is no new distribution time defined in this section.

All outputs to be included in the Results Book will be the last version produced, even if stamped "REVISED".

2 Event Related Requirements with Predefined Production Time

This chapter describes the process of production and delivery for all outputs generated during the lifecycle of an event either by On Venue Results system (OVR), or by any other function such as Olympic News Service (ONS), or OC Competition Management with the exception of those event related outputs that do not have a defined production time and which are listed in the chapter "Other Outputs".

The process is described in tabular format, in which each step is described in a row listing the deliverable, with columns that define a time reference (When), the user or user group (Who) responsible for delivering which output (What) and for/to whom (Whom). Processes and outputs are listed in chronological order, covering the period starting with preparation for the draw, followed by the draw itself with start lists production and their distribution, previews, production and distribution of outputs during the event, up to the completion of the event with flash quotes, reviews, medal outputs, etc. Specifications include both "C" and "N" type outputs that are produced during the period described above.

After the table describing the process, there is another table that sets out the distribution rules for each of the outputs previously described, with instructions to which user or user group and at which locations each of these outputs should be distributed. Those outputs, which only need to be published in INFO are clearly indicated.

When the competition formats of different events have different processes (even in details), both sets of tables are prepared for each event (or group of events) **that have a unique format**.

The **unique format** means that ONLY events sharing absolutely identical procedures from beginning to end, and producing identical outputs, will be listed together.

3.2 Event Related Outputs without Defined Production Time

This table lists all outputs (both event related and non-event related) that could be produced at any time before, during or after competition. These outputs may also be produced at defined times within an event (e.g. Flash Quotes, Press Conference Highlights after finals) in which case they would also be included in the appropriate process in chapter "Event Related Requirements".

4 Distribution Rules for Printable Outputs Grouped by ORIS Output Code

This chapter gives an overview of all outputs produced for Tennis sorted by ORIS output code.

All availability codes are "Point in Time" (PiT) codes, indicating a defined time trigger for the production of an output.

C-outputs shown with a "Y" in the INFO Screen format column will be available in real time format.

Please refer to the document "On Screen Results Presentation" for further details.

Every output available in screen format should be formatted in a printable version according to the ORIS requirements, including the Look and Feel defined by the OC.

5 Distribution Availability Codes

Code	Description of abbreviation
AEDRM	After each Delegation Registration Meeting
AEMF	After each match finishes
ASED	After both the Sport Entry Deadline has passed, and INFO operations have started (whichever is later)
DIFO	Day ITF and Competition Management operations start
DIO	Day INFO operations start
DPCO	Day press centre (main or venue whichever comes first) operations start
EDBRS	In the evening, one (1) day before a round starts
EOD	End of day
MIDD	At midday (12:00)
OVRO	On Venue Results becomes owner of data
WPC	When presenters are confirmed
xDBC	X (x) day(s) before the first day of competition
xEBCD	X (x) evening(s) before a competition day
xHAD	X (x) hour(s) after the draw
xHBD	X (x) hour(s) before the draw
xMAC	X (x) minute(s) after the competition
xMADA	X (x) minute(s) after the draw is approved
xMAE	X (x) minute(s) after the event
xMAJ	X (x) minute(s) after each ITF referee or other official body decision
xMALA	X (x) minute(s) after the results of the last match of that day are approved
xMALES	X (x) minute(s) after the results of the last match in an event during a session are approved
xMALMI	X (x) minute(s) after the last match that could impact the order of play for the following day
xMAMRA	X (x) minute(s) after medal match results are approved
xMAPR	X (x) minute(s) after public release of a communication
xMAQ	X (x) minute(s) after quotes/a press conference
xMARA	X (x) minute(s) after the results are approved
xMAS	X (x) minute(s) after the results of the last match of the session are approved
xMBC	X (x) minute(s) before the start of competition
xPDyDBC	X (x) times per day, starting Y (y) days before the competition

Section 3 - Real Time Information

1 Introduction

This section of the document defines scoreboard layouts, Real Time Display System (RTDS) screens, sport specific real time data available through ODF and serves as a reference for on screen results presentation.

The basic objective has been to make user-friendly samples and emphasis is placed on using realistic data where possible. This is to ensure that the focus is on the type of data which must be included rather than on the accuracy of data shown in the sample.

All possible variations of the type of event and each stage of the competition are presented. The type of data required and the triggering conditions are defined.

While the data content and triggering conditions for each screen are mandatory (and therefore subject to the Change Management process), the presentation of the real time outputs will be based upon an agreement reached between the ITF and the OC (and providers).

This page intentionally left blank.

2 Scoreboards

2.1 General Rules

2.1.1 NOC Names

Whenever NOC names are used, they should be taken from the official IOC "NOC long and short names document", which is available on the IOC ORIS extranet (see "Public documents" in the navigation menu on the left). The same name length should consistently be used within similar screens.

2.1.2 Players, Teams and Officials' Names

All possible scoreboard name lengths which are required for scoreboard screens must be verified through the process described in the chapter "Entries and participant data" in Procedures.

In case of teams being presented on a single scoreboard line with insufficient available characters, names should be abbreviated by sharing the number of available characters as equally as possible to ensure maximum readability of both names. This may require that a shorter name is written in full, while a longer name is abbreviated.

2.2 Technical Specifications

This section has been developed based on a standard matrix. More sophisticated solutions (e.g. video, plasma screens, font colour, font size, graphical characters, etc.) may be provided. The content of the scoreboard screens are defined in ORIS. The detailed layout of the scoreboard screens is the responsibility of OVR, and will be confirmed during the Homologation Test, subject to the ITF's approval.

2.3 Part A - Before the event

2.3.1 Schedule

- What: Screen shows current scheduled/called matches with the date and time (only for "NOW ON COURT" screen), screen title ("SCHEDULE" or "NOW ON COURT"), for each match: court number, "C" for centre court or "TB" for matches where the court is unknown, first player's or team's scoreboard name, NOC code and second player's or team's scoreboard name, NOC code and current results (for "now on court" only)
- When: Display during the session and swap with display "Current match results by court"
- How: Scroll through list of all matches currently scheduled or called

a) Matches of the day

MON 8 AUG SCHEDULE			
C	SELES M.	USA	- CHEN L. CHN
C	TAUZIAT	FRA	- SABATINI ARG
C	MAKAROVA	RUS	- LABAT F. ARG
1	FARINA T.	ITA	- WOOD C. GBR
1	FERREIRA	RSA	- BLACK B. ZIM
	FERREIRA		BLACK W.

MON 8 AUG SCHEDULE			
2	HINGIS M.	SUI	- ZVEREVA N. BLR
2	VOLTCHKOV	BLR	- GAUDIO G. ARG
2	MOLIK A.	AUS	- RUANO V. ESP
3	LI N.A.	CHN	- WILLIAMS USA
3	PHILIPPO.	AUS	- BLACK W. ZIM
TB	MIRNYI M.	BLR	- CHELA J. ARG

b) Now on court

MON 8 AUG NOW ON COURT 17:00			
C	WS	SELES M.	USA 0
		CHEN L.	CHN 1
5	MD	FERREIRA	RSA 2
		FERREIRA	
		BLACK B.	ZIM 1
		BLACK W.	

2.4 Part B - During the event

2.4.1 Current match results by court

- What: Screen shows matches on one court with completed match, current or called match and scheduled match.
For completed match: court number or "CENTRE COURT" and for each match: event code, players' or teams' scoreboard names, NOC codes and results for each set.
For current or called match: event code, status "SUSPENDED" (if any), players' or teams' scoreboard names, NOC codes, "*" - indicates server, results of current set (if any), results for each set (if any) and match tie-break result (if any).
For scheduled match: event code, players' or teams' scoreboard names and NOC codes.
For match tie-break result square brackets [] should be used.
- When: During the session, scrolling one screen for each court (from Centre to 10)
How: Change the match score point by point

a) During a match

CENTRE COURT
MS BLACK W. ZIM *15 1 5 PHILIPPOUSSIS AUS 30 6 1
FOLLOWED BY
WS HINGIS M. SUI ZVEREVA N. BLR

b) During a match tie-break

CENTRE COURT
XD MOLIK/GUCCIO AUS *3 1 6 RUANO/GAUDIO ESP 3 6 1
FOLLOWED BY
WS HINGIS M. SUI ZVEREVA N. BLR

c) After a match tie-break

CENTRE COURT
XD MOLIK/GUCCIO AUS 1 6 [10] RUANO/DIAZ ESP 6 1 [8]
FOLLOWED BY
WS HINGIS M. SUI ZVEREVA N. BLR

d) Suspended match

COURT 1 - SUSPENDED
MD*MIRNYI/VOLTCH BLR 6 4 CHELA/GAUDIO ARG 3 3
FOLLOWED BY
XD MOLIK/GUCCIONE AUS RUANO/ALMAGRO ESP

2.4.2 Final match current results

- What: Screen shows score of the final match on the court with court number or "CENTRE COURT", status "SUSPENDED" (if any), event name, round name, players' or teams' scoreboard names, NOC code, "*" - indicates server, results of current set (if any), results for each set (if any) and match tie-break result (if any).
For match tie-break result square brackets [] should be used.
- When: During the final
- How: Dynamic screen. Change the match score point by point and server indication "*".

CENTRE COURT MIXED DOUBLES - BRONZE
MOLIK ALICIA AUS *3 1 6 GUCCIONE CHRIS
RUANO VIRGINIA ESP 3 6 3 ALMAGRO NICOLA

CENTRE COURT MEN'S SINGLES - FINAL
PHILIPPOUSSIS AUS 40 6 1 1 6 1
BLACK WAYNE ZIM *30 4 6 6 4 1

2.5 Part D - During the Victory Ceremony

2.5.1 Presenters

- What: Screen shows the presenters with discipline name, event name, screen title and for each presenter or accompanying person: title, scoreboard name and NOC code.
Please note that there is a possibility that the screen title should be applied if required (e.g. "Victory Ceremony" could be "Flower Ceremony", etc.).
- When: As the dignitary is introduced before the ceremony
- How: Single screen

TENNIS MEN'S SINGLES VICTORY CEREMONY
PRESENTER: MR FRANCESCO RICCI BITTI - ITA
ACCOMPANIED BY: MR BARBARA SMITH - GBR

2.5.2 Medallists - Individual

- What: Screen shows list of medallists with discipline name, event name, screen title. For each medallist show medal type, scoreboard name, NOC code.
- When: During the ceremony
- How: Static screen if all medallists are presented at the same time, dynamic screen if the medallists are presented by medal type

a) If the medallists are presented at the same time:

TENNIS WOMEN'S SINGLES VICTORY CEREMONY
GOLD FERNANDEZ M. USA
SILVER HINGIS MARTINA SUI
BRONZE ZVEREVA NATASA BLR

b) If the medallists are presented one by one, use the following order:

As the bronze medallist is presented:

TENNIS WOMEN'S SINGLES VICTORY CEREMONY
BRONZE ZVEREVA NATASA BLR

As the silver medallist is presented:

TENNIS WOMEN'S SINGLES
VICTORY CEREMONY

SILVER HINGIS MARTINA	SUI
BRONZE ZVEREVA NATASA	BLR

As the gold medallist is presented:

TENNIS WOMEN'S SINGLES
VICTORY CEREMONY

GOLD FERNANDEZ M.	USA
SILVER HINGIS MARTINA	SUI
BRONZE ZVEREVA NATASA	BLR

2.5.3 Medallists - Team

- What: Screen shows list of medallists with discipline name, event name, screen title. For each medallist show medal type, scoreboard name, NOC code.
When: During the ceremony
How: Static screen if all medallists are presented at the same time, dynamic screen if the medallists are presented by medal type

a) If the medallists are presented at the same time:

TENNIS WOMEN'S DOUBLES
VICTORY CEREMONY

GOLD LI NA	CHN
SU YI-FAN	
SILVER WILLIAMS SERENA	USA
WILLIAMS VENUS	
BRONZE DOMINGUEZ L.L.	ESP
SUAREZ NAVARRO	

b) If the medallists are presented one by one, use the following order:

As the bronze medallist is presented:

TENNIS WOMEN'S DOUBLES
VICTORY CEREMONY

BRONZE DOMINGUEZ L.L.	ESP
SUAREZ NAVARRO	

As the silver medallist is presented:

TENNIS WOMEN'S DOUBLES VICTORY CEREMONY		
SILVER	WILLIAMS SERENA	USA
	WILLIAMS VENUS	
BRONZE	DOMINGUEZ L.L.	ESP
	SUAREZ NAVARRO	

As the gold medallist is presented:

TENNIS WOMEN'S DOUBLES VICTORY CEREMONY		
GOLD	LI NA	CHN
	SU YI-FAN	
SILVER	WILLIAMS SERENA	USA
	WILLIAMS VENUS	
BRONZE	DOMINGUEZ L.L.	ESP
	SUAREZ NAVARRO	

This page intentionally left blank.

3 Real Time Display System

3.1 Part A - Before the Competition

3.1.1 First matches on all courts

What: Screen shows the first matches on all courts with date, current time, for each match: court name ("C" for centre court or court number), event code, starting time, for each player/team: scoreboard name, seed number (if any), NOC code, for suspended matches from the previous day: results up to the moment of the suspension and status "SUSP".

When: One hour before the start of the each session

How: Static screen

3.2 Part B - During the Competition

3.2.1 Matches in progress

- What: Result of current matches (called, played or just finished) on all courts.
Display should include the following data: Current date and time, for each court: court name ("C" for centre court or court number), event code, server indicator ("●"), for each player/team: Scoreboard name, seed number (if any) and NOC code (the winner should be displayed in yellow), results of each set and/or current score and playing time/duration of the match or status "SUSP" (if any).
- When: After the first match has been called
- How: Display results for all current matches (centre court and courts 1 to 9).
A match is displayed when players arrive on court.
Time should show as 0:00 as soon as a match starts, and not only at 0:01.
Results of completed matches should remain up to fifteen (15) minutes after completion or until the next match is displayed.
The last line should be used for scrolling results of matches just completed (result should be displayed here until the next match on that court finishes) or to explain the reason for a suspension.
If there is not enough space on the line, the playing time/match duration may be omitted.

a) Sample for three sets

3.3 Part C - Schedule Display

- What: All matches on all courts scheduled for a day (even if more than one session) must be displayed on this screen.
- Display should include the following data: For each court: Court name ("C" for centre court or court number) and start time for first match.
- For each scheduled match: Event code, code "NB" (if any) and start time (if any), for each player/team: Scoreboard name, NOC code (players/teams should be displayed in blue).
- For all matches in progress: Event code, for each player/team: Scoreboard name, NOC code (players/teams should be displayed in black), server indicator ("*"), results of current set (if any), results for each set (if any) and match tie-break result (if any).
- For each finished match: Event code, for each player/team: Scoreboard name, NOC code (winner should be displayed in red), results for each set (sets won by the match winner should be displayed in red).
- For a suspended match: Event code, status "SUSPENDED" (status should be displayed in orange), for each player/team: Scoreboard name, NOC code (players/teams should be displayed in orange), server indicator ("*"), results of current set (if any), results for each set (if any) and match tie-break result (if any).
- The last line displays the current time and date and should be used as a ticker.
- At the bottom, a legend should define each colour.
- When: Static screen
- How: Separate distribution channel.

4 Sport Specific Real Time Data

4.1 ORIS Data Availability Description

All data elements presented in this section are supplementary to the data elements defined in Section 1 - Printable Outputs and other sections of the ORIS Tennis document. The data elements listed here may be useful for other sport specific real time data presentation (e.g. live screens on websites).

- Server side (Yes/No)
- Receiver side (Yes/No)
- Serve speed (Km/h)
- Game Point (Yes/No)
- Set Point (Yes/No)
- Match Point (Yes/No)

This page intentionally left blank.

5 On Screen Results Presentation

Some INFO screens will be updated in real time whenever new information becomes available (e.g. score change/results update/serve/etc.). These screens are split into two major categories:

- Schedules (before, during and after competition)
- Results (including statistics, summaries, etc.)

Detailed descriptions of these screens are available in the document "On Screen Results Presentation".

This page intentionally left blank.

Appendix A - Glossary

1 Terms

The specific terms used in the ORIS Tennis document are defined as follows:

Term	Definition
Athlete preferred name	When NOCs apply for accreditation, they should provide the preferred family and given name for all athletes. These names should be the names that the athletes normally use, and by which they are popularly known while participating in other international competitions.
Chair Umpire	The chair umpire is responsible for recording and calling the score, and upholds the on-court rules of the competition.
Common Codes	The set of data that are considered Common Codes from the Technology perspective of the Games. Among others, Sports, Disciplines, Events, Event phases, Event units and Venue names are defined in the Common Codes.
Competition	The competition runs from the start of the first event of a sport to the completion of the last event of a sport, excluding the Opening and Closing Ceremonies.
Delegation Registration Meeting (DRM)	The Delegation Registration Meeting is the process for official registration of all athletes and team officials who will participate at the Olympic Games. All NOCs must attend a DRM with the OC prior to being permitted entry into the Olympic Village.
Discipline/Sport discipline	"A discipline is a branch of a sport comprising one or several events." (as per Olympic Charter)
Disqualification	A ruling by officials that a competitor or team has broken the rules of the sport and cannot be considered for placing in an event unit, a phase or an event.
Doubles	A match between four players.
Draw	The line-up for an elimination tournament. Seeded players are placed or drawn into the draw sheet and non-seeded players are then drawn into empty spaces, in accordance with ITF rules. For the Olympic Games, special rules apply concerning the number of players from any given NOC placed in a given section of the draw. There are 64 players for Men's and Women's Singles, 32 teams for Men's and Women's Doubles and 16 teams for Mixed Doubles.
Event	"An event is a competition in a sport or in one of its disciplines, resulting in a ranking and giving rise to the award of medals and diplomas." (as per Olympic Charter) See "Tennis References" for the list of events.

Term	Definition
Game	A unit of scoring. The player who scores at least four points and outscores his or her opponent by two points wins the game.
Head to Head	Comparison of the career records of one player to another player.
INFO	INFO is an intranet which allows access to results, news, biographies, background, schedules, medals, records, transport and weather information. During the Games, INFO will be accessible either through dedicated workstations (kiosks) or remotely for accredited users or organisations (rate card may apply).
Information Diffusion System (IDS)	IDS is the complete solution for the centralisation and distribution of information (e.g. schedules, results, news, etc.) through ODF to different clients such as International Federations, OC website, press agencies, etc. IDS also includes provision of INFO and CIS.
Initial Download	The process of transferring all participants' data from the SEQ database to On Venue Results. This step takes place a few days before competition starts for each sport discipline.
ITF Places	Players who do not have a high enough computer ranking to gain direct acceptance, but who are given a place in the draw (and drawn as non-seeded players) based on criteria defined in the Qualification System.
Late Athlete Replacement (LAR)	An IOC policy defining the conditions under which an athlete who is unable to compete can be replaced by another eligible athlete who was not confirmed for participation in the Games.
Line Judge	An on-court official who judges whether a shot is in or out of play.
Mixed doubles	A match involving two teams, each consisting of one male and one female from a single NOC.
Olympic Data Feed (ODF)	<p>The Olympic Data Feed (ODF) is the unique data feed used to transfer information from the venue to clients such as INFO, the official website, International Federations, National Olympic Committees, World News Press Agencies, Rights Holding Broadcasters, etc.</p> <p>ODF provides data at point in time (e.g. start lists, results, medallists, etc.) or real time (e.g. instant results and ranking, instant speed, etc.).</p> <p>The ODF technical specifications are available at: http://odf.olympictech.org.</p>
Olympic Games	<p>"The Olympic Games are competitions between athletes in individual or team events and not between countries. They bring together the athletes selected by their respective NOCs, whose entries have been accepted by the IOC. They compete under the technical direction of the IFs concerned." (as per Olympic Charter)</p>
	<p>The Olympic Games include the Opening Ceremony, Closing Ceremony, official training, competition and other competition related activities.</p>
Olympic News Service (ONS)	The Olympic News Service exists to provide the media with comprehensive coverage from every race, every match, every

Term	Definition
	<p>session, every day, across every sport at the Olympic Games. This coverage, along with background information including historical results and records, and biographies on every competitor, is published on a secure intranet system called INFO, enabling the media to report accurately and extensively from multiple venues at the same time.</p> <p>The news service is the official source for independent and balanced coverage of the Olympic Games.</p>
On Venue Results (OVR)	<p>The systems, services and technicians responsible for timing and scoring data. OVR produces start lists, results and other competition related rankings, statistics and analysis for the sport discipline. This includes distribution to clients and use by other services, e.g. scoreboards, TV Graphics, INFO, ODF, etc.</p>
Phase	<p>A step in the progression of the competition.</p>
	<p>See "Tennis References" for the list of competition phases.</p>
Ranking	<p>A computerised world ranking of players maintained by the ATP for men and the WTA for women. Rankings are published weekly, using the previous 52 weeks results.</p>
Referee	<p>The official responsible for the conduct of the competition in accordance with the ITF rules.</p>
Results System Code (RSC)	<p>The Result System Code is a nine character code structured as follows: DDGEEPUU, where:</p> <ul style="list-style-type: none"> • DD: Discipline code • G: Gender • EEE: Event Code • P: Phase • UU: Event Unit
Round	<p>A stage of a competition. See: Phase.</p>
Seeding	<p>The placement in the draw of players who are assigned a seed number 1-16 (singles), 1-8 (doubles) or 1-4 (mixed doubles) based on their computer ranking for the week of the draw.</p>
Session	<p>Daily competition may be broken into several sessions.</p>
Set	<p>A unit of scoring. The first player to either reach six games by a margin of two games or win a tie-break game at 6-6 wins the set.</p>
Singles	<p>A match between two players.</p>
Sport	<p>A sport is administered by an International Federation and may be composed of one or more disciplines.</p>
Sport Entries and Qualification (SEQ)	<p>A service provided by the OC sports department responsible for processing and managing the entries received from the NOCs, according to the guidelines of the Olympic Charter and the qualification systems defined by the International Federations, which are approved by the IOC.</p>
Technical Delegate (TD)	<p>The Technical Delegate is appointed by the International Federation to "ensure that their rules are complied with and to review and validate all technical elements of the competitions including entries,</p>

Term	Definition
	venue standards, competition schedule, pre-Olympic events as well as the conditions regarding accommodation, food and transport provided for the Technical Officials and Judges." (as per Olympic Charter)
Tie-break	A series of points played to decide on the winner of a set when the score is tied at 6-6. The first player to reach seven points by a margin of two points wins the tie-break game.
Tripartite Commission	<p>The Tripartite commission is composed of:</p> <ul style="list-style-type: none"> • The IOC • The Association of National Olympic Committees (ANOC) • The Association of Summer Olympic International Federations (ASOIF)
	The main objective of the Tripartite Commission is to allocate Invitation Places to a number of NOCs without or with few athletes qualified, allowing them to participate in the Olympic Games, in order to strengthen the principle of universal representation.
Tripartite Commission Invitation Place (TPC)	Players who do not have a rank that would meet qualification standards, but who are invited to compete by the Tripartite Commission, are offered an invitation place. They are drawn as non-seeded players.
Venue Results Manager (VRM)	The Venue Results Manager coordinates all stages of On Venue Results in preparation for the Games as well as during the Games (e.g. coordination with other functional areas, software testing, interaction with the International Federation, etc.).

2 Specifications

2.1 Participants

In the following table, several different participant types may apply to the same sport/discipline depending on the event competition format.

Participant Type	Defining Characteristics	Sports / Disciplines	Code
Individual	Individuals	<ul style="list-style-type: none">Cycling, Rowing (singles), Swimming (except relays), Triathlon, etc.	I
Group - Indivisible	Individual athlete results are not recognised as part of the group results (crew, teams, pairs, duets, etc.)	<ul style="list-style-type: none">Bobsleigh, Figure Skating (couples), Synchronised Swimming, Rowing (crew), Athletics (relays), etc.	IG
Group - Divisible	Individual athlete results are recognised as part of the group results (teams, doubles, etc.)	<ul style="list-style-type: none">Artistic Gymnastics (team), Equestrian (team), etc.	G
Team	Team competition (group of players forming one side in Team sports)	<ul style="list-style-type: none">Basketball, Curling, Football, Handball, Hockey, Volleyball, Water Polo, etc.	T

2.2 Progression Types

Progression	Definition	Disciplines / Events
Seeding or Qualification	All participants are ranked after an initial phase. All of the participants (Seeding), or a limited number of the participants (Qualification), advance to the next event phase/unit based on this ranking.	<ul style="list-style-type: none">Seeding: Archery, Cycling BMX, Snowboard (Snowboard-Cross), etc.Qualification: Athletics (Long Jump), Canoe Sprint, Rowing, etc.
Single phase	All participants compete for a ranking in one event phase/unit	<ul style="list-style-type: none">Cycling Mountain Bike, Cycling Road, Swimming Marathon, Triathlon, etc.
Combined	All participants compete in one or more event units, in a single phase, or in multiple phases	<ul style="list-style-type: none">Disciplines: Athletics (Decathlon), Equestrian, Modern Pentathlon, etc.Races: Alpine Skiing (for the 1+ run events), Bobsleigh, Cycling Track, Luge, Sailing, Skeleton, etc.

2.3 Competition Format Types

Type	Definition	Results Type
In-line	Participants compete under the same conditions to achieve a result which will lead to a ranking from 1 to n	<ul style="list-style-type: none"> Measurements (time, weight, distance, height, etc.) Scores Judges' decisions (points, etc.).
Pool	Group of several participants, competing against each other in a round robin	<ul style="list-style-type: none"> Points
Bracket	<p>Competition in which participants compete in heats or head-to-head. Winner(s) progress in a bracket towards the gold medal, loser(s) are eliminated or redirected</p> <p>Bracket types:</p> <ul style="list-style-type: none"> Bracket with direct elimination (e.g. Boxing) Bracket with direct elimination, classification and finals (e.g. Water Polo) Bracket with direct elimination and finals (e.g. Tennis) Bracket with direct elimination, repechage and finals (e.g. Judo) 	<ul style="list-style-type: none"> Win/Loss
Cumulative	Results achieved in different stages of competition, contributing to the participant's event results (e.g. Athletics combined events, Sailing fleet racing)	<ul style="list-style-type: none"> Addition of results (points, times)

Appendix B - Abbreviations

The following abbreviations are used in the ORIS Tennis document with the exception of:

- Results codes, see Appendix C - Rules for Data Formats and Presentation
- Distribution Availability Codes, see end of Section 2 - Distribution Rules

Code	Description
ANOC	Association of the National Olympic Committees
ASOIF	Association of Summer Olympic International Federations
cm	centimetre
CM	Organising Committee Competition Management
D	Desirable - users found this information useful for their work and if an organiser can provide it, it would be appreciated but is not compulsory
Da	Desirable, but only if such data is available
Dc	Desirable under conditions which are explained in the column for comments
DRM	Delegation Registration Meeting
ft	feet
IBC	International Broadcasting Centre
IDS	Information Diffusion System
IF	International Federation
in	inch
INV	Invitation place
IOC	International Olympic Committee
IRM	Invalid Result Mark
ITF	International Tennis Federation
ITF	ITF Place
kg	kilogramme
lb	pound
m	metre
M	Mandatory
Ma	Mandatory - if applicable
Mc	Mandatory - required under conditions which are explained in the column for comments
Mo	Mandatory - for outdoor sports
MMC	Main Media Centre
MPC	Main Press Centre
NOC	National Olympic Committee
OC	Organising Committee
ODF	Olympic Data Feed
OG	Olympic Games
ONS	Olympic News Service
ORIS	Olympic Results and Information Services
OVR	On Venue Results system

Code	Description
SEQ	Sport Entries and Qualification
TAO	IOC Technology Assistance and Observation team
TBD	To be defined
TD	Technical Delegate
TE	Tennis
VPC	Venue Press Centre
VRM	Venue Results Manager
WNPA	World News Press Agencies

Appendix C - Rules for Data Formats and Presentation

This appendix describes data formats as they should be used in all outputs, unless other formats are specified in the description table or data matrix.

1 Tennis Specific Rules

Gender abbreviations	Event gender: M (men), W (women), X (mixed) Athlete gender: F (female), M (male)
Traditional Tennis event presentation order	Please see "Tennis References"
Schedule status options	The following schedule status options are applicable to an event or event unit: <ul style="list-style-type: none">• Unscheduled Not visible on the schedule, optional (e.g. tie-breaker if applicable)• Scheduled The start time or match order is known• Getting_Ready At time x before start - "x" is defined in a separate ODF document• Running In progress• Scheduled_Break Planned break (e.g. end of period)• Finished No further action on the field of play• Delayed Did not start as scheduled, should start in the current ticketing session• Postponed Did not start as scheduled, or has been interrupted, and the expected postponement exceeds the current ticketing session, date and start time are unknown at present• Interrupted Unplanned interruption after the start, and is expected to resume in the current ticketing session. In the sport of Tennis, the word "Interrupted" should not be displayed but "Suspended" instead.• Rescheduled The new date and start time are known• Cancelled Will not take place at these Games
Results status options	<ul style="list-style-type: none">• Start List Start list has been created• Live In progress• Intermediate Updated results at scheduled points or breaks. Results and/or ranks are subject to change• Partial The results and ranking of the players/teams who have completed their performance are not subject to change by the results of players/teams still competing.• Unconfirmed Activity on the field of play is complete but there is no results status update yet. Not applicable for Tennis.• Unofficial Results are not approved

	<ul style="list-style-type: none"> • Official Results are approved • Protested The competition is no longer in progress and a protest has been lodged. Not applicable for Tennis.
Results marks	<ul style="list-style-type: none"> • BYE - Bye (the opponent qualified with no scheduled match)
Invalid Results Marks (IRM)	<ul style="list-style-type: none"> • DEF - Defaulted • DSQ - Disqualified • RET - Retired • W/O - Walkover
Final classification	<p>After the completion of an event, the players/teams are ranked as follows:</p> <p><u>For Singles</u></p> <ul style="list-style-type: none"> • The winner of the final match (gold medal match) of the single elimination tournament system will be ranked 1st, and the loser will be ranked 2nd • The winner of the bronze medal match will be ranked 3rd, and the loser will be ranked 4th • Losers from the quarterfinals will be ranked equal 5th • Losers from the 3rd round will be ranked equal 9th • Losers from the 2nd round will be ranked equal 17th • Losers from the 1st round will be ranked equal 33rd <p>Players sharing the same rank will be sorted alphabetically by family name</p> <p><u>For Doubles</u></p> <ul style="list-style-type: none"> • The winner of the final match (gold medal match) of the doubles elimination tournament system will be ranked 1st, and the loser will be ranked 2nd • The winner of the bronze medal match will be ranked 3rd, and the loser will be ranked 4th • Losers from the quarterfinals will be ranked equal 5th • Losers from the 2nd round will be ranked equal 9th • Losers from the 1st round will be ranked equal 17th <p>Players sharing the same rank will be sorted alphabetically by family name of the first listed player</p> <p><u>For Mixed Doubles</u></p> <ul style="list-style-type: none"> • The winner of the final match (gold medal match) of the mixed doubles elimination tournament system, will be ranked 1st, and the loser will be ranked 2nd • The winner of the bronze medal match will be ranked 3rd, and the loser will be ranked 4th • Losers from the quarterfinals will be ranked equal 5th • Losers from the 1st round will be ranked equal 9th <p>Players sharing the same rank will be sorted alphabetically by family name of the first listed player</p>
Time format	<p>Match duration: HhMMmin</p> <p>Set duration: MMmin</p>
General rules for formats	<p>"#" Digit placeholder, suppression of leading zeros "#" should be replaced with the corresponding non-zero digit if one is present; otherwise, no digit appears.</p>

	<p>"0" Zero placeholder "0" should be replaced with the corresponding digit if one is present; otherwise the leading zero remains.</p> <p>E.g. 004.23 in the format ##0.00 becomes 4.23 E.g. 004.23 in the format 00.00 becomes 04.23</p>								
Height format	<p>Height (metric): Height (imperial):</p> <table style="margin-left: 100px;"> <tr><td>0.00m</td><td>0ft #0in</td></tr> <tr><td>#00cm</td><td>0'#0"</td></tr> <tr><td> 0.00</td><td></td></tr> <tr><td> ##0</td><td></td></tr> </table> <p>If metric and imperial units are used in a single field, the rule is to separate them by a forward slash with a space before and after it " / ". If they are combined, they should be presented as "centred".</p>	0.00m	0ft #0in	#00cm	0'#0"	0.00		##0	
0.00m	0ft #0in								
#00cm	0'#0"								
0.00									
##0									
Presentation of ties	<p>Results</p> <ul style="list-style-type: none"> • The primary rank (first column) must show a rank (if tied, repeat rank). • Secondary rank(s), if any (e.g. at intermediate...) will be repeated, with an "=" sign if there is sufficient space. 								

2 General Rules

Output description	Gives a short explanation of the output, describing information that is provided
Source	Information identifying the source of data, i.e. which organisational part of which body is responsible for providing it, for example: IOC, ITF, OC Press Operations, OC Competition Management, etc.
Column data alignment	General: right for numeric and results, left for text. IRMs are aligned as for results. May be adjusted depending on the output layout.
Column titles	Column titles match the alignment of the data columns
Date formats	<ul style="list-style-type: none"> • dd MMM yyyy (e.g. 6 APR 1896) <ul style="list-style-type: none"> • dd: date format, for example: 23 or 5 (presented without leading zero) • Ddd: day of week in abbreviation format - presented as three characters, for example: Mon for Monday (mixed case) • DDD: day of week in abbreviation format - presented as three characters, for example: MON for Monday (upper case) • Mmm: month in abbreviation format - mixed case, for example: Apr for April • MMM: month in abbreviation format - upper case, for example: APR for April • yyyy: year format, for example: 1896 • The "As of date" may reflect one of the following: <ul style="list-style-type: none"> • Date when data has been collected (e.g. world ranking) • Date and time when the actual output was updated (several editions of the same output, e.g. cumulative statistics) • Logical date if applicable • Logical date: If a session continues past midnight (00:00), any outputs produced will be considered as having the logical date on which the session began (e.g. for a session which began at 21:00 on Apr 8 and ended at 1:20 on Apr 9, the output would be dated Apr 8) <p>This date is according to the local time zone at the competition venue.</p>
Page break	<p>Page break applies only for printed outputs.</p> <ul style="list-style-type: none"> • When the complete output fits on a single page, "None, aim for a single page" is written • For multi-page outputs, there are three cases: <ol style="list-style-type: none"> 1. Natural page break: This should be considered as printing without page break. When printing reaches the end of a page a page break will occur and the output will continue printing on the next page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table: <ul style="list-style-type: none"> • Not controlled with repeated output headings and column headings • Not controlled with repeated column headings only • Not controlled without repeated output headings and/or column headings

	<p>2. Forced page break by "Group":</p> <p>This should be considered as printing with a page break. Before printing each group on a page the print software must decide if the complete group will fit on that page. If the group will not fit a page break will be forced. The group will then be printed on a new page. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> • Break at "Group" with repeated output headings and column headings • Break at "Group" with repeated column headings only • Break at "Group" without repeated output headings and/or column headings <p>A "Group" is a logical group of data e.g. NOC/team/relay/rider/paragraph, etc. (e.g. a team with seven members. The result is that each page will contain as many complete teams as can fit on the page).</p> <p>3. Forced page break by "Condition":</p> <p>This should be considered as printing with a page break after a particular condition is reached. When the condition is reached a page break will be forced. The process will repeat when each of the condition(s) is reached. There are three ways in which the headings on subsequent pages will be dealt with. The following texts are used to describe these options in the description table:</p> <ul style="list-style-type: none"> • Break at "Condition" with repeated output headings and column headings • Break at "Condition" with repeated column headings only • Break at "Condition" without repeated report output headings and/or column headings <p>A "Condition" may be any trigger e.g. a new NOC/team/gender/athlete/class of officials, etc. (i.e. each time a new NOC is reached a page break is forced. The result is that each NOC is printed on a separate page).</p> <p>A combination of the above three cases is possible within a single output.</p>
Legend	<p>The description table defines if a legend is required on an output:</p> <ul style="list-style-type: none"> • "None" is specified if no abbreviations are used in the output • If one or more abbreviations may be used in the output the legend will be used to describe them. The following rules apply: <ul style="list-style-type: none"> • Only those abbreviations which appear in a version of the output are shown in the legend (dynamic legend) • If the sample shows all possible abbreviations, "See sample for all possible abbreviations" is specified in the description table • If there are more abbreviations possible than shown in the sample, "Use the following description for abbreviations which appear in the output" is specified in the description table and all possible abbreviations and descriptions are listed • The location of the legend is defined either as "To be displayed at the bottom/top of each page" or "To be displayed at the bottom/top of the last page only"
Notes	<p>Guidelines for any "Note" planned where users will find an explanation of data in the output, reasons for some action related to that output, etc.</p> <p>Each output could contain up to three different types of "Notes":</p> <ol style="list-style-type: none"> 1. Note with static text: <ul style="list-style-type: none"> • If "Note with static text" is not planned, allowed or possible, "None" is written • If text of "Note with static text" is always the same and already presented in the sample, "See sample" is indicated

	<p>2. Note with predefined, but changeable text:</p> <ul style="list-style-type: none"> • If "Note with predefined text" is not planned, allowed or possible, "None" is written • If text of "Note with predefined text" can vary depending on certain conditions, they are listed here, together with text to be used for each condition <p>3. Note with free text:</p> <ul style="list-style-type: none"> • Up to two lines of free text will be reserved at the bottom of the last page of each output in order to provide explanations or other annotations concerning the content of the output
Comments	This section is used for any further explanations and comments on the output, or suggestions to output provider(s). If no comments are needed, "None" is written.

Appendix D - Supporting Documents

This appendix includes the following supporting documents:

- Templates for the output "Official Communication" (C67)
- Results, Medals and Diplomas
- Data to be Captured

1 Templates for Official Communication

In order to support OC Technology as much as possible and to guarantee a smooth process and appropriate wording, a collection of possible templates to be used during the Games is useful. The most common templates are included in this chapter and should be stored in the OC Technology system well before the Games.

The Official Communication template should include the following fields:

Event	Affected event name (see "Tennis References" for list of events)
Gender	Event gender indication (men, women, mixed), if applicable
Phase	Affected stage of competition (e.g. 1 st round, 2 nd round, 3 rd round, quarterfinals, etc.), if applicable
Unit	Specification of the phase (e.g. match 1/match 2, etc.), if applicable
Subtitle	One line space for describing the reason for the Official Communication
Summary	Multiple lines for the body of the Official Communication. Only non-formatted text can be included here (no graphics, no tables, etc.)
Details	Multiple lines for describing details. Here, formatted text (font size, style, colour, graphics, tables, etc.) can be included. This field is not mandatory.
Issued by	Initiator's (name and) function
Date	Date of decision as provided by the person issuing the Official Communication
Time	Time of decision as provided by the person issuing the Official Communication
Note	If needed, contact details for further information can be added here (as a Note)
Signature	Signature of the initiator, needed in order to release the Official Communication

Affects Results:

Affects Schedules:

Affects Others:

Please note for the row "Details": At the moment of creating the templates for the most common situations, it is almost impossible to add appropriate details. If needed, the details should be communicated to OC Technology at the same time as all other details for the Official Communication.

OFFICIAL COMMUNICATION (empty form)

Summary	1	The <...> had to be delayed due to <...>. It is expected that the delay should not be longer than nn minutes.
	2	The <...> had to be postponed due to <...>. The new start time of the <...> is unknown at the moment. Further details will be communicated as soon as available.
	3	The <...> had to be interrupted due to <...>. Further details will be communicated by the ITF as soon as available.
	4	The <...> had to be rescheduled due to <...>. The new date and start time is dd MMM yyyy at HH:MM.
	5	The <...> had to be cancelled due to <...>. The <...> will not be held during these Games.
	6	FAMILYNAME Givenname (NOC) submitted a protest related to <...>
	7	FAMILYNAME Givenname (NOC) was disqualified for <...> (ITF rule <...>)
	8	The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy??? to disqualify FAMILYNAME Givenname (NOC) who was ranked n?? in the En??. Results have been amended accordingly. Further details regarding the IOC Disciplinary Commission decision can be found at: www.olympic.org <i>If the disqualified athlete is among medallists:</i> The IOC Disciplinary Commission decided on dd?? Mmm?? yyyy??? to disqualify FAMILYNAME Givenname (NOC) who was ranked n?? in the En??. Results have been amended accordingly. The medallists are now: FAMILYNAME Givenname (NOC), gold, FAMILYNAME Givenname (NOC), silver, and FAMILYNAME Givenname (NOC), bronze. Further details regarding the IOC Disciplinary Commission decision can be found at: www.olympic.org

Issued by	I	ITF Referee
	II	Tennis Competition Manager

Further information	i	For more details contact the ITF Office
	ii	For more details contact the ITF Referee
	iii	For more details contact the OC Competition Manager
	iv	For more details consult www.olympic.org

Note: authors of this ORIS document do not imply that this is a complete list of Official Communications templates.

2 Results, Medals and Diplomas

2.1 General

The Olympic Charter states that International Federations have the responsibility "to establish the final results and ranking of Olympic competitions."

Medals and diplomas will be allocated based upon these final results. Should any changes occur affecting medallists and/or diploma recipients, the IOC will decide on the new medal and diploma allocation.

2.2 Expected Number of Medals and Diplomas

The information included in this chapter should serve as a support for the medal and diploma allocation in Tennis.

Eligible athletes:

- Men's/Women's singles events: Athletes who competed in the quarterfinals and finals
- Men's/Women's/Mixed doubles events: Athletes who competed in the quarterfinals and finals

In the following table the first bullet indicates the regular medal allocation; the following bullet(s) indicate additional possibilities.

Medal Type/ Diploma	Event Type	
	Singles	Doubles
Gold	• 1	• 2
Silver	• 1	• 2
Bronze	• 1	• 2
Diploma	• 8 • Less than 8, only athletes ranked in the quarterfinals and finals	• 16 (8x2) • Less than 16, only teams ranked in the quarterfinals and finals

2.3 New Classification after Disqualification

In case of disqualification among the medallists or diploma recipients in an event, the following rules will apply:

Initial Rank	New Rank	Name	NOC Code
If the gold medallist is disqualified			
4	4	FAMILYNAME 1 Givenname 1	NOC 1
2	1	FAMILYNAME 2 Givenname 2	NOC 2
3	2	FAMILYNAME 3 Givenname 3	NOC 3
4	3	FAMILYNAME 4 Givenname 4	NOC 4
5	5	FAMILYNAME 5 Givenname 5	NOC 5
5	5	FAMILYNAME 6 Givenname 6	NOC 6
5	5	FAMILYNAME 7 Givenname 7	NOC 7
5	5	FAMILYNAME 8 Givenname 8	NOC 8
If the 5th is disqualified			
1	1	FAMILYNAME 1 Givenname 1	NOC 1
2	2	FAMILYNAME 2 Givenname 2	NOC 2
3	3	FAMILYNAME 3 Givenname 3	NOC 3
4	4	FAMILYNAME 4 Givenname 4	NOC 4
5	5	FAMILYNAME 5 Givenname 5	NOC 5
5	5	FAMILYNAME 6 Givenname 6	NOC 6
5	5	FAMILYNAME 7 Givenname 7	NOC 7
5	5	FAMILYNAME 8 Givenname 8	NOC 8

Note: Only ranks within the group that the disqualified athlete/team reached is/are re-calculated; other athletes/teams keep their ranking.

ORIS reference:

- Refer to Appendix C - Rules for Data Formats and Presentation for final classification

Note: The software must be flexible enough to handle medal allocations as decided by the ITF and/or the IOC.

3 Data to be Captured

In addition to the information provided by Accreditation, the following data elements should be provided to OVR in order to fulfil the requirements listed in this document:

Data	Formats / Values	Captured by	Comments
ITF ID	Numeric	SEQ	Provided by the ITF
Handedness	<ul style="list-style-type: none">• Left• Right• Both	SEQ	
World ranking		SEQ	As of 1 August 2016. For the Doubles events, either the athlete's Singles or Doubles world ranking will be entered, depending on which is higher.
Qualified type	<ul style="list-style-type: none">• Alternate• ITF Place• Tripartite Commission	SEQ	

Document Control

Version History

Release 6 Version 1.3 27 Feb 2015	Approved version Updated with Change Request 4639 and 4951 after the final Consolidation meeting, 13-14 Nov 2014, Montreux.
Release 6 Version 1.2 28 Jul 2014	Approved (signed-off) version Sign-off letters from both the ITF (28 Oct 2014) and Rio 2016 (19 Jan 2015) have been received by the IOC. No further changes will be made to this document without Change Management except topics highlighted in yellow.
Release 6 Version 1.2 28 Jul 2014	Submitted for sign-off Updated with changes requested by the ITF. The status remains "Submitted for sign-off".
Release 6 Version 1.1 21 May 2014	Submitted for sign-off Updated with comments received in the review period after the ORIS meeting.
Release 6 Version 1.0 14 Apr 2014	Submitted for review Submitted for review after the ORIS Tennis meeting, 11 - 13 Mar 2014. Based on the ORIS Tennis meeting minutes as of 13 Mar 2014.
Release 6 Version 0 12 Feb 2014	Draft Updated based on ORIS document release 5 and the analysis of the London Questionnaire.

Release 6 - Version 1.3 - 27 Feb 2015

Pending Action Items

The following sections contain text highlighted in yellow:

- | | |
|------------------|---|
| References | • Court names are pending Rio 2016 decision (due date before the Test Event) |
| Procedures | • The deadline for replacing an athlete before competition starts is pending ITF decision |
| 2.1.2.4.1 | |
| Scoreboard - 2.3 | • Public scoreboard specifications are pending OMEGA decision |

Global Changes

1. The output "Minimum / Maximum" (N86G) has been removed throughout the document.
Affected files: Procedures, Distribution Rules, output N86G.
2. All appropriate references to "Live screens in INFO" have been adjusted to "On Screen Results Presentation".
Affected files: Executive Summary, Distribution Rules above main distribution table, Introduction to Section 3, On Screen Results Presentation (former section title "Live Screens in INFO").

Executive Summary

Chapter 2.2.4:

- In the second paragraph, the text has been updated regarding the presentation of column headings in outputs

Chapter 4:

- Members of the Rio 2016 ORIS Management Team: The names and functions have been adjusted as follows:
 - Ms Isabella BURCZAK, IOC Sports, Head of Sport Projects
 - Mr Pierre FRATTER-BARDY, IOC Sports, Head of Summer Sports and IF Relations
- Members of the ORIS Beach Volleyball Working Group: The names and functions of the venue results manager and cluster venue results manager have been adjusted as follows:
 - Mr Daniel CHANNON, Rio 2016 Cluster Venue Results Manager
 - Mr Luiz BLOISE, Rio 2016 Venue Results Manager

Tennis References

Chapter 1 - Specifications

- Events: progression and competition format types: In the last bullet below the table, the reference sentence has been adjusted

Procedures

Chapter 2.1.1 "Schedules":

- The time to produce the output "Competition Schedule" (C08) has been changed to four (4) weeks before the Opening Ceremony

Chapter 2.1.2 "Entries and Participant Data":

- The paragraph has been modified

Chapter 2.1.2.1 "After the Sport Entry Deadline":

- The first paragraph has been modified

Chapter 2.1.2.3 "Competition Officials":

- The text has been modified

Chapter 2.1.2.4 "Substitution of a Games participant":

- The title has been changed to "Replacement of an athlete"

Chapter 2.1.2.4.1 "Late athlete replacement":

- The text in the chapter has been modified

Chapter 2.2.4 "Draw":

- The draw preparation/procedure has been explained in more detail

Chapter 2.3.2.1 "Before the final (gold medal match)":

- The term "medal ceremony" has been changed to "Victory Ceremony"

Chapter 3 "News Service and Background information"

- Last paragraph: The wording has been adjusted from "Olympic Closing Ceremony" to "Closing Ceremony"

Section 1 - Outputs

General

- For N-outputs: All titles above tables or any other sub titles have been written in mixed case

Outputs

C06:

- In the sample and description table, the term has been changed to "Victory Ceremony" (instead of "Medal Ceremony")

C30:

- The source has been changed from "OC Competition Management" to "OC Technology"

C38:

- For TV names: Family names have been written in upper case (related CR 4933)
- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been added
- Description table, Comments: The reference has been adjusted to "ODF General Messages Interface Document"

C39:

- For TV names: Family names have been written in upper case (related CR 4933)

- Description table, Comments: The reference to the OBS requirements document "TV Name Formats" has been added
 - Description table, Comments: The reference has been adjusted to "ODF General Messages Interface Document"
- C93:
- In the description table, Sort by, the text "For Results Book (PDF)" has been changed to "After the last event"
- N20:
- In the Description table, the following comment has been added "For Major Achievements show only the levels of competitions relevant for that athlete."
- N86B:
- The sample has been updated with the latest ITF information

Section 2 - Distribution Rules

- Main distribution table:
- Distribution to the Press Stands, VPC and MPC has been updated based on the information provided by Rio 2016
 - For C08: The value in the "Produced by" column has been changed from "VRM/IDS" to "OVR (VRM)"
 - For C35: The value in the "Produced by" column has been changed from "VRM" to "IDS (VRM)"
 - Below the Legend of the main distribution table, under "Officials" the reference to Protocol/Ceremonies and the Doping Control Officer has been added

Section 3 - Real Time Information

Scoreboards

- Chapter 2.1.1 "NOC Names":
- The entire bracket in the last sentence has been deleted
- Chapter 2.2 "Technical Specifications":
- A last sentence has been added: "The content of the scoreboard screens are defined in ORIS. The detailed layout of the scoreboard screens is the responsibility of OVR, and will be confirmed during the Homologation Test, subject to the ITF's approval."
- Part D "During the Victory Ceremony":
- The medal screen titles has been adjusted from "MEDALLISTS" to "VICTORY CEREMONY"

- Sport Specific Real Time data**
- Additional real time data other than defined in Section 1 - Outputs has been added

Appendix A - Glossary

- Chapter 1 "Terms"
- The following new terms have been included: "Athlete preferred name", "Common Codes", "Initial Download" and "Results System Code (RSC)"
 - Term "Disqualification": The definition has been updated
 - Term "INFO": The definition has been updated
- Chapter 2.3 "Competition Format Types"
- Different types of bracket format have been added

Appendix C - Rules for Data Formats and Presentation

- "Schedule status options" and "Results Status Options":
- Status options which are not applicable for a sport discipline should have the comment "Not applicable for Tennis" added.
 - "Schedule status options": "Live" has been changed to "Running"
 - "Results status options": "Intermediate" definition has been modified
 - "Results status options": "Protested" has been included

Appendix D - Supporting Documents

Chapter 2 "Results, Medals and Diplomas":

- New chapter (part of the information of the former chapter "Medal and Diploma reallocation" has been included here)

Chapter 3 "Data to be Captured":

- The wording in the first paragraph has been modified
- The table has been updated

Release 6 - Version 1.2 - 28 Jul 2014

Pending Action Items

The following sections contain text highlighted in yellow:

References	<ul style="list-style-type: none">• Court names are pending Rio 2016 decision (due date before the Test Event)
Procedures	<ul style="list-style-type: none">• The deadline for replacing an athlete before competition starts is pending ITF decision (due date Dec 2015)

- Samples: The free text note has been deleted
- C73A, C73B - Samples:
- Statistics table: Player's names have been centred
 - Statistic table and results flow table: Seed number and qualification code have been deleted
 - The term "Match elapsed time" has been changed to "Match duration"
 - The "Note" has been deleted
- C75:
- First sample has been updated to display the draw for "Women's Singles"
- C93:
- Description table - Sort by: Sorting criteria for results book has been added
- N02 - Sample:
- Olympic Competition Format - Singles, Doubles: Last paragraph has been reworded
 - Draw: Text has been reworded
 - Changes since the London 2012 Olympic Games: Text has been updated
 - Sport Rules and Procedures: Introduction has been reworded, "Tie-Break Rules" section has been deleted, "Penalties / Disqualification Rules" section has been reworded
- N15 - Sample:
- Table "Two or more gold medals" has been added
- N20:
- Sample has been updated according to ITF input
- N62 - Sample:
- Country code has been added after the tournament name
- N86B - Sample:
- Topic "Olympic Administrator" has been deleted

Section 2 - Distribution Rules

Distribution of the following outputs has been modified:

- C30, C32A, C32C, C35, C38, C39, C58, C67, C68, N62 and N91B

Legend:

- Descriptions for "Officials" and "ITF" have been updated

The following availability code has been added:

- "EDBRS - In the evening, one (1) day before a round starts"

The following availability codes have been deleted:

- "EMon", "ETCS", "xHAEHR",

Section 3 - Real Time Information

Scoreboards	The following chapters have been updated: <ul style="list-style-type: none"> • 2.4.1, 2.4.2: Screen samples have been updated according to the new scoring system
RTDS	The following chapters have been updated: <ul style="list-style-type: none"> • 3.1.1: Screen sample has been updated to display matches start time and scores for suspended matches from the previous day only • 3.2.1: Screen title has been changed to "Matches in progress". Section "How" has been updated. The abbreviation "Bt" has been changed to "defeated" in the ticker • 3.3: New chapter

Appendix A - Glossary

The following terms have been updated:

- Draw, ITF Places, Line Judge, Ranking, Referee

The following terms have been deleted:

- Alternate, Davis Cup, Fed Cup, Forehand, Game point, Grand Slams, Jury, Match, Match point, Out, Overhead, Point, Tour events, Tournament and

Volley

Appendix C - Rules for Data Formats and Presentation

The following sections have been updated:

- Schedule status options: Status "Scheduled" and "Interrupted" have been updated
- Results status options: Status "Unconfirmed" has been deleted
- Final classification: Sort order for Doubles events for players sharing the same rank has been updated

The following section has been deleted:

- IRM presentation order

Release 6 - Version 0 - 12 Feb 2014

Global Changes

Single abbreviations in column headings of outputs now have a full stop if space allows.

The following outputs have been added:

- "C68 - Sport Communication"
- "C92B - Medallists (Team)"
- "N24 - NOC Profile"
- "N87B - Quotes of the Day"
- "N90C - IOC News"

The following outputs have been renamed:

- "C92A - Medallists" to "C92A - Medallists (Individual)"
- "N20 - Biography" to "N20 - Athlete Biography"

The following output has been renumbered:

- "N87 - Flash Quotes" to "N87A - Flash Quotes"

The following output has been renumbered and renamed:

- "N86 - Facts and Figures - Individual Achievements/Records" to "N18A - Individual Achievements/Records"

The following output has been split into separate outputs for each topic:

- "N86 - Facts and Figures" into "N86A-N86G"

Section 1 - Outputs

Introduction	<ul style="list-style-type: none">• Text has been reworded
